When and where to place your bulk waste?

Waste must be neatly placed on your verge away from power domes and water meters. Please DO NOT place your waste in City parks or on vacant blocks.

Bulk waste CAN NOT be placed on your verge any earlier than **10 days before** the advertised collection date. Failure to meet this requirement may result in a fine and may incur costs for the removal of the material.

Illegal dumping of rubbish should be reported to Ranger Services on **9400 4960**. For further information please check your Community Newspaper or visit joondalup.wa.gov.au.

Feel like you've **never got enough room** in your yellow lid bin for all your recycling?

Collapse and stack the cardboard before placing it into your recycling bin. Flattened materials are just as easily recycled, plus this gives you more space to recycle more materials, meaning less potentially valuable resources end up in landfill.
