

STREETLIGHT SHADING

STATUS: **City Policy** - *A policy that is developed for administrative and operational imperatives and has an internal focus.*

Developed by the Policy Committee and/or the administration and adopted by Council.

RESPONSIBLE: Directorate Infrastructure Services

OBJECTIVE: To outline the City's position on the provision of shading for streetlights owned by Western Power and located on roads within the City of Joondalup.

STATEMENT

To provide guidance on the installation of shading for streetlights that are owned by Western Power and located on roads within the City of Joondalup.

DEFINITIONS

Streetlight: Any raised source of light located on the edge of a road within the City of Joondalup.

SCOPE

The City will consider requests for streetlight shading where:

- additional streetlights or streetlight fittings have been installed as a result of road or other works;
- additional streetlights or streetlight fittings have caused a significant change to illumination levels;
- Western Power has advised the City that streetlight shading is appropriate;
- a change to illumination levels is due to lamp replacement by Western Power.

The City will not consider requests for streetlight shading where:

- carriageway, path and verge illumination or safety would be compromised;
- amenity to neighbouring properties would be negatively affected; and/or
- Western Power has advised the City that streetlight shading is inappropriate and/or cannot be installed.

CONTRIBUTION TO COSTS

Where a decision has been made to request the installation of streetlight shading, the cost of installing the shading will be met by the applicant.

If the applicant is a pensioner, the applicant will meet the full cost of installing the shade less the appropriate pensioner discount in accordance with the *Rates and Charges (Rebates and Deferments) Act 1992*, and the City will meet the balance of the cost.
