2 QUESTION TIME

Chairman advised that the new Standing Orders were gazetted on 29 July 2011 and came into effect 14 days later. Therefore as the order of business on the agenda differs from that under the new Standing Orders, that in accordance with Clause 3.1(1) of the Standing Orders, the Order of business be in accordance with the Agenda circulated on 12 August 2011.

RESOLVED

Cr R Fishwick moved, Cr R Butler seconded

That in accordance with Clause 3.1(1) of the Standing Orders the Order of business at this meeting be in accordance with the Agenda circulated on 12 August 2011.

CARRIED UNANIMOUSLY (10/0)

4 MINUTES

4.1 ORDINARY COUNCIL MEETING - 7 JULY 2011

The Minutes of the Ordinary Council Meeting held on 7 July 2011 have been printed and circulated to members of the Council.

RESOLVED

Cr D Boothman moved, Cr D Newton seconded That the Minutes of the Ordinary Council Meeting of Council held on 7 July 2011 be confirmed as a true record of the proceedings.

CARRIED UNANIMOUSLY (10/0)

5 ANNOUNCEMENTS

Welcome

Chairman welcomed Mr John Bonker to his first meeting of the MRC in the capacity of Acting Chief Executive Officer. He said the Council appreciated him stepping into the role whilst recruiting a new Chief Executive Officer and he hoped that his stay with the MRC would be fruitful and fulfilling.

Award

Chairman announced that the Mindarie Regional Council has been recognised among Australia's most innovative organisations, winning the Australian Business Award for Best Educational Product in the 2011 Awards for its Tours Program.

Now in its sixth year, the Australian Business Awards program recognises organisations that demonstrate the core values of business excellence, product excellence, corporate responsibility, sustainability and commercial success in their respective industries. A total of 103 recipients were honoured from the 928 organisations that participated in the 2011 Awards. In the Best Educational Product category there were 36 entries and the MRC was the only winner awarded in the category.

The Australian Business Award for Best Educational Product recognises innovative and dynamic educational products that offer a point of difference from their competitors.

Commenting on the win, the Chairman said this award for our Tours Program reinforces our commitment to educating the community about household waste to motivate them to "reduce reuse recycle and dispose wisely".

Chairman requested that thanks and congratulations be passed on to Mr Geoff Atkinson, Sustainability & Waste Education Coordinator for the MRC.

Confidential Items

Chairman announced that Items 8.3.1, 8.3.2, 8.3.3 and 8.3.4 are confidential items and that they will be dealt with behind closed doors.

Question on Notice

There is a Question on Notice made by a member of which due notice has been given.

Annual Returns

Chairman reminded Councillors of the need to submit their Annual Returns by 31st August, 2011 to the Governance Officer at the MRC.

8 REPORTS

Mr Watkins declared a financial interest in Items 8.2.4, 8.3.1 and 8.3.2.

8.1 MINUTES – STRATEGIC PROJECTS COMMITTEE

8.1.1 File No: GOV/28/05

SUBJECT: STRATEGIC PROJECTS COMMITTEE MEETING - 11 JULY 2011

Voting Requirement: Simple majority

MRC OFFICER RECOMMENDATION

That:

- (i) The Minutes of the Strategic Projects Committee meeting held on 11 July 2011 be noted
- (ii) The following recommendation from the Strategic Projects Committee Meeting Minutes held on 11 July 2011 be noted:

Recommendation 1

- a) NOTE the report on investigations to identify a suitable replacement landfill for Tamala Park; and
- b) AUTHORISE the MRC Administration to develop a Business Plan to allow the MRC to purchase land for the purposes of landfill

RESOLVED

Cr D Newton moved, Cr S Farrell seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

8.2 CHIEF EXECUTIVE OFFICER

8.2.1 File No: FIN/5-02

SUBJECT: FINANCIAL STATEMENTS FOR THE PERIODS ENDED 31 MAY 2011 AND 30 JUNE 2011

Voting Requirement: Simple majority

MRC OFFICER RECOMMENDATION

That the Financial Statements as attached at Attachment One and Two for the months ended 31 May 2011 and 30 June 2011 be noted.

RESOLVED

Cr S Farrell moved, Cr S Cooke seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

8.2.2 File No: FIN/5-02

SUBJECT: LIST OF PAYMENTS MADE FOR THE MONTHS ENDED 31 MAY 2011 AND 30 JUNE 2011

Voting Requirement: Simple majority

MRC OFFICER RECOMMENDATION

That the list of payments made under delegated authority to the Chief Executive Officer, for the months ended 31 May 2011 and 30 June 2011, be noted.

RESOLVED

Cr C MacRae moved, Cr K Hollywood seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

8.2.3 File No: COR/8/02

SUBJECT: BUSINESS REPORT (for the period 11 June 2011 – 22 July 2011)

Voting Requirement: Simple majority

MRC OFFICER RECOMMENDATION

That the progress report for the period 11 June 2011 – 22 July 2011 against the Annual Business Plan 2011/2012 be received.

RESOLVED

Cr R Fishwick moved, Cr J Bissett seconded

- 1. That the recommendation be adopted; and
- 2. That the process review of the Mindarie Regional Council be finalised prior to proceeding with the review of the Strategic Plan.

CARRIED UNANIMOUSLY (10/0)

8.2.4 File No: WST/13-02

SUBJECT: RESOURCE RECOVERY FACILITY UPDATE REPORT

(for the period 1 June 2011 – 27 July 2011)

Voting Requirement: Simple majority

MRC OFFICER RECOMMENDATION

That:

- (i) The RRF update report for the period 1 June 2011 to 27 July 2011 be noted.
- (ii) The following operational aspects associated with the RRF that are currently being dealt with be noted:
 - composter long-term repairs/replacement;
 - SITA ongoing investigation of accepting rear lift vehicles;
 - SITA problems associated with disposal of ferrous metal;
 - RRF Project Insurance renewal process and cost; and
 - Vehicle wash down facility
- (iii) The CEO be authorised to increase the RRF Gate Fee Model by \$2.00 per tonne for the period 1 October 2010 to 30 September 2011 to account for the MRC contribution towards the ISR insurance premium increase
- (iv) It be noted that there is no resolution to the increase in the ISR deductible and that this will be resolved by the parties in the event of a claim, following appropriate legal advice

RESOLVED

Cr C MacRae moved, Cr D Newton seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

CLOSURE OF THE MEETING TO THE PUBLIC

RESOLVED

Cr R Fishwick moved, Cr J Bissett seconded

In accordance with the Mindarie Regional Council Standing Order 3.14, the meeting be closed to members of the public to consider Items 8.3.1, 8.3.2, 8.3.3 and 8.3.4.

CARRIED UNANIMOUSLY (10/0)

8.3 CONFIDENTIAL ITEMS

8.3.1 File No: EST/2-02

SUBJECT: LANDFILL GAS CONTRACT REPORT

Voting Requirement: Simple Majority, Absolute Majority for (ii)

MRC OFFICER RECOMMENDATION:

That:

- (i) The Landfill Gas Contract Report be received.
- (ii) The Business Plan for Landfill Gas & Power Lease/Licence Extension following consideration of public comments received (non received) be adopted.

(Voting - Absolute Majority Required)

- (iii) The CEO be authorised to make minor changes to the Sublease Landfill Gas Facility Tamala Park that, following appropriate legal advice, do not increase the MRC risk or financial exposure
- (iv) The Chairman and CEO be authorised to sign the Sublease Landfill Gas Facility Tamala Park, subject to all seven member Councils signing off on the document.

RESOLVED

Cr J Bissett moved, Cr D Boothman seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY AND BY ABSOLUTE MAJORITY (10/0)

8.3.2 File No: WST/31

SUBJECT: FUTURE LANDFILL SITE INVESTIGATION AND PROPOSAL TO PURCHASE LAND

Voting Requirement: Simple Majority

MRC OFFICER RECOMMENDATION

That:

- (i) The report on investigations to identify a suitable replacement landfill for Tamala Park be noted.
- (ii) The Business Plan be accepted and the CEO be authorised to advertise the Business Plan in accordance with section 3.59 of the Local Government Act.

RESOLVED

Cr C MacRae moved, Cr K Hollywood seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

8.3.3 File No: PER/11

SUBJECT: CHIEF EXECUTIVE OFFICER: REMUNERATION

Voting Requirement: Simple Majority

MRC OFFICER RECOMMENDATION

The increase in Mr Kevin Poynton's remuneration package as the Mindarie Regional Council's Chief Executive Officer, to \$191,291 (overall 4.1%), effective from 26 January 2011, be approved.

RESOLVED

Cr R Butler moved, Cr S Farrell seconded That the recommendation be adopted.

CARRIED UNANIMOUSLY (10/0)

8.3.4 File No: GOV/37

SUBJECT: QUESTIONS ON NOTICE from Cr R Butler

Pursuant to 3.14 of the MRC Standing Orders Local Law 2010

Please note letters referred to in the guestions are:

- a) The letter dated 4 July 2011 from Minter Ellison to Woodhouse Legal; and
- b) The letter dated 29 July 2011 from Minter Ellison to Woodhouse Legal.

Question 1:

The letters refer to a MRC PowerPoint presentation dated September 2007 entitled 'Mindarie Regional Council, Resource Recovery Facility, Briefing of Member Councils, September 2007, Status of the Project, Where to from here?' (PowerPoint). Several slides in this PowerPoint include statements on the risk of a claim under the Resource Recovery Guarantee dated 21 November 2007 (RRF Guarantee). Please advise:

- a) Who formulated the assessment of risk detailed in the PowerPoint presentation?
- b) How the assessment of risk was carried out? and
- c) Whether the MRC has any documents recording the basis of the assessment of risk referred to in the PowerPoint?

Question 2:

Slide 25 of the PowerPoint states that in the event the Resource Recovery Facility Agreement between the MRC and BioVision2020 Pty Ltd (RRF Agreement) is terminated and a claim is made on the RRF Guarantee the 'projected payout would be \$88.3m if the termination eventuates in 1st year reducing to \$18m'. Please advise:

- a) Who calculated the project payout amounts?
- b) How the projected payout amounts were calculated? and
- c) Whether the MRC has any documents recording calculation of payout amounts?

Question 3:

The Letters ask the MRC to provide its comments, in a table attached to a letter dated 19 May 2011 from Minter Ellison to the MRC, on:

- (i) Issues relevant to the likelihood that the MRC will be required to make payment/s under the MRC payment clauses in the RRF Agreement;
- (ii) The steps the MRC currently has in place to mitigate the likelihood that it will be required to make payment/s under the MRC payment clauses in the RRF Agreement.

Please advise:

- a) Whether the MRC intends to provide the information requested in the Letters summarised at 3(i) and 3(ii) above?
- b) What process the MRC is using to respond to the request for information?
- c) What level of detail will be provided in response to the request for information; and
- d) When a response will be provided?

The Acting CEO provided verbal responses to the questions and said that Minter Ellison, acting for the 6 member councils, would shortly be provided with a written response to a number of risk related questions about the Resource Recovery Guarantee.

MEETING OPEN TO THE PUBLIC

RESOLVED

Cr R Butler moved, Cr K Hollywood seconded That the meeting now be opened to the public.

CARRIED UNANIMOUSLY (10/0)

The Chairman read the motions passed by the Council whilst it was proceeding behind closed doors.

9 NOTICE OF MOTION FOR CONSIDERATION AT THE FOLLOWING MEETING

Cr S Cooke gave notice of the following motion she intended to move at the October meeting:

That a report be brought to Council, prior to the budget review, on the education budget and the implications of the 'bronze' level funding cuts.

The Chairman closed the meeting at 6.10pm and thanked the City of Vincent for their hospitality and the use of their meeting facilities.

ITEM 8.1.1 STRATEGIC PROJECTS COMMITTEE MINUTES – 11 JULY 2011

File No: GOV/28/05 (D/11/5259)

Attachment(s): 1. Minutes of Strategic Projects Committee meeting held on

11 July 2011

Author: Mike Tolson

BACKGROUND

The Strategic Projects Committee was established by absolute majority decision at Ordinary Council Meeting 25 February 2010.

DETAIL

The primary objective of the Strategic Project Committee is to undertake planning, research and development of strategic projects for recommendation to and consideration by the Mindarie Regional Council (MRC).

As the Strategic Projects Committee is an appointed committee of MRC reports from the Strategic Projects Committee will be formally presented to the MRC at each meeting of the MRC. The reports will contain recommendations, progress reports on matters under consideration and such other matters relevant to the Strategic Projects Committee's terms of reference.

Reports and recommendations of each Strategic Projects Committee meeting shall be presented to the next ordinary meeting of the Council.

The Strategic Projects Committee met on 11 July 2011.

The Strategic Projects Committee reviewed a Confidential Report presented by Ian Watkins Project Manager MRC on future landfill site investigations. This Confidential Report and Recommendations will form part of the Agenda for 25 August 2011 Ordinary Council Meeting at Item 8.3.2. The minutes of the Strategic Projects Committee meeting held on 11 July 2011 are at Attachment One.

STATUTORY ENVIRONMENT

The Strategic Projects Committee was established by absolute majority decision as a Committee of the MRC under s5.8 and s5.9(2)(e) (employees and other persons) of the *Local Government Act 1995* and will not have any general delegated authority however s5.17(1)(c) of the *Local Government Act 1995* gives the MRC authority to grant limited delegation as required.

POLICY IMPLICATIONS

Not applicable.

STRATEGIC IMPLICATIONS

Not applicable.

VOTING REQUIREMENTS

Simple majority.

MRC OFFICER RECOMMENDATION

That Council:

- (i) note the Minutes of the Strategic Projects Committee meeting held on 11 July 2011
- (ii) note the following recommendation from the Strategic Projects Committee Meeting Minutes held on 11 July 2011:

Recommendation 1

- a) NOTE the report on investigations to identify a suitable replacement landfill for Tamala Park; and
- b) AUTHORISE the MRC Administration to develop a Business Plan to allow the MRC to purchase land for the purposes of landfill

CONFIRMATION OF MINUTES OF PREVIOUS MEETING – 23 MAY 2011

MOTION: (Moved: Martyn Glover Seconded: Rick Lotznicker)

RECOMMENDATION

That the Minutes of the Strategic Projects Committee Meeting held on 23 May 2011 be taken as read, confirmed and the Chairman invited to sign same as a true record of the proceedings.

(Carried: 5/0)

3 **BUSINESS ARISING FROM THE PREVIOUS MEETING**

(Refer Action Sheet)

The Committee noted that all Items on the Action Sheet were listed for discussion within the Agenda. The Committee agreed that a revised Action Sheet, as at end Strategic Projects Committee (SPC) meeting 11 July 2011, would be constructed and included in the Minutes of this meeting.

STRATEGIC PROJECTS / INITIATIVES 4

4.1 **Strategic Integrated Regional Plan**

The CEO MRC advised that the Issues Paper related to the Hyder Report would be included in the dossier for the Strategic Planning Workshop 21 July 2011.

ITEM 8.1.1

4.2 Future Landfill Site

The Committee agreed that the MRC Administration to now prepare Confidential Report for Ordinary Council Meeting 25 August 2011.

Doug Forster arrived 8.40am

MOTION: (Moved: Rick Lotznicker Seconded: Doug Forster)

RECOMMENDATION

That Council:

- (i) NOTE the report on investigations to identify a suitable replacement landfill for Tamala Park; and
- (ii) AUTHORISE the MRC Administration to develop a Business Plan to allow the MRC to purchase land for the purposes of landfill.

(Carried: 6/0)

4.3 RRF Stage One Project Update (including Waste Diversion)

Nil discussion

4.4 RRF Stage Two

This element will be incorporated into the workshop discussions surrounding the development of the new Strategic Plan.

4.5 RRF PAG Issues

Nil discussion

4.6 Waste Collection

The Committee discussed and shared the various systems of waste collection undertaken by Member Councils, and indicated if they were willing to explore audits /sampling of waste.

A summary of discussions held is as follows:

| Council | Green Bin | Yellow Bin | Verge Collection per year |
|-------------------|-----------|------------|---------------------------|
| City of Joondalup | Yes | Yes | 2 x verge collections |
| City of Wanneroo | Yes | Yes | 2 x verge collections |
| City of Vincent | Yes | Yes | 3 x verge collections |
| Town of Cambridge | Yes | Yes | 2 x verge collections |
| City of Perth | Yes | Yes | |

| Council | Other Information |
|-------------------|---|
| City of Joondalup | A review of waste collections (effectiveness and efficiencies) has been |
| | undertaken in the last 12 months, however no auditing of waste was |
| | undertaken. Interesting outcome was that residential waste was 1.4 |
| | tonne pa. Marketing (including web) has been reviewed and no paper |
| | calendar is being distributed. |
| City of Wanneroo | An Efficiency Review of Waste Operations is about to be undertaken. |
| | Supportive of audits of waste to be undertaken. |
| City of Vincent | No audits have been undertaken. |
| Town of Cambridge | Significant investment in marketing undertaken (\$90K) and new 5 year |
| | contracts have just been let for waste services. THIRD Bin provided for |
| | green waste, and multiple bins are provided upon for recycling (at no |
| | cost to the ratepayer). Audits of waste have not been undertaken to |
| | date. |
| City of Perth | Yes to Waste Audits, in particular separating Northbridge and other |
| | collections. |

The Committee agreed to the following further tasks to be undertaken:

Task One : Issue to all SPC members all suggestions received, for the possible uses of

SWMP funds of \$360,000. (IW).

Task Two: Finalisation of standardised waste audit scope or brief to be undertaken, to

then be considered by all Councils (IW).

Task Three: Discuss further the need to audit either both or singularly, the RRF feedstock

or RRF residue to support improved WDT for the facility.

The Committee agreed to discuss, at a future meeting, the matter of a Working Group to consider further investigations of collection systems.

John Wong arrived 9.20am

4.7 Tamala Park Closure Plan

The Committee requested the following process to be undertaken:

- A presentation from Charles Johnson (The Planning Group) be held the next SPC Meeting, on the document prepared for MRC Administration, and as tabled in this meeting's papers;
- 2. Upon the completion of this presentation and feedback from SPC Members, the report be modified or amended as required, in readiness for presentation to the MRC CEO Group;
- 3. Presentation to the MRC CEO Group of the Final Report, by the Consultant, given this Group requested in October 2010 such a Report be developed; and
- 4. When appropriate, present the Report to the MRC Council.

The MRC Administration to invite Mr Charles Johnson to next meeting to discuss the report prepared by The Planning Group on options for the use of Tamala Park leased land post expiry of MRC's lease in 2032.

4.8 Tamala Park Regional Council Interface

The CEO MRC advised that a revision of the buffer zone will require an amendment and is being progressed.

4.9 Budget 2010/2011

Nil discussion. This item to be changed to Budget 2011/2012 on the next meeting Agenda.

4.10 City of Stirling Withdrawal

The Committee noted an update provided by the CEO MRC on the following aspects:

- RRFA Risk Issues
- Heads of Agreement
- That PWC Report is with MRC Administration for review and will be circulated to Member CEOs as soon as possible, post internal review
- A meeting with the CEOs will then be organised post dissemination of the PWC Report
- MRC Administration will be writing to City of Stirling with the view of no withdrawal period for the RRF Guarantee.

4.11 MRC Establishment Agreement

The Committee agreed for the Chair to summarise the matrix she has developed on feedback received by MRC Administration, and then the Chair and Deputy Chair will meet with Woodhouse Legal, to commence the development of the Final draft Agreement for consideration and adoption.

4.12 Proposed MRC Governance Model

Nil discussion

4.13 Budget 2011/2012

Nil discussion. This item to be changed to Budget 2012/2013 in next Meeting Agenda

4.14 Review of Strategic Plan

The CEO MRC advised that the first workshop for developing / reviewing the Strategic Plan is scheduled for 21 July 2011 at Town of Cambridge.

4.15 Western Metropolitan Regional Council – Partnership

The Committee welcomed the development of a B usiness Case and agreed more explanation on tonnages and greater detail on financial impact needed to be addressed. A revised Business Case to be completed within a 6 month timeframe taking into consideration the Business Review, Strategic Planning and possible waste audit program being conducted over the coming months.

The CEO MRC was requested to respond to the WMRC regarding this matter.

4.16 Development of a New Strategic 10 Year Financial Plan

CEO MRC advised that this is being built into discussion for the Strategic Planning workshop.

5 NEW BUSINESS

The Chair thanked Kevin Poynton CEO MRC for his contributions to the SPC and MRC and wished him well in his new endeavours.

The CEO responded by thanking the SPC members for their assistance during his time with MRC.

6 NEXT MEETINGS

- Monday 29 August 2011
- Monday 24 October 2011

7 MEETING CLOSED – 10.05AM

ITEM 8.1.1

ITEM 8.2.1 FINANCIAL STATEMENTS FOR THE PERIODS ENDED

31 MAY 2011 AND 30 JUNE 2011

File No: FIN/5-02 (D/11/5246)

Attachment(s): 1. Financial Statement for the period ended 31 May 2011

2. Financial Statement for the period ended 30 June 2011

Author: Kalwant Dhillon

SUMMARY

The purpose of this report is to provide financial reporting to meet statutory requirements and to provide useful information to stakeholders of the Council.

BACKGROUND

Financial Statements as at 31 May 2011 and 30 June 2011 are attached and show separate columns for Actual and Adopted/Revised Budget figures.

Reporting requirements are defined by regulations 34 and 35 of the Local Government (Financial Management) Regulations 1996. There is scope in these regulations to provide other reporting that the Local Government considers appropriate.

The financial statements presented for each month consist of:

- Operating Statement by Nature Combined
- Operating Statement by Nature RRF Only
- Operating Statement by Function
- Statement of Reserves
- Statement of Financial Position
- Statement of Investing Activities
- Information on Borrowings

DETAIL

The reports attached are for the months ended 31 May 2011 and 30 June 2011 and are at Attachments One and Two to this Item.

- Statement of Income and Expenditure. Pages 1 to 4 of the Attachment. These statements have been adjusted to include a number of year-to-date estimates that are not finalised until the end of the financial year. These are as follows:
 - Provision for Amortisation
 - Site Rehabilitation Provision / Amortisation provision for Decommissioning
 - Site Monitoring Provision

These are based on the estimated rates per tonne calculated with reference to estimated excavation cost of various stages of the landfill and the life of the landfill. An adjustment is made (if necessary) at the end of the year based on a survey carried out to assess the "air space" remaining.

• Operating Statements by Function and Type. At page 4 of the Attachment. This shows a summary of operating income and expenditures. The Operating Statement by Function may be useful to the reader as a snapshot of the business operations

A complete suite of Financial Statements including Operating Statement and Statement of Financial Position are reported on a monthly basis and include accruals that may be based on estimates to provide meaningful reporting to stakeholders. These reports are at Attachment One and Two to this Item.

VOTING REQUIREMENT

Simple Majority

MRC OFFICER RECOMMENDATION

That the Financial Statements as attached at Attachment One and Two for the months ended 31 May 2011 and 30 June 2011 be noted.

NOTES FOR VARIATIONS - INCOME STATEMENT BY NATURE AND TYPE

| Note # | Description of Item | Nature of Variance where actual is 10% and \$10,000 from YTD Budget |
|--------|---|--|
| 1 | Member User Charges | The tonnages for Members were noted at the Mid-year Review to drop by 47,285 tonnes but the actual Total Tonnage dropped by 54,000 tonnes. This is mainly due to lower tonnages received from City of Stirling as well as other Member Council with the exception of City of Joondalup. |
| 2 | Casual User Charges | The tonnages for Casuals/Commercial were noted at the Mid-year Review to be approximately 11,600 tonnes higher for this Financial Year. |
| 3 | Grants and Subsidies | As the grants for the Waste Minimisation Program has not been received, the program is on 'hold'. |
| 4 | Communication and Public Consultation | The majority of the expenditure is being spent in the months of April to June 2011. \$10,800 of the budget in relation to projects/program will be carried forward to 2011/2012. |
| 5 | Landfill Expenses | The majority of the expenditure is being spent in the months of April to June 2011. \$51,000 in relation to Bushland Management will be carried forward to 2011/2012. |
| 6 | Office Expenses | The majority of the expenditure is being spent in the months of April to June 2011. |
| 7 | Information System | Expenditure to be incurred in April to June 2011 in relation to existing and new projects. \$45,000 relating to Navision Upgrade will be carried forward to 2011/2012. This relates to specific module which will be implemented in 2011/2012. |
| 8 | Building Maintenance | The majority of the expenditure is being spent in the months of April to June 2011. |
| 9 | RRF Operations Total Costs (Excl. Amortisation) | The increase is due to the change in Waste Diversion Rate, a Force Majeure Claim relating to power shortages and additional tonnages as a result of availability greater than 100% (we pay only the variable cost on these tonnages). This cost is being offset by the funds from the Reserve (Carried Forward Expenditure). |

NOTES FOR VARIATIONS - STATEMENT OF INVESTING ACTIVITIES

| Note # | Description of Item | Nature of Variance where actual is 10% and \$5,000 from YTD Budget |
|--------|---|---|
| 1 | Replacement of Desktop - TRIM Computer | The replacement has been delayed to 2011/2012 due to procurement issue. |
| 2 | Replacement of Desktop - Recycling POS | The replacement has been delayed due to the specification issue of the computer to withstand the weather as the PC is located outside the office at the Recycling Centre. |
| 3 | Administration Accommodation Improvements | The work commences in June 2011 and the estimated cost of work is \$35,000 inclusive of GST. The remainder will be carried forward to 2011/2012. |
| 4 | New Land Purchase | Council approval will be obtained when Land is identified. This will be carried forward to 2011/2012. |
| 5 | Landfill Phase 3 Development (Work In Progress) | The lining project was delayed and will commence in 2011/2012. The \$2 million has been carried forward to 2011/2012. |
| 6 | Landfill Stage 2 Capping (Work In Progress) | The majority of the project has been delayed and the remaining amount will be carried forward to Financial Year 2011/2012. |

NOTES FOR VARIATIONS - INCOME STATEMENT BY NATURE AND TYPE

| Note # | Description of Item | Nature of Unfavourable variance where actual is 10% and \$10,000 from YTD Budget |
|--------|--|---|
| 1 | Member User Charges | The tonnages for Members were noted at the Mid-year Review to drop by 47,285 tonnes but the actual Total Tonnage dropped by 54,000 tonnes. This is mainly due to lower tonnages received from City of Stirling as well as other Member Council with the exception of City of Joondalup. |
| 2 | Casual User Charges | The tonnages for Casuals/Commercial were noted at the Mid-year Review to be approximately 11,600 tonnes higher for this Financial Year but the actual tonnages were 56,033 at the end June 2011 which is 16,033 tonnes above the budget. |
| 3 | Gas Power Generation Sales | The REC's prices were depressed towards the last 3 quarters of 2010/2011 due to over supply of solar REC's and 12,000 REC's were held back to achieve a better price in 2011/2012. Part of these have been sold separately by Landfill Gas in July 2011 and the proceeds are due shortly. |
| 4 | Grants and Subsidies | As the grants for the Waste Minimisation Program has not been received, the program did not commence. Funds now received in July 2011 and the work will commence on the projects agreed by Member Council. |
| 5 | Communication and Public Consultation | \$10,800 of the budget in relation to projects/program has been carried forward to 2011/2012. |
| 6 | Landfill Expenses | \$51,000 in relation to Bushland Management has been carried forward to 2011/2012. |
| 7 | Information System | \$45,000 relating to Navision Upgrade has been carried forward to 2011/2012. This relates to specific modules which will be implemented in 2011/2012. |
| 8 | RRF Operations Total Costs (Excl. Amortisation) | The increase is due to the change in Waste Diversion Rate, a Force Majeure Claim relating to power shortages and the delay in the permanent repairs of the composter. This cost is being offset by the funds from the Reserve (Carried Forward Expenditure). |
| 9 | Utilities | The increase is due to the higher usage of electricity in relation to the Baling Machine and increase activities in the welding. |
| 10 | Changes in Net Assets Resulting from Operations | |
| | Changes in Net Assets Transfer from Reserve (C/F Expenditures) Transfer to Reserve (Interest Income Res) Changes in Net Assets including Reserve | (\$299,297) \$647,195 (\$197,594) |
| | Transfer | \$150,303 |

NOTES FOR VARIATIONS - STATEMENT OF INVESTING ACTIVITIES

| Note # | Description of Item | Nature of Variance where actual is 10% and \$5,000 from YTD Budget |
|--------|---|---|
| 1 | Replacement of Desktop - TRIM Computer | The replacement has been delayed to 2011/2012 due to procurement issue. |
| 2 | Replacement of Desktop - Recycling POS | The replacement has been delayed due to the specification issue of the computer to withstand the weather as the PC is located outside the office at the Recycling Centre. |
| 3 | Administration Accommodation Improvements | The work commences in June 2011 and the estimated cost of work is \$35,000 inclusive of GST. The remainder will be carried forward to 2011/2012. |
| 4 | New Land Purchase | Council approval will be obtained when Land is identified. This will be carried forward to 2011/2012. |
| 5 | Landfill Phase 3 Development (Work In Progress) | The lining project was delayed and will commence in 2011/2012. The \$2 million has been carried forward to 2011/2012. |
| 6 | Landfill Stage 2 Capping (Work In Progress) | The capping project for this phase will be carried out in 2 stages with the first stage in 2010/2011 - 2011/2012 and the second stage in 2017/2018. |

| | | | ı | | | Facility Fee | | 50,555 | |
| | | | | | Total Bo | Total Borrowing Costs | | 1,191,764 | |

Note 1: Loan 10b has an indicative variable rate of 5.18%. Note 2: Total Loan Interest accrued for June 2011 = \$55,642.77

Note 3: The loan was approved by Council but due to delay in lining project, this loan will be arranged and drawn down in 2011/2012. Note 4: Council approval will be obtained when Land is identified.

ITEM 8.2.2 LIST OF PAYMENTS MADE FOR THE MONTHS ENDED

31 MAY 2011 AND 30 JUNE 2011

File No: FIN/5-02 (D/11/5247)

Attachment(s): 1. List of payments made for the month ended 31 May 2011

2. List of payments made for the month ended 30 June 2011

Author: Kalwant Dhillon

SUMMARY

The purpose of this report is to provide details of payments made during the periods identified. It is also a requirement as part of the delegation given to the Chief Executive Officer, to make payments from the Municipal Fund, that a list of payments made since the last Ordinary Council meeting be presented to Council.

COMMENT

The lists of payments for the months ended 31 May 2011 and 30 June 2011 are at Attachment One and Two to this Item and are presented for endorsement. Payments have been made in accordance with delegations that allow payments between meetings and are subsequently required to be presented to the next Council meeting following such payments. Further, at the Ordinary Council Meeting held on 15 October 2009, the Council delegated to the Chief Executive Officer the exercise of its power to make payments from the Municipal Fund. This delegation has been renewed upon annual reviews. In order to satisfy the requirements of Clause 13(2) of the Local Government (Financial Management) Regulations, a list of payments made must be submitted to the next Council meeting following such payments.

It should be noted that generally all payments are GST inclusive and Mindarie Regional Council is able to claim this tax as an input credit when remittance of GST collected is made each month.

| Months Ended | Account | Vouchers | Amount |
|--------------|-------------------|-----------------|----------------|
| 31 May 2011 | General Municipal | 7854 - 8044 | |
| | | DP561 – DP572 | |
| | | EFT320 – EFT325 | \$2,638,217.20 |
| 30 June 2011 | General Municipal | 8045 – 8266 | |
| | | DP573 – DP587 | |
| | | EFT326 – EFT333 | \$5,680,897.90 |

VOTING REQUIREMENT

Simple Majority

MRC OFFICER RECOMMENDATION

That Council endorse the list of payments made, as per the delegation made to the Chief Executive Officer, for the months ended 31 May 2011 and 30 June 2011.

.

CERTIFICATE OF CHIEF EXECUTIVE OFFICER

This schedule of accounts which was passed for payment, covering vouchers as above which was submitted to each member of Council on 25 August 2011 has been checked and is fully supported by vouchers and invoices which are submitted herewith and which have been duly certified as to the receipt of goods and the rendition of services and as to prices, computations, and costing and the amounts due for payment.

CHIEF EXECUTIVE OFFICER

ITEM 8.2.3 BUSINESS REPORT

(for the period 11 June 2011 – 22 July 2011)

File No: COR/8/02 (D/11/5248)

Attachment(s): 1. Information related to landfill and recycling activity at Tamala

Park to end June 2011
2. Tonnage Progress Report

3. MRC Marketing and Education Plan - Progress Report

Author: Kevin Poynton

SUMMARY

The purpose of this report is to provide Council with current information on all business activities.

BACKGROUND

The Council at its meeting held in October 2008, resolved, inter alia, to approve a revised Strategic Plan. Council, at Ordinary Council Meeting 7 July 2011, approved Annual Business Plan 2011/2012 within context of Budget 2011/2012. This business report is now presented in a format consistent with both the Strategic Plan and approved Annual Business Plan. New information since the last report is provided in *'bold italics'*.

DETAIL

OBJECTIVE ONE - WASTE MANAGEMENT

Objective One is 'to manage waste in a way that

- Maximises resource recovery.
- Minimises waste to landfill.

in order to minimise environmental impact.

Existing Waste Processing Projects – Tamala Park

The table at Attachment One describes business activity for the period **1 July 2010 – 30 June 2011** for member Councils, and others, in terms of tonnage (received for processing) and revenue associated with this tonnage.

Information related to landfill and recycling activity at Tamala Park to **30 June 2011** is presented in the table at Attachment One.

Current information in relation to Tamala Park landfill and recycling activities is as follows:

On the matter of an outstanding contractual dispute over landfill construction work, the contractor (WATPAC) has advised that they do not propose to pursue this claim at this stage. The matter will remain pending until either expiry of 'claim period' or reinstatement of action by WATPAC. The 'claim period' as advised by legal, is five years. The expiry date for this period is confirmed as 31 December 2011 on the basis that documentation dated December 2006 contains information on the initial claim.

Landfill Gas & Power Agreement Extension

In order for MRC to sub-lease part of the Tamala Park lease area, the Head Lease (between MRC and its member councils) requires that the sub-lessee (LGP) take on all of the obligation that the MRC has under the Head Lease. If this cannot be achieved the MRC is required to obtain sign off from its member councils on the reduced suite of obligations that are being passed on to the sub-lessee.

Landfill Gas & Power (LGP) has been provided a copy of the draft deed of amendment. This issue of passing on the Head Lease obligations has caused LGP some concerns and it is unable to accept all of the head lease obligations, primarily those obligations that are unrelated to the landfill gas operation. Consequently, the MRC is required to obtain the member Council signoff providing relief to LGP on certain obligation of the Head Lease.

Due to the delays in formalising the member Council sign off, the final deed of amendment is only likely to be presented to Council at the August Council meeting. This is after the existing contract expires. Consequently, the MRC Administration has written to the member Councils requesting that they agree to a three month holding over period of the existing contract to allow the extension agreement details to be finalised. *The request has been granted by all seven member Councils for the holding over.*

The matter is dealt with as a separate item to the meeting.

Existing Waste Processing Projects – Neerabup

Progress against a project to establish and operate a Resource Recovery Facility (RRF) at Neerabup in is contained in a separate report within this agenda.

OBJECTIVE TWO – WASTE PROCESSING OPPORTUNITIES

Objective Two is to identify, evaluate and implement opportunities for expansion of the waste management business.

An Integrated Regional Plan

Tasks associated with the development of an integrated regional plan have been progressed as follows:

- Receipt of final Hyder Report.
- Issue of this report to Strategic Projects Committee (SPC) members.
- Agreement by SPC to 'consider contents at a later date', following consideration of the impact of the City of Stirling withdrawal.
- A revised report, reflecting City of Stirling withdrawal, has been prepared by Hyder, at an additional cost of \$7000.
- This report was considered by the SPC, in April 2011, and an Issues Paper has been completed. This Paper will be used as part of the review of the Strategic Plan.

Additional Processing Facilities

- 'Son of Tamala' Landfill
 - The MRC Administration has investigated a number of possible sites in the Shire of Gingin and identified a potentially suitable location
 - The MRC is not able to purchase an option on the land without advertising a Business Plan and hence will disclose its intention to the public, which may result in others purchasing the property before the MRC is able to complete the transaction
 - This matter is still being considered by the MRC Administration

This matter is dealt with as a separate item to the meeting.

OBJECTIVE THREE - INDUSTRY LEADERSHIP AND ADVOCACY

Objective Three is to identify and promote industry-wide initiatives for improvements to waste/resource management, particularly in relation to waste minimisation and resource recovery.

SWMP Projects

State Government has allocated \$360,000 in grant funding to MRC, and investigation on options for expenditure of these funds is in progress.

Partnership Activities

Key partnership activities during the reporting period have been as follows:

- Forum of Regional Councils (FORC)
 - FORC consideration of a revised strategic approach to improved State Government support for waste management progress is in progress
- Waste Management Association of WA (WMAA(WA))
 - Implementation of project plans for utilisation of \$100k from Waste Authority
- Industry Training Council (EUPA)
 - Review and revision of waste industry training needs, using levy funds. This work has been completed, and a workshop to formulate an Action Plan was held February 2011

Further work is being conducted by the Waste Management Working Group on the mapping of 'people positions' within the industry.

OBJECTIVE FOUR - COMMUNITY ENGAGEMENT

Objective Four is to engage with the community in the Mindarie region in order to promote behaviour consistent with the region's operational plans for waste/resource management.

A report on progress against Council's Marketing and Education Plan is at Attachment Three to this Item.

Marketing Activities

Key corporate communication activities progressed during the reporting period were as follows:

• July MRC e-News distributed in electronic format plus placement on website. Strategy now being implemented to build database. Proposed bi-monthly distribution.

Education Activities

Key education activities progressed during the reporting period were as follows:

- Continued support of member councils with the metropolitan-wide battery collection program. Battery bins are now in place in each Council area. Regional contractor is collecting fluoros and batteries, and a spreadsheet detailing collection results is being generated fortnightly and provided to the Councils for local management. Roll-out of collection bins into schools continues and small collection containers being distributed to retirement villages.
- Ads to focus people on what to do with problem products gas bottles, batteries and fluoros – prepared and placed at regular intervals throughout June.
- In consultation with WESSG a waste statistics report card has been produced, showing a 34% waste diversion from landfill in the MRC region for the 1st quarter of the year. Figure includes waste collection in 'green top' bins, 'yellow top' bins, green waste, bulk verge collections, recycling programs (household hazardous waste, E-waste) and Tamala Park recycling.
- Earth Carers Kids project (Resource Rescuers) now being trialled with a further two groups.
- Earth Carers forum and blog has been launched on website. Strategy now being developed to build traffic and participation.
- Research program to contact all Earth Carers to determine impact of the course on their waste behaviour as been completed.
- A number of visits to schools have been undertaken to talk about waste and to help with development of compost bays and worm farms.
- Participation with the Roaming Recycler in community events continues.
 New waste games with waste and recycling messages have been produced plus some new display items to keep the display 'fresh'.
- The MRC strong tours program was recognised by it being the winner of the 2011 Australian Business Award for the best educational product.

Community Engagement Advisory Group (CEAG) Activities

Key CEAG activities progressed during the reporting period were as follows:

- Vacancy still exists for a new member from the Carramar Special Rural area, following a resignation from the group.
- Regular CEAG meeting held on 22 June 2011.

OBJECTIVE FIVE - ORGANISATIONAL MANAGEMENT

Objective Five is to maintain excellent management of the Mindarie Regional Council organisation.

Business Systems

Key projects associated with this port folio are as follows:

- Implementation of improved budget preparation process, in conjunction with member councils.
- Investigation of replacement of external appointments with recruited staff, for selected positions. This has resulted in the appointment of an environmental officer. The issue of Marketing/Education Manager is 'on hold' pending the confirmation of focus in this area, as part of the review of Council's Strategic Plan. The selection process against the Project Manager position did not result in an appointment, and this will be reviewed in early 2011 (Council decision August 2010 refers). A separate confidential item was provided to Council on this matter in April 2011. Council approved a mix of internal/external tasks for at least Financial Year 2011/2012.
- Progress of improved TWG governance model, in the form of revised officer forums, including the ongoing meetings of Strategic Projects Committee (Chair: Karen Caple, Deputy: Martyn Glover).
- Progress of a project to develop a revised pricing model. This has resulted in Council resolving to adopt a 'single fee' model – a decision which is ended in dispute before the Supreme Court.
- Proceedings have now been postponed by City of Stirling pending successful withdrawal by City of Stirling from MRC. Monthly meetings of CEOs or their representatives have progressed tasks as follows:
 - Consideration by all eight Councils (seven members plus MRC) of a proposed methodology, prepared by Price Waterhouse Coopers (PWC). This has resulted in PWC proceeding to Stage Two (quantitative work) using two models.
 - Development of a final draft Establishment Agreement by the MRC Strategic Projects Committee for consideration by the six remaining members, early in 2011.

City of Stirling Withdrawal

Draft report has been issued to member Councils for consideration, prior to further discussion.

Member Council Partnerships

Key activities progressed during FY2010/2011 as follows:

- Liaison Tamala Park Regional Council (TPRC) re buffer and associated issues.
- Agreement by TPRC on revised buffer plan.
- Commencement of preparation of a lease amendment to affect this revised buffer plan. This work is due for completion end June 2011.

Establishment Agreement

The Council's Strategic Projects Committee is developing a draft Establishment Agreement for Council consideration, proposed for early 2011.

Members of Council's Strategic Projects Committee now propose to meet with Mr Woodhouse and Mr Bonker (Acting/CEO MRC) to finalise drafting instructions.

Review - MRC Strategic Plans

CEO MRC has confirmed an approach with Mr Ron Cacioppe for a review of MRC's Strategic Plan.

This approach is consistent with the recently released Department of Local Government Model.

The approach was advised by early June 2011, and will lead to a completed Strategic Community Plan prior to local government elections in October 2011.

Council confirmed the approach at its Ordinary Council Meeting 7 July 2011. Workshops are planned for 21 July 2011 and 4 August 2011 on this project. Workshop scheduled for 4 August 2011 has been postponed until after the Local Government Elections.

CONSULTATION

Not applicable

STATUTORY ENVIRONMENT

Not applicable

POLICY IMPLICATIONS

Not applicable

STRATEGIC IMPLICATIONS

This progress report reflects progress against approved activities associated with the Council's annual Business Plan.

FINANCIAL IMPLICATIONS

These activities are conducted within the context of the approved Council budget for any particular financial year.

COMMENT

Council business is currently being conducted within the framework of the Annual Business Plan.

AGENDA REVIEW COMMITTEE MEETING - 5 AUGUST 2011

The group discussed the following matters:

- The waste statistic report card.
- Mid-year budget projections for tonnage reduction

VOTING REQUIREMENT

Simple Majority

MRC OFFICER RECOMMENDATION

That Council receive this progress report for the period 11 June 2011 – 22 July 2011 against Annual Business Plan 2011/2012.

Note 1. The year to date targets for Members are based on a time allocation basis as insufficient data is available for the trend for Members.

Note 2. The year to date target for Casuals is based on previous year's trends (which indicated that 55% of sales occur during the first half of the year and 45% during the second half), this data was used for the budget.

ATTACHMENT TWO TO ITEM 8.2.3 ORDINARY COUNCIL MEETING 25 AUGUST 2011

TONNAGE PROGRESS REPORT

TONNAGE REPORT FOR FINANCIAL YEAR ENDED 30 JUNE 2011

Aim

This report aims to provide information on Actual waste tonnages received by MRC in comparison to Budget estimates for financial year ended 30 June 2011.

Detail

Processable

The Member Councils' Processable waste for the financial year ended 30th June 2011 was 8% lower than the budgeted tonnages for 2010/11 and 2.1% lower than the actual for the previous year.

Whilst the waste tonnages delivered by all Member Councils are lower than budgeted, the bulk of the drop in tonnages, compared to the budget, were attributable to Town of Victoria Park, Town of Cambridge and Cities of Vincent and Wanneroo.

Non-Processable

The Member Councils' total Non-processable waste for the financial year ended 30th June 2011 was 19.5% lower than the budgeted tonnages for 2010/11 and 20% lower than the actual for the previous year.

The lower non-processable waste tonnages, compared to the budget, were mainly attributable to lower waste tonnages delivered by Cities of Stirling and Wanneroo, which has been offset by higher than budgeted waste tonnes from Cities of Joondalup and Vincent.

Other

The total Bales and Residue waste tonnages for this period were 5.5% below the budgeted tonnes for 2010/11 and marginally lower than the actual for the previous year. The lower tonnages from City of Stirling were partially offset by higher waste tonnages of Residues from the RRF and Wanneroo WRC. The City of Stirling ceased disposing Bales at Tamala Park from early August 2010.

The Casuals/Commercial waste tonnages of 56,033 tonnes for the financial year ended 30th June 2011 were 40% higher than the budgeted total of 40,000 tonnes.

Summary

At the mid-year review member Council waste tonnages were projected to drop by 47,285 tonnes for 2010/11 but actual drop in waste tonnages for 2010/11 for the year was 54,000 tonnes.

This drop in tonnages has been partly offset by increase in RRF Residue to the landfill of 14,500 tonnes.

The reduction in revenue from Members has been covered by:

- Increase tonnages and revenue in Casuals
- Drop in variable expenses i.e. Amortisation, DEP levy etc
- Savings generated by MRC administration

ITEM 8.2.4 RESOURCE RECOVERY FACILITY UPDATE REPORT (for the period

1 June 2011 - 27 July 2011)

File No: WST/13-02 (D/11/5249)

Attachment(s): 1. Detail of Previous and Ongoing Topics

Author: lan Watkins

SUMMARY

The purpose of this report is to provide Council with information relating to relevant historical information and operation of the Stage 1 Resource Recovery Facility (RRF) at Neerabup.

BACKGROUND

Stage 1 Resource Recovery Facility (RFF) contract was signed with BioVision 2020 on 23 November 2007. Construction commenced on 27 February 2008 with the 20 year operating period commencing on 16 July 2009.

The detail of previous and ongoing topics is provided at Attachment One to this Item.

Issues relevant to the reporting period are covered in Current Detail below.

CURRENT DETAIL

Composter Structural Issues,

There are a number of issues affecting the long term repairs to the composters. These include the following:

- Current condition of the composters.
- Integrity of the long term repair design.
- Cost of the repairs.
- Duration of the repair works.
- Future insurability of the repaired composters.
- Option of complete or partial replacement of composters.
- Determination of which party is at fault (designers or constructors).
- Outcome of insurance claim.
- Agreement being reached between involved parties.

All of these factors add to uncertainty as to when BioVision will be undertaking the works and what the works will consist of. Currently the three options being discussed include:

- Repair;
- Partial replacement; or
- Complete replacement.

The latest information provided by BioVision (21/07/2011), indicates that it is now more likely that the composters will be replaced instead of being repaired. This is due to uncertainty surrounding the final repair design solution and the fact that repair cost is similar to the replacement cost. It is understood that the final decision will be made within the next two weeks.

Should the composters be replaced, it is likely that the RRF will be shut down for about two months in late 2012 or early 2013 as it will take approximately 18 months to finalise the new design and prefabricate the composters prior to delivery to site.

Standstill Deed

BioVision has been advised of the fact that the MRC has agreed to the Second Standstill Deed.

Composter Crack Insurance Claim

Once the Second Standstill Deed has been signed by all parties, the insurance claim will be withdrawn.

Waste Delivery

Waste delivery Summary for Reporting Period

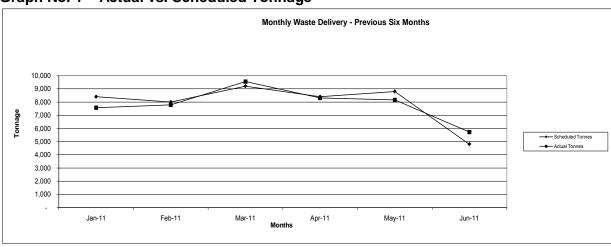

| MONTH | SCHEDULED TONNES | DELIVERED TONNES | DIFFERENCE TONNES |
|-------|------------------|---------------------|----------------------|
| June | 4,800 | 5,723 | 923 |
| Total | 4,800 | 5,723 | 923 |

Operational issues during the reporting period include:

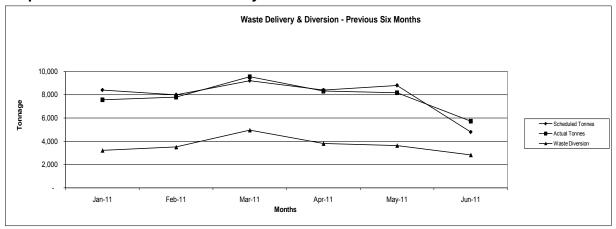

- Shut down composter 1 for a week to undertake an internal inspection as part of the assessment of the long term repairs.
- Facility shut down for one week planned shutdown.

The graphs below provide data up to 30 June 2011.

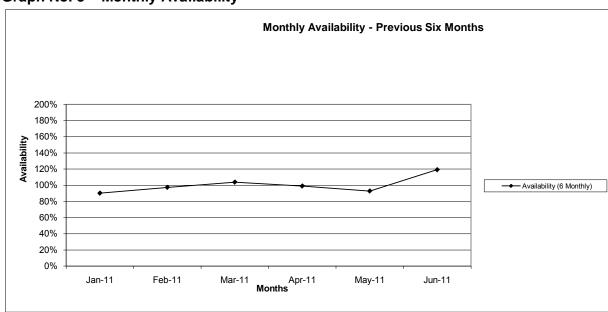

Graph No. 1 - Actual vs. Scheduled Tonnage

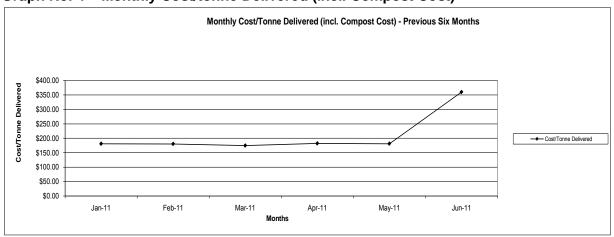

Graph No. 2 – Annual Waste Delivery & Diversion

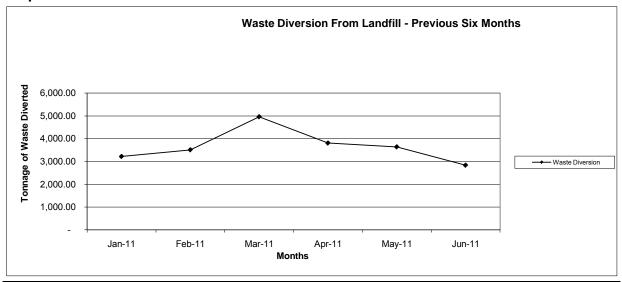

Graph No. 3 – Monthly Availability

Graph No. 4 – Monthly Cost/tonne Delivered (incl. Compost Cost)

Graph No. 5 – Waste Diversion from Landfill

Performance Indicators

KPI's as per the RRFA are as follows:

Table No. 1 – KPI Summary (to 30 June 2011)

| KPI | Target | Previous 6 Months | Apr | May | June |
|--|--------|-------------------|-------|-------|-------|
| Availability | 95%* | 93% | 99% | 93% | 119% |
| Environmental Standard - Number of Breaches | 0 | 0 | 0 | 0 | 0 |
| Waste Diversion | 51.33% | 46.6% | 45.8% | 44.6% | 49.5% |
| Quality of Compost - Number of Breaches | 0 | 0 | 0 | 0 | 0 |
| Quantity of Recyclable Packaging | 0.8% | 0% | 0% | 0% | 0 |
| Health and Safety - Number of LTI's | 0 | 0 | 0 | 0 | 0 |
| Community Acceptance - Number of Complaints ** | 0 | 6 | 0 | 0 | 0 |
| Project Culture - PAG Chairperson Score | 100 | 100 | 100 | 100 | 100 |

^{*} The Target Availability during the Initial Operating Period is to achieve an Availability of greater than 95% over a six-month period.

Waste Diversion

The average waste diversion for the past six months (January to June) has been 46.6%.

At the Ordinary Council Meeting (OCM), 7 July 2011 Council approved a revised WDT from 60% to 51.33%. This is now the applicable WDT in the RRFA following the WDT review contemplated in Annexure E clause 1. This revised value will apply until the final WDT has been determined.

Waste Diversion Target is covered in a separate Item.

^{**} Numerous complaints relating to a single event are treated as a single complaint. Biofilter odour is not registered as a complaint.

Quantity of Recyclables

Currently the magnets have been switched off and all metal is going to landfill as there is no metal recycling option available.

Community Complaints

Summary of Community Complaints for Reporting Period.

| DATE | FROM | ISSUE | OUTCOME |
|------------|-------------|-------|------------------------|
| 04/06/2011 | Golf Course | Odour | Not related to the RRF |

Project Insurance

MRC requested documentation from BioVision substantiating the effort put in by BioVision and JLT in obtaining insurance quotes. After having received numerous packages of documents, it is evident that a reasonable effort was not put in by JLT (managed by BioVision). Consequently the MRC Administration has rejected paying the full insurance cost increase and additional liability associated with the increased deductable. The MRC Administration has proposed a compromise whereby both MRC and BioVision share the premium increases 50% / 50% and either party pays its own deductable in the event of a claim.

BioVision responded to the MRC proposal in the form of a highly legal letter emphasising the effort put in by BioVision and insisting that the MRC cover all of the premium and deductible increases.

Subsequent to the receipt of the BioVision letter, the MRC and BioVision met to discuss a resolution to this issue. At this meeting it was provisionally agreed that of the \$259,510 premium increase, the MRC would contribute \$200,000 (77%) and BioVision would contribute \$59,510 (23%). No agreement was reached on the sharing of the \$1 million deductible. It was however agreed that, if there was a claim before 30 September 2011 (end of the ISR on policy) the matter of the deductible would be resolved by the lawyers.

The above agreement is outside of the insurance renewal conditions set in the RRFA and considered an Agreed Variation. Due to the variation being greater than \$50,000 (CEO limit of delegated authority), this matter requires Council approval.

It is the MRC Administration recommendation that Council accept the provisionally agreed position and increase the RRF Gate Fee Model (contractor's fees) by \$2.00 per tonne (\$200,000 for 100,000 tonnes) towards the ISR insurance premium increase for the period 1 October 2010 to 30 September 2011.

MRC Infrastructure Development

Vehicle Washdown Facilities

Rob Goldfinch Consulting has been appointed to carry out the concept design, detailed design and costing. Once a budget price has been determined, the project will be brought before the Strategic Projects Committee for consideration as to whether to proceed to tender stage. Should this occur, the tender process will be completed and the tender recommendation presented to Council for determination.

With regards to the need for a vehicle wash, the City of Wanneroo and the City of Vincent currently use their own vehicle to deliver waste to the RRF. Should the City of Perth commence delivery to the RRF, they would also use their own vehicles. All other member Councils delivering waste to the RRF utilise Cleanaway as the waste collection contractor.

The Cities of Wanneroo (11 vehicles), Vincent (5 vehicles) and possibly Perth (6 vehicles) require the vehicle wash to washdown their vehicles at the end of each day as they do not have their own vehicle washdown facilities. If the vehicle washbay was constructed, it is likely that Cleanaway and SITA would also use the facility to washdown vehicles associated with the RRF activities; however, this is more of a convenience than a necessity.

Based on the concept design, it is anticipated that the RRF vehicle washdown facility will cost:

- \$50,000 for detailed design and tendering (work currently being undertaken).
- \$650,000 construction cost.
- \$100,000 annual operating costs.

Note: A more detailed cost estimate is currently being established based on the detailed design.

With an anticipated 22 MRC member Council vehicles being washed daily for 50 weeks per year and the life of the facility being 18 years (end of the term of the RRFA), the cost per vehicle wash is approximately:

- Design and Construction \$700,000/(22 vehicles x 5 days x 50 weeks x 18 years) = \$7.07/wash.
- Operations \$100,000/(22 vehicles x 5 days x 50 weeks) = \$18.18.
- Total estimated cost per vehicle wash = \$25.25.

Note: This calculation has not included interest repayments on a loan to fund the construction. If this was to be included, the cost per wash would increase to approximately \$30.00.

The alternative vehicle washing solutions for the Cities of Wanneroo, Vincent and Perth are as follows:

- Use the washdown facility at Tamala Park (extra vehicle mileage).
- Develop their own individual washdown facilities (located near a sewer connection would be significantly cheaper than the RRF solution).
- Develop a combined washdown facility, potentially located at the City of Wanneroo workshops and near a sewer connection (most cost effective solution).

Community Engagement

SITA has formed the Stakeholder Consultation Group consisting of the following stakeholders:

- DEC
- City of Wanneroo
- Motor Cross Track (neighbour)
- Golf Course (neighbour)
- Carramar & Tapping Residents Association

Banksia Grove Residents Association

RRF Stage 2 Development

The development of a Stage 2 RRF is a matter being dealt with by the Strategic Projects Committee.

CONSULTATION

Consultation during the period has occurred with the following groups:

- Freehills
- BioVision2020
- SITA
- Rob Goldfinch Consulting

STATUTORY ENVIRONMENT

Nil

POLICY IMPLICATIONS

Nil

STRATEGIC IMPLICATIONS

The development and operation of resource recovery in the region is consistent with the following Principals described in Strategic Plan 2009 – 2029:

- Community Focus
- Innovation
- Partnership
- Leadership

In particular, Stage 1 RRF conforms with Objective 1 – Waste Management to maximise resource recovery and minimise waste to landfill in order to minimise environmental impact.

FINANCIAL IMPLICATIONS

Insurance Costs

Based on the provisionally agreed position for the payment of the ISR insurance policy, the Gate Fee Model will be increased by \$2.00 per tonne. The MRC has budgeted for an increase of \$2.60 per tonne; hence there will be a saving of \$0.60 per tonne. Since 1 October 2011 to 30 June 2011 the RRF has received 70,489 tonnes of waste, which equates to a saving of approximately \$42,300. The saving for the period 1 July 2011 to 30 September 2011 will depend on the quantity of waste delivered to the RRF during that period.

There will be no direct impact to the member Council gate fee as a result of the proposed recommendation as the full impact (\$2.60 / tonne) of the insurance costs are already included in the member Council gate fees. There will however be a saving in the order of \$50,000 to \$60,000 (depending on annual tonnage delivered) as a result of the BioVision contribution to the insurance costs. The extent and the saving and possible impact on the member Council gate fee will be assessed at the mid-year review.

Composter Repair/Replacement Costs

The 2011/2012 budget was established around the composters being repaired during the financial year. Should the composters be replaced in 2012/2013 financial year, there will be more tonnage delivered to the RRF this financial year (due to no shutdown); hence, there will be an increase in RRF gate fee and a corresponding decrease in the landfill fee. Once BioVision has determined whether it will repair or replace the composters, the MRC Administration will assess the impact on the budget.

Operational Expenditure

The Project Operational Summary below sets out the 2010/11 facility operating budget against which operational costs are tracked throughout the year.

Project Operational Costs Summary for 2010/2011 Financial Year – as at 30 June 2011

Project Operational Costs Summary

| ltem | Revised | Expenditure | | % Spent |
|--------------------------------|------------------|-------------|------------|---------|
| | Budget | (to | 30/06/11) | |
| Capital Expenses | | | | |
| Infrastructure | \$ 135,000 | \$ | 23,785 | 17.6% |
| Wheel Wash | \$ 50,000 | \$ | 780 | 1.6% |
| Total Capital Expenditure | \$ 185,000 | \$ | 24,565 | 13.3% |
| Operating Expenses | | | | |
| Consultancy | | | | |
| Specialist Project Consultants | \$ 195,000 | \$ | 146,525 | 75.1% |
| Project/Contract Management | \$ 90,000 | \$ | 97,037 | 107.8% |
| Temporary Staff | \$ 57,300 | \$ | 56,311 | 98.3% |
| Sub-total | \$ 342,300 | \$ | 299,873 | 87.6% |
| Facility Operations | | | | |
| Building Cleaning | \$ 5,200 | \$ | 8,465 | 162.8% |
| Computer System Maintenance | \$ 16,000 | \$ | 16,597 | 103.7% |
| Building Maintenance | \$ 8,300 | \$ | 7,574 | 91.3% |

AGENDA REVIEW COMMITTEE MEETING - 5 AUGUST 2011

The group discussed the following matters.

- Project Insurance.
- Vehicle wash down facility.
- Monitoring and recording BioVision non-compliances with the RRFA.

VOTING REQUIREMENT

Simple Majority

MRC OFFICER RECOMMENDATION

That Council:

- (i) note the RRF update report for the period 1 June 2011 to 27 July 2011
- (ii) note the following operational aspects associated with the RRF that are currently being dealt with:
 - composter long-term repairs/replacement;
 - SITA ongoing investigation of accepting rear lift vehicles;
 - SITA problems associated with disposal of ferrous metal;
 - RRF Project Insurance renewal process and cost; and
 - Vehicle wash down facility.

- (iii) authorise the CEO to increase the RRF Gate Fee Model by \$2.00 per tonne for the period 1 October 2010 to 30 September 2011 to account for the MRC contribution towards the ISR insurance premium increase
- (iv) note that there is no resolution to the increase in the ISR deductible and that this will be resolved by the parties in the event of a claim, following appropriate legal advice

ATTACHMENT ONE

TO ITEM 8.2.4

ORDINARY COUNCIL MEETING

25 AUGUST 2011

DETAIL OF PREVIOUS AND ONGOING TOPICS

RESOURCE RECOVERY FACILITY UPDATE REPORT (for the period ending 27 July 2011)

DETAIL OF PREVIOUS AND ONGOING TOPICS

Operations

As at 16 July 2009 facility operations commenced.

Typical operational conditions include:

- Mindarie Regional Council (MRC) to deliver 400 tonnes per day Monday to Friday
- BioVision to process 285 tonnes per day seven days per week
- 40,000 kilolitres of water consumed per year
- 3 MW hours of power consumed
- Approximately 40,000 tonnes of compost produced annually
- Approximately 30,000 tonnes of residue sent to Tamala Park annually
- 1,200 tonnes of ferrous metal recycled annually

Composter Crack Insurance Claim

BioVision has advised that it has taken the insurers to court in an attempt to obtain a resolution to its insurance claim pertaining to the composter cracks. The MRC has also submitted a claim against the insurers as a consequence of the composter cracks (\$3.3million) and is working with Freehills to ensure that the process is handled correctly.

As part of the BioVision claim and associated court action, the court has recently ruled that the parties (BioVision and insurers) are to attend a mediation hearing, in an attempt to reach a settlement on the claim. As part of the mediation process, all related parties have been invited to attend. This includes MRC. It is possible that a negotiated solution could be reached at the mediation and hence the importance that the MRC attend to be able to partake in any settlement that may be on offer.

The MRC will be represented by the CEO, Project Manager and David Goodman (Freehills). In order to partake in any settlement that may result from the mediation, it is essential that the MRC CEO have delegated authority to accept a settlement.

This matter is linked to the outcome of the Standstill Deed. Should the Standstill Deed incorporate a contract extension to process the 21,345 tonnes of waste from the first Contract Year for which the MRC paid the Capital Cost (due to the 92% Capital Cost Guarantee), but received no benefit, then the insurance claim will be withdrawn. However, if the Standstill Deed does not include the 21,345 tonnes, the insurance claim will be continued.

The current status of the insurance claim is that the Mediation hearing previously set for late June 2011 and to be held in Sydney has been postponed. A new hearing date is yet to be finalised, but is potentially going to occur sometime in late 2011 or early 2012.

The MRC is only undertaking essential activities associated with the claim in order to minimise legal cost in the event that the MRC is able to withdraw from the insurance claim as a result of agreement over the Standstill Deed.

Following Council's resolution to approve the Second Standstill Deed (07/07/2011 OCM), once the Deed has been signed by all parties, the MRC will withdraw the claim.

Compost Quality

The contractual arrangements surrounding the management of compost are as follows:

- MRC, via the RRFA has contracted with BioVision to manage all compost
- BioVision, via the Asset Management Agreement (to which the MRC is not a party) has contracted with SITA to manage all compost
- SITA has then contracted with Custom Compost as a specialist compost management company to manage all compost
- MRC has no contractual link to SITA or Custom Compost with regard to compost management
- MRC pay BioVision:
 - \$24,400 per year for marketing compost
 - \$8.80 per tonne as a Logistic Management Fee for each tonne the compost produced
 - \$7.80 per tonne as a Transport Fee for 50% of the tonnage of compost produced
- All costs (including additional transport) are covered by BioVision (passed through to Custom Compost)
- Compost revenue distribution:
 - Custom Compost receives 5% of all compost sales revenue
 - Remaining revenue offsets cost in the following order of priority
 - 1. Custom Compost additional transport costs incurred
 - 2. MRC Logistics Management Fee and Transport Fee paid
 - Remaining revenue after offset of costs is shared:
 - 1. 50% MRC
 - 2. 25% BioVision
 - 3. 12.5% SITA
 - 4. 12.5% Custom Compost

The quality of the compost being produced continues to meet the required standards, with all compost being removed from site immediately. To date there has been no problem with Custom Compost finding markets for the product.

To date compost has been used for the following purposes:

- Turf farms
- Olive farms
- Custom Compost facilities north and south of Neerabup for blending, storage blending and then distribution to customers
- Spillage absorbent (replacement for saw dust)

Quantity of Recyclables

At the Ordinary Council Meeting on 24 February 2011 Council requested a detailed report on the treatment of the ferrous metal coming out of the RRF.

The RRFA has a ferrous metal recycling target of 0.8% or 800 tonne per year. For the first 17 months of the contract, SITA extracted approximately 1% ferrous metal or 1,000 tonne per year. This was slightly more than anticipated at the contract outset. SITA received approximately \$150 per tonne for the ferrous metal which equated to \$150,000 per year revenue.

In October and November 2010, Sims Metal, raised the issue of gas bottles in the extracted metal and consequently, at the end of November withdrew its metal bins and stopped taking the metal. SITA had no choice but to switch off the magnets and stop extracting metal from the residue. This resulted in all metal staying in the residue and ending up in the landfill. The financial impact to SITA was that it went from receiving \$150,000 per year (\$12,500 per month) to paying \$120,000 per year (\$10,000 per month) to dispose of the metal at Tamala Park. That is a swing of \$270,000 per year (\$22,500 per month).

Following the withdrawal of Sims Metal, SITA immediately commenced negotiations with other metal merchants including OneSteel (OneSteel and Sims Metal are the only two local exports of scrapmetal in Perth). OneSteel expressed a concern with the quality of the scrapmetal, specifically the plastic content. A number of smaller metal merchants were interested in taking the metal, but when they took it to Sims Metal and OneSteel as the downstream exporters of the product, Sims Metal and OneSteel were aware of the product and refused to take it. Hence, the small metal merchants were unable to assist SITA, even if SITA gave them the metal for free (\$150 per tonne loss to SITA).

SITA has attempted to modify the metal extraction chutes to improve the quality of the metal being extracted, however, this was not successful.

SITA has dealt with small metal merchants to attempt to clean up the scrapmetal before it is sent off to either Sims Metal or OneSteel and SITA has also been dealing with Sims Metal to try and negotiate a solution to the disposal of the extracted metal. Again, this has not been successful.

Currently the magnets have been switched off and all metal is going to landfill as there is no metal recycling option available.

The impact to the MRC as a result of the metal not being extracted is that approximately 85 tonne per month of metal is ending up in landfill; hence consuming additional airspace (0.3% of monthly airspace consumption). The MRC is however paid \$105 per tonne for the disposal of the metal as residue, which equates to approximately \$9,000 per month. The MRC does not pay BioVision an additional gate fee as a result of the metal ending up in the landfill.

Residue Disposal

All Residue from the RRF has previously been disposed of at Tamala Park. This residue is made up of a number of material types generated from various points within the process:

- Primary Screening Residue (Main Source)
- Ballistic Separator Residue
- Secondary Screening Residue
- Dust

The ballistic separator residue consists of the heavier inorganic portion of the compost. This residue is considered inert and hence is able to be disposed of at an inert (Class 1) landfill. The residue is currently being sent to Eclipse Resources during weekdays and Tamala Park over the weekends (Eclipse Resources closed on weekends).

Air Quality

The MRC has completed air quality monitoring in the Receival Hall and in the drivers' cabs. The conclusion of the independent assessment was that air quality is satisfactory and within allowable industrial exposure limits.

A copy of the report has been sent to all member Councils for information.

The City of Wanneroo subsequently wrote to the MRC requesting clarity on the potential health impacts associated with odour in the receival hall.

The air quality report was modified to include a section answering the City of Wanneroo concerns. This modified report was once again sent to all member Councils.

Project Insurance

Project Insurances are renewed annually by BioVision, with the associated insurance costs forming part of the RRF gate fee.

BioVision wrote to the MRC on 30 September 2010 advising that one of the insurers (CGU) has declined to renew the Industrial Special Risks Policy, therefore BioVision had to make enquiries to off-shore insurers in an attempt to secure the required insurance and that the new policy was to cost significantly more than the current policy.

Following receipt of written confirmation of the significant increase in insurance costs and policy deductibles, the MRC has sought specialist insurance advice on what can be done and also legal advice as to how the insurance costs and liabilities are to be handled.

The specialist insurance advice concluded that:

- It was not professionally acceptable for the MRC to go out and obtain alternative insurance quotes (contractually, this is a BioVision responsibility).
- From the correspondence received, it appears that BioVision, through JLT, has put in a significant effort to obtain quotes from the worldwide insurance industry (however would need to be quantified).
- If the MRC is liable for the additional deductible liability, then the MRC needs to review what actions can be undertaken to reduce the risk of an insurable event occurring (operational changes, housekeeping)

MRC requested documentation from BioVision substantiating the effort put in by BioVision and JLT in obtaining insurance quotes. After having received numerous packages of documents, it is evident that a reasonable effort was not put in by JLT (managed by BioVision). Consequently the MRC Administration has rejected paying the full insurance cost increase and additional liability associated with the increased deductable. The MRC Administration has proposed a compromise whereby both MRC and BioVision share the premium increases 50% / 50% and either party pays its own deductable in the event of a claim. This option is currently being considered by BioVision. Any outcome to this negotiated position will need to be presented to Council for approval prior to being finalised.

Project Advisory Group

MRC Representatives: BioVision Representatives:

Cr Laura Gray Emmanuel Vivant
Kevin Poynton (CEO) Craig Barker
Chris Colyer (Town of Cambridge) Nial Stock

MRC Alternates: BioVision Alternates:

Cr Dot Newton Alan Turner Kalwant Dhillon Kevin Wilson

Anthony Vuleta (Town of Victoria Park)

The PAG recently met on 8 June and 13 July 2011.

Items dealt with by the group include:

- Contract Variations
- Composter Structural Issues
- Waste Diversion Target
- Ferrous Metal Recycling
- Annual Audit
- BioVision Monthly Report/Update
- Waste Residue Options

- Compost Marketing
- Community Liaison
- Project Insurance
- Feedstock Optimisation
- Continuous Improvement Program

Copies of the meeting minutes are distributed to the Agenda Review Committee and Strategic Projects Committee members and all MRC Councillors.

MRC Infrastructure Development

Vehicle Washdown Facilities

The MRC has received requests from member Councils for a vehicle washdown bay at the RRF. It was never intended that a vehicle washdown bay would be provided on site; however, following the member Council requests, the MRC developed a concept design scope the work and budget pricing for construction and included it in the mid-year budget review, which was accepted by Council.

Rob Goldfinch Consulting has been appointed to carry out the concept design, detailed design and costing. Once a budget price has been determined, the project will be brought before the Strategic Projects Committee for consideration as to whether to proceed to tender stage. Should this occur, the tender process will be completed and the tender recommendation presented to Council for determination.

With regards to the need for a vehicle wash, the City of Wanneroo and the City of Vincent currently use their own vehicle to deliver waste to the RRF. Should the City of Perth commence delivery to the RRF, they would also use their own vehicles. All other member Councils delivering waste to the RRF utilise Cleanaway as the waste collection contractor.

The Cities of Wanneroo (11 vehicles), Vincent (5 vehicles) and possibly Perth (6 vehicles) require the vehicle wash to washdown their vehicles at the end of each day as they do not have their own vehicle washdown facilities. If the vehicle washbay was constructed, it is likely that Cleanaway and SITA would also use the facility to washdown vehicles associated with the RRF activities; however, this is more of a convenience than a necessity.

Based on the concept design, it is anticipated that the RRF vehicle washdown facility will cost:

- \$50,000 for detailed design and tendering (work currently being undertaken).
- \$650,000 construction cost.
- \$100,000 annual operating costs.

Note: A more detailed cost estimate is currently being established based on the detailed design.

With an anticipated 22 MRC member Council vehicles being washed daily for 50 weeks per year and the life of the facility being 18 years (end of the term of the RRFA), the cost per vehicle wash is approximately:

- Design and Construction \$700,000/(22 vehicles x 5 days x 50 weeks x 18 years)
 = \$7.07/wash.
- Operations \$100,000/(22 vehicles x 5 days x 50 weeks) = \$18.18.
- Total estimated cost per vehicle wash = \$25.25.

Note: This calculation has not included interest repayments on a loan to fund the construction. If this was to be included, the cost per wash would increase to approximately \$30.00.

The alternative vehicle washing solutions for the Cities of Wanneroo, Vincent and Perth are as follows:

- Use the washdown facility at Tamala Park (extra vehicle mileage).
- Develop their own individual washdown facilities (located near a sewer connection would be significantly cheaper than the RRF solution).
- Develop a combined washdown facility, potentially located at the City of Wanneroo workshops and near a sewer connection (most cost effective solution).

Community Engagement

The MRC community engagement program continues to be managed via the Community Engagement and Advisory Group (CEAG).

The group last met on 22 June 2011 at the Joondalup Resort.

Issues covered at the meeting included:

- Project update
- SITA Stakeholder Consultation Group
- CEAG review of RRF project

SITA has formed the Stakeholder Consultation Group consisting of the following stakeholders:

- DEC
- City of Wanneroo
- Motor Cross Track (neighbour)
- Golf Course (neighbour)
- Carramar & Tapping Residents Association
- Banksia Grove Residents Association

The DEC has requested that the MRC attend the group meetings. This matter has previously been addressed at the PAG and the decision was that it is not ideal to have MRC involved as this is a SITA initiative. Having the MRC present may confuse the chain of command and potentially bring additional topics to the table which are not relevant to the SITA stakeholder group. Also Freehills has previously advise the MRC to not be involved as there may be circumstances where the Stakeholder Consultation Group raises an issue that is resolved by SITA having to carry out work on the facility. With MRC not being involved, there is then no confusion as to who pays for the work to be carried out (SITA not MRC).

RRF Stage 2 Development

The development of a Stage 2 RRF is a matter being dealt with by the Strategic Projects Committee.

ITEM 8.3.1 LANDFILL GAS CONTRACT REPORT

File No: EST/2-02 (D/11/5250)

Attachment(s): 1. Sublease - Landfill Gas Facility Tamala Park

2. Business Plan for LFG Lease/License Extension

Author: lan Watkins

ITEM 8.3.2 FUTURE LANDFILL SITE INVESTIGATION AND PROPOSAL TO

PURCHASE LAND

File No: WST/31 (D/11/5251)

Attachment(s): 1. Landfill Development and Land Comparison Information

2. Proposed Business Plan

Author: lan Watkins

ITEM 8.3.3 CHIEF EXECUTIVE OFFICER, REMUNERATION

File No: PER/11 (D/11/5398)

Attachment(s): Nil

Author: John Phillips, WALGA

ITEM 8.3.4 QUESTION ON NOTICE FROM COUNCILLOR BUTLER, CITY OF PERTH

File No: GOV/37 (D/11/5667)
