I have deep roots in our city, having grown up here and operated businesses. My commitment to our community is further demonstrated by 40 years of Management and leadership, during which time I have served as director and chairman on several boards. These roles have enabled me to connect with the community, advocate on their behalf, and help shape our future. My dedication to our city is the driving force behind my efforts to help create a better environment for living, working, and visiting.

It is every citizen's right to feel safe. As a family man, I understand this. Every neighbourhood deserves authentic consultation, meaningful engagement, and fair treatment. All ratepayers and small business owners should feel heard and supported; I do not participate in divisive politics. As an independent voice, my goal is to represent you to the best of my ability. I am here to serve and to be a voice for the community and their concerns, which is why I am standing.
