Enrolment status	BROOKE, Sharon is eligible to stand for election as a resident of the City of Joondalup.

As a volunteer with more than 15 years experience, including at Connolly Primary School and Connolly Residents Association, I know that our community thrives when we listen, communicate and stand up for local voices.

Like many families, we chose this area for its lifestyle. My family immigrated from the UK 17 years ago and I will always care deeply about improving this place that we call home.

My 22 years in the RAF Auxiliary Regiment background taught me strong values of integrity, hard work and staying accountable for your decisions.

As a real estate agent it's my job to advocate for our suburbs and help people feel at home.

We need responsible voices on Council, and as a former small business owner, I have practical experience and skills that are essential for managing community assets and ratepayer funds.

Now is the time to set ourselves up as the second hub after Perth CBD.

I am local, practical, and reliable - ready to ensure local voices are heard through an evidence based approach.
