

Candidate Details

Ballot paper name	GOULD, Bettina
Candidate name	Bettina Cornelia GOULD
District	City of Joondalup
Nominating for	Councillor for North-Central Ward
Election type	Extraordinary
Enrolment status	GOULD, Bettina is eligible to stand for election as a resident of the City of Joondalup.

I stood for Council in 2023 and came close. I've remained actively involved since, attending council meetings, asking questions, raising community concerns and serving on Joondalup's Community Reference Group. I listen to residents and help get things done.

As your councillor, I will focus on what matters: keeping rates affordable while delivering well maintained parks, play-spaces and sporting grounds, safe roads and pathways, responsible conservation, beach management and quality libraries and leisure facilities that keep our suburbs liveable.

My background in public service and running a small business has built skills in budgeting, accountability and clear communication. I make careful decisions and treat public money with respect.

I've lived in Iluka with my family for more than 22 years, am an active committee member on our Homeowners Association. I'll bring transparency and common sense, answer your calls and emails, explain my decisions and work hard for our community.
