

### Additional Information

Samantha Law understands that effective change requires collaboration. She is dedicated to working alongside council members local organisations, businesses and residents to create initiatives that benefit everyone. Her ability to bring people together is a key strength that sets her apart as a candidate. Accessibility is not just a checkbox for Sam it is a fundamental right that she passionately endorses. AQWA redevelopment being one of the most recent. Her efforts focus on support to ensure that all community spaces, programs, and services are accessible to everyone, regardless of ability. She aims to listen to how community wishes to enhance public spaces. This includes working for safer spaces that build on connection, ensuring appropriate signage, while enhancing facilities. A commitment to supporting programs that develop a skilled community ensuring that everyone has the opportunity to participate and thrive within the community. With a background in hospitality, teaching & the caring industry, she is in a unique position to be able to take life experience into consideration, her lived experience helping shape and drive her passion for change in community. Her commitment to family support and safety is deeply personal. Her experience standing by close friends during challenging periods, like when my son faced a life-altering injury, during a swim at a local beach, Sam was there for us, not only as a friend but as an advocate. This experience has driven her to ensure that families receive the support they need during life altering situations and bring change. Her professional background has given her the grass roots connection with community where she has always shown to be a devoted teacher, carer and publican. No matter the role, Sam brings a sense of belonging, enthusiasm, collaboration and a kindness that is rarely seen.
