QUESTIONS OF WHICH DUE NOTICE HAS BEEN GIVEN, WITHOUT DISCUSSION

At the August Council Meeting Cr Rundle asked the following questions to Cr Smith:

Q1 Is it true that you are the endorsed Liberal candidate for the seat of Wanneroo?

A1 Yes.

Q2 Is it true that you spend most of your time in the Central and North Wards despite the fact that you are a South Ward Councillor?

A2 I do spend a large amount of my time in the Central Ward as I presently, like yourself Cr Rundle, do not live in the Ward I represent, but like yourself, I fulfil all my responsibilities to my Ward electors. However, I would like to add that I also have a responsibility to the whole of the City of Wanneroo to which I was sworn into office. My declaration on 7 May 1990 states "that I take the Office of Councillor of the City of Wanneroo upon myself and duly and faithfully fulfil the duties of the Office according to the best of my judgement and ability".

I have responsibilities that I must fulfil this year in specific positions. These are the Chairman of the Youth Advisory Committee and Chairman of the Finance and Administrative Resources Committee.

Youth and family issues are paramount in the City of Wanneroo, particularly as the youth unemployment within the City is approximately 30%. As Chairman of the Youth Advisory Committee, it is my duty to attempt to do whatever I can to assist. The City of Wanneroo's Budget for the 1992/93 period is \$88 million, as Chairman of Finance it would be totally irresponsible of me not to take an interest in how ratepayers' money should be spent throughout the City of Wanneroo.

Q3 Is this because the Central and North Wards are situated in the Wanneroo electorate and that you are in fact carrying out an political campaign to get elected at the next State Election?

- A3 No.
- Q4 Does this mean that you are using staff time and Council resources to assist you in your campaign in the Central and North Wards?
- A4 I say emphatically that I have not used staff time and/or Council resources to directly assist my campaign. May I reassure those of the public here tonight and the press, the Town Clerk, Mr Ron Coffey would not, and will not allow such matters to occur, is that not correct Mr Town Clerk?
- A (Town Clerk) To the best of my ability I would see that it did not happen.
- Q5 As Chairman of the City of Wanneroo's Finance Committee do you consider it appropriate to use ratepayer funds and/or Council staff time, or any other Council resources to boost political candidate election prospects in the forthcoming State Government Elections?
- A5 I do not consider it appropriate that Government at any level Local, State or Federal should use ratepayers' or taxpayers' funds to boost their personal electoral ambitions. Neither do I consider it appropriate that Government should neglect providing proper funding for political reasons.

QUESTIONS OF WHICH NOTICE HAS NOT BEEN GIVEN, WITHOUT DISCUSSION

Cr Marwick asked the following questions to Cr Freame:

- Q1 On the afternoon of Monday, May 4, 1992, did you attend a Meeting or gathering of Wanneroo Councillors at Cr Colin Edwardes' home?
- Q2 If so, was the election of Cr Rob Johnson to the office of Mayor discussed and agreed to by those Councillors in attendance?
- A I did go up to Cr Colin Edwardes' home on that particular afternoon, actually, you have got to keep in mind that the Chichester Reserve affair was very much in Council's agenda at that time and I had initially gone up also to have a look at that. When I arrived at Cr Edwardes' home he was busy in discussion with, I'm not sure who, his son invited me into the home and I sat in the lounge. I am not even sure that I can remember who was present at the time, but it wasn't a meeting as such.
- I did take the time while I was there though, and Cr Johnson was present, whether he had been at the meeting with Cr Edwardes or not I am not sure, or whether he came subsequently at the same time, but I did take the time then to speak to Cr Johnson on my own concerns about him taking on the office of Mayor, because he had in fact

suggested to me that he was going to nominate and that was my second discussion in actual fact with Cr Johnson on the matter of whether or not I thought he was pursuing the right action in standing for the office.

As far as whether or not that it was determined that he would be Mayor, I can't answer that question because the vote was taken here in Council Chambers and I don't know how the other people voted, but we all know what the outcome was, but I don't know how the vote went. I actually met with Cr Johnson twice that weekend because he had indicated to me that he intended standing, I think it was on the Saturday night at the actual vote count. I went to see Cr Johnson at his home on the Sunday. I just felt that it wasn't in the best interests of the City of Wanneroo and that's all I have got to say, but I did go to see Cr Johnson on the Sunday at this home, that can be verified by his wife and he has just acknowledged it, and I did speak to him on the subject on the Monday. As to any other discussions that took place at Cr Edwardes' home on that day, I really wasn't privy to them, there were discussions, but the only discussion I had was to raise the subject with Cr Johnson, that I didn't think it was appropriate for him as an endorsed member, or as a member seeking endorsement to stand for the position of Mayor.

Cr Marwick then asked the following question:

Q I take it then that the answer is yes?

A Yes, I did go to Cr Edwardes' house, but not for a meeting.

Q I am not suggesting Cr Freame, that the purpose of that gathering was for that, but I am asking if that was discussed by you and other Councillors?

A By me, but I don't know, I can't answer that question. I certainly discussed it with Cr Johnson.

Cr Rundle asked the following questions to Cr Smith:

Q1 Is it correct that Cr Smith is the Chairman of the Youth Advisory Committee?

A1 Yes.

Q2 In view of the fact that there appears to be a quorum of members and an obvious lack of interest, can Cr Smith put any light on the lack of interest in this Committee?

A2 Unfortunately, I think people are bored with politicians and the last couple of meetings we have invited the Local Member, Jackie Watkins and some members felt they didn't want to attend, prior to that I think we had another political person requested to attend and some members felt they did not want to attend to listen to that particular meeting either.

The last meeting we visited the Quinns area to address the youth problems there and we went at the invitation of the people in Quinns to address some of the youth problems in the area.

Cr Rundle then asked the following questions to the Mayor:

Q1 Is it correct that when you were elected to Mayor in May of this year, you publicly stated you would take a cut in the Mayoral allowance? As you recently received a quarterly payment of that allowance, and that was not a reduced amount, have you reneged on your statement?

A1 Cr Rundle, the year isn't over yet, I did make a statement that I would propose to Council that the Mayoral allowance be cut, you are fully aware that at the Budget meeting, at which I had to leave the room, my wishes via other Councillors that the Mayoral allowance be cut was put and the Councillors decided not to accede to my request. Yes, I have had a quarterly payment of the Mayoral allowance, I can assure you Cr Rundle that the Mayoral allowance will not be going to me 100%, I will be donating some of it to Charity.

Q2 In view of the fact that you receive public monies by way of a Mayoral allowance, can you give this Council and the ratepayers some assurance that these funds will not be channelled into your election campaign.

A2 Cr Rundle, yes I am quite happy to say that I do not have to rely on the Mayoral allowance to be used in my election campaign, I have sufficient funds to do that myself. I have already said that a good size of my Mayoral allowance will be going to help Charity to help children with disabilities in this City. I will probably end up being one of the most economical Mayors this City has had for a very long time.

Q3 When did you make this decision to donate your money to Charity?

A3 I made that decision on the evening that you Cr Rundle and other Councillors present decided not to accede to my wishes to reduce the Mayoral allowance and there are Councillors here present that can verify that I said it after that meeting.

Q4 Point of clarification Mr Mayor, as I understand it, and I think I have a pretty good memory, it was left up to the individual Mayor to determine whether he would take less than Council had ascertained should be the Mayoral salary. You made a statement that you would be taking a cut in the Mayoral salary, you didn't mention whether Council should be cutting it, you said you would be cutting it.

A4 No, Councillor, you have to get your facts right, if you are going to make statements you have to get your facts right, I stated that I would be proposing to Council that

the Mayoral allowance be cut, I didn't say that I would be cutting it, I said I would be proposing to Council that the Mayoral allowance be cut, you Councillors didn't want it cut, probably for next year's Mayor, or whatever, now that's up to you.

I wanted the Mayoral allowance cut, Councillors here would not go along with it, so if you don't want to go along with it, I will spend to Mayoral allowance in the best way I see fit and if I see fit to donate a good size of that to children with disabilities then that's my prerogative, you gave me that prerogative by voting not to cut the Mayoral allowance.

Cr Marwick asked the following questions to Cr Carstairs:

Q1 With respect to that May 4 meeting that Cr Fleur Freame said did take place and in fact you, at an earlier Council meeting said it took place as well Mr Mayor..

A **(Mayor)** No Councillor I didn't say a meeting took place, I said that I was invited to Cr Colin Edwardes' home and I went to Cr Colin Edwardes' home at his request, it was not a meeting in the way in which you are insinuating.

Q1 Well thank you for the information there Mr Mayor, I would like to ask Cr Carstairs if he entered into any discussions about the election of Mayor at that social occasion at Cr Edwardes' place on May 4?

Q2 Does Cr Carstairs recall telling anyone outside that group of Councillors that such discussions and agreement did take place at Cr Edwardes home?

A1 Through you Mr Mayor, I can categorically say to the discussion in regard to who would be Mayor of Wanneroo was never, ever discussed in the group of people who were at Cr Edwardes' house that day and what was the second question again?

Q2 Well I think you have answered it by saying no, you are giving a categorical no?

A2 definitely.

Q3 All right, I have your word on that.

A3 Yes.

Cr Smith asked the following question to Cr Marwick:

Q Did he attend a Councillors' meeting to elect the Mayor in 1990?

A I attended a meeting of Councillors, I think there was about half a dozen there on that occasion, and it was to elect a Mayor and Cr Freame and a few other Councillors were at that meeting and that did take place, no question about that and I accept that, in fact I don't really have

a problem with that sort of thing, what I have a problem with is whether people are being honest about what took place and that is the point of my questions, I am an honest man and I would like to think that some other Councillors in this place would also like to be honest.

I believe that those discussions did take place, I have heard from a number of people that they took place, I have even had people prepared to give affidavits to that effect, that they have been told that by Councillors, but anyway yes I did attend that meeting and fair enough, how about somebody owning up on this one.

Q2 Where did that meeting take place?

A2 It took place at the Country Club.

Q3 Who was in attendance at that meeting and was it decided at that meeting that Cr Marwick would be Mayor for 1990?

A3 Mr Mayor, I will give those facts to Cr Smith if Cr Smith will also provide the same details as to the meeting that was held on the Saturday at Cr Alan Carstairs' place and the meeting that was held on the Sunday at Cr Colin Edwardes' place and if he is prepared to do that I am prepared to do the other.

Cr Smith asked the following question to Cr Freame:

Q Is Cr Freame aware of who attendance at a meeting at the Country Club prior to the 1990 Mayor election?

A I would have to have my memory refreshed as to who was on Council on 1991 at this moment Sir, I am sorry. Mr Mayor, I think this is all very silly in as much as that Councillors do get together for various social occasions and when we get together, whether it is social or not, Council matters are always discussed, and as I have already indicated to the people here this evening, I went out to Colin Edwardes' home for one reason, I ended up attacking you on another reason and that was over your decision to nominate for Mayor, these things happen, they are not necessarily planned and I think that the people of Wanneroo deserved to hear that.

Some invitations, sure we accept them, I really can't remember who was present at the Country Club right at this moment, it is not important to me anymore to remember.

NOTE:

At 10.54 am, on 24 September 1992, the Town Clerk received a telephone call from Cr Marwick requesting that the following correction be made to a statement he made at Council Meeting on 23 September 1992:

When he was asked by Cr W Smith if he had attended a meeting to elect the Mayor in 1990 he said "Yes".

He has since realised the meeting he attended was in May 1989 NOT 1990.

He also thinks he said the meeting was held at the Wanneroo Country Club, but has since recalled that it was held at the Joondalup Country Club."

PETITIONS AND DEPUTATIONS

DEPUTATION - WANNEROO SHOWGROUNDS - "SWAP MEETS"

Mr Ross Matthews of TVW Channel 7 addressed the Committee in relation to "Swap Meets" at the Wanneroo Showgrounds.

Mr Matthews thanked the Committee for being given the opportunity to address the Committee and gave a background history of the
He requested that Council review its policy regarding usage of the Wanneroo Showgrounds to permit a "Swap Meet" on the first Sunday in October.

Mr Matthews believes that an area of the showgrounds south of the Margaret Cockman Pavilion to the Frederick Street boundary would be adequate for the "Swap Meet" and barriers could be erected to prevent access to the turfed grounds traditionally used for the side shows at the Wanneroo Agricultural Show.

He advised that this venue is ideal for their purposes because it is fenced and the organisers can charge entry fees. The "Swap Meets" are not held during the winter months due to unpredictable weather, consequently, the grounds have a four month rejuvenation period.

Following questions from Councillors, the Chairman thanked Mr Matthews for addressing the Committee and advised that the matter would be considered later in the meeting.

DEPUTATION - CRAIGIE REGIONAL RECREATION CENTRE - ART WORKS

City Building Surveyor, Senior Council Buildings Officer, Cultural Planning Development Co-ordinator and Mrs Joan Campbell, Arts Consultant, Bathers Beach Gallery, Fremantle addressed the Committee in relation to the Craigie Regional Recreation Centre Art Works.

Patrick Whelan, Senior Council Buildings Officer advised that part of the design brief for Craigie Regional Recreation Centre required artworks be "designed" into the building. Mrs Joan Campbell, a ceramic artist, was commissioned to work with the architect and consultant engineers from commencement of the design and development stages to identify areas within the building for the placement of artworks.

Mrs Campbell emphasised the importance of using artworks to soften and humanise the industrial building. Four artists who live in the City of Wanneroo were invited to submit design proposals.

The Senior Council Buildings Officer gave a visual presentation of the submitted artworks and their proposed locations and advised how the community could be invited to participate in the manufacture of these artworks.

The Function Room of the centre has been left untouched due to budget restrictions. The Senior Council Buildings Officer suggests that any surplus funds when the building is completed, be used for the commissioning of sand murals by Mrs Campbell for the Function Room.

Following questions from Councillors, the Chairman thanked the deputation for addressing the Committee and advised that the matter would be considered later in the meeting.

G40902 HEALTH ACT BY-LAW AMENDMENTS - EATING HOUSES - [930-18, 920-28]

CITY ENVIRONMENTAL HEALTH MANAGER'S REPORT G40902

Cr Nosow requested a report be provided to Council outlining a more equitable user pays system of inspection costs to Eating Houses than the current flat charge of \$270 for Registration of the premises and \$30 for the Licence of the Proprietor.

The City Environmental Health Manager provides details of the existing fee structure which was based on a recommendation from the Western Australian Municipal Association.

He suggests that an option would be to charge a minimum Registration fee of \$120 which would allow for four inspections per year. Any requirement for additional inspections would impose \$30 per inspection fee.

He considers that this proposal would encourage the proprietors of food premises to maintain them in a satisfactory condition.

It would be necessary to seek an amendment to the Health Act to make provision for inspection charges to be imposed in addition to annual fees.

MOVED Cr Rundle, **SECONDED** Cr Nosow that Council requests the Western Australian Municipal Association to seek the support of Member Councils for a submission to the Health Department of Western Australia for provision to be made in the Health Act for inspection charges of Eating Houses in addition to the annual Registration and Licence fees. **CARRIED**

G40904 COMMUNITY AGED CARE PACKAGES - APPLICATION FOR FUNDS - [880-8-6]

CITY ENVIRONMENTAL HEALTH MANAGER'S REPORT G40904

The Commonwealth Government through the Department of Health, Housing and Community Services has recently invited applications from residential or community organisations to provide Community Aged Care Packages (CACP) in Western Australia. The CACP's provide the option of community care for people eligible for residential care in nursing homes and hostels.

The CACP Programme has been developed in response to consultation in the course of the mid term review of the Aged Care Reform Strategy conducted in 1991 by the Commonwealth Government which supported an increase in provision of community care services. The target ratio for CACP's is 5 CACP places per 1000 persons aged 70 years and over. In the 1993/94 funding round 627 new places will be made available nationally.

The City Environmental Health Manager reports on the three major factors that will be considered when allocating places and advises that the Welfare Department has identified 15 frail-aged who are eligible for residential care in the Quinns Rocks/Yanchep/Two Rocks area.

A successful application for a CACP Programme would compliment Council's existing services for the aged and disabled.

MOVED Cr Rundle, **SECONDED** Cr Nosow that:

1 Council lodge an application to the Department of Health Housing and Community Services for Community Aged Care Package funding to service 15 frail-aged living in Quinns Rocks, Yanchep and Two Rocks area;

CITY BUILDING SURVEYOR'S & CITY RECREATION & CULTURAL SERVICES
MANAGER'S REPORT G40908

The design brief for the Craigie Regional Recreation Centre required that artworks be "designed" into the building and Ms Joan Campbell, ceramic artist, was engaged to select sites within the building for the display of art.

To implement Ms Campbell's recommendations, 1% of the construction budget was set aside for the commissioning of artworks and four artists living in the City of Wanneroo were invited to submit design proposals.

The City Building Surveyor and City Recreation and Cultural Services Manager report on the designs selected and the positions of the artwork in the fabric of the building.

It is proposed that the community be invited to participate in the manufacture of artworks and through this involvement a sense of "ownership" of the building can pass to the community. Due to the restricted budget, funds were not allocated for artworks in the Function Room. It is proposed that Ms Campbell be commissioned to produce sand murals for this area with funding being provided from any budget surplus and possibly through the Department for the Arts.

The City Recreation and Cultural Services Manager reports that the previous opening hours were a direct clone of those offered at Wanneroo Water World and were adopted in anticipation of greater attendance figures. These did not eventuate.

G40914 NEW NAME - CRAIGIE LEISURE CENTRE - [330-10-1]

CITY RECREATION & CULTURAL SERVICES MANAGER'S REPORT G40914

The City Recreation and Cultural Services Manager suggests that the working name "Craigie Leisure Centre" is the most appropriate name as it is concise and indicative of the role and location of the complex.

As the name "Wanneroo Water World" is well known Australia-wide, it is recommended that this name be retained for the "wet" area.

MOVED Cr Rundle, **SECONDED** Cr Nosow that Council:

- 1 adopts the name "Craigie Leisure Centre" for the whole of the regional recreation complex currently under construction at Craigie Open Space;

G40916 CO-OPERATIVE HOUSING PROJECT - [485-3]

CITY RECREATION & CULTURAL SERVICES MANAGER'S REPORT G40916

In April, Council resolved that a report be submitted to Community Services Committee on the feasibility of developing a co-operative housing programme for young people in the City of Wanneroo (Item G40435 refers).

Housing co-operatives are non profit, member managed associations which aim to provide quality, affordable, secure housing. Co-op members may wish to choose to either spot purchase or design their own home.

The City Recreation and Cultural Services Manager provides background details on the setting up and operation of housing co-operatives and advises that there are currently three housing co-operatives in Western Australia and seventeen developing in the State.

To determine whether a housing co-operative would be a viable means of addressing some of the independent accommodation requirements within the municipality, the City's Youth Services Co-ordinator interviewed a variety of professionals.

The results of the survey indicated that a housing co-operative would be a suitable means of addressing some of the accommodation shortfalls and it was suggested that Council seeks a meeting with LandCorp and interested parties to ascertain the extent of this interest.

City Recreation & Cultural Services Manager's Report G40916 recommended that:

- 1 Council facilitates a meeting of representatives from Council, Landcorp and other parties to ascertain the interest in developing a housing co-operative within the municipality, and staff from the Federation of Housing be invited to address the meeting;
- 2 a further report be submitted in due course outlining the recommendations of the abovementioned meeting.

Four of the clubs request donations from patrons to enter the ground and watch the games.

The City Recreation and Cultural Services Manager and City Parks Manager provide background information into the temporary fencing of Admiral Reserve, Heathridge by Joondalup Rugby League Club and the fencing of the lower soccer pitch at Percy Doyle Complex by the Sorrento Soccer Club.

They consider that the erection of any temporary fencing on reserves be subject to a number of conditions and the payment of a bond.

G40920 **USE OF THE WANNEROO SHOWGROUNDS BY "SWAP MEET" - [061-376]**

CITY RECREATION & CULTURAL SERVICES MANAGER'S REPORT G40920

The Channel 7 "Swap Meet" Co-ordinator has requested a review of Council's policy on the usage of the Wanneroo Showgrounds.

Council's current policy restricts the organisers of the "Swap Meet" from hiring the showgrounds for two months prior to the Wanneroo Agricultural Show to allow regeneration of the turf.

The City Recreation and Cultural Services Manager advises that the Wanneroo Agricultural Society is totally opposed to the request which would permit the use of the showgrounds for "Swap Meets" on the month prior and the month of the Agricultural Show.

City Recreation & Cultural Services Manager's Report G40920 recommended that Council:

- 1 does not adopt the change in policy as proposed by Channel Seven's Swap Meet;
- 2 advises Channel Seven accordingly.

G40920A USE OF THE WANNEROO SHOWGROUNDS BY "SWAP MEET" - [061-376]

COMMITTEE RECOMMENDATION

That Council permits the organisers of the "Swap Meet" to use an area of the Wanneroo Showgrounds south of the Margaret Cockman Pavilion to the boundary of Frederick Street on the first Sunday of October, subject to agreement with the Wanneroo Agricultural Society and the Wanneroo Recreation Association.

Additional Information

The Community Services Committee, at its meeting on 7 September 1992, resolved to permit the organisers of the "Swap Meet" to use an area of the Wanneroo Showgrounds south of the Margaret Cockman Pavilion to the boundary of Frederick Street on the first Sunday of October, subject to agreement with the Wanneroo Agricultural Society and the Wanneroo Recreation Association.

Following a meeting held on Friday 11 September 1992, Mr Ross Matthews, of Channel Seven, withdrew his request to hold "Swap Meets" at the Wanneroo Showgrounds in October and November this year.

The meeting was held on-site at the Showgrounds. Representatives from the Wanneroo Agricultural Society and the Wanneroo Recreation Management Committee were in attendance, along with Mr Ross Matthews, Crs Smith and Carstairs, and Council officers from the Parks and Recreation Departments.

Mr Matthews outlined his proposal, which involved setting up in the area south of the Margaret Cockman Pavilion and roping off all other areas. He felt that by doing this, damage to the ground would be kept to a minimum.

Mr Ned Crisafulli, of the Wanneroo Agricultural Society, explained that the Agricultural Society was adamantly opposed to "Swap Meets" being held in October and November at the Showgrounds. He outlined the history of the Agricultural Show and the Showgrounds. He explained that the show is the major community event of the year and a show piece for the area. The condition of the ground and its facilities is essential in assisting the Agricultural Society in providing a prestige event.

After much discussion, Mr Matthews withdrew his request. The next "Swap Meet" to be held at the Wanneroo Showgrounds will be on Sunday 13 December 1992. Mr Matthews felt that the goodwill extended by the Agricultural Society and Council in all other months was too important to jeopardise.

Alternatives such as Scenic Drive and Rotary Park in Wanneroo were discussed. Investigations will be undertaken to ascertain the most appropriate alternatives.

MOVED Cr Rundle, **SECONDED** Cr Nosow that Council, in conjunction with TVW Channel Seven, investigates alternative locations for "Swap Meets" to be held in October and November in future years.

The City Recreation and Cultural Services Manager provides background details to the service which has operated quite successfully for many years.

The Ministry wishes to decentralise the operation into three zones and has approached the City of Wanneroo to see if it would be interested in operating an equipment hire service for the northern suburbs.

The City Recreation and Cultural Services Manager reports on the problems associated with maintaining a recreational equipment hire service which is labour intensive and uneconomic to operate.

MOVED Cr Rundle, **SECONDED** Cr Nosow that Council declines the invitation to re-establish a recreational equipment hire service in Wanneroo and advises the Ministry of Sport and Recreation of the reasons associated with this decision.

CITY RECREATION & CULTURAL SERVICES MANAGER'S REPORT G40923

Council will recall that during 1991 an application was made to the Commonwealth Department of Health, Housing and Community Services for funds to secure a youth worker through the Youth Activities Service (YAS) programme. The application was unsuccessful due to other geographical areas within the State being given higher priority.

Earlier this year Council received a letter from the Department of Health, Housing and Community Services requesting Council considers submitting an application for the 1992 funding round of the Youth Activities Service programme.

The City Recreation and Cultural Services Manager provides details of the programme which extends the outside school hours care services for primary age children by providing activities for adolescents living in socio-economically disadvantaged areas.

The Whitford's Youth and Information Centre is submitting an application to secure the services of two part time youth workers to be based at its premises in Endeavour Road, Hillarys. It is suggested that Council seeks funding for the employment of a youth worker in the Heathridge-Beldon area to be located at Ocean Ridge Community Centre.

PETITIONS AND DEPUTATIONS

DEPUTATION - PHYSIOTHERAPY PRACTICE, LINEAR AVENUE, MULLALOO

Mrs Oude-Meilink of Mullaloo and Mr P Weygers, President, Council for Civil Liberties in WA addressed the Committee in relation to a physiotherapy practice and general development on Linear Avenue, Mullaloo.

Mrs Oude-Meilink tabled her letter dated 9 September 1992 to Town Planning Committee summarising her concerns.

Mrs Oude-Meilink requested Council consideration for an offer of compensation and/or relocation regarding her loss of amenity, including her privacy and depreciation of property value due to the approval of the physiotherapy practice in 1987.

Following questions from Councillors, the Chairman thanked the deputation for addressing the Committee and advised that the matter would be considered later in the meeting.

DEPUTATION - SUBDIVISION: LOCATION 1803 AND 1914 MADELEY STREET, LANDSDALE

Mr Nelson Hinchcliff, North Whitfords Estates and Mr Graham Meredith, Feilman Planning Consultants addressed the Committee in relation to subdivision Locations 1803 and 1914 Madeley Street, Landsdale - Item G20912 refers.

Mr Hinchcliff expressed his appreciation for the opportunity to address the Committee on the subdivision proposal for Madeley Street, Landsdale.

He briefly reported on the progress of the subdivision proposal and advised that there has been little or no objections to the proposal. Some developers have even expressed their interest in joining the subdivision plan.

He advised that one outstanding issue was the agreement to pay the headworks levy as requested for Town Planning Scheme No 21. This condition cannot be agreed to, as the figures were still to be determined and final costs unknown.

He provided the Committee with a visual presentation illustrating the proposed Landsdale town centre and public open space. He then requested Council consideration to agree to approve the proposal without the proviso to pay the proportional contribution of the headworks levy as required for Town Planning Scheme No 21.

Mr Meredith added that there is a genuine endeavour to make contributions to headworks, however it may be several years before Town Planning Scheme No 21 is resolved.

Following questions from Councillors, the Chairman thanked the deputation for addressing the Committee and advised that the matter would be considered later in the meeting.

G20903 DRAFT SOUTH WANNEROO LOCAL STRUCTURE PLAN - [790-577]

In February (Item G20226 refers) Council resolved to give preliminary support to the Draft South Wanneroo Local Structure Plan and advertise it for a three month public comment period. Copies were sent to all the owners in the South Wanneroo locality for comment.

The City Planner reports that a total of 17 submissions were received. He provides a summary of the comments received, which identify the main topics of concern.

In conclusion, the City Planner advises that in general, the majority of submissions were in favour of the structure plan. Some modifications that were requested can be accommodated as outlined previously whilst other proposals require further investigation prior to any modifications being agreed to by Council.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

1 defers consideration of the Draft Structure Plan until the following matters raised in Report G20903 have been satisfactorily resolved:

Noor-DiVirgilio & Associates on behalf of Dominic Casella seek Council approval for medical consulting rooms on Lots 109 (4) Highclere Boulevard and Lot 110 (21) Bannerman Court, Marangaroo.

The City Planner reports on the proposal and advises that in accordance with Council policy, a 30-day period of on site advertising was undertaken.

He comments on the submissions received and provides a summary of the main points of objection.

MOVED Cr Major, **SECONDED** Cr Rundle that Council refuses the application for medical consulting rooms on Lots 109 (4) Highclere Boulevard and Lot 110 (21) Bannerman Court, Marangaroo as submitted by Noor-DiVirgilio and Associates on behalf of D Casella for the following reasons:

- 1 the application does not comply with Council policy with regard to proximity to shopping centres;
- 2 traffic generation of the development will cause conflicts at the intersection;
- 3 significant resident objection. **CARRIED**

The City Planner reports on the background and current application with respect to this proposal and advises that a sign is in place advising of the previous approval and therefore readvertising is not warranted in this particular instance.

MOVED Cr Major, **SECONDED** Cr Rundle that Council grants approval to the development of a church on Lot 501 (87) Berkley Road, Marangaroo as submitted by G L Francis and Associates on behalf of Jehovah's Witnesses Congregations, subject to:

G20907 PROPOSED OFFICE AND RESTAURANT DEVELOPMENT ON LOT 468 (129) GRAND BOULEVARD, JOONDALUP - [30/4074]

CITY PLANNER'S REPORT G20907

Meyer Shircore and Associates on behalf of Ronal Nominees Pty Ltd seek Council approval to develop an office and restaurant complex on Lot 468 (129) Grand Boulevard, Joondalup.

The City Planner advises that the proposed development consists of two single storey buildings connected by a roof over the crossover to the carparking area and containing five office suites and a restaurant. Twenty-two carparking bays are proposed on site.

He reports on the assessment of the proposal and addresses two areas of concern. He comments that Landcorp, in its assessment of the proposal, is discussing various issues with the applicant which may see significant design changes.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

G20908 PROPOSED TRANSPORT DEPOT ON LOT 9 (301) GNANGARA ROAD, WANGARA - [30/2844]

CITY PLANNER'S REPORT G20908

Don North seeks Council approval to develop a transport depot on Lot 9 (301) Gnangara Road, Wangara.

The City Planner reports on the background and provides a description of the proposal.

He provides an assessment of the proposal and advises that consideration needs to be given to its impact on the surrounding wetland and on the ultimate future development of the area of which detailed planning is currently being undertaken.

Landcorp advises that the area is currently subject of an environmental assessment to establish the wetland boundaries which will determine to what extent development can occur in the immediate area. It suggests that any approval at this stage could be premature.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

- 1 refuses to grant approval to the application submitted by Mr Don North for a transport depot on Lot 9 (301) Gngangara Road, Wangara on the grounds that the development is premature in light of the detailed planning studies that are currently being undertaken in the area as part of the preparation of Town Planning Scheme No 19;
- 2 forwards the application to the Department of Planning and Urban Development advising of Council's refusal. **CARRIED**

G20909 **PROPOSED CONCRETE BATCHING PLANT ON RESERVE 27575 QUINNS ROAD, NEERABUP - [30/1547]**

CITY PLANNER'S REPORT G20909

General Bulldozing Co Pty Ltd seek Council approval to develop a concrete batching plant within Mining Lease 70/717, Reserve 27575, Quinns Road, Neerabup.

The City Planner reports on the proposal and advises that the fundamental problem with this application is how to reconcile concrete batching with the purposes of land in a Regional Reserve for Parks and Recreation.

He advises that Council will be required to make recommendations for the Department of Planning and Urban Development to consider when the Department determines the application under the Metropolitan Region Scheme.

RECOMMENDATION

That Council:

- 1 advises the Department of Planning and Urban Development of the difficulty it has in reconciling the use of land reserved for Parks and Recreation under the Metropolitan Regional Scheme for the development of a concrete batching plant which would appear inconsistent with the intent of the reservation;
- 2 defers consideration under Town Planning Scheme No 1 of the application by the General Bulldozing Co Pty Ltd for the development of a concrete batching plant within Mining Lease 70/717 on Reserve 27575 Quinns Road, Neerabup until the Department of Planning and Urban Development has determined the application under the Metropolitan Region Scheme.

AMENDMENT MOVED Cr Marwick, **SECONDED** Cr Davies that the following additional point be included in the recommendation:

- "3 forwards copies of all the petitions and letters of objection received to the Department of Planning and Urban Development so that it is aware of the public concern surrounding this proposal."

The **AMENDMENT** thus became the **SUBSTANTIVE MOTION**, viz:

G20910 PROPOSED TWO GROUPED DWELLINGS ON LOT 7 (9) COMBE PLACE, SORRENTO - [30/2635]

CITY PLANNER'S REPORT G20910

Andrew Ong seeks Council approval for the development of two grouped dwellings on Lot 7 (9) Combe Place, Sorrento.

The City Planner reports that Lot 7 (9) Combe Place was the subject of a resubdivision/amalgamation in 1988 thereby creating a lot of 900m². When Council supported the application for subdivision/amalgamation it stated that any approval to the subdivision should not be construed as an approval for duplex development.

An application for two grouped dwellings was subsequently received and Council sought comment from landowners in the area. Five submissions were received objecting to the proposal, four from owners in Combe Place. Council subsequently refused the application (Item C20808 refers).

The applicants lodged an appeal with the Minister for Planning who dismissed the appeal.

MOVED Cr Major, **SECONDED** Cr Rundle that Council refuses the application submitted by Andrew Ong for two grouped dwellings on Lot 7 (9) Combe Place for the following reasons:

- 1 Council has previously refused an application for two grouped dwellings on the subject lot and the surrounding residents have an expectation that Lot 7 is to be developed for single residential purposes;

2 the nature and number of objections received for a previous two grouped dwelling application, given that the majority of objectors still live in Combe Place.**CARRIED**

G20912 SUBDIVISION: LOCATIONS 1803 AND 1914 MADELEY STREET, LANDSDALE - [740-87140]

CITY PLANNER'S REPORT G20912

At its July and August round of meetings (Items G20720 and G20825 refers) Council considered a subdivision application submitted in respect of the "Village Centre" area proposed in the North-East Landsdale area.

The City Planner advises that this application was deferred at last month's meeting because the possible implications for the operation of proposed Town Planning Scheme No 21 (East Wanneroo Development Scheme) needed further investigation. He then reports on the implications for proposed Town Planning Scheme No 21.

MOVED Cr Major, **SECONDED** Cr Rundle that Council supports the application submitted by Feilman Planning Consultants on behalf of North Whitfords Estates, for the subdivision of the "Village Centre" component of Swan Locations 1803 and 1914 Madeley Street, Landsdale subject to:

- 1 the land comprising the Neighbourhood Shopping, Community, Tavern, Take Away Food site, Service Station and Civic Sites shown on the proposed plan of subdivision, being approved as one single lot;
- 2 the church site and the abutting public open space to the north of it being amalgamated into the group housing lot to the north as shown on Page 5 of Attachment No 1 to Report G20912;
- 3 the public open space contributions being provided in accordance with the final structure plan for the area and in future stages of subdivision;
- 4 the upgrading and drainage of Queensway Road to the satisfaction of the City Engineer;

- 5 finalisation of Amendment No 594 to Town Planning Scheme No 1;
- 6 the applicant paying to Council its proportional contribution of the Headworks Levy as required for Town Planning Scheme No 21 - East Wanneroo Development Scheme;
- 7 standard conditions of subdivision. **CARRIED**

G20913 PROPOSED SUBDIVISION: PORTION LOT 71 (150) LANDSDALE ROAD, LANDSDALE - [740-87479]

CITY PLANNER'S REPORT G20913

SECWA on behalf of Mr B H A Hoy Poy seeks Council approval for the subdivision of 8037m² from Lot 71 (150) Landsdale Road, Landsdale for a future substation site.

The City Planner advises on the background and reports on the proposal for the subdivision of Portion Lot 71 Landsdale Road, Landsdale. He concludes that support for this application is considered acceptable subject to the proposed lot not being utilised as a substation site until road access is provided.

MOVED Cr Major, **SECONDED** Cr Rundle that Council advises the Department of Planning and Urban Development that it supports the subdivision application submitted by SECWA on behalf of Mr B H A Hoy Poy for portion of Lot 71 (150) Landsdale Road, Landsdale subject to the proposed lot not being utilised as a substation site until road access is provided. **CARRIED**

G20914 PROPOSED SUBDIVISION: LOT 658 (61) ADDINGTON WAY, MARANGAROO - [740-87706]

CITY PLANNER'S REPORT G20914

A W & M R Billington seek Council approval for the subdivision of Lot 658 (61) Addington Way, Marangaroo into two lots of approximately 477m². Lot 658 has a total area of 955m².

The City Planner reports that the City has recently approved the development of two grouped dwellings on Lot 658 as the lot is over the 900m² required for this form of development.

Although the subject lot is capable of accommodating two grouped dwellings under the Residential Planning Codes, a minimum of 500m² is required per lot, ie a total of 1000m². The application does not then comply with the required minimum.

MOVED Cr Major, **SECONDED** Cr Rundle that Council does not support the application submitted by A W and M R Billington for the subdivision of Lot 658 (61) Addington Way, Marangaroo into two lots as the subject lot is not within the 1000m² minimum lot size required under the Residential Planning Codes R20 density coding.

CARRIED

G20915 SUBDIVISION: LOT 25 LAKEVIEW STREET, MARIGINIUP - [740-87676]

CITY PLANNER'S REPORT G20915

L & I Standish seek Council approval for the subdivision of Lot 25 Lakeview Street, Mariginiup. The proposal is for the creation of two lots approximately 1.03 hectares each. The rear lot will be serviced by a battleaxe leg. No justification for the application has been provided.

The City Planner reports that the subject lot is located within the Brown Sands Area as depicted in Council's Rural Subdivision Policy which specifies a 4 hectare minimum lot size. As the lot sizes proposed are less than the minimum prescribed by the policy, the proposed subdivision could not be supported.

MOVED Cr Major, **SECONDED** Cr Rundle that Council does not support the application submitted by L and I Standish for the subdivision of Lot 25 Lakeview Street, Mariginiup for the following reasons:

- 1 the proposal is inconsistent with Council's Rural Subdivision Policy which specifies a minimum lot size of 4 hectares in area;
- 2 support for this proposal will establish an undesirable precedent for further subdivision in the locality. **CARRIED**

G20916 HEPBURN HEIGHTS: SUBDIVISION APPROVAL - [740-87181]

CITY PLANNER'S REPORT G20916

The City Planner reports that correspondence has been received from the Department of Planning and Urban Development (DPUD) advising of subdivision approval of Hepburn Heights, subject to fulfilment of specified conditions.

He advises on the background and recent developments with respect to this proposal and gives details on a number of points concerning the subdivision approval.

Cr Dammers advised that two statements had been made over the last two weeks, one by the Minister for Planning, David Smith and the other by Minister for Transport, Pam Beggs, that Council should have been well aware of the bulldozers going to Hepburn Heights because of Council's delegate on Landcorp.

Cr Dammers stated that the comments made by both Ministers were incorrect. Hepburn Heights was part of the Western Australian Development Corporation. Landcorp took over the assets of the WADC on 1 September. The only Board meeting held since that date was 22 September 1992. At no time was Hepburn Heights discussed at a Landcorp Board meeting and therefore no members of the Board had any knowledge development was to be commenced.

Cr Dammers further advised that he approached Mr Carl Curtis, Manager of the residential component of Landcorp, about a week ago and asked him what the progress on Hepburn Heights was. He replied things were going through the normal channels. Cr Dammers reiterated that he personally had no knowledge, nor did any member of the Board, therefore the statements made by both Ministers were incorrect.

MOVED Cr Major, **SECONDED** Cr Rundle that, in view of the comment of the Hon David Smith, Minister for Planning (6WF - Wednesday, 9 September 1992) that 40% of Hepburn Heights is being retained as "public open space" it would appear that subdivisional work is proceeding in accordance with either a new or revised subdivisional plan, Council:

- 1 asks Landcorp to provide the latest approved subdivisional plan for Hepburn Heights;
- 2 requests the Department of Planning and Urban Development to include the following conditions in the new approval:
 - (a) a site for a SEC sub-station being provided to the satisfaction of SECWA and the City of Wanneroo;
 - (b) lot sizes to conform with the R20 Code of the Residential Planning Codes;
 - (c) provision of uniform fencing along the boundaries of lots abutting pedestrian accessways to Hepburn Avenue, public open space and drainage reserves;
 - (d) the existing landform, vegetation and drainage patterns of proposed public open space shall not be disturbed or modified without the prior approval of the City Parks Manager;
 - (e) plans for any proposed development of public open space are to be submitted to the City Parks Manager for approval prior to work commencing;
 - (f) road batters shall not intrude into public open space without the prior approval of the City Parks Manager;
 - (g) the western roundabout connecting with O'Leary Road being modified so that it is constructed entirely within the subdivision area should this roundabout still be proposed in the new plan;
 - (h) submission of a traffic impact study, to the satisfaction of the City Engineer;
- 3 advises the Minister for Lands, the Department of Planning and Urban Development, the Department of Land Administration and the State Energy Commission of WA that Council is vigorously opposed to the proposal for the SECWA substation to be sited within Lilburne Reserve, and therefore requests the Minister for Planning to convene a meeting of the appropriate authorities to resolve the siting of the SECWA substation;
- 4 requests that in accordance with normal subdivisional practice and procedure, the engineering plans for the proposed subdivision, be subject to approval by the City Engineer.

G20917 SMALL LOT SUBDIVISION MANUAL - [740-1-2]

CITY PLANNER'S REPORT G20917

In June 1991 (Item F20634 refers) Council resolved to endorse a joint proposal with the City of Stirling and the Shire of Swan under the "Triple R" Programme for the preparation of a Subdivision Manual for small lots.

The City Planner reports that consultants, Hocking Planning and Architecture Pty Ltd, in association with Loder and Bailey Pty Ltd, Cassella Edgar and Wade (Architects) and Ove Arup and Partners (Engineers) were appointed by the Steering Committee in December 1991 and the Small Lot Subdivision Manual for the three local authorities was completed in August 1992.

He advises that the manual contains objectives and discussions on design for community, lot design, building siting and lot development, infrastructure, movement networks and streetscape. A copy of the manual is available in the Councillors' Reading Room and copies are available for sale to the public at Council's Town Planning Counter.

MOVED Cr Major, **SECONDED** Cr Rundle that Council applies the principles contained in the Small Lot Subdivision Manual to the subdivision and development of lots less than 450 square metres in area.

G20918 INDICATIVE PLANNING COUNCIL FOR THE HOUSING INDUSTRY: RESIDENTIAL LAND REPORT 1992 - [019-7-2]

CITY PLANNER'S REPORT G20918 - WITHDRAWN

G20919 MINISTER'S RESPONSE TO COUNCIL'S REQUEST FOR RECONSIDERATION OF AMENDMENT NO 561 - [790-561]

CITY PLANNER'S REPORT G20919

The City Planner reports that correspondence has recently been received from the Department of Planning and Urban Development advising that the Hon Minister for Planning has reiterated his decision to withhold consent for Amendment No 561 to be advertised for public comment for the reasons previously stated. Amendment No 561 was initiated by Council at its meeting on 10 July 1991 (Item F20714 refers) to introduce a "Mixed Industry" zone into Town Planning Scheme No 1 and to rezone Lots 1-3 and 20 Stevenage Street/Glenrothes Crescent to "Mixed Industry".

The reiteration stems from Council's resolution at its meeting on 26 February 1992 to seek the Minister's reconsideration following his original decision to withhold consent for the amendment to be advertised.

He advises that the objective of Amendment No 561 was to give Council greater flexibility in assessing applications in the Yanchep Industrial Area based on its relatively isolated nature to the alternative industrial areas within the metropolitan region.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

- 1 discontinues Amendment No 561 to Town Planning Scheme No 1;
- 2 prepares, adopts and signs Amendment No 635 to Town Planning Scheme No 1 to rezone Lot 6 Stevenage Street, Yanchep from "General Industrial" and Lot 10 Glenrothes Crescent, Yanchep from "Light Industrial" to "Special Zone (Industrial and Mixed Business) Uses Approved by Council";
- 3 forwards the amendment to the Department of Planning and Urban Development for approval to advertise. **CARRIED**

CITY PLANNER'S REPORT G20923

The City Planner reports on two related applications for Lot 8 Trappers Drive and Lot 11 Whitfords Avenue, Woodvale, both of which form part of the Woodvale Commercial Centre, and portions of which are currently under construction.

He advises on the background giving details on the elements to be accommodated on eight subdivided lots and outlines the current proposals with respect to the applications.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

- 1 approves the application for 530m² GLA of non-retail commercial floorspace on Lot 8 Trappers Drive, Woodvale, as submitted by Westpoint Consulting group on behalf of Jayshore Pty Ltd, subject to:
 - (a) the existing restrictive covenant on title being replaced with one which prevents shops from operating from the complex;

G20924 APPLICATION FOR A GATE ACROSS SANDOW GREEN, CLARKSON - [740-37]

CITY PLANNER'S REPORT G20924

The City Planner reports that an application has been received from Landcorp to erect a gate across Sandow Green, Clarkson.

Landcorp propose to construct a new display village centre for the Ocean Park Estate which will replace the existing centre in Banfield Grove.

The village will be closed to vehicles by placing large planter boxes with a gate or removable centre bollard across Sandow Green. Two carparks will be provided to accommodate approximately 120 vehicles and the main access to the village will be through Lot 386. When the display village is no longer required, Landcorp will remove the planter boxes and central bollard.

MOVED Cr Major, **SECONDED** Cr Rundle that Council issues a gate licence to Landcorp to allow Sandow Green, Clarkson to be closed to vehicles for the life of the proposed display village centre.

G20925 DISPOSAL OF PORTION OF RESERVE 35545, COLAC WAY, DUNCRAIG - [1471/446/9]

CITY PLANNER'S REPORT G20925

The City Planner reports on an application from Mr and Mrs Marshall of Lot 446 (9) Colac Way, Duncraig to purchase the portion of Public Recreation Reserve 35545. The extra land which contains an area of about 184m² is required for extensions to the existing house and to provide space for a swimming pool.

The City Planner advises that the disposal of a portion of Reserve 35534 to Mr and Mrs Marshall does not comply with the guidelines set down for the disposal of Section 20A reserves in that the reserve is of benefit to the local community as it is the only reserve in the vicinity large enough to be used for active recreation. The disposal would also disadvantage the local community by creating a hazardous blind spot on the dual-use accessway.

MOVED Cr Major, **SECONDED** Cr Rundle that Council does not approve the excision of a portion of approximately 184m² from Public Recreation Reserve 35545 for disposal to the owners of Lot 446 (9) Colac Way, Duncraig.

G20926 DISPOSAL OF PART OF CYGNET RESERVE, BRIDGEWATER DRIVE, KALLAROO - [371/7/2]

CITY PLANNER'S REPORT G20926

In June (Item G20644 refers) Council resolved to approve in principle the disposal of the part of Cygnet Reserve between Clevedon Place and Cygnet Street, Kallaroo to the adjoining landowners and subject to the advertising of the proposed disposal.

The City Planner reports that the proposal was advertised in the Wanneroo Times and a letter drop was carried out in the immediate neighbourhood. At the close of advertising, one objection was received on the grounds that the reserve was an important factor in his purchase of his property and it presents an enhancement of Bridgewater Drive, which will be lost if a fence is erected when the reserve is amalgamated with the adjoining owners.

The objection appears not to recognise the fact that the road reserve alongside the reserve will remain and therefore, if a fence is erected it will be at the normal setback that applies all along Bridgewater Drive. The road verge is already covered by the same shrubs and groundcovers as the reserve.

MOVED Cr Major, **SECONDED** Cr Rundle that Council approves the excision of the portion of Cygnet Reserve between Clevedon Place and Cygnet Street, Kallaroo and the subsequent sale of the parcel of land to the adjoining owners.**CARRIED**

G20927 REQUESTED CLOSURE OF RIGHT OF WAY, RALEIGH ROAD, SORRENTO - [510-17, 30/253]

CITY PLANNER'S REPORT G20927

The City Planner reports on an application to close the northern half of the right of way in Raleigh Road, Sorrento form Equation Pty Ltd and another application from BP Australia Limited to close the southern half of the same right of way. BP Australia Limited own Lots 153 and 154 and Equation Pty Ltd own Lots 2 to 146 inclusive which abut the right of way. The lots owned by the two companies are used for commercial premises and a service station. One lot owned by Equation Pty Ltd is vacant and another is used for a residence. Three other residential lots abut the right of way and these are owned by private individuals.

The City Planner gives details on the background and objections to the closure of the right of way and comments that the amalgamation of the right of way into the adjoining commercial and service station lots would be advantageous from a planning point of view and the objections received are minor.

MOVED Cr Major, **SECONDED** Cr Rundle that consideration of requested closure of right of way, Raleigh Road, Sorrento be deferred for one month.

G20928 REQUESTED CLOSURE OF PEDESTRIAN ACCESSWAY BETWEEN RODGERS STREET AND STANTON CRESCENT, GREENWOOD - [510-778, 510-776]

CITY PLANNER'S REPORT G20928

In December 1991 (Item F21233 refers) Council resolved to initiate preliminary closure procedures with respect to the pedestrian accessway between Rodgers Street and Stanton Crescent, Greenwood.

The City Planner reports that at the close of advertising, two individual letters and a petition signed by the occupiers of 18 properties in the vicinity objecting to the closure were received. The objections were based on a need for the accessway to provide a direct and convenient route to a bus service, the Warwick High School and Rodgers Park.

The City Planner's Report G20928 recommended that Council does not agree to the closure of the pedestrian accessway between Rodgers Street and Stanton Crescent, Greenwood.

G20928A REQUESTED CLOSURE OF PEDESTRIAN ACCESSWAY BETWEEN RODGERS STREET AND STANTON CRESCENT, GREENWOOD - [510-778, 510-776]

MOVED Cr Major, **SECONDED** Cr Rundle that Council initiates preliminary closure procedures in respect of the pedestrian accessway between Rodgers Street and Stanton Crescent, Greenwood.

G20929 REQUESTED CLOSURE OF PEDESTRIAN ACCESSWAY BETWEEN BEENONG STREET AND NANNATEE WAY, WANNEROO - [510-1105]

CITY PLANNER'S REPORT G20929

In July (Item G20744 refers) Council resolved to seek the views of the residents west of Wanneroo Road between Ariti Avenue and San Rosa Road, Wanneroo on the question of the closure of any of the pedestrian accessways in that locality.

The City Planner reports that fourteen written objections were received. The accessway is used frequently by children to get to and from the primary school and by others who wish to walk to the showground, public telephone, lake and the shopping centre. Many of the objectors also expressed concern about the possibility of other accessways in the area being closed if this application was successful.

The City Planner concluded that the network of pedestrian accessways between Wanneroo Road, Ariti Avenue, Scenic Drive and San Rosa Road is widely used by the general community in the area. The community's need for the accessway to remain, outweigh the argument for closure on the grounds of vandalism.

MOVED Cr Major, **SECONDED** Cr Rundle that Council does not support the closure of the pedestrian accessway between Beenong Street and Nannatee Way, Wanneroo.

He advises that the plan covers the Clarkson-Butler area which will eventually house some 70,000 people. Copies of the full report have been placed in the Councillors' Reading Room for perusal.

He gives details of the study which provides a strategic off-road movement plan for the Clarkson-Butler area and provides a summary of the recommendations of the study.

MOVED Cr Major, **SECONDED** Cr Rundle that Council:

G20931 KOONDOOLA REGIONAL OPEN SPACE - [745-6]

CITY PLANNER'S REPORT G20931

In June (Item G20648 refers) Council considered correspondence received from the Ballajura/Alexander Heights Ratepayers and Progress Association and the Girrawheen/Koondoola Recreation Management Committee requesting Council to do whatever it can to have Koondoola Regional Open Space either vested in the City of Wanneroo or given to the Department of Planning and Urban Development so that it can be retained and utilised for passive and sporting recreation for the residents of Alexander Heights, Koondoola, Girrawheen and Ballajura.

The City Planner advises that Council resolved to write to the Hon Minister for Planning regarding the future of the Koondoola Regional Open Space and reports on the Hon Minister's response.

The Hon Minister for Planning forwarded the following response:

"Koondoola Regional Open Space is reserved for Parks and Recreation in the Metropolitan Region Scheme and as such, it is a protected site.

The land is owned by Government departments and although Homeswest has expressed an interest in developing part of the site in its ownership, it is not actively pursuing the proposal.

Studies to investigate or support any change in the site's existing zoning do not have a high priority and are unlikely to commence in the foreseeable future."

RECOMMENDATION

That Council:

- 1 advises the Ballajura Alexander Heights Ratepayers and Progress Association and the Girrawheen/Koondoola Recreation Management Committee of the Minister's reply and takes no further action at this stage;
- 2 writes to the Minister for Planning thanking him for his support in the retention of the Koondoola Regional Open Space.

CITY PLANNER'S REPORT G20932

The City Planner reports that the Western Australian Police Unexploded Ordnance Branch is currently preparing a register of sites polluted or possibly polluted by unexploded ordnance. Until the release of the register, the Unexploded Ordnance Branch advises that all subdivisions and major earthworks within Burns Beach Road to Wanneroo Road, north along Wanneroo Road to the City boundary, west along the City boundary to the coast and thence to Burns Beach Road should be referred to the Unexploded Ordnance Branch for comment.

He advises that the Register of Affected Sites being prepared by WA Unexploded Ordnance Branch is different to than prepared by the Department of Defence. Following the advice from the WA Police Force, Unexploded Ordnance Branch, conditions are being imposed on subdivisions within the area described above.

MOVED Cr Major, **SECONDED** Cr Rundle that Council supports the adoption of appropriate development and subdivision conditions for the area from Burns Beach Road to Wanneroo Road, North along Wanneroo Road to the City boundary, West along the City boundary to the coast and thence to Burns Beach Road to reduce any risks associated with Unexploded Ordnance as a temporary measure until such time as the West Australian Police Force Unexploded Ordnance Branch releases its Register of Affected Sites.

G20935 COMMITTEE FOR STATUTORY PROCEDURES - HEPBURN HEIGHTS DECISION - [790-517, 740-87181]

CITY PLANNER'S REPORT G20935

The City Planner reports on the role of the Committee for statutory procedures, its origins and powers, with particular reference to the processing of an application for the subdivision of land at Hepburn Heights.

He briefly comments on the State Planning Commission Act, Committee for Statutory Procedures and other relevant committees.

He advises that Section 20 of the Town Planning and Development Act does not require land to be zoned before it may be subdivided. Although Hepburn Heights is now zoned "Urban" under the Metropolitan Region Scheme, it has not yet been zoned under the Council's scheme. This, in itself, does not prohibit the Committee for Statutory Procedures from exercising its delegated authority to subdivide Hepburn Heights for residential or other purposes. However, until the land is zoned, the use to which lots at Hepburn Heights may be put is debatable - it could be argued that in the absence of any prohibition the Council may have wide discretion.

MOVED Cr Major, **SECONDED** Cr Rundle that CITY PLANNER'S REPORT G20935 be received.

G10913 PETITION REQUESTING PERMISSION TO RUN RESIDENTIAL DOWN PIPES INTO THE STORMWATER SYSTEM - [510-3699]

CITY ENGINEER'S REPORT G10913

A 3-signature petition and 2 separate requests have been received from residents in Woodvale Waters seeking permission to connect residential downpipes into Council's drainage system.

These complaints relate to lots where the rich peaty soil conditions have resulted in poor infiltration thus causing overflowing of soakwells and flooding of garden areas.

**G10918 BADGERUP ROAD TIP - USE OF LANDFILL GAS TO POWER RECYCLING VEHICLES
- [508-4, 508-5-1]**

CITY ENGINEER'S REPORT G10918

Council supported the Perth Regional Gas Resource Assessment Study with a \$14,000 contribution. This study included the drilling and testing of two gas bores at the Badgerup Road Tip Site. Testing confirmed that the site is producing a significant quantity of landfill gas.

As part of the rehabilitation of the Badgerup Road Tip Site, Council should control the release of landfill gas because it contains over 55% methane which is a potent greenhouse gas. The gas can be either "flared" or with additional equipment used as an energy source.

The City Engineer provides details of possible uses for the gas and suggests that a technical review and economic feasibility study be undertaken to quantify the potential financial benefits to Council from long term fuel savings.

MOVED Cr Rundle, **SECONDED** Cr Carstairs that:

G10932 URGENT PURCHASE OF VIDEO CAMERA SYSTEMS FOR ONE-MAN CONTROLLED DOMESTIC REFUSE AND RECYCLING TRUCKS - [507-1]

The City Engineer gives details of a serious accident which took place on Wednesday, 9 September 1992 involving one of Council's one-man operated domestic refuse trucks. Fortunately, nobody was seriously injured, however, the accident highlights the hazards associated with operating the single operator trucks without rear cameras.

Council set aside funds in its 1992/93 Budget for the purchase of video cameras for one-man controlled domestic trucks and although tenders were in the process of being called, in view of the recent development, the City Engineer requests Council consideration of endorsing the early purchase of rear mounted cameras by means of the quotation system.

COMMITTEE RECOMMENDATION

That:

- 1 a further report be submitted to the September Meeting of Council on the type and cost of the rear mounted camera units to be purchased;

- 2 Council exercises its authority under the emergency provisions in the Local Government (Tenders for Contracts) Regulations 1983 and authorises the purchase of 19 rear mounted camera systems.

ADDITIONAL INFORMATION

At its meeting on 9 September 1992, the Technical Services Committee resolved to recommend that Council purchase nineteen rear mounted twin camera systems for its refuse collection vehicles under the emergency provisions of the Local Government Act and that a further report be submitted to the September meeting of Council on the type and cost of the units to be purchased.

Three quotations for the supply of nineteen (19) twin camera systems to be installed on the domestic and recycling trucks were presented to the Technical Services Committee for consideration.

The Panasonic (GEC Video System) and Ichiko (Miniquip Sales and Service) camera systems are the subject of this additional information since the third quotation from Deering Autronics, for the supply of a Mitsubishi camera system, would be the dearest option when installation costs are included.

The monitor in use with the cheaper Panasonic system is physically much larger than that of the Ichiko system which makes it less adaptable operationally. Unlike vehicles that are driven from a fixed seating position, the one-man operated refuse trucks require monitors that can swivel to suit the dual control of these vehicles. The monitors, therefore, need to be positioned forward of the driver for continuous viewing while driving.

GEC Video Systems indicates that it can modify its system to comply with requirements, but has not undertaken the installation of a twin camera system to date, whereas the Ichikoh twin system has been supplied to the Cities of Gosnells, Melville and a number of other local authorities.

The Ichikoh Backeye twin camera system is, therefore, preferred for its specification and operational suitability.

MOVED Cr Freame, **SECONDED** Cr Davies that Council:

- 1 exercises its authority under the emergency provisions in the Local Government (Tenders for Contracts) Regulations 1983 and authorises the purchase of nineteen (19) rear mounted camera systems;
- 2 accepts the quotation from Miniquip Sales and Services for the supply and installation of nineteen (19) Ichikoh Backeye camera systems at a cost of \$73,340.

G90921 PROPOSED ANGLICAN CHURCH ON LOTS 100 AND 684 LYSANDER DRIVE AND LOT 696 IDYLL COURT, HEATHRIDGE - [30/4066]

At its meeting on 26 August 1992 Council resolved to:

- 1 approve the use of Lots 100 and 684 Lysander Drive and Lot 696 Idyll Court, Heathridge, for church purposes, subject to:
 - (a) access from Idyll Court being for the proposed Rectory only;
 - (b) a sign being placed on site immediately stating that Council has approved the site for church purposes;
 - (c) a formal development application being submitted to the City for approval, prior to any works commencing on site;
- 2 delegate authority to the City Planner to approve a development application for the land when submitted;

3 advise the applicant that the proposed Parish Centre should be re-orientated at the development application stage, so that the Worship Area is away from existing adjacent dwellings.

A development application has now been received with the applicant requesting that the orientation of the parish centre remain as originally proposed (see attached plan).

The applicant advises that the concept is a standard plan adopted by the Anglican Diocese for new parish centres, only varied in orientation and location. To accommodate Council's condition would require the entry to be on the east side adjacent to the neighbouring dwellings.

This would be less desirable for those dwellings from an amenity point of view as far as access to the parish centre is concerned.

At present the parish centre is sited to create a pleasant forecourt between the centre and the future church, with a covered link relating to one another and with convenient access to the car parking area.

It should be noted that the worship area as shown, presents a blank wall to the eastern boundary ensuring privacy to the adjacent dwellings. Furthermore, the area between the centre and the eastern boundary (approximately 5 metres in width) will be heavily planted to further ensure privacy.

The City Planner will also impose a condition of development approval requiring an acoustic consultant's report demonstrating to the satisfaction of the City Environmental Health Manager that the proposed development is capable of containing all noise emissions in accordance with the Environmental Protection Act 1986.

Accordingly the preferred design from a functional and amenity point of view is that originally submitted by the applicant.

Note: Cl 110(b) of the Standing Orders By-laws will require this recommendation to be carried by an Absolute Majority.

MOVED Cr Carstairs, **SECONDED** Cr Davies that the decision of Council of 28 August 1992 relating to Item G20809 - The Proposed Anglican Church on Lots 100 and 684 Lysander Drive and Lot 696 Idyll Court Heathridge - be amended by rescinding Part 3 of the recommendation, ie:

 "advise the applicant that the proposed Parish Centre should be re-orientated at the development application stage, so that the Worship Area is away from existing adjacent dwellings".

G90922 CITY OF WANNEROO BICENTENNIAL TRUST - 1992 GRANT ALLOCATIONS -
[301-6-13]

On Monday 21 September 1992 the Board of Trustees of the City of Wanneroo Bicentennial Trust met to determine applications for grants under the 1992 Awards programme.

Sixteen applications were received this year, however the Trustees considered only four to be worthy of support. These applications, together with the funding granted, are detailed hereunder:

1. Mr S Cringle, BSc(Hons), PhD, of Hillarys, Douglas Wright Fellow with the National Health and Medical Research Council, is undertaking research into the effects of blood flow variations and oxygen supply in the eye. Specifically, Mr Cringle is part of the Lion's Eye Institute neurophysiology group endeavouring to avert blindness occasioned by the disruption of the blood supply to the retina (an effect of conditions such as diabetes and hypertension and responsible for a large percentage of blindness in developed countries.).

Mr Cringle's research grant allows only \$1500 for travel expenses. As Mr Cringle wishes to present the findings of his research at the International Congress of Physiological Sciences in Glasgow and subsequently undertake specialist studies in blood flow and oxygen supply measurement within the eye at the laboratory of one of the world leaders in this area, Mr Cringle has sought support from the Bicentennial Trust to assist in meeting his expenses.

Amount granted \$2,000

2. Mr Darryl Oliver of Hillarys has sought grant monies to record and promote music written by young adults of the City of Wanneroo on the basic theme of suburban life. It is hoped that the project will generate support for and interest in original youth music, in addition to developing the musical abilities of those involved.

Amount granted \$1,550

3. Ms Caron Smith of Duncraig plays clarinet in the voluntary Australian Wind Orchestra. The orchestra is in preparation for a tour of the United States of America, and Ms Smith seeks funding to enable her to attend rehearsals in Sydney and to participate in the tour. Ms Smith teaches clarinet within the City of Wanneroo and believes the experience gained in undertaking the tour will also be of benefit to her students.

Amount granted \$1,500

4. Bubblegum Toy Library Incorporated, Wanneroo - The group provides a toy lending service from premises adjacent to the Wanneroo Public Library. Quality, educationally sound toys, games and puzzles are available at the library,

which is staffed by volunteers. To date, resources have been established through membership fees, donations, a Lotteries Commission grant and various fund-raising ventures.

The group recognises that in these difficult economic times, the high cost of many educational toys puts them beyond the budget of many families or at the very least, lowers their priority. The library service therefore seeks to provide greater community access to these learning materials. Grant monies will enable the acquisition of more materials and therefore facilitate an improved and wider service provision.

Amount granted \$1,500

MOVED Cr Carstairs, **SECONDED** Cr Rundle that Council endorses the 1992 grant allocations recommended by the Board of Trustees of the City of Wanneroo Bicentennial Trust and approves payments totalling \$6,550 from account 32505 - Wanneroo Bicentennial Trust Awards.
