### 1) <u>Executive Summary</u>

It is with pleasure that the City of Joondalup's **2006/07** budget is presented.

The **2006/07** budget is a considered budget, which will deliver our service and work programmes and build the City's financial capacity to meet the challenges of the future.

The vision for the City of Joondalup is "to be a sustainable City and community that are recognised as being innovative, unique and diverse".

The 2006/07 budget provides for overall expenditure of \$99.2 million (excluding non-cash items) with over \$30m of Capital Expenditures, including the Joondalup Works Depot (\$4m), Ocean Reef Boat Harbour Concept Plan (\$1.1m), acquisition and construction of parking lot at 6 Lawley Court (\$2.7m), the introduction of universal recycling service (\$4m) and a contribution to the development of the Arena Sports and Recreation facilities (\$710k). The City also has a large capital works program of \$15 million with spending on roads, footpaths, foreshores and parks and other infrastructure assets.

The City of Joondalup has budgeted \$1.7 million this year to continue City Watch, the City's own security patrol service for our 160,000 residents.

The City will collect rates of \$51.7 million from approximately 58,200 properties. Overall, the 5.2% rate increase in **2006/07** will allow enough funds be set aside to meet the City's increasing financial demands to sustain its growing infrastructure assets.

This year as a major initiative in sustainable waste management and in response to an overwhelming support from its ratepayers, the City will introduce a universal recycling service for all residents to be rolled out from mid year. The increased rubbish collection charge has been kept to \$185, covering both the refuse and recycling services, despite the increase in the State Government Land Fill Levy and other associated escalations in the cost of refuse disposal.

In summary the City has made considered and responsible budget decisions for the benefit of not only the existing members of the community but for future generations alike.

### 2) <u>Introduction</u>

The City of Joondalup is the second largest local government in Western Australia based on budgeted expenditure and population.

The City of Joondalup continues to focus on planned and controlled growth through a mixture of initiatives aimed at developing and maintaining the area's infrastructure, developing the characteristics of Joondalup as a City, through marketing and cultural development while improving service delivery through a continuing focus on customer service and business process improvement.

The City has 16kms of stunning coastline stretching from Beach Road, Marmion in the south, to Burns Beach Road, Burns Beach in the north. Popular beaches with excellent facilities are located at Marmion, Sorrento, Hillarys, Pinnaroo, Whitfords, Mullaloo, Ocean Reef, Beaumaris and Burns Beach. Beach side leisure activities include boating, water skiing, snorkelling, fishing, windsurfing, animal exercise and dual use paths ideal for walking and cycling.

The City provides a wide range of community services and leisure and sporting facilities. The newly redeveloped Craigie Leisure Centre aims to ensure that the community's needs continue to be met in the future.

The City's natural assets includes the Yellagonga wetlands and the City works closely with CALM, the City of Wanneroo and a variety of community groups to manage the region's natural assets.

As part of promoting the City of Joondalup as the second CBD, the City continues to work closely with regional stakeholders to develop cultural, educational and economic initiatives.

### 3) <u>Budget Overview</u>

The **2006/07** budget is prepared in accordance with the requirements of the Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996.

The relevant Statutory Statements (shown on the grey sheets) within this document are:

- Operating Statement by Programme refer Attachment 1
- Statement of Cash Flows refer Attachment 2
- Rate Setting Statement refer Attachment 3
- Statement of Rating Information refer Attachment 4

Additional notes to the budget are provided in Attachments 5 to 9.

In summary, the Operating Statement shows a Change in Net Assets Resulting from Operation of \$6.9m. Capital expenditure amounts to \$33.4m and Loan Repayment of \$310k. The net transfer from Reserves during the Budget year 2006/2007 is \$3.5m.

# 4) <u>Expenditure</u>

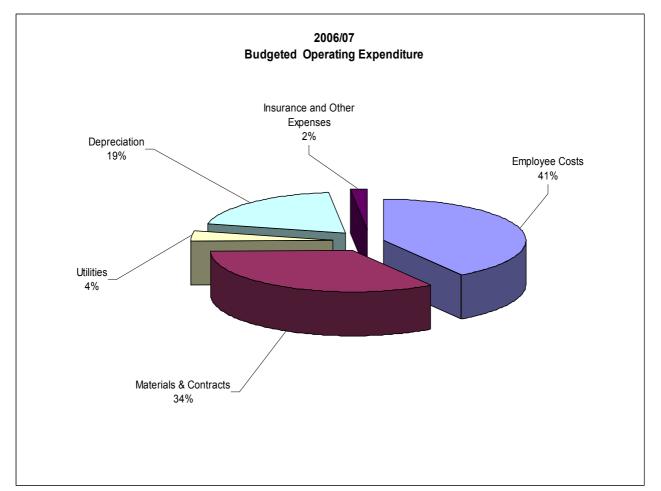

The City's financial statements categorise expenditure into either "operating expenditure" or "capital expenditure". These expenditures are described further below.

## **Operating expenditure**

Operating expenditure totals \$81.5m when including "depreciation" and "loss on disposal of assets" as shown below. Key movements are due to:

- Increased operating costs and inflation (labour, materials, insurance)
- Increases in programmes and projects, including a new recycling service for all
- Increased depreciation costs associated with roads and drainage newly acquired infrastructure assets

Expenditure	2005/06 Estimated Actual \$	2006/07 Budget \$	
Employee Costs Materials & Contracts Utilities Depreciation Insurance and Other Expenses	28,118,566 25,511,955 3,048,747 14,882,273 1,255,163	33,222,225 27,705,835 3,329,213 15,738,343 1,523,288	
Total Expenditure	72,816,704	81,518,904	

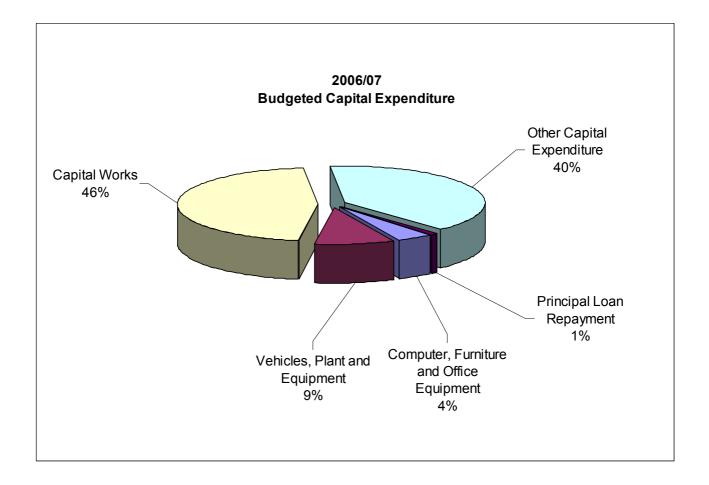

## Capital Expenditure

The **2006/2007** budget provides for capital expenditure totalling \$33.7 million, which includes \$15.5m for *Capital Works*, \$3.2 for *Vehicles and Plant Replacement*, \$1.38m for *Computer, Furniture and Office Equipments* and \$13.4 for *Other Capital Projects.* 

The City's 2006/07 capital expenditure by classification is as follows: -

Capital Expenditure	2006/07 Budget \$

Total Capital Works Programme	15,485,454

#### Other Capital Expenditure Items

The City's other significant capital expenditure Items, excluding the Vehicles/Plants replacement programme are as follows:

Other Capital Expenditure Items	Notes	Budget 2006/07 \$
Ocean Reef Boat Harbour Development	1	1,173,392
Works Depot	2	4,000,000
Acquisition of Cultural Facility Land and Study	3	595,500
Acquisition of Parking Lot 6 Lawley Court Joondalup	4	2,700,000
Information Technology Expenditure		1,381,417
Contribution to Arena Community Sports Assoc.		710,000
Universal Recycling Service	5	3,315,000
Other Furniture and Equipments Items		878,151
Total Other Capital Expenditure Items		14,753,460

#### Notes:

#### 1. Ocean Reef Boat Harbour Development

The Ocean Reef Boat Harbour development site is approximately 46 hectares in area and currently consists of a boat launching facility and parking for vehicles and boat trailers. In 2006/07 the City will focus on development of a Structure Plan for Ocean Reef Boat Harbour to meet the social/lifestyle needs of the region, promote economic development and protect the environment.

#### 2. Works Depot

Negotiations with Water Corporation, for the lease of a 2.5 ha site on Ocean Reef Road Craigie known as Beenyup, is in its final stage and It is expected that the construction of the Depot will be completed by end of 2007. The total cost of the project is expected to be \$5 m of which \$4m is provided for in **2006/07** budget.

#### 3. Cultural Facility

The land purchase contract for the Cultural Facility site has been executed and the purchase deposit paid. Construction of an access road from Grand Boulevard to the Hospitality Training Centre and the site also has been completed. The **2006/2007** budget provides for the final settlement of the land purchase and for an amount of \$60,000 to undertake a feasibility study to assess the project.

#### 4. Parking Lot 6 Lawley Court

The proposed purchase of Lot 6 Lawley Court from Landcorp is an investment in meeting the future parking needs of the City. The \$2.7m budget includes the cost constructing an at grade car-park at the site.

#### 5. Universal Recycling Service

The introduction of the Universal Recycling Service represents a major commitment to the long term sustainable Waste Management in the City. The budgeted cost includes \$1.2m representing the City's contribution to the cost of upgrading the Material Recovery Facility jointly used with the Cities of Swan and Wanneroo. The City will recover this contribution by way of reduced future utilisation charge.

#### Acquired Infrastructure Assets

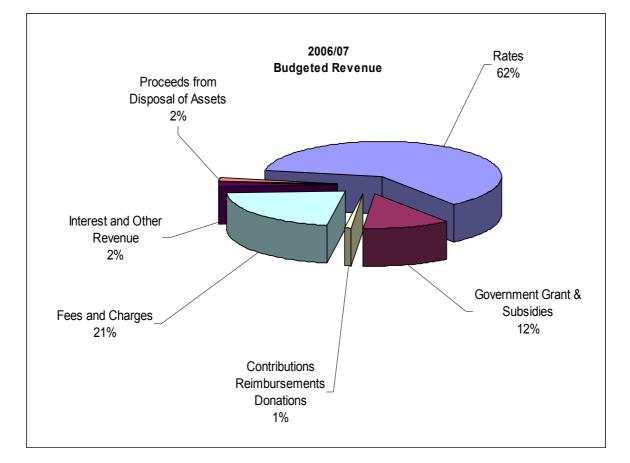

The City estimates that it will be given roads, drainage and other infrastructure from developers during 2006/07 valued as follows:

Acquisitions from Developers	\$
Roads	3,250,000
Drainage	1,000,000
Footpaths	325,000
Parks	1,000,000
Ornamental Street Lighting	450,000
Total Acquisitions from Developers	6,025,000

### 5) <u>Revenue</u>

The City's 2006/2007 revenues, apart from infrastructure assets transferred to the City from Developers, are as follows:

Revenue	2005/06 Estimated Actual \$	2006/07 Budget \$
Rates	48,693,901	51,717,378
Government Grants & Subsidies	7,964,604	9,978,916
Contributions Reimbursements Donations	5,426,826	868,369
Fees & Charges	15,223,630	17,840,813
Interest and Other Revenue	3,632,647	1,931,000
Proceeds from Disposal of Assets	640,290	1,282,600
Total Revenue	81,581,898	83,619,076

Key changes compared to last year include:

- Additional rates income as a consequence of an increase in the number of properties in the City, and a 5.2% increase in the rate-in-the-dollar
- Introduction of a Universal Recycling Service for all with associated increase in revenue
- Reduction in interest earnings as projects are completed and cashflow reduces

The City will continue to provide enhanced landscape maintenance in the Harbour Rise, Iluka and Woodvale Waters areas. Specified area rates are charged separately for this purpose.

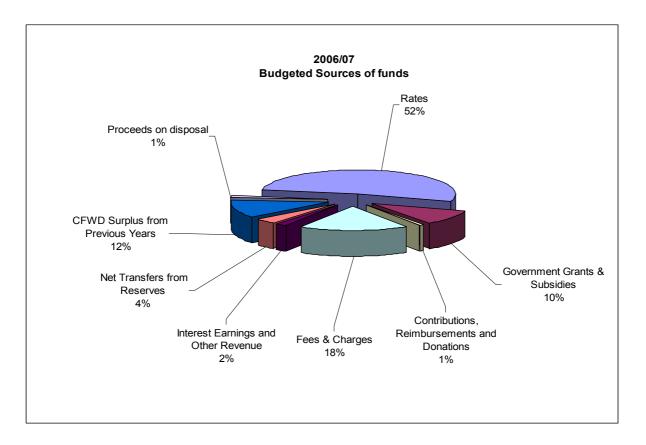

The refuse collection charge has increased to \$185 per household to include the new recycling service. This will provide a full 240lt bin recycling service to all households in addition to the normal 240lt bin. This is a long-term sustainability initiative that will increase the diversion of waste from landfill.

### 6) <u>Sources of Funds</u>

The **2006/2007** Expenditure and Sources of funding are as follows:

Expenditure	2005/06 Estimated Actual \$	2006/07 Budget \$
Operating Expenditure	72,816,704	81,518,904
Less Depreciation	-14,882,273	-15,738,343

Borrowings	900,000	
Total	91,953,406	99,232,323
Surplus Carried Forward To Next Financial Year	12,079,842	19,023

For further details refer **2006/07** Statement of Cash flows (Attachment 2); **2006/07** Rates Setting Statement (Attachment 3) and the Notes to and Forming Part of the Budget (Attachment 5).

Local government legislation requires that any accumulated surplus brought forward from the previous year be used to offset rates in the current year's budget. The accumulated surplus brought forward has been used in this manner after allowing for the works in progress.

# 7) <u>Reserve Funds</u>

The City has established various reserves to which monies are set-aside at the discretion of the Council to fund future capital works and meet the City's future need. During the budget year the City will transfer a total of \$5.6m to various reserve accounts of which \$3.9m is municipal funds being put aside as additional capital reserves. This is a substantial increase on previous years and represents a strong commitment to long-term financial sustainability. Details of reserves are described in the Notes Forming Part of the Budget.

# 8) <u>Debt</u>

The City is not contemplating any new borrowings during the **2006/2007** budget year and will repay \$310,025 of the principal of its outstanding Loans at the beginning of the budget year totalling \$3,671,507 leaving a remaining loan balance of \$3,361,302 at 30 June 2007

### 9) <u>Conclusion</u>

The City of Joondalup continues to consolidate its core business and to focus on the future in line with its 5-year Strategic Plan.

The **2006/07** budget is a considered and balanced budget that addresses the needs of the current residents while also focussing on the future direction of the City. It is a positive and responsible approach in discharging the City's responsibilities to its community.

#### 1. 2005/06 Actual Comparatives

The 2005/06 actual comparatives as shown are estimated at 30 June 2006. The actual results will not be confirmed until the City has had its financial statements audited for the year ending 30 June 2006.

#### 2. Significant Accounting Policies

The significant accounting policies that have been adopted in the preparation of these financial statements are:

#### **Basis of Accounting**

These general purpose financial statements have been drawn up in accordance with the accounting concepts, standards and disclosure requirements of the Australian accounting bodies, the Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996. They have been prepared on the accrual basis and include the requirements of Australian Accounting Standard AAS27.

#### 3. The Local Government Reporting Entity

The financial statements forming part of this report have been prepared on the basis of a single consolidated fund (Municipal Fund). Monies held in Council Trust Fund have been excluded from the consolidated financial statements.

#### a) Depreciation

#### Property, Plant and Equipment (Excluding Infrastructure Assets)

Property, plant and equipment, excluding infrastructure assets are carried at cost. Items of property, plant and equipment, including buildings but excluding freehold land and artworks, are depreciated over their estimated useful lives on a straight-line basis. Depreciation has been charged to the operating statement.

#### **Depreciation Rates:**

Freehold Land	Nil	Plant	12.5%
Artworks	Nil	Computer Equipment	33.4%
Light Vehicles	7.5%	Furniture & Office Equipment	10.0%
Buildings	2.5%	Other Equipment	10.0%
Heavy Vehicles	10.5%	Computer Software (Over \$10,000)	20.0%

#### Infrastructure Assets

Reserves and Engineering infrastructure assets acquired prior to 30 June 1997 were brought to account as a non current asset at their estimated depreciated replacement cost at that time, additions subsequent to 30 June 1997 are recorded at cost. Infrastructure assets acquired by the City as contributions by developers recorded are valued at current cost and reflected as additions to assets and the income recorded in the operating statement and taken to accumulated surplus.

Infrastructure assets capitalised are depreciated over their estimated useful lives on a straightline basis from the date of acquisition or, in respect of constructed assets, at the end of the financial year. Depreciation has been charged to the operating statement.

Engineering infrastructure assets (roads, footpaths, drains, etc) are depreciated over their estimated useful lives on a straight-line basis effective from the commencement date of the next financial year.

In accordance with the Local Government (Financial Management) Regulations 1996 Section 16, land under roads has not been recognised as an asset in the statement of financial position.

#### **Depreciation Rates:**

Robertson Road Cycleway	2.5% - 16%	Ocean Reef Boat Harbour	2.0% - 4%

Certain infrastructure assets comprise various components with each component depreciated separately.

#### b) Rates

The rating and reporting periods coincide. All rates levied for the year are recognised as revenues. All outstanding rates are fully collectable and therefore no provision has been made for doubtful debts. In accordance with the Rates and Charges (Rates and Deferments) Act 1992, the City offers eligible pensioners and seniors the option to defer the payment of rates or to obtain a rebate from the Western Australian state government.

#### c) Grants, Donations and Other Contributions

All grants, donations and other contributions have been recognised as revenues when the City obtains control over the assets comprising the contribution. Expenditure of those monies has been made or in the case of unexpended monies at balance date will be made in the manner specified under the conditions upon which the City received those monies.

#### d) Investments

Investments in managed funds are marked to market at the reporting date and interest on money market investments is recognised as revenue when accrued.

#### e) Employee Entitlements

Provision is made for benefits accruing to employees in respect of annual leave and long service leave when it is probable that settlement will be required, and are capable of being measured reliably.

Provisions made in respect of annual leave and long service leave, to be settled within twelve months, are measured at their nominal values.

Provisions made in respect of long service leave which are not expected to be settled within 12 months are measured at their present value of the estimated future cash outflows to be made by the City in respect of services provided by employees up to the reporting date.

#### f) Superannuation Fund

The City contributes to the Local Government Superannuation Plan with contributions to the fund made by employees. The expense relating to those contributions has been included in the operating statement.

#### g) Land Held for Resale

Land purchased for development and/or resale is valued at cost. Cost includes the cost of acquisition, development and interest incurred on financing of the land during its development. Interest and other holding charges incurred after development is complete are recognised immediately as expenses. Revenue arising from the sale of property (if applicable) is recognised in the operating statement at the time of signing a binding contract of sale.

#### h) Works in Progress

Major buildings, parks and infrastructure assets that have not been completed at 30 June have been recorded as works in progress.

#### i) Crown Land

Crown land set aside as a public road reserve or other public thoroughfare or under the control of a Council under Section 3.53 of the Local Government Act 1995 or vested Crown land under the control of a local government by virtue of the operation of the Land Act or the Town Planning and Development Act has not been brought to account as an asset of the City. This is in accordance with the provisions of AAS27. Improvements or structures placed upon such land have been accounted for as assets of the City.

#### j) Accounts Payable

Trade payables and other accounts payable are recognised when the City becomes liable to make future payments resulting from the purchase of goods and services.

#### k) Receivables

Trade receivables and other receivables are recorded at amounts due less any provision for doubtful debts.

#### I) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST) and the net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as part of current assets and current liabilities.

#### m) Acquisition of Assets

Assets acquired during the year are recorded at the cost of acquisition, being the purchase consideration determined as at the date of acquisition plus costs incidental to the acquisition.

In the event that settlement of all or part of the cash consideration given in the acquisition of an asset is deferred, the fair value of the purchase consideration is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

#### n) Inventories

Inventories are valued at cost.

#### o) Revaluation of Non Current Assets

The Australian Accounting Standard 38 Revaluation of Non-Current Assets was introduced for reporting periods commencing on or after 1 July 2000. This accounting standard requires the City to elect the method of valuing classes of non current assets for the year ending 30 June 2001 and onwards. The City has elected to continue to value its non current assets on a cost basis.

#### p) Rounding off

All figures shown in these annual financial statements other than a rate-in-the-dollar, are rounded to the nearest dollar.

#### 4. Programme Activities

Operating statements have been provided by programme and by nature, the latter being included in the notes to the accounts. Broad definitions of each programme are as follows:

#### **General Purpose Funding**

Rates income and expenditure, Grants Commission and pensioner deferred rates interest.

#### Governance

Governance relates to elected members costs only. All other governance related activities in areas such as Council Support, Administration, Finance and Information Management have been allocated down to the programmes that these costs support.

#### Law, Order and Public Safety

Supervision of various local laws, security, fire prevention and animal control.

#### Health

Prevention and treatment of human illnesses, including inspection of premises/food control, immunisation and child health services.

#### **Education and Welfare**

Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.

#### Housing

Provision of housing and leased accommodation where council acts as landlord.

#### **Community Amenities**

Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.

#### **Recreation & Culture**

Provision of facilities and support for organisations concerned with leisure time activities and sport, support for the performing and creative arts. This includes maintenance of halls, aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.

#### Transport

Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City depot, including development, plant purchase and maintenance.

#### **Economic Services**

Rural services and pest control and the implementation of building controls.

#### **Other Property & Services**

Private works, public works overheads, council plant operations, materials and salaries and wages. With the exception of private works, the above activities listed are mainly summaries of costs that are allocated to all works and services undertaken by the council.
