| File No: | FIN/5-02 (D/11/2135) |
| Attachment(s): | 1. Financial Statement for the period ended 31 January 2011 2. Financial Statement for the period ended 28 February 2011 |
| Author: | Kalwant Dhillon |

SUMMARY

The purpose of this report is to provide financial reporting to meet statutory requirements and to provide useful information to stakeholders of the Council.

BACKGROUND

Financial Statements as at 31 January 2011 and 28 February 2011 are attached and show separate columns for Actual and Adopted/Revised Budget figures.

Reporting requirements are defined by regulations 34 and 35 of the Local Government (Financial Management) Regulations 1996. There is scope in these regulations to provide other reporting that the Local Government considers appropriate.

The financial statements presented for each month consist of:

- Operating Statement by Nature Combined
- Operating Statement by Nature RRF Only
- Operating Statement by Function
- Statement of Financial Position
- Statement of Investing Activities
- Information on Borrowings

DETAIL

The reports attached are for the months ended 31 January 2011 and 28 February 2011 and are at Attachments One and Two to this Item.

- Statement of Income and Expenditure. Pages 1 to 4 of the Attachment. These statements have been adjusted to include a number of year-to-date estimates that are not finalised until the end of the financial year. These are as follows:
 - Provision for Amortisation
 - Site Rehabilitation Provision / Amortisation provision for Decommissioning
 - Site Monitoring Provision

These are based on the estimated rates per tonne calculated with reference to estimated excavation cost of various stages of the landfill and the life of the landfill. An adjustment is made (if necessary) at the end of the year based on a survey carried out to assess the "air space" remaining.

• **Operating Statements by Function and Type**. At page 4 of the Attachment. This shows a summary of operating income and expenditures. The Operating Statement by Function may be useful to the reader as a snapshot of the business operations

A complete suite of Financial Statements including Operating Statement and Statement of Financial Position are reported on a monthly basis and include accruals that may be based on estimates to provide meaningful reporting to stakeholders. These reports are at Attachment One and Two to this Item.

MRC OFFICER RECOMMENDATION

That the Financial Statements as attached at Attachment One and Two for the months ended 31 January 2011 and 28 February 2011 be noted.

ITEM 8.1.1

NOTES FOR VARIATIONS - INCOME STATEMENT BY NATURE AND TYPE

| Note # | Description of Item Nature of Variance where actual is 10% and \$10,000 from YTD Budget | | | | | |
|--------|---|--|--|--|--|--|
| | | | | | | |
| 1 | Member User Charges | The tonnages for Members were noted at the Mid-year Review to drop by 35,960 tonnes. This is mainly due to lower tonnages received from City of Stirling. | | | | |
| 2 | Casual User Charges | The tonnages for Casuals/Commercial were noted at the Mid-year Review to be approximately 11,600 tonnes higher for this Financial Year. | | | | |
| 3 | Grants and Subsidies | As the grants for the Waste Minimisation Program has not been received, the program is on 'hold'. | | | | |
| 4 | Communication and Public Consultation | The majority of the expenditure is being spent in the months of April to June 2011. | | | | |
| 5 | Landfill Expenses | There is a further reduction in the budget of \$106k and the majority of the expenditure is being spent in the months of March to June 2011. | | | | |
| 6 | Office Expenses | The majority of the expenditure is being spent in the months of March to June 2011. | | | | |
| 7 | Information System | Expenditure to be incurred in March to June 2011 is relation to existing and new projects. | | | | |
| 8 | Building Maintenance | The majority of the expenditure is being spent in the months of March to June 2011 | | | | |
| 9 | RRF Operations Total Costs (Excl. Amortisation) | The increase is due to the change in Waste Diversion Rate, a Force Majeure Claim relating to power shortages and additional tonnages as a result of availability greater than 100% (we pay only the variable cost on these tonnages). This cost is being offset by the funds from the Reserve (Carried Forward Expenditure). | | | | |

ITEM 8.1.1

NOTES FOR VARIATIONS - INCOME STATEMENT BY NATURE AND TYPE

| Note # | Description of Item | Nature of Variance where actual is 10% and \$10,000 from YTD Budget |
|--------|--|--|
| | | |
| 1 | Member User Charges | The tonnages for Members were noted at the Mid-year Review to drop by 35,960 tonnes. This is mainly due to lower tonnages received from City of Stirling. |
| 2 | Casual User Charges | The tonnages for Casuals/Commercial were noted at the Mid-year Review to be approximately 11,600 tonnes higher for this Financial Year. |
| 3 | Grants and Subsidies | As the grants for the Waste Minimisation Program has not been received, the program is on 'hold'. |
| 4 | Communication and Public Consultation | The majority of the expenditure is being spent in the months of April to June 2011. |
| 5 | Landfill Expenses | There is a further reduction in the budget of \$106k and the majority of the expenditure is being spent in the months of March to June 2011. |
| 6 | Office Expenses | The majority of the expenditure is being spent in the months of March to June 2011. |
| 7 | Information System | Expenditure to be incurred in March to June 2011 is relation to existing and new projects. |
| 8 | Building Maintenance | The majority of the expenditure is being spent in the months of March to June 2011 |
| 9 | RRF Operations Total Costs (Excl. Amortisation) | The increase is due to the change in Waste Diversion Rate, a Force Majeure Claim relating to power shortages and additional tonnages as a result of availability greater than 100% (we pay only the variable cost on these tonnages). This cost is being offset by the funds from the Reserve (Carried Forward Expenditure). |

SUMMARY

The purpose of this report is to provide details of payments made during the periods identified. It is also a requirement as part of the delegation given to the Chief Executive Officer, to make payments from the Municipal Fund, that a list of payments made since the last Ordinary Council meeting be presented to Council.

COMMENT

The lists of payments for the months ended 31 January 2011 and 28 February 2011 are at Attachment One and Two to this Item and are presented for endorsement. Payments have been made in accordance with delegations that allow payments between meetings and are subsequently required to be presented to the next Council meeting following such payments. Further, at the Ordinary Council Meeting held on 15 October 2009, the Council delegated to the Chief Executive Officer the exercise of its power to make payments from the Municipal Fund. This delegation has been renewed upon annual reviews. In order to satisfy the requirements of Clause 13(2) of the Local Government (Financial Management) Regulations, a list of payments made must be submitted to the next Council meeting following such payments.

It should be noted that generally all payments are GST inclusive and Mindarie Regional Council is able to claim this tax as an input credit when remittance of GST collected is made each month.

SUMMARY

The purpose of this report is to provide Council with current information on all business activities.

BACKGROUND

The Council at its meeting held in October 2008, resolved, inter alia, to approve a revised Strategic Plan. Council, at Special Council Meeting 24 June 2010, approved Annual Business Plan 2010/2011 within context of Budget 2010/2011. This business report is now presented in a format consistent with both the Strategic Plan and approved Annual Business Plan. New information since the last report is provided in *'bold italics'*.

DETAIL

OBJECTIVE ONE – WASTE MANAGEMENT

Objective One is 'to manage waste in a way that

- Maximises resource recovery.
- Minimises waste to landfill.

in order to minimise environmental impact.

Existing Waste Processing Projects – Tamala Park

The table at Attachment One describes business activity for the period 1 July 2010 - 28 *February 2011* for member Councils, and others, in terms of tonnage (received for processing) and revenue associated with this tonnage.

Information related to landfill and recycling activity at Tamala Park to **28 February 2011** is presented in the table at Attachment One.

Current information in relation to Tamala Park landfill and recycling activities is as follows:

• On the matter of an outstanding contractual dispute over landfill construction work, the contractor (WATPAC) has advised that they do not propose to pursue this claim at this stage. The matter will remain pending until either expiry of 'claim period' or reinstatement of action by WATPAC. The 'claim period' as advised by legal, is five years. *The expiry date for this period is being confirmed.*

Landfill Gas & Power Agreement Extension

In order for MRC to sub-lease part of the Tamala Park lease area, the Head Lease (between MRC and its member councils) requires that the sub-lessee (LGP) take on all of the obligation that the MRC has under the Head Lease. If this cannot be achieved the MRC is required to obtain sign off from its member councils on the reduced suite of obligations that are being passed on to the sub-lessee.

Landfill Gas & Power (LGP) has been provided a copy of the draft deed of amendment. This issue of passing on the Head Lease obligations has caused LGP some concerns and it is unable to accept all of the head lease obligations, primarily those obligations that are unrelated to the landfill gas operation. Consequently, the MRC is in the process of obtaining the member council signoff providing relief to LGP on certain obligation of the Head Lease. Due to these delays, it has not been possible to present the final deed to Council at its April meeting. It is anticipated that the final deed, as agreed with LGP will be presented to Council at its next meeting.

Existing Waste Processing Projects – Neerabup

Progress against a project to establish and operate a Resource Recovery Facility (RRF) at Neerabup in is contained in a separate report within this agenda.

OBJECTIVE TWO – WASTE PROCESSING OPPORTUNITIES

Objective Two is to identify, evaluate and implement opportunities for expansion of the waste management business.

An Integrated Regional Plan

Tasks associated with the development of an integrated regional plan have been progressed as follows:

- Receipt of final Hyder Report.
- Issue of this report to Strategic Projects Committee (SPC) members.
- Agreement by SPC to 'consider contents at a later date', following consideration of the impact of the City of Stirling withdrawal.
- A revised report, reflecting City of Stirling withdrawal, has been prepared by Hyder, at an additional cost of \$7000.
- This report will be considered by the SPC, in April 2011, with a view to the finalised document being a key input into the review of the MRC Strategic Plan.

Additional Processing Facilities

- 'Son of Tamala' Landfill
 - The MRC Administration has investigated a number of possible sites in the Shire of Gingin and is continuing the search for a suitable site

OBJECTIVE THREE – INDUSTRY LEADERSHIP AND ADVOCACY

Objective Three is to identify and promote industry-wide initiatives for improvements to waste/resource management, particularly in relation to waste minimisation and resource recovery.

SWMP Projects

The MRC Administration has written to all Member Councils summing up the relevance of the recently completed suite of SWMP projects and requesting that member councils advise the MRC where the MRC can be of assistance in furthering waste minimisation activities associated with the SWMP projects.

The Department of Environment and Conservation (DEC) has yet to finalise the Waste Minimisation funding for this financial year. Further delays are anticipated as a result of the recent change of Minister for the Environment. The MRC continues to liaise with the DEC on this matter.

Partnership Activities

Key partnership activities during the reporting period have been as follows:

- Municipal Waste Advisory Council (MWAC)
 - Meeting held February 2011

Key points from this MWAC meeting were as follows:

- Development of an improved Communication Strategy between FORC and MWAC
- Information on a proposed 'waste to energy' forum mid 2011
- Information on a DEC event on 14 March 2011 re waste management infrastructure planning
- Development of a MWAC Data Working Group (MRC's Cr Bissett has nominated for this)
- Forum of Regional Councils (FORC)
 - FORC is progressing the establishment of a Steering Committee, under the leadership of Department of Premier and Cabinet, to investigate issues related to improved delivery of RRF projects
- Waste Management Association of WA (WMAA(WA))
 - Implementation of project plans for utilisation of \$100k from Waste Authority
- Industry Training Council (EUPA)
 - Review and revision of waste industry training needs, using levy funds. This work has been completed, and a workshop to formulate an Action Plan was held February 2011

Council should note the following key appointments in recent times:

- Minister for Environment; Water Hon W.R. Marmion, MLA
- Chair, Waste Authority Mr Jim Malcolm

OBJECTIVE FOUR – COMMUNITY ENGAGEMENT

Is to engage with the community in the Mindarie region in order to promote behaviour consistent with the region's operational plans for waste/resource management.

A report on progress against Council's Marketing and Education Plan is at Attachment Three to this Item.

Marketing Activities

Key corporate communication activities progressed during the reporting period were as follows:

- MRC e-News transition strategy implemented. Last hard copy of MRC News produced for distribution late March, plus placement of MRC e-News on website. Incentives offered for people to subscribe for e-News. Proposed bi-monthly distribution in electronic format.
- A social media policy and procedures have been drafted to guide development and use of social media tools for the Mindarie Regional Council business and is coming to the April Ordinary Council Meeting for endorsement.
- Earth Carers forum and blog project close to launch.
- Search Engine Optimisation review of website undertaken. Recommendations to be implemented.

Education Activities

Key education activities progressed during the reporting period were as follows:

- Continued support of member councils with the metropolitan-wide battery collection program. Battery bins are now in place in each Council area. Regional contractor is now collecting fluoros and batteries, and a spreadsheet detailing collection results is being generated fortnightly and provided to the Councils for local management. Roll-out of collection bins into schools has commenced.
- Ads to focus people on what to do with problem products gas bottles, batteries and fluoros prepared and placed at regular intervals.
- Extremely successful temporary HHW and E-Waste Disposal Days at Tamala Park on 22 January and at Vincent on 26 February.
- Tours program is now up and running after the holidays. In discussions to expand tours program to include the Wangara MRF.
- Consultation with WESSG about proposed waste statistics report card and graphic representation of a regional waste diversion rate on website.
- Extremely successful recycling compounds run at City of Perth's SkyShow on Australia Day. A flyer outlining the resources available to Councils to help them stage Public Event recycling at community events was created and distributed to Councils.
- A pilot Earth Carers Kids project has commenced as part of the program trial.
- A new Earth Carers training course commenced on March 15 with approximately 25 registrations.

- Research program continuing to contact all Earth Carers to determine impact of the course on their waste behaviour.
- Small fluoros collection box now available for Councils to distribute to residents. *Fluoros Recycling Stations now in place at Floreat Forum and Vincent Library. Other Councils finding locations.*
- Mobile display involved in a number of events during February and March.
- ESL (English as a Second Language) project is progressing. Fact sheets have been translated into Chinese, have been placed on to website and have been distributed to Councils for residents.
- Interactive computer-based recycling game for use at the RRF Visitors Centre almost completed, developed at a cost of \$6,750 (excluding GST), and designed to assist visitors to understand ways to deal with waste appropriately.

Community Engagement Advisory Group (CEAG) Activities

Key CEAG activities progressed during the reporting period were as follows:

- Vacancy still exists for a new member from the Carramar Special Rural area, following a resignation from the group.
- Regular CEAG meeting held on 9 February 2011.
- Special CEAG meeting, excluding MRC and SITA representatives, held on 2 March 2011 for the group to review the CEAG process over the past few years.

OBJECTIVE FIVE – ORGANISATIONAL MANAGEMENT

Objective Five is to maintain excellent management of the Mindarie Regional Council organisation.

Business Systems

Key projects associated with this port folio are as follows:

- Implementation of improved budget preparation process, in conjunction with member councils.
- Investigation of replacement of external appointments with recruited staff, for selected positions. This has resulted in the appointment of an environmental officer. The issue of Marketing/Education Manager is 'on hold' pending the confirmation of focus in this area, as part of the review of Council's Strategic Plan. The selection process against the Project Manager position did not result in an appointment, and this will be reviewed in early 2011 (Council decision August 2010 refers). *A separate Confidential item will be provided to Council on this matter in April 2011.*
- Progress of improved TWG governance model, in the form of revised officer forums, including the ongoing meetings of Strategic Projects Committee (Chair: Karen Caple, Deputy: Martyn Glover).
- Progress of a project to develop a revised pricing model. This has resulted in Council resolving to adopt a 'single fee' model a decision which is ended in dispute before the Supreme Court.

- Proceedings have now been postponed by City of Stirling pending successful withdrawal by City of Stirling from MRC. Monthly meetings of CEOs or their representatives have progressed tasks as follows:
 - Consideration by all eight Councils (seven members plus MRC) of a proposed methodology, prepared by Price Waterhouse Coopers (PWC).
 - Development of a final draft Establishment Agreement by the MRC Strategic Projects Committee for consideration by the six remaining members, early in 2011.

City of Stirling Withdrawal

PWC have provided MRC with a final report describing a proposed methodology for valuation of the business. This work is a pre-requisite to any negotiations regarding distributions.

The PWC report is at Attachment Four to this Item. The MRC administration considers that this approach is satisfactory, and the Recommendation is that Council approve this approach.

Member Council Partnerships

Key activities progressed during FY2010/2011 as follows:

- Liaison Tamala Park Regional Council (TPRC) re buffer and associated issues.
- Agreement by TPRC on revised buffer plan.
- Commencement of preparation of a lease amendment to affect this revised buffer plan. *This work is due for completion end April 2011.*

Establishment Agreement

The Council's Strategic Projects Committee is developing a draft Establishment Agreement for Council consideration, proposed for early 2011.

Review – MRC Strategic Plans

CEO MRC has investigated issues associated with proposed review of MRC Strategic Plan and MRC Strategic Financial Plan. Findings to date are as follows:

- Department of Local Government (DLG) have established Corporate and Strategic Planning Working Group. There is a high probability that the work of this group will result in legislative changes which will influence the Strategic Planning framework for local government.
- Given this potential, Council resolved, at its August 2010 Ordinary Council Meeting that any review of the MRC Plans be confined to confirmation of the basis for planning for Budget Financial Year 2011/12, with the deliverable being Annual Business Plan Financial Year 2011/12. This confirmation is planned to occur via workshop and Council consideration, as part of Budget – 2011/2012 process.
- This matter was discussed at a meeting with member Council CEOs on 7 October 2010, and it is now proposed to review the Strategic Plan in the first half of 2011.
- CEO MRC has progressed planning with Mr Ron Cacioppe on this review.

TONNAGE PROGRESS REPORT

TONNAGE PROGRESS REPORT FOR PERIOD 1 JULY TO 28 FEBRUARY 2011

Aim

This report aims to provide information on Actual waste tonnages received by MRC in comparison to Budget estimates for financial year ending 30 June 2011.

Detail

Processable

The Member Councils' Processable waste for the 8 months to 28th February 2011 is slightly lower than the pro-rata year to date budget. However the actual for the 8 months to 28th February is slightly higher when compared to the actual for the same period in the previous year.

Lower processable tonnages have been delivered by all the Members except the City of Stirling who delivered higher than anticipated tonnages. The City of Wanneroo & Town of Victoria Park also indicate that they now anticipate lower than budgeted tonnages for the year.

Non-Processable

The Member Councils' total Non-processable waste for the 8 months to 28th February 2011 is lower than the pro-rata year to date budget (approximately 10%).

Some of the Member Councils' tonnages are higher than the pro-rata year to date budget and the City of Joondalup have advised that they anticipate a slight increase in their non-processable waste for the year than the original budgeted tonnage. The City of Stirling estimate a decrease for the year from original budget but all other Members have confirmed that original budgeted tonnages are likely to be achieved.

Other

The total Bales and Residues tonnages for this period are marginally below target. The lower tonnages from City of Stirling are being offset by higher tonnages of Residues from the RRF and Wanneroo WRC. The City of Stirling is not currently disposing Bales at Tamala Park.

The Casuals/Commercial tonnages for the 8 months to 28th February 2011 are continuing to run well above target.

ITEM 8.1.4 RESOURCE RECOVERY FACILITY UPDATE REPORT (for the period 10 January 2011 – 31 March 2011)

File No: WST/13-02 (D/11/2142)

Attachment(s): Nil

Author: Ian Watkins

SUMMARY

The purpose of this report is to provide Council with information relating to relevant historical information and operation of the Stage 1 Resource Recovery Facility (RRF) at Neerabup. New information since the last report is provided in *'bold italics'*.

BACKGROUND

Stage 1 Resource Recovery Facility (RFF) contract was signed with BioVision 2020 on 23 November 2007. Construction commenced on 27 February 2008 with the 20 year operating period commencing on 16 July 2009.

DETAIL

Operations

As at 16 July 2009 facility operations commenced.

Typical operational conditions include:

- Mindarie Regional Council (MRC) to deliver 400 tonnes per day Monday to Friday
- BioVision to process 285 tonnes per day seven days per week
- 40,000 kilolitres of water consumed per year
- 3 MW hours of power consumed
- Approximately 40,000 tonnes of compost produced annually
- Approximately 30,000 tonnes of residue sent to Tamala Park annually
- 1,200 tonnes of ferrous metal recycled annually

Composter Structural Issues, Second Standstill deed and Insurance Claims

BioVision has advised that the final design for the long term repairs has been completed and is being independently verified. BioVision had programmed to undertake the long term repairs during February/March 2011 however this has now pushed out to commence in May 2011.

Composter No. 1 will be repaired from May to July and composter No. 2 from August to October. During the repair period, one composter will be fully operational and SITA is looking at options to operate the facility for longer hours in order to maintain an Availability of 70%. During the composter repairs the Standstill Deed (or a modified version) will be in place whereby BioVision guarantees a minimum Availability of 92%. Hence, although the MRC is required to pay a minimum 92% of the capital cost portion of the gate fee during the repairs, BioVision will guarantee to catch up the tonnage or reimburse the MRC the additional capital cost paid in excess of waste processed.

MRC and BioVision have had discussions with regards the possible changes to the Standstill Deed. The outcome of the discussion is that BioVision is proposing to extend the Resource Recovery Facility Agreement (RRFA) term to include the tonnage shortfall incurred during the long term repairs. BioVision has written to the MRC setting out the detail of the proposed extension. The MRC Administration is of the opinion that a contract extension is an acceptable solution, so long as the extension includes the Availability Shortfall between September 2009 and December 2009 for which the MRC has paid the Capital Cost and not received any benefit (21,345 tonnes were excluded from the original Standstill Deed). Based on the above opinion, the MRC Administration has written to BioVision providing an amended proposal with regards the possibility of a contract extension. This amended proposal has been accepted by BioVision and the parties are in the process of drafting a new Standstill Deed.

With the prospect of a Second Standstill Deed being a reality, there are now a number of options available to Council. These being:

- 1. Sign off on a version of the Second Standstill Deed which includes a contract extension for BioVision to work off the tonnage deficiency liability accumulated during the long term repairs and the processing of the MRC 21,345 tonnes. As part of this option MRC would need to withdraw from the composter crack insurance process as the MRC would no longer have suffered a loss.
- 2. Sign off on a version of the Second Standstill Deed which includes a contract extension for BioVision to work off the tonnage deficiency liability accumulated during the long term repairs but NOT the processing of the MRC 21,345 tonnes. As part of this option MRC would still be entitled to continue with the composter crack insurance claim as the MRC would still have suffered a loss.
- 3. Not accept the Second Standstill Deed in its current form and renegotiate an alternative outcome with BioVision.

The MRC Administration is of the opinion that Option 1 above will provide the best outcome for the MRC. This is based on the following:

- Extending the Contract to process the tonnage shortfall is a clean mechanism of dealing with these tonnes, as opposed to putting the RRF under pressure to "over perform" over an extended duration in an attempt to catch up the tonnage. In this forced "over performance" scenario, the MRC lost tonnage would not be included and the MRC would have to rely on the insurance claim process to attempt to cover its previous losses.
- With the MRC's 12,345 tonnes being included in the Second Standstill Deed, the MRC receives 100% benefit for its previously lost tonnage (21,345 tonne).
- It is highly unlikely that the MRC would receive close to 100% of its insurance claim out of a mediated settlement; hence the MRC would be significantly better off.

- MRC will no longer continue to incur legal fees in pursuing the insurance claim including no longer needing to participate in the mediation hearing in Sydney in June.
- The BioVision insurance claim process should be somewhat simplified with only one claimant (MRC no longer involved).

The one potential risk associated with the 21,345 tonnes being processed at the end of the existing contract term is that if the contract is terminated by default or insolvency before the tonnes are processed, the tonnes will be lost. This is no worse than the current situation (where the tonnes are already lost), but would be worse if the MRC would have received a payout from the insurance claim. The MRC Administration is of the opinion that it is preferable to accept 100% benefit for the lost tonnage with a minor possibility of the contract terminating early, in place of receiving a significantly reduced benefit through the insurance mediation process.

BioVision has also advised that it has taken the insurers to court in an attempt to obtain a resolution to its insurance claim pertaining to the composter cracks. The MRC has also submitted a claim against the insurers as a consequence of the composter cracks (\$3.3million) and is working with Freehills to ensure that the process is handled correctly.

As part of the BioVision claim and associated court action, the court has recently ruled that the parties (BioVision and insurers) are to attend a mediation hearing, in an attempt to reach a settlement on the claim. As part of the mediation process, all related parties have been invited to attend. This includes MRC. It is possible that a negotiated solution could be reached at the mediation and hence the importance that the MRC attend to be able to partake in any settlement that may be on offer.

Mediation is planned to occur sometime between mid-April and the end of June 2011. It is anticipated that the hearing will take up to 5 days as there are a number of related parties and a significant suite of documents to discuss.

The MRC will be represented by the CEO, Project Manager and David Goodman (Freehills). In order to partake in any settlement that may result from the mediation, it is essential that the MRC CEO have delegated authority to accept a settlement.

This issue of the Second Standstill Deed and the potential impact on the MRC insurance claim is currently a work in progress. Once the final details of the Second Standstill Deed are know, this matter will be discussed with Member Council officers and then tabled at a future Council meeting.

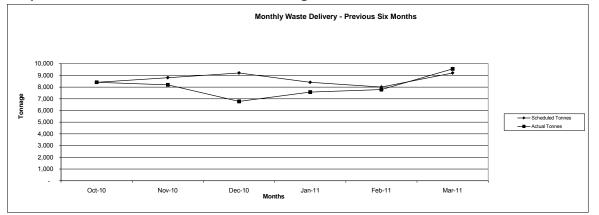

Waste Delivery

During the reporting period (January to March 2011), the RRF received 24,909 tonnes of waste which was 690 tonnes (1.7 days deliveries) below scheduled (25,600 tonnes). This was primarily due to an 828 tonne shortfall in January associated with the replacement of the bearings on composter 2.

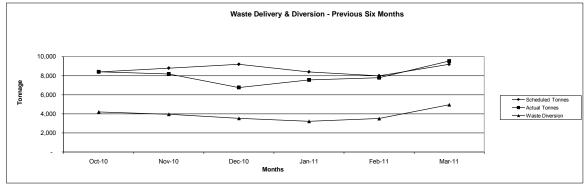

SITA continue to try and resolve the issues relating to the acceptance of rear lift vehicles at the RRF. They are currently looking at vehicle modifications as opposed to facility modifications as there is a concern that lowering the wheel stop wall may have a negative safety impact.

The graphs below provide data up to 31 March 2011.

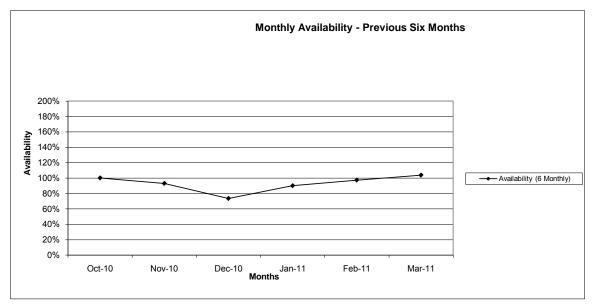

Graph No. 1 – Actual vs. Scheduled Tonnage

* The Target Availability during the Initial Operating Period is to achieve an Availability of greater than 95% over a six-month period.

** Numerous complaints relating to a single event are treated as a single complaint.

In accordance with the RRFA, the KPI's relating to waste type (Waste Diversion, Quality of Compost, and Quantity of Recyclable Packaging) are able to be adjusted so far as the

variability in the quality impacts a particular KPI. Consequently; there will be no fee abatement for failure to achieve the related KPI's until waste variability has been finalised. This is currently being assessed by both parties.

Waste Diversion

The average waste diversion for the past six months (October to March) has been 48.3%.

At the Ordinary Council Meeting (OCM), 25 August 2010 Council approved a revised interim WDT from 71.4% to 60%. This revised value will apply until the final WDT can be determined (July 2011).

Waste Diversion Target is covered in a separate Item.

Compost Quality

The contractual arrangements surrounding the management of compost are as follows:

- MRC, via the RRFA has contracted with BioVision to manage all compost
- BioVision, via the Asset Management Agreement (to which the MRC is not a party) has contracted with SITA to manage all compost
- SITA has then contracted with Custom Compost as a specialist compost management company to manage all compost
- MRC has no contractual link to SITA or Custom Compost with regard to compost management
- MRC pay BioVision:
 - \$24.4kilo per year for marketing compost
 - \$8.80 per tonne as a Logistic Management Fee for each tonne the compost produced
 - \$7.80 per tonne as a Transport Fee for 50% of the tonnage of compost produced
- All costs (including additional transport) are covered by BioVision (passed through to Custom Compost)
- Compost revenue distribution:
 - Custom Compost receives 5% of all compost sales revenue
 - Remaining revenue offsets cost in the following order of priority
 - 1. Custom Compost additional transport costs incurred
 - 2. MRC Logistics Management Fee and Transport Fee paid
 - Remaining revenue after offset of costs is shared:
 - 1. 50% MRC
 - 2. 25% BioVision
 - 3. 12.5% SITA
 - 4. 12.5% Custom Compost

The quality of the compost being produced continues to meet the required standards, with all compost being removed from site immediately. To date there has been no problem with Custom Compost finding markets for the product.

To date compost has been used for the following purposes:

- Turf farms
- Olive farms
- Custom Compost facilities north and south of Neerabup for blending, storage blending and then distribution to customers
- Spillage absorbent (replacement for saw dust)

Quantity of Recyclables

At the Ordinary Council Meeting on 24 February 2011 Council requested a detailed report on the treatment of the ferrous metal coming out of the RRF.

The RRFA has a ferrous metal recycling target of 0.8% or 800 tonne per year. For the first 17 months of the contract, SITA extracted approximately 1% ferrous metal or 1,000 tonne per year. This was slightly more than anticipated at the contract outset. SITA received approximately \$150 per tonne for the ferrous metal which equated to \$150,000 per year revenue.

In October and November 2010, Sims Metal, raised the issue of gas bottles in the extracted metal and consequently, at the end of November withdrew its metal bins and stopped taking the metal. SITA had no choice but to switch off the magnets and stop extracting metal from the residue. This resulted in all metal staying in the residue and ending up in the landfill. The financial impact to SITA was that it went from receiving \$150,000 per year (\$12,500 per month) to paying \$120,000 per year (\$10,000 per month) to dispose of the metal at Tamala Park. That is a swing of \$270,000 per year (\$22,500 per month).

Following the withdrawal of Sims Metal, SITA immediately commenced negotiations with other metal merchants including OneSteel (OneSteel and Sims Metal are the only two local exports of scrapmetal in Perth). OneSteel expressed a concern with the quality of the scrapmetal, specifically the plastic content. A number of smaller metal merchants were interested in taking the metal, but when they took it to Sims Metal and OneSteel as the downstream exporters of the product, Sims Metal and OneSteel were aware of the product and refused to take it. Hence, the small metal merchants were unable to assist SITA, even if SITA gave them the metal for free (\$150 per tonne loss to SITA).

SITA has attempted to modify the metal extraction chutes to improve the quality of the metal being extracted, however, this was not successful.

SITA is currently dealing with a small metal merchant to attempt to clean up the scrapmetal before it is sent off to either Sims Metal or OneSteel. SITA is also dealing with Sims Metal to try and negotiate a solution to the disposal of the extracted metal.

The impact to the MRC as a result of the metal not being extracted is that approximately 85 tonne per month of metal is ending up in landfill; hence consuming additional airspace (0.3% of monthly airspace consumption). The MRC is however paid \$105 per tonne for the disposal of the metal as residue, which equates to approximately \$9,000 per month. The MRC does not pay BioVision an additional gate fee as a result of the metal ending up in the landfill.

In consideration of the final Waste Diversion Target (WDT) the fact that the metal should be diverted from landfill will be considered and will increase the WDT accordingly (to the MRC benefit).

Residue Disposal

All Residue from the RRF has previously been disposed of at Tamala Park. This residue is made up of a number of material types generated from various points within the process:

- Primary Screening Residue (Main Source)
- Ballistic Separator Residue
- Secondary Screening Residue
- Dust

The ballistic separator residue consists of the heavier inorganic portion of the compost. This residue is considered inert and hence is able to be disposed of at an inert (Class 1) landfill. The residue is currently being sent to Eclipse Resources during weekdays and Tamala Park over the weekends (Eclipse Resources closed on weekends).

The issue of residue generation and disposal is being dealt with as part of the WDT assessment currently being undertaken by the Strategic Projects Committee (SPC) WDT sub-committee.

Air Quality

The MRC has completed air quality monitoring in the Receival Hall and in the drivers' cabs. The conclusion of the independent assessment was that air quality is satisfactory and within allowable industrial exposure limits.

A copy of the report has been sent to all member Councils for information.

The City of Wanneroo subsequently wrote to the MRC requesting clarity on the potential health impacts associated with odour in the receival hall.

The air quality report was modified to include a section answering the City of Wanneroo concerns. This modified report was once again sent to all member Councils.

Community Complaints

During the reporting period there were three complaints received from the golf course, all of them in January.

Project Insurance

Project Insurances are renewed annually by BioVision, with the associated insurance costs forming part of the RRF gate fee.

BioVision wrote to the MRC on 30 September 2010 advising that one of the insurers (CGU) has declined to renew the Industrial Special Risks Policy, therefore BioVision had to make enquiries to off-shore insurers in an attempt to secure the required insurance and that the new policy was to cost significantly more than the current policy.

Following receipt of written confirmation of the significant increase in insurance costs and policy deductibles, the MRC has sought specialist insurance advice on what can be done and also legal advice as to how the insurance costs and liabilities are to be handled.

The specialist insurance advice concluded that:

- It was not professionally acceptable for the MRC to go out and obtain alternative insurance quotes (contractually, this is a BioVision responsibility).
- From the correspondence received, it appears that BioVision, through JLT, has put in a significant effort to obtain quotes from the worldwide insurance industry (however would need to be quantified).
- If the MRC is liable for the additional deductible liability, then the MRC needs to review what actions can be undertaken to reduce the risk of an insurable event occurring (operational changes, housekeeping)

This remains an ongoing matter that is under investigation.

Project Advisory Group

MRC Representatives: Cr Laura Gray Kevin Poynton (CEO) Chris Colyer (Town of Cambridge)

MRC Alternates: Cr Dot Newton Kalwant Dhillon Anthony Vuleta (Town of Victoria Park) BioVision Representatives: Emmanuel Vivant Craig Barker Nial Stock

BioVision Alternates: Alan Turner Kevin Wilson

The PAG recently met on 2 February 2011 and again on 9 March 2011.

Items dealt with by the group include:

- Composter Structural Issues
- Waste Diversion Target
- Ferrous Metal Recycling
- Annual Audit
- BioVision Monthly Report/Update
- Waste Residue Options
- Receival Hall air quality monitoring City of Wanneroo Driver Concerns
- Project Timeline
- Compost Marketing
- Bearing Replacement
- Community Liaison
- Project Insurance

- Feedstock Optimisation
- Continuous Improvement Program

Copies of the meeting minutes are distributed to the Agenda Review Committee and Strategic Projects Committee members and all MRC Councillors.

MRC Infrastructure Development

Visitors Centre

Following the completion of building works, the Visitors Centre internal fit-out is currently being carried out.

Vehicle Washdown Facilities

The MRC has received requests for a vehicle washdown bay at the RRF. It was never intended that a vehicle washdown bay would be provided on site; however, following the member Council requests, the MRC developed a concept design scope the work and budget pricing for construction and included it in the mid-year budget review, *which was accepted by Council.*

The MRC is currently carrying out the detailed design of the facility during this financial year to determine an accurate construction cost for inclusion in the 2011/12 financial year budget.

Community Engagement

The MRC community engagement program continues to be managed via the Community Engagement and Advisory Group (CEAG).

The group last met on 9 February 2011 at the Joondalup Resort.

Issues covered at the meeting included:

- Project update from the MRC and SITA
- SITA Stakeholder Consultation Group
- CEAG review of RRF project

On 2 March, the group held a meeting involving only the community members and the chairperson to review the past 7 years of the group's activities. A report is due to be provided to the MRC Administration on the outcome of the review. This report will be presented to Council at a future council meeting.

RRF Stage 2 Development

The development of a Stage 2 RRF is a matter being dealt with by the Strategic Projects Committee.

CONSULTATION

Consultation during the period has occurred with the following groups:

- Freehills
- BioVision2020
- SITA

STRATEGIC IMPLICATIONS

The development and operation of resource recovery in the region is consistent with the following Principals described in Strategic Plan 2009 – 2029:

- Community Focus
- Innovation
- Partnership
- Leadership

In particular, Stage 1 RRF conforms with Objective 1 – Waste Management to maximise resource recovery and minimise waste to landfill in order to minimise environmental impact.

FINANCIAL IMPLICATIONS

Composter Crack Insurance Claim

The MRC has formally submitted an insurance claim and has recently been invited to participate in the mediation hearing between SITA and the insurers. Freehills has provided guidance on these matters as well as anticipated costs associated with attending the mediation (in Sydney).

The mediation hearing is anticipated to cost approximately \$130,000. This includes Freehills research and background work as well as attendance at the hearing in Sydney for three people for five days. These costs have been included in the RRF costs in the mid-year review.

Following the finalisation of a possible contract extension to allow BioVision to "work off" the tonnage shortfall that the MRC incurred during the initial period of the composter cracks, the MRC is likely to withdraw the insurance claim and hence save the majority of the above costs.

Insurance Costs

As a consequence of the increase in insurance costs, BioVision has adjusted the Gate Fee Model; which results in an increase of \$2.60 tonne from 1 October 2010. With 74,400 tonne of waste scheduled to be delivered to the RRF from 1 October to the end of the financial year, this would result in an additional cost to the MRC of \$193,440. The impact of this has been considered in the mid-year budget review.

Operational Expenditure

The Project Operational Summary below sets out the 2010/11 facility operating budget against which operational costs are tracked throughout the year.

AGENDA REVIEW COMMITTEE MEETING - 8 APRIL 2011

The group discussed the following matters:

- the proposed Standstill Deed and the impact on the current insurance claim
- the option for metal that is not acceptable to the scrap merchants to be disposed of at an inert landfill site
- updating of the "Project Operational Cost Summary" to include the March BioVision Payment

MRC OFFICER RECOMMENDATION

That Council :

- (i) note the RRF update report for the period 11 January 2011 to 31 March 2011
- (ii) note the following operational aspects associated with the RRF that are currently being dealt with:
 - composter long-term repairs;
 - composter crack insurance claims (MRC and BV);
 - SITA ongoing investigation of accepting rear lift vehicles;
 - assessment of incoming waste and facility operations in order to finalise the Waste Diversion Target by July 2011;
 - SITA problems associated with disposal of ferrous metal;
 - RRF Project Insurance renewal process and cost; and
 - vehicle wash down facility.

Attachment(s): 1. 2010/11 Listing of Further Savings Identified

Author: Kevin Poynton

SUMMARY

The purpose of this Item is to provide Council with further information on further expenditure reduction options for Financial Year (FY) 2010/11.

BACKGROUND

Council, at its Special Council Meeting held on 17 March 2011, resolved, inter alia, at part (viii).

"(That Council)

(viii) approves that the deficit in 2010/2011 is to be met by further savings over the balance of the financial year as identified by the administration to be reported to the Council at the next Ordinary Council Meeting. The retained surpluses may need to be used but these are only to be considered as a matter of last resort."

The administration has conducted further work on the task of identification of further savings, in addition to those considered at Special Council Meeting 17 March 2011. Council consideration is now appropriate.

DETAIL

The administration has identified further expenditure reduction options, and conducted an analysis on the impact of these reductions.

This information is contained in Attachment One to this Item.

CONSULTATION

N/A

STATUTORY ENVIRONMENT

This review is carried out as a follow-on action by Council with regards to the Mid-Year Review and is carried out in accordance with Regulation 33A of the Local Government (Financial Management) Regulations 1996.

POLICY IMPLICATIONS

N/A

FINANCIAL IMPLICATIONS

The savings in expenditure of \$319,200 will reduce the projected deficit for the year from \$932,485 to \$613,285.

The Administration is confident of reducing this remaining deficit of \$613,285 to zero by the following strategies:

| • | Increased Tonnages from Casuals / Commercials | \$100,000 |
|---|---|-----------|
| | There is a trend of increased tonnages from the Casual / Commercial (non-Members) from January to March 2011 beyond our mid-year projections and if this trend continues a further 3,000 tonnes can be expected | |
| • | Adjustment in RRF Amortisation | \$118,000 |
| | Relates to Pre-operating Expenses (Interest element removed) | |
| • | Reduction in Amortisation Costs | \$400,000 |
| | Reduction of Post Closure Management costs (Provision for Monitoring), Amortisation cost and Provision for Capping following a further review and update of estimates in conjunction with 2011/12 Budget preparation | |
| | Total | \$618,000 |

For information purposes, a deficit for the financial year is the excess of Operating Expenditure over Operating income for the financial year.

STRATEGIC IMPLICATIONS

N/A

COMMENT

The administration has conducted an ongoing exercise in relation to the identification of options for expenditure reduction in FY 2010/11.

Those further potential reductions, described at Attachment One to this Item, are assessed as workable, without comprise to the Council's duty of care to staff or customers.

Notwithstanding this, these reductions are likely to lead to a reduction in capability within the business.

MRC OFFICER RECOMMENDATION

That Council:

(i) approve the decrease in expenditure of \$319,200 in the following areas:

| - | Employee Costs | \$45,300 |
|----------|--------------------------------------|-----------|
| - | Consultants & Contract Labour | \$13,600 |
| - | Communications & Public Consultation | \$30,500 |
| - | Landfill Expenses | \$159,700 |
| - | Office Expenses | \$3,300 |
| - | Information Systems Expenses | \$49,000 |
| - | Plant & Vehicle Operating & Hire | \$12,800 |
| - | Elected Members Costs | \$5,000 |
| Total Sa | \$319,200 | |

(ii) note the strategies Administration is adopting to reduce the deficit for this financial year to zero

| Author: | Mike Tolson | | | |

SUMMARY

The purpose of this item is to provide the Mindarie Regional Council (MRC) elected members with the outcome of tenders received in response to the Request for Tender 13/115 Administration Building Courtyard Conversion at Tamala Park Waste Disposal Facility. The aim of this project is to provide additional administration accommodation without significant building construction.

When the MRC administration building was initially constructed it housed 7 staff but now accomodates 20 part-time and permanent staff which is causing impacts on office space and in the kitchen at staff meal times. It is proposed to gain the additional office space within the building by dividing the existing conference room to form three office spaces and to enclose the courtyard area to form a new conference room. The enclosed courtyard would also relieve crowding in the kitchen during staff meal times by providing additional space to consume their meals.

BACKGROUND

At the Special Council Meeting conducted 24 June 2010, the Council approved in the 2010/2011 budget capital expediture of \$92,000 for building works at Tamala Park for to the Administration accommodation.

DETAIL

The Tender Process

The tender assessment was conducted on behalf of the Council by consultants Hodge Collard Preston Architects. The report on this assessment is included as Attachment One to this report.

Tenders were invited via a public advertisment in the West Australian newspaper on Wednesday 02 March 2011. The deadline for the receipt of tenders was on Monday 21 March 2011, by which time tenders had been received from the following seven companies:

- Adrina Construction
 1 Seaham Way
 Mindarie WA 6030
- Devco Holdings Pty Ltd Nautical Court Yanchep WA 6035

Page 126

- Connolly Building Company
 66 Lakeside Drive
 Joondalup WA 6027
- Dalcon Construction Pty Ltd 3/33 Archer Street Carlisle WA 6101
- CPD Group
 113 Kew Street
 Welshpool WA 6106
- KMC Group
 9 Vinnicombe Drive
 Canning Vale WA 6155
- Stillcon Pty Ltd
 1/249 Balcatta Road
 Balcatta WA 6021

Compliance

The tender required that tenders submit at least the following information:

- (a) Compliance with the Specification contained in the Request;
- (b) Compliance with the Conditions of Tendering;
- (c) The Quality Assurance requirements for this Request is that the tender's QA be nationally recognised;
- (d) Compliance with the Delivery Date;
- (e) Compliance with and completion of Part 3, Attachments A and B; and
- (f) Compliance with Referees. Tenderers are to list the names of the State or Public Authorities and / or private companies which have utilised the tenderer to service contracts together with references (name and telephone number).

One of the seven tenders received did not meet the compliance requirements.Stillcon Pty Ltd did not supply Attachments 8, 12 and 13 also Tenderers Offer pages 24 and 26 were not submitted and list of subcontractors was not included. This bid was deemed to be a non-conforming tender.

Tender Assessment Methodology

The tenders that met the Compliance Criteria were then assessed against the following criteria to determine Value for Money to the MRC. The criteria and their weightings were specified in the RFT:

| a. b. | N | rice on-price Criteria omprising: | 70% weighting; 30%,weighting |
|----------|-----|---|---------------------------------|
| | І. | Demonstrated Experience | (15%) |
| | II. | Skills and Experience of Key Personnel | (15%) |

A weighting of 70% for Price was allocated, which is the lower end of the normal range (60% - 90%) reflecting the uncomplicated nature of the construction required.

TENDER ASSESSMENT

Compliance Criteria

• Demonstrated and Relevant Experience

Devco Builders, Dalcon Construction, CPD Group, Connolly Building Company, and KMC Group are well known who all have extensive local and state government project experience. Adrina Construction, although no local government project experience, has satisfactory residential, multi-resdential and mixed-use construction experience in Western Australia in projects up to \$7.75 million in value. Registered Builder in Western Australia since 2006, the company has been working in the construction industry since 2003.

• Skills and Experience of Key Personnel

All tenderers provided details which indicated that all of their key personnel have a satisfactory level skill and experience to successfully undertake this contract.

Price Schedule

Table 1 provides a summary of the prices and project duration information submitted by the Tenderers.

| | COMPANY | TENDER PRICE (Excluding GST) | CONSTRUCTION TIME |

Other Non-Price Criteria

Quality Assurance

The RFT requirement for a "third party", i.e. nationally recognised quality assurance system was not satisfied by any of the Tenderers. However, all the Tenderers provided documentation to shown that they have an internal quality assurance system to satisfy the requirements for this criteria.

Financial Capacity

All tenderers provided financial reports and financial referees in accordance with the RFT. The Consultants assessment of that information is that each of the tenderers has the financial capacity to undertake the the contract. Due diligence check by the Council Administration of the lowest bid is ongoing and the results of the check will forwarded when completed.

STATUTORY ENVIRONMENT

FINANCIAL IMPLICATIONS

Provision of \$92,000 exists within the context of Council's annual Budget for this project. The recommended tenderer has submitted a price of \$117,571.80 indicating a deficit of \$26,000 in the overall project cost. The deficit comprises a shortfall of \$16,000 and a builder's contingency of \$10,000 which may not be incurred. The additional funds required to complete this project would be sourced by the re-allocation of funds from the Landfill Phase III Development budget allocation, which project has been delayed until early 2011/12.

STRATEGIC IMPLICATIONS

COMMENT

The evaluations of the Tender Submissions have been undertaken in accordance with the Mindarie Regional Council tender guide. The evaluation concluded that Adrina Constructions' submission represents the best value for money for the Council.

It is recommended that Adrina Construction is awarded the Contract for the construction / renovations of the Administration Building Courtyard Conversion at the Mindarie Regional Council (MRC) Waste Management Facility at Tamala Park in accordance with the specification and the Terms and Conditions as specified in RFT13/115 subject to the results of the financial due diligence audit.

AGENDA REVIEW COMMITTEE MEETING – 8 APRIL 2011

The Committee agreed modifications to the report as follows:

- Clarification on purpose of administration building courtyard conversion
- All figures in document to be exclusive of GST

MRC OFFICER RECOMMENDATION

That Council:

- (i) accept the tender offered by the Adrina Construction of \$117,571.80 (exclusive of GST) Administration Building Courtyard Conversion at Tamala Park Waste Disposal Facility
- (ii) approve the re-allocation up to a maximum of \$26,000 from the Landfill Phase III Development budget to fund the additional project cost

MINDARIE REGIONAL COUNCIL

30TH March 2011

EXECUTIVE SUMMARY

Adrina Construction be awarded the Contract for the construction / renovations of the Administration Building Courtyard Conversion at the Mindarie Regional Council (MRC) Waste Management Facility at Tamala Park in accordance with the specification and the Terms and Conditions as specified in RFT13/115.

The evaluations of the Tender Submissions have been undertaken in accordance with the Mindarie Regional Council tender guide. The evaluation concluded that Adrina Constructions' submission represents the best value for money for the Shire, based on the information received and their tender score in accordance with Appendix 8 of the Mindarie Regional Council tender guide.

The evaluation process included contact with referees to verify the claims made by the recommended Respondent. The comments received were positive and confirmed a high level of satisfaction.

Auditing of financial information of Adrina Construction has not been carried out. Mindarie Regional Council shall remain responsible for review of Adrina Construction's financial capabilities to complete the project.

The Contract price of \$117,571.80 excluding GST is fixed and firm from the date of acceptance. The construction time is confirmed as twelve (12) weeks.

1.0 TENDER PROCESS

1.1 **PROJECT BACKGROUND**

The Mindarie Regional Council issued RFT13/115 - Administration Building Courtyard Conversion at Tamala Park Waste Disposal Facility - 1700 Marmion Ave, Mindarie.

The scope of the tender included the enclosure of the existing courtyard, new walls, roof windows and doors, two a/c wall split units and internal fit-out to create an indoor / outdoor multipurpose space.

1.2 SCOPE OF TENDER

The Request was advertised in The West Australian newspaper on Wednesday 2nd March 2011. The closing time and date for lodgement of a response was 12 Noon on 21st March 2011 to Mindarie Regional Council Tender Box.

1.3 REQUEST FOR TENDER

This Request specified the requirements of the Council and invited suitably qualified and experienced Respondents to submit bids to enter into a Contract for RFT13/115 for the construction/renovations of the Administration Building Courtyard Conversion at the Mindarie Regional Council (MRC) Waste Management Facility at Tamala Park in accordance with the specification.

A full statement of the requirements under the proposed contract was detailed in the Specification and Special Conditions of Contract-Part 2.

1.4 NON-CONFORMING TENDERS

A Tender shall be rejected without consideration of its merits in the event that it is not submitted before the Deadline and at the place specified in the Request and may be rejected if it fails to comply with any other requirements of the Request.

Tenders are checked for completeness and compliance. Tenders that do not contain all information requested (e.g. completed Offer form and Attachments) may be excluded from evaluation.

1.5 SITE INSPECTION AND INTERVIEWS

Tenderers shall be deemed to have visited the site and inspected the prospective works.

There are no interview requirements set out in the RFT13/115.

1.6 TENDER EVALUATION PROCESS

Tenderers were evaluated using information provided in their Tender submission.

Quality Assurance

The RFT requirement for a "third party", i.e. nationally recognised quality assurance system was not satisfied by any of the Tenderers. However, all the Tenderers provided documentation to shown that they have an internal quality assurance system to satisfy the requirements for this criteria.

Financial Capacity

All tenderers provided financial reports and finacial referees in accordance with the RFT. The Consultants assessment of that information is that each of the tenderers has the financial capacity to undertake the the contract. Due diligences check by the Council Administration of the lowest bid is ongoing and the results of the check will forwarded when completed.

5.0 **RECOMMENDATION**

Adrina Construction be awarded the Contract for the construction / renovations of the Administration Building Courtyard Conversion at the Mindarie Regional Council (MRC) Waste Management Facility at Tamala Park in accordance with the specification and the Terms and Conditions as specified in RFT13/115.

The evaluations of the Tender Submissions have been undertaken in accordance with the Mindarie Regional Council tender guide. The evaluation concluded that Adrina Constructions' submission represents the best value for money for the Shire, based on the information received and their tender score in accordance with Appendix 8 of the Mindarie Regional Council tender guide.

The evaluation process included contact with referees to verify the claims made by the recommended Respondent. The comments received were positive and confirmed a high level of satisfaction.

Auditing of financial information of Adrina Construction has not been carried out. Mindarie Regional Council shall remain responsible for review of Adrina Construction's financial capabilities to complete the project.

The Contract price of \$117,571.80 excluding GST is fixed and firm from the date of acceptance. The construction time is confirmed as twelve (12) weeks.

| ITEM 8.1.7 | RE-ALLOCATION OF MINDARIE REGIONAL COUNCIL WESTERN AUSTRALIAN TRANSITIONAL E-WASTE PROGRAM FUNDING |
|----------------|---|
| File No: | WST/27 (D/11/2162) |

SUMMARY

The purpose of this item is to inform the council of a recommendation to approve the reallocation of Western Australian Transitional E-waste Program (WATEP) funding from Mindarie Regional Council (MRC) to Western Metropolitan Regional Council (WMRC).

BACKGROUND

On 22 December 2010, the Minister for the Environment approved the Western Australian Transitional E-waste Program as the approved interim approach to providing support to the E-waste collections in Western Australia prior to the roll out of a National Television and Computer Product Stewardship Scheme (National Scheme). WATEP commenced on 1 January 2011 and is intended to run until the National Scheme is operational in the Metropolitain area or for three years, whichever is sooner. Both MRC and WMRC are participants in WATEP. The WATEP program is a shared responsibility between the Waste Authority and is administered by the Waste Management Branch Department of Environment and Consevation (DEC).

The notional amount of WATEP funding allocated to the MRC for the three year program is \$328,178 split equally between the MRC collection centres at Tamala Park and Balcatta, the amount apportioned to each is \$164,089. These figures are derived from the WATEP calculation methodology resulting in a cap allocated on the basis of per head population.

DETAIL

In a letter received by MRC on 9th March 2011; Mr Adam Johnson CEO WMRC, contends that WMRC has been concerned that its allocation of WATEP funding is insufficient to cover demand, primarily because the McGeough Resource Recovery Facility (the facility) which is the WMRC E-waste collection point serves a broader population than the members Council residents, in particular the residents of the Town of Cambridge. That residents of the Town of Cambridge use the facility is supported by the HHW collection day run 12 February 2011, in which 30% of all customers were from the Town of Cambridge.

The WMRC has requested shifting the Town of Cambridge allocation from MRC to WMRC which would involve \$4,153 in the first year. This would represent a 40% increase in the WMRC allocation, and a 5% decrease in the MRC/City of Stirling allocation.

Town of Cambridge Support

Town of Cambridge Director Infrastructure, Mr Chris Colyer, has indicated that the Town of Cambridge Administration fully supports the WMRC request to re-allocate the Town of Cambridge WATEP first year funding to WMRC and is offering to match the \$4,153 if the WATEP funding re-allocation is supported by MRC.

POLICY IMPLICATIONS

STRATEGIC IMPLICATIONS

FINANCIAL IMPLICATIONS

This proposal would mean a reduction MRC/City of Stirling WATEP funding allocation by \$4,153.

COMMENT

The re-allocation of Town of Cambridge WATEP funding to WMRC is seen as a positive step supporting the adjacent regional council for the benefit of Town of Cambridge and MRC, because it would reduce the need for temporary HHW dropoff days at the Town of Cambridge, saving the MRC a cost of \$21,672 to conduct the collection day and is sending a positive message to all Cambridge residents that this HHW and E-waste material is not to be included within the general waste bin which is processed at the RRF.

Participating in this proposal offers all MRC members in particular, the southern members, an alternative closer facility to Balcatta and Tamala Park.

AGENDA REVIEW COMMITTEE MEETING – 8 APRIL 2011

The Committee agreed minor changes to the report.

MRC OFFICER RECOMMENDATION

That Council:

- (i) approve the re-allocation of the Town of Cambridge Western Australian Transitional E-Waste Program (WATEP) Year One funding of \$4,153 to the Western Metropolitan Regional Council
- (ii) authorise the CEO Mindarie Regional Council to re-allocate Town of Cambridge WATEP funding for years Two and Three when these amounts are advised, to the Western Metropolitan Regional Council

ITEM 8.1.8MINDARIE REGIONAL COUNCIL – POLICY DOCUMENTATION –
NEW POLICYFile No:COR/23 (D/11/2137)Attachment(s):1. 34B Use of Social MediaAuthor:Kathleen van Son

SUMMARY

The purpose of this item is to continue the process for Council to approve new and revised Mindarie Regional Council (MRC) Policies.

BACKGROUND

Council had previously agreed that an exercise should be conducted to review MRC policies and obtain Council approval for new and revised policy documents. This process has commenced and Council consideration of the ongoing work is now appropriate.

DETAIL

Structure of Business Documentation

The Council utilises a business manual which comprises both policies and procedures. These documents are reviewed on a regular basis.

Review Progress

The exercise for the creation and reviewing of policies has progressed to the point of a review of Part A – Governance and Part B – Business. A new Policy is now presented for Council approval and is described at Attachment One to this Item.

CONSULTATION

Consultation took place with the MRC's Communications Manager Ms Gae Synnott.

RATIONALE FOR NEW POLICY

The MRC's overall communication aim is behavioural change, specifically to promote behaviour that is consistent with the region's operational plans for waste minimisation and resource management.

To achieve this MRC need to bring waste into the mainstream consciousness of the community. This will only be possible if MRC is able to communicate with the regional community using the communication mediums they access regularly. As this is increasingly electronic and web-based, the strategy is to utilise the website as the hub of our communications. This provides the platform for the use of social media, and the Earth Carers blog and forum is the first step into this social media field.

A Procedure for the use of social media has also been produced. The Procedure will be reviewed by the MRC Management Team following approval of this Policy 34B - Use of Social Media.

The Procedure includes the following guiding principles:

- Confidentiality
- Privacy
- Integrity
- Copyright
- Respect for co-workers
- Moderators trained staff to monitor comments ie controversial issues
- Disclaimers

STATUTORY ENVIRONMENT

Not applicable.

POLICY IMPLICATIONS

Mindarie Regional Council's approved policies will form part of the Council's business manual.

STRATEGIC IMPLICATIONS

This review will have no direct strategic implications.

COMMENT

The administration has commenced the process of the review of business documentation. This new policy is now submitted for Council consideration and approval.

AGENDA REVIEW COMMITTEE MEETING - 8 APRIL 2011

The Committee agreed that such a Policy was appropriate, regardless of the potential limited scope of ongoing MRC education programs, or the premise that the website activities encompass 'social media' via the 'blog' function.

MRC OFFICER RECOMMENDATION

That Council approve Policy 34B Use of Social Media, which will form part of the MRC Business Manual, Part B, Business.

ORDINARY COUNCIL MEETING

28 APRIL 2011

POLICY 34B USE OF SOCIAL MEDIA

Mindarie Regional Council Business Manual – Policies

POLICY NO: 34B

POLICY: USE OF SOCIAL MEDIA

ISSUED: MARCH 2011

REVIEWED:

OBJECTIVE:

This policy governs the publication of and commentary on social media by employees of the MRC. The effective use of social media contributes to creation and consolidation of the MRC's brand and reputation.

POLICY:

For the purposes of this policy, social media means any facility for online publication and commentary which allows users to interact in some way by sharing information, opinions, knowledge and interests. It includes, without limitation, blogs, forums, wikis, social networking sites such as Facebook, LinkedIn, Twitter, Flickr, and YouTube.

This policy is in addition to and complements any existing or future policies regarding the use of technology, computers, e-mail and the internet.

At this point the only social networking activity authorised by the MRC is blogs and forums. Activity on all other social networking sites is currently not authorised by the MRC during work hours although employees are free to utilise these sites as individuals outside of work hours subject to the procedures.

This policy will be reviewed and amended accordingly, as and when further social media activity is adopted by the MRC.

Authorisation

The MRC is moving incrementally into the use of social media, on a project by project basis. The staff involved with those projects will be authorised to use social media. This list of authorised staff will be reviewed over time.

Staff positions authorised to engage with MRC Social Media

- Chief Executive Officer (CEO)
- Marketing & Education Manager
- Project Officer Resource Recovery Facility (RRF)
- Waste Education Staff
- Records Officer

This group of employees is free to publish or comment via social media on the MRC **website**, **blog and community forum**, in accordance with this policy and as directed by the Marketing and Education Manager. Such employees are subject to this policy to the extent they identify themselves as an MRC employee (other than as an incidental mention of place of employment in a personal social media on topics unrelated to the MRC).

Non-authorised MRC employees are not allowed to publish or comment via social media in any way during work hours or using work facilities, or in any way that suggests they are doing so in connection with the MRC. Employees are also not allowed to publish or comment on social media outside of work hours in any way that suggests they are doing so in connection with the MRC. Policy violations will be subject to disciplinary action as set out in MRC Policy, Code of Conduct for Employees, issued to all MRC Employees commencing December 2007.

Records Management

All official social networking activity will be captured in accordance with MRC Records Management Policies and Procedures. This area is controlled by the Administration Manager.

Training

All authorised MRC spokespeople are required to attend training before commencing social networking activity on behalf of the organisation.

RESPONSIBILITY:

The Chief Executive Officer is responsible for the implementation and monitoring of this policy. The Marketing and Education Manager is responsible for leadership and the management of all aspects of this policy, including demonstration with documentation, of evidence associated with any breaches of this policy.

Supervisors and employees are responsible for ensuring that all policies and procedures are adhered to.

2 CONFIRMATION OF MINUTES OF PREVIOUS MEETING – 4 FEBRUARY 2010

MOTION: Moved: Doug Forster Seconded: Chris Colyer

The Committee noted that these Draft Minutes had been to MRC Ordinary Council Meeting February 2011 prior to their consideration and endorsement by this Committee. The committee agreed that any action-oriented recommendations would be considered by Council at its earliest opportunity via a report as per the process noted in the Committee's Terms of Reference.

RECOMMENDATION

That the Minutes of the Strategic Projects Committee Meeting held on 4 February 2011 be taken as read, confirmed and the Chairman invited to sign same as a true record of the proceedings.

(Carried: 5/0)

3 BUSINESS ARISING FROM THE PREVIOUS MEETING

(Refer Action Sheet Page 4)

The Committee noted that all Items on the Action Sheet were listed for discussion within the Agenda. The Committee agreed that a revised Action Sheet, as at end Strategic Projects Committee (SPC) meeting 11 March 2011 would be constructed and included in the Minutes of this meeting.

4 STRATEGIC PROJECTS / INITIATIVES

MOTION: Moved: Doug Forster Seconded: Martyn Glover

The Agenda be altered, to accommodate Item 4.11 earlier in the meeting.

(Carried: 5/0)

4.11 MRC Establishment Agreement

The Committee agreed Recommendation on this matter is as listed, and noted that the CEO MRC would co-ordinate this matter with Mr John Woodhouse, as MRC's legal advisor. This work is to be considered at the next MRC SPC meeting on 8 April 2011.

MOTION: Moved: Doug Forster Seconded: Martyn Glover

SPC RECOMMENDATION

That Council:

- (i) note that the agreement drafted as a result of the meeting of member Council representatives on 30 November 2010 be now referred to as the 'draft MRC Establishment Agreement'
- (ii) note that the MRC SPC has requested the CEO MRC to task Mr John Woodhouse, legal advisor, with tasks as follows in relation to this draft MRC Establishment Agreement:
 - identification of any concerns in relation to the requirements of the Local Government Act 1995;
 - explanation of what appears to be proposed by the new provisions and queries whether those matters are as intended by the Participants; and
 - identification of any matters of concern from a legal or drafting perspective.
- (iii) note that SPC has requested CEO MRC to provide the completed report from Mr Woodhouse to its next meeting on 8 April 2011.

(Carried: 5/0)

Doug Forster left at 9.10am

4.1 Strategic Integrated Regional Plan

The Committee agreed that, at its next meeting, duration of 45 minutes would be allocated to a discussion on this Report with the aim as follows:

"To conduct a discussion to finalise the Hyder report for its future use within the context of the review of the MRC Strategic Plan."

The Committee requested the CEO MRC to arrange the attendance of Dr Ron Cacioppe for this discussion, as it may assist in understanding the business and future direction of the MRC.

4.2 Future Landfill Site

Nil discussion, however MRC Administration representatives outlined that this was an ongoing priority for identification.

4.3 RRF Stage One Project Update (including Waste Diversion)

The Committee agreed a Recommendation to Council.

MOTION: Moved: Martyn Glover Seconded: Chris Colyer

SPC RECOMMENDATION

That the Strategic Projects Committee request MRC Administration to present the CONFIDENTIAL REPORT on Waste Diversion to the Ordinary Council Meeting in April 2011 with additional information relating to a proposed timetable for consideration of a revised waste diversion target.

(Carried: 4/0)

4.4 RRF Stage Two

The Committee noted the need to consider MRC's approach to future resource recovery with the context of the review of the Strategic Plan.

4.5 RRF PAG Issues

Nil discussion.

4.6 Waste Collection

Nil discussion.

4.7 Tamala Park Closure Plan

Nil discussion.

4.8 Tamala Park Regional Council Interface

The Committee requested the CEO MRC to review the alignment of MRC and Tamala Park Regional Council meetings, so as meeting clashes do not occur.

4.9 Budget 2010/2011

Nil discussion, however Special Council Meeting for Thursday 17 March 2011 noted re the consideration of the 2010/11 Mid Year Review and Financial Management Report.

4.10 City of Stirling Withdrawal

The CEO MRC advised that Price Waterhouse Cooper (PWC) project work was in progress associated with the withdrawal of the City of Stirling, and that a meeting of MRC Member CEO's was held on Tuesday 8 March 2011.

4.12 Proposed MRC Governance Model

Nil discussion.

4.13 Budget 2011/2012

The CEO MRC briefed the Committee on a proposed workshop to be held on Thursday 17 March 2011 to confirm activities, service levels, members' fees etc under the facilitation of Dr Ron Cacioppe. It was agreed that this was a task for MRC Administration to undertake to prepare for the workshop, and not for this Committee to be involved in operational matters.

4.14 Review of Strategic Plan

The Committee supported the following approach to be undertaken:

- That CEO MRC develop the approach to review the Strategic Plan, with Dr Ron Cacioppe.
- That Dr Ron Cacioppe be invited to attend the next MRC SPC Meeting to be held on 8 April 2011 to discuss this approach, and to observe discussion on the Hyder report.

5 NEW BUSINESS

5.1 Member Councils – Document Distribution

The CEO MRC sought feedback on the distribution of MRC documentation. It was agreed that the distribution through the SPC members as primary points of contact was preferred, and they can then forward onto officers. Large documents unable to be sent via email will be sent as hardcopy, plus a disc copy of all meeting papers to be provided.

4.11 MRC Establishment Agreement

Chris Colyer arrived at 8.40am

The Draft Establishment Agreement as endorsed at the previous MRC SPC Meeting was tabled with the MRC CEO Group on Thursday 7 April 2011 for discussion. This Group requested that the MRC CEO engage Woodhouse Legal with preparing Explanatory Documentation addressing the following key elements, but not limited to, wind up, withdrawal, exemption, definition of waste, by 21 April 2011.

Committee agreed following documents for inclusion in Minutes surrounding the meeting held with the MRC CEO Group:

- Garry Hunt (CEO Joondalup) notes from 7 April 2011 MRC CEO Group Meeting;
 and
- John Woodhouse (Woodhouse Legal) email dated 7 April 2011 to MRC CEO.

The Committee agreed that a Special Meeting of Strategic Projects Committee should be held at 8.30am on Friday 29 April 2011 at Town of Vincent to discuss this Explanatory Documentation when drafted.

4.1 Strategic Integrated Regional Plan

The CEO MRC facilitated a discussion on the Hyder report with following approach and outcomes being identified:

- Confirmation of Priority Areas (Hyder, page 16 refers).
- Analysis of ACTIONS with respect to RETAIN / MODIFY / DELETE.
- Insertion of additional ACTIONS, CONSIDERATIONS.

The Committee agreed that the CEO MRC should produce a Summary Paper, linking the discussion points with the Hyder Report Actions, by 20 May 2011.

The Committee further agreed a Recommendation to go forward to the Council.

MOTION: (Moved: Martyn Glover Seconded: Doug Forster)

SPC RECOMMENDATION 1.

That Council:

(i) NOTES the completion of the final report for the project conducted by the Hyder Group to develop an Integrated Regional Plan for the Processing of Municipal Solid Waste

(ii) SUPPORTS an approach to utilise those Priority Areas cited in the report, and selected associated Actions as identified by the MRC Strategic Projects Committee, in discussions relating to the forthcoming review of the MRC's Strategic Plan.

(Carried: 6/0)

4.2 Future Landfill Site

Nil discussion, however MRC Administration representatives outlined that this was an ongoing priority for identification.

4.3 RRF Stage One Project Update (including Waste Diversion)

Nil discussion

4.4 RRF Stage Two

Nil discussion

4.5 RRF PAG Issues

The CEO MRC to confirm distribution of PAG documents to SPC members.

4.6 Waste Collection

Nil discussion

4.7 Tamala Park Closure Plan

The CEO MRC advised that an investigation into post closure options was in progress and was being undertaken by a Consultant, Mr Charles Johnson.

4.8 Tamala Park Regional Council Interface

A request was again made for the CEOs of both the MRC and Tamala Park to ensure no clashes in dates/timing of meetings and workshops were to occur, given the need to have Member CEO representation at both Councils.

4.9 Budget 2010/2011

Nil discussion.

4.10 City of Stirling Withdrawal

The CEO MRC advised that all Councils were scheduled to complete consideration of the PWC methodology by 29 April 2011.

4.12 Proposed MRC Governance Model

Nil discussion

4.13 Budget 2011/2012

The CEO MRC advised that papers had been issued for a Budget Workshop on 14 April 2011.

4.14 Review of Strategic Plan

The CEO MRC advised that a plan for the review of MRC's Strategic Plan would be prepared by 20 May 2011.

Subject: MRC – Proposed Withdrawal by City of Stirling – Establishment Agreement Dear Kevin

I refer to our meeting with the 6 CEOs (Doug Forster sitting in for Frank Edwards) on 7 April 2011.

I thought it might be useful if I set out below, based on my meeting notes, the instructions given by the CEOs on matters related to the draft Establishment Agreement:

- 1. In relation to the **regional purposes** of the MRC, there was consensus that there was benefit in the MRC having the power to "investigate" the provision of other services but not to actually do any other services unless there was an amendment to the Establishment Agreement. It was recognised that this might be an issue for the Vincent Council.
- 2. In relation to the definition of "**Participant's waste**", the consensus was that the existing definition was probably satisfactory given that if, in the future, the participants considered that there was some aspect of the waste stream which would be better off not being delivered to the MRC then the participants could raise this with the MRC for an exemption.
- 3. In relation to **withdrawal**, there was consensus that it would be desirable if a "procedure" could be spelt out which might lead to agreement on the terms and timing for withdrawal. It was agreed that the first step would be a requirement that the CEOs of the withdrawing participants and the continuing participants would meet. There would also be a requirement, in the event that the CEOs' meeting did not succeed, for the parties to participate in mediation.
- 4. (1) In relation to **exemptions**, it was agreed that a specified maximum term for an exemption should not be specified in the establishment agreement but that an exemption would need, itself, to specify the term of its application.
 - (2) It was also thought desirable for there to be some form of procedure. It was thought desirable that an applicant for an exemption should be required to make its request in writing together with its reasons. The other participants should be given an opportunity to respond to the request so that this material was available to the MRC when it considered the request for an exemption.
- 5. In relation to **winding up**, there was consensus that some amplification of a procedure to be followed in the event for winding up would be desirable. It was acknowledged that reference to the Corporation law would not be suitable but that I should be asked to identify possible alternatives and their pros and cons.

| ITEM 8.3.1 | AUDIT COMMITTEE MEETING |
|----------------|--|
| File No: | COR/22 (D/11/2170) |
| Attachment(s): | 1. Minutes of Audit Committee meeting held 4 April 2011 2. Annual Compliance Return & Report Item |
| Author: | Kalwant Dhillon |

BACKGROUND

The Internal Audit Committee was established during the 2005/2006 financial year and it held its Inaugural meeting in June 2006.

The annual meeting for 2010/11 financial year was held on 4 April 2011.

DETAIL

Establishment of Audit Committee

The Audit Committee was established by Ordinary Council Meeting resolution on 7 July 2005. The Terms of Reference for this Committee were approved by Council at its Ordinary Council Meeting on 27 October 2005.

Powers of the Audit Committee, as stated in the Terms of Reference, can be summarised by the following extract:

"The Committee is to report to Council and provide appropriate advice and recommendations"

In short, the Audit Committee does not have delegated authority from Council for decision making.

Three matters were considered by the Committee and these are summarised below:

• ANNUAL COMPLIANCE AUDIT RETURN (REPORT)

The Audit Committee reviewed the Annual Compliance Audit Return and recommends the Return for Council Approval.

• CEO CREDIT CARD

The Audit Committee has reviewed CEO's credit card usage and approved the expenditure as appropriate. Audit Committee recommends for Council's noting.

• PRESENTATION OF THE AUDIT PLAN FOR 2010/11 AUDIT

The External Auditor, Michael Hillgrove, from Grant Thornton met with the Audit Committee members and presented the Audit Plan for 2010/11 which was well received.

STATUTORY ENVIRONMENT

An Internal Audit Committee is required under the Local Government Act 1995 and Regulations. The Committee is required to meet at least once a year and report any matters discussed and outcomes to the Council.

POLICY IMPLICATIONS

Not applicable.

STRATEGIC IMPLICATIONS

Not applicable.

MRC ADMINISTRATION RECOMMENDATIONS

That Council approve the following recommendations from the Audit Committee Meeting (4 April 2011):

- (i) the approval of the Annual Compliance Audit Return and authorise the Chairperson and the Chief Executive Officer to sign the Return
- (ii) note that Audit Committee approved the CEO's credit card usage and expenditure as appropriate
- (iii) note that the Audit Committee Members met with the Auditor, Michael Hillgrove, and were briefed on the Audit Plan for the 2010/11 Audit

ANNUAL COMPLIANCE RETURN AND REPORT ITEM

| ITEM 8.3.1 | LOCAL GOVERNMENT COMPLIANCE AUDIT RETURN (1 JANUARY 2010 – 31 DECEMBER 2010) |
|----------------|--|
| File No: | COR/12 |
| Attachment(s): | Compliance Audit Return 2010 Final Audit Report 2010 Compliance Audit Return Comparison 2007 to 2009 |
| Author: | Kevin Poynton |

SUMMARY

The purpose of this report is to provide Council with information on the completed Statutory Compliance Return (1 January – 31 December 2010).

BACKGROUND

Each Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December in accordance with Section 7.13(i) (of the *Local Government Act 1995) and Audit Regulation 13.* On completion of the Compliance Audit, the Local Government is to complete a Compliance Audit Return. The Compliance Audit Return is to be processed as follows:

- Consideration by Council
- Adoption by the Council
- Confirmation by Minutes of the meeting concerning these actions

Following this, a certified copy of the Return along with the relevant section of the Minutes, and any additional information explaining or qualifying the Compliance Audit, is to be submitted to the Executive Director, Department of Local Government.

The administration has completed the Compliance Audit Return, and this work is now presented to the Council for consideration.

DETAIL

The Compliance Audit Return

A copy of the completed Compliance Audit Return is attached to and forms part of this Item (see Attachment One). It should be noted that a number of sections of the Compliance Audit Return are not relevant to the Mindarie Regional Councils business, and this has been noted, where appropriate.

The audit return has been completed after an independent audit was conducted internally by Mr Graham McAtominey, a contract accountant with over 21 years experience in finance and accounting. The final Audit Report 2010 from Mr McAtominey is at Attachment Two.

Key points to note from this independent audit are as follows:

- That the audit was conducted as a continuous improvement exercise
- That the auditor's conclusion was that "high level of compliance" was evidenced

• That, whilst some areas of non-compliance were identified, remedial action had either been planned, or has been commenced and/or completed

Council approved at the Ordinary Council Meeting on 23 April 2009 the adoption of a three year comparison of compliance for the Annual Compliance Audit Return. The three year comparison is now submitted by the Administration at Attachment Three.

Areas of non-compliance

The proposed remedial action, to be undertaken by the administration under the leadership of the Chief Executive Officer, is as follows:

- Observation 1 Local Government Employees
 - These compliance matters will be taken into account as part of the continuing improvement process for the Performance Evaluation System.
- Observation 2 Meeting Processes
 - Documentation of this requirement in the appropriate Governance procedure.
- Observation 3 Tenders for the provision of Goods & Services
 - These compliance issues will be taken into account as part of the continuing improvement process for the Procurement of Goods & Services.

CONSULTATION

Not Applicable.

STATUTORY ENVIRONMENT

The completion of the Compliance Audit Return is a statutory requirement directed by the Department of Local Government.

POLICY IMPLICATIONS

The Compliance Audit Return is directly related to the Council's Business Manual, including Policies and Procedures.

FINANCIAL IMPLICATIONS

Not applicable.

STRATEGIC IMPLICATIONS

Not applicable.

COMMENT

Mindarie Regional Council has completed the Compliance Audit Return for the period 1 January to 31 December 2010. The MRC Audit Committee, at its meeting held on 4 April 2011, recommended the Audit Return for Council consideration.

RECOMMENDATION

That the Council adopt the Compliance Audit Return, as presented, for the period 1 January 2010 to 31 December 2010.

FINAL AUDIT REPORT 2010

AUDIT-IN-CONFIDENCE

MINDARIE REGIONAL COUNCIL

2010 COMPLIANCE AUDIT RETURN

FINAL AUDIT REPORT

2010 Compliance Return

INTRODUCTION

1. The Department of Local Government Act 1995 requires a local government authority to carry out a compliance audit for the period 1 January to 31 December. Mindarie Regional Council (MRC) has completed the return for the 2010 calendar year using internal resources. The Compliance Return is to be –

- Presented to Council at a meeting of Council.
- Adopted by the Council.
- Recorded in the minutes of the meeting at which it is adopted.

2. The number of questions the Department of Local Government required to be completed in its Annual Compliance Return has increased from 257 in 2007 to 258 in 2008 and 2009 and decreased to 220 in 2010.

The reduction of 38 questions from 2009 to 2010 under the Finance and Local Law headings have been made to reduce the areas of compliance covered by the return. Those areas are already monitored by the Department of Local Government or checking compliance is the responsibility of the local government's external auditor. Amendments to regulation 13 of the Local Government (Audit) Regulations 1996 are allowing these changes to occur.

The 2010 Compliance Return covered 11 areas with the MRC achieving a high level of compliance. The results of the independent 2010 compliance audit are as follows -

| Section | Section Name | Yes answers | No answers | Not Applicable answers | Total |
|---------|--|----------------|---------------|------------------------------|-------|
| a) | Commercial Enterprises by Local Governments | 3 | 0 | 2 | 5 |
| b) | Delegation of Power/Duty | 8 | 0 | 5 | 13 |
| c) | Disclosure of Interest | 9 | 0 | 4 | 13 |
| d) | Disposal of Property | 0 | 0 | 2 | 2 |
| e) | Finance | 25 | 0 | 18 | 43 |
| f) | Local Government Employees | 11 | 2# | 9 | 22 |
| g) | Local Laws | 7 | 0 | 4 | 11 |
| h) | Meeting Processes | 27 | 3 | 26 | 56 |
| i) | Miscellaneous Provisions | 0 | 0 | 2 | 2 |
| j) | Official Conduct | 5 | 0 | 1 | 6 |
| k) | Tenders for providing Goods and Services | 28 | 5 | 14 | 47 |
| Total | | 123 | 10 | 87 | 220 |

3. It is noted that of the 10 "No" answers, 9 represented an unfavourable outcome and 1, Q12 denoted above with a #, represented a "favourable" outcome". The "No" answers with an unfavourable outcome has changed from 10 in 2007, 20 in 2008, 15 in 2009 and 9 in 2010. This is a very satisfactory result as it represents 92% compliance rate in 2010 compared with 88% in 2009, 83% in 2008 and 92% in 2007.

AUDIT OBJECTIVE

4. The Audit covered the period 1 January to 31 December 2010.

5. This audit involved the completion of the current Compliance Return of the Department of Local Government relating to Regional Councils and involved:

- Interviews with relevant staff members.
- Review of agendas and minutes.
- Review of supporting documentation and records.
- Testing on a sample basis, where applicable, of the degree of compliance with the requirements of the Compliance Return.

POSITIVE DEVELOPMENTS

6. Most Local Government Authorities complete their annual Compliance Return using internal resources.

7. At the request of council the MRC completed the 2010, 2009 and 2008 Compliance Returns internally after the 2007 Compliance Return was completed by an external consultant. The independent review was conducted by Graham McAtominey, a contract accountant with initial experience of 2 years external audit and over 21 years experience in finance and accounting, with the report outcomes providing the opportunity to maximise the continuous improvement benefits.

INSTANCES OF NON COMPLIANCE

8. The review identified 9 instances of procedural non-compliance with the 220 individual requirements of the Compliance Return.

| Observation 1 | Local Government Employees | Page 5 |
|---------------|---|--------|
| Observation 2 | Meeting Processes | Page 6 |
| Observation 3 | Tenders for the provision of Goods & Services | Page 8 |

9. Details of non-compliance matters are reported from page 5.

CONCLUSION

10. Overall, the MRC has a high (92%) level of compliance with the requirements of the annual return of the Department of Local Government. The audit however identified a number of areas of non-compliance that will present opportunities for continuous improvement in 2011.

11. Graham McAtominey would like to thank the MRC staff members for their professional, courteous and prompt assistance during the audit, particularly Kalwant Dhillon, Mike Tolson, Kathleen van Son and their staff.

Observation 1 - Local Government Employees

1.1 Compliance Return Requirement

Question 10 on page 8 of the Annual Compliance Return asks -

"Was the performance of each employee, employed for a term of more than one year, (including the CEO and each senior employee), reviewed within the most recently completed 12 months of their term of employment?" (with reference to the Local Government Act s5.38).

Details of non - compliance

The total number of employees employed for more than 1 year is 47. Of these 4 were casuals and advice from the Department of Local Government on 25/1/2011 indicated the reviews don't apply to casual employees. Of the remaining 43 it was identified that 5 employees had no performance review completed within the most recently completed 12 months of their term of employment (Anniversary date).

It is noted that whilst 2 employees had a review completed after their anniversary date in 2010 the review was not completed within the most recently completed 12 months of their term of employment, 1 employee had his first review 14 months after his commencement date, 1 employee that commenced in October 2009 and left in January 2011 and 1 employee that commenced in March 2009 on a contract basis and became a fulltime employee in April 2010 had no review completed.

It is noted that the 2010 Compliance Audit identified that employees, with noncompliant reviews in the 2009 return, all had reviews performed within the most recently completed 12 months of their term of employment (Anniversary date).

Recommendation

The performance of each employee employed for a term of more than one year is reviewed in 2011 within the most recently completed 12 months of their anniversary date of their term of employment.

Management Comment

The comments are noted and accepted. Every effort is made for reviews to be conducted in a timely manner; however, some exceptions do occur due to leave plans and other circumstances.

Observation 2 – Meeting Processes

2.1 Compliance Return Requirement

Question 36 on page 14 of the Annual Compliance Return asks -

"Did the contents of minutes of all Council or committee meetings include details of each motion moved at the meeting, including details of the mover and outcome of the motion" (with reference to the Local Government (Administration) Regulations s11)

Details of non - compliance

The Minutes of all Ordinary and Special Council meetings included details of each motion moved at the meeting, including details of the mover and outcome of the motion.

However whilst the audit committee and Strategic Projects minutes included details of each motion moved no details of the mover were included in the Audit committee minutes on 8/6/10 and 24/11/10 or Strategic Projects Committee minutes on 13/8 and no outcomes of the motion included in the Audit committee minutes on 22/4/10, 8/6/10 and 24/11/10 or Strategic Project Group on 10/09/10, 22/10/10 and 19/11/10.

Recommendation

The contents of minutes of all committee meetings include details of the mover and outcome of the motion that were moved at the meeting.

Observation 2 – Meeting Processes (continued)

2.2 Compliance Return Requirement

Question 46 on page 15 of the Annual Compliance Return asks -

"Did the local government make available for public inspection unconfirmed minutes of all Council meetings within 10 business days after the Council meetings." (with reference to the Local Government (Administration) Regulations s13)

Question 47 on page 15 of the Annual Compliance Return asks -

"Did the local government make available for public inspection unconfirmed minutes of all committee meetings within 5 business days after the committee meetings?" (with reference to Administration Regulation 13).

Details of non - compliance

The unconfirmed minutes of all Ordinary and Special Council meetings in 2010 were loaded onto the Mindarie Regional Council website and made available for public inspection within 10 business days after the Council meetings with the exception of the Ordinary Council Meeting on 1/7/10 which was 12 business days.

Whilst the unconfirmed minutes of the Strategic Projects Committee were always included in the following Ordinary Council Meeting minutes for public inspection they weren't made available within 5 business days after the date of the Strategic Projects Committee meetings.

Also the unconfirmed minutes of the Audit Committee meeting on 8/6/10 were made available to the public on 29/6/10. However, the minutes weren't made available within 5 business days after the date of the audit committee meeting.

Recommendation

The unconfirmed minutes for the Council meetings and Committee meetings are made available for public inspection within 10 business days after the Council meetings and within 5 business days after the Strategic Projects and Audit Committee meetings.

Management Comment

Noted. The Audit Committee has been appointed by the Council and the minutes of the Audit Committee meetings need to be reported to Council prior to being made public.

3.1 Compliance Return Requirement

Question 1 on page 17 of the Annual Compliance Return asks -

"Did the local government invite tenders on all occasions (before entering into contracts for the supply of goods or services) where the consideration under the contract was, or was expected to be, worth more than the consideration stated in Regulation 11(1) of the Local Government (Functions & General) Regulations (Subject to Functions and General Regulation 11(2))?" (with reference to the Local Government Act s3.57 and Functions and General Regulation 11).

Details of non - compliance

A review was performed of all vendors that have provided goods and services to Mindarie during the 2010 calendar year with a value > \$100,000. Whilst the majority of these vendors had provided goods and services as a result of a public tender process the review identified two vendors that provided goods and services with a value > \$100,000 where no public tender process was conducted.

The Compliance Audit Reports from previous years also identified vendors that provided goods and services to Mindarie with a value > \$100,000 where no public tender process was conducted. As a matter of best practice and as an opportunity for continuous improvement Mindarie considers monitoring on a regular basis the total value of goods and services provided by vendors to identify situations when a public tender process needs to be initiated.

Recommendation

1) Mindarie Regional Council considers inviting public tenders in 2011 for the 2 vendors that provided goods and services with a value > \$100,000 where no public tender process was conducted.

2) As a matter of best practice and as an opportunity for continuous improvement Mindarie monitors on a regular basis the total value of goods and services provided by vendors to identify situations when a public tender process needs to be initiated.

Management Comment

1 One of the supplier provides IT Services and has other distinct projects. This supplier is very familiar with MRC's Waste business including the operation of the two Weighbridges. MRC Administration will be viewing these services in the next financial year and at that point of time assessing the need for a Tender.

The other supplier had distinct projects at different times during the financial year.

2 Noted.

3.2 Compliance Return Requirement

Question 19 on page 19 of the Annual Compliance Return asks -

"Did the local government record all details of the tender (except the consideration sought) in the tender register immediately after opening?" (with reference to the Local Government (Functions and General) Regulation 16 (3)(c))

Details of non - compliance

All details of each tender are recorded in the tender register immediately after opening through the use of a tender opening form. However in 4 instances when a tender closed and each tender submission was opened the consideration sought was also recorded on the tender opening form.

Recommendation

The local government doesn't record the consideration sought by each tenderer in the tender register immediately after opening.

Management Comment

Agreed. For management action

3.3 Compliance Return Requirement

Questions 23, 28 and 29 on pages 19 and 20 of the Annual Compliance Return asks, if in accordance with the Functions and General Regulation 17, if

The tender register includes, for each invitation to tender -

- Q23 particulars of the making of -
- (i) the decision to invite tenders; and
- (ii) if applicable, the decision to seek expressions of interest under regulation 21(1);
- Q28 the name of the successful tenderer.; and

Q29 - the amount of the consideration or a summary of the amount of the consideration sought in the tender accepted by the local government.

Details of non - compliance

Q23 - Many tenders, even though the reason it went to tender was recorded didn't give particulars of the decision made to invite tenders in the tenders register in 2010. In all cases for each tender the tender register recorded that the expressions of interest under Regulation 21 (1) were not applicable.

Q28 - The Tender Register includes (for each invitation to tender) the name of the successful tenderer for the majority of tenders. The exception was 2 tenders 13/107 Provision of services for Recycling and Collection of E-Waste and 13/111 Tractor and Dinosaur Water Cart purchased using WALGA Preferred Supplier List (contract for Agricultural and Turf Equipment - No TPS 0920) where no successful tenderer was recorded.

Q29 – The Tender Register recorded the amount of the consideration of the accepted tender for the majority of tenders. However the exception was 3 tenders 13/107 Provision of services for Recycling and Collection of E-Waste, 13/109 Provision of services for storage collection and purchase of recyclable metals from Tamala Park Waste Management Facility and 13/111 Tractor & Dinosaur Water Cart (purchased using WALGA Preferred Supplier List (contract for Agricultural and Turf Equipment - No TPS 0920) where no consideration was recorded.

Recommendation

As an opportunity for continuous improvement the Tender Register includes the following information;

Q23 - the particulars of the decision made to invite tenders,

Q28 - the name of the successful tenderer; and

Q29 - the amount of the consideration of the accepted tender and each service provider in a panel contract.

Management Comment

Agreed. For management action

3.4 Matter of Best Practice

Question 9 on page 18 of the Annual Compliance Return asks -

"Did the local government ensure information was made available to all prospective tenderers about whether or not the local government had decided to submit a tender?" (with reference to the Local Government (Functions and General) Regulation 14 (3) (4)

Mindarie complies with this requirement as no tenders in 2010 had a local government submit a tender and Mindarie would inform all prospective tenderers if a local government had decided to submit a tender.

It was noted that the Tender Conditions and /or Specifications of the tenders called for in 2010 had no standard clause about whether the local government is tendering.

As a matter of best practice the Standard Tender Conditions and /or Specifications sent with each future tender should contain a standard clause with wording that all prospective tenderers will be informed about whether or not the local government had decided to submit a tender.

Recommendation

The Standard Tender Conditions and /or Specifications sent with each future tender contains a standard clause informing all prospective tenderers about whether or not the local government had decided to submit a tender.

Management Comment

Agreed. The recently developed template for tender documentation includes this content.

3.5 Matter of Best Practice

Under the Local Government Act section 5.43 (b) a local government cannot delegate to a Chief Executive Officer the power to "accept a tender which exceeds an amount determined by the local government"

As the instrument of delegation document approve by Council at the Ordinary Council Meeting on 15 October 2009 and 9 December 2010 didn't delegate an amount under 5.43 (b) above then Council is required to award a contract that exceeds \$100,000.

Council approved in the 2009-10 budget capital expenditure to purchase a Tractor & Water Cart. During 2010 Mindarie purchased a Tractor & Dinosaur Water Cart using a WALGA Preferred Supplier contract for Agricultural and Turf Equipment - No TPS 0920. Mindarie sent a tender specification (No 13/111) to 4 Preferred Suppliers from this contract, evaluated the tender submissions and awarded a contract for provision of the goods valued > \$100,000 to the successful tenderer.

Whilst a proper tender process has been conducted and Council approved the expenditure the power to award tender No 13/111 to the successful tenderer wasn't delegated to the Chief Executive Officer and is required to be approved by Council as it exceeds \$100,000.

It is noted that in 2010 the awarding of all other tenders to the successful tenderer where the value of goods and services exceeded \$100,000 was appoved by Council in line with s5.43 above.

It is noted that during 2010 Mindarie completed the production of a tender manual that provides guidance on the processes and procedures to be followed for activities relating to tenders.

As a matter of best practice it is recommended that if goods or services are purchased using a WALGA or State Preferred Supplier contract and their value exceeds \$100,000 that Council approves the awarding of the tender to the successful tenderer.

Recommendation

The awarding of contracts when purchasing goods or services > \$100,000 where preferred suppliers have been selected from a WALGA or State Preferred Supplier contract goes to Council for approval.

Management Comment

The Chief Executive Officer advised that the tender manual will be amended to include the details in the above recommendation.

Welcome and Opening Address

Cr Chester declared the meeting opened and welcomed those in attendance and introduced the following new members to the committee. Helen Barrett representing Joondalup Health Campus and Christopher StRoas representing Hillary's Boat Harbor. Cr Chester also introduced Mr. Phil van Leen and staff of the facility and advised that following the meeting a tour of the facility for those interested would be conducted by Mr. van Leen.

Confirmation of Minutes

The minutes of the meeting held 3 February at the City of Joondalup were confirmed as a true and accurate record on the motion of Derrick Briggs seconded by Mary-Anne Jackson, and carried.

Matters arising from previous minutes

Risk Register Workshop

 Derek Fletcher advised that a Risk Register Workshop was held at the City of Wanneroo on 22 February to review the Emergency Management risks for the City of Wanneroo and the City of Joondalup. Subsequent to this workshop both Cities have applied for an "All West Australians Reducing Emergencies" (AWARE) grant from the Fire and Emergency Services Authority to facilitate further workshops and complete a Risk Register, and are currently awaiting notification if the grant is approved or declined.

<u>Reports</u>

Ian McDowell reported the City of Wanneroo had held a table top exercise "Two Rocks Recovery" for staff to test the city's Recovery Plan.

The Wanneroo volunteer Bushfire brigades had attended 213 incidents this current fire season.

He also attended a meeting of the Metropolitan North and East Recovery Group at the Town of Bassendean on 20 April. The meeting agreed to continue the Mutual Aid Agreement for a three year period and that in line with the agreement the Chair of the Committee for the next twelve months would rest with the City of Bayswater

Martyn Glover advised the City of Joondalup has had three real life incidents of bushfires in the bush land adjacent to the City Administration Building necessitating evacuation of staff from the building. Some deficiencies had been found with the evacuation process and an internal committee had been formed to address these issues.

Jo-Anne Bennett reported that The Department for Child Protection had 12 activations during 2010 and 27 in the 4 months since the start of this year. Activations were to Carnarvon Floods, Wheat belt Storms, Kelmscott Bushfire and Warnum Floods

Helen Barrett reported the Joondalup Health Campus was undergoing major redevelopment and it was expected that further development would occur in the future. There had been 8 decontamination showers installed on the site

Cr Chester reported he had attended a Climate Change Conference at Cairns Climate Change Facility. The impact of climate change on emergency management could see dryer weather which could result in more frequent and intense bushfires.

General Business

The Wanneroo/Joondalup Local Emergency Management Committee Business Plan 2011/2012 had been circulated to members for comment prior to the meeting, as no comment was received the meeting agreed to forward the Plan with no changes to the State Emergency Management Committee.

Proposal Paper for Metropolitan District Emergency Management Committees (DEMC's) Derek Fletcher advised that at a workshop held in February 2010 to discuss the Metropolitan DEMC's the model put forward in the Proposal Paper was the accepted model. Emergency Management WA is now looking to ratify this model. The meeting agreed with the proposal.

Next meeting

City of Joondalup 4 August 2011.

<u>Closure</u>

Cr Chester declared the meeting closed at 10.32 am and invited the members to attend the tour of the facility.

Signed
