SUMMARY OF TENDER SUBMISSIONS

Tenderer and Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Qualitative Weighted Score	Price Weighted Score	Total Score	Estimated Contract Price	Rank
		Demonstrated Experience in Providing Similar Services	Capacity	Demonstrated Understanding of the Required Tasks	Social and economic effects on the local community					
RW & JA Olsen trading as Joondalup Plumbing Services	Yes	It has extensive experience in providing similar services. It has been providing plumbing maintenance services for local governments including the Mindarie Regional Council (from 2002) and the Cities of Wanneroo (from 2003) and Joondalup (from 2002).	It was founded in 1980. It has four full-time plumbers, a trade assistant and an apprentice. Its structure of business and details of key personnel including their qualifications, length of service and industry experience were provided. Details of specialised equipment and after-hours contacts were supplied. It has its own quality management system and a safety policy in place. Copies of its safety procedures and statistics were provided. It has a safety incident recorded recently in November 2014.	It demonstrated a thorough understanding and appreciation of the City's requirements. It has been providing plumbing maintenance services and minor plumbing works for the City for more than 11 years. It is familiar with the City buildings, layout and expectations and will attend to maintenance within response times.	It is located in Currambine. It sourced most of its materials from local suppliers within the City and adjoining regions. All its employees and sub-contractors are long time residents or based in the City. It is involved with local schools to provide work experience to high school students. It supports local junior and senior sport teams, such as Joondalup District Cricket Club.	41.8%	50.0%	91.8%	\$2,786,499	1

<p>Majestic Plumbing Pty Ltd</p> <p>All requirements have been met.</p>	Yes	It has demonstrated experience in providing similar services. It stated the company has a drainage service and maintenance division currently undertaking works such as high pressure jetting, stormwater and sewer drainage for 13 local governments. It has in the past successfully completed plumbing maintenance works for the Cities of Perth and Fremantle (2011 to 2013). The period and dates of when works were carried out for the City of Perth were not supplied.	It has been operating for more than 30 years. It has 30 staff. It has the ability to provide additional staff if required. Its organisation structure was provided. A list of equipment was supplied. Details of support team including skills of key personnel were not provided. It operates with its own quality management system and has a safety policy in place. A copy of its safety management plan was provided. Its safety statistics were not supplied.	It demonstrated a sound understanding of the required tasks. The company has been in the plumbing industry for many years providing plumbing maintenance services to various organisations including local governments. It stated the company has systems in place for managing reporting process and site works to ensure all requirements are met.	<p>The company is located in Malaga.</p> <p>The company, if successful, will provide local students with work experience position at its company.</p>	28.6%	42.8%	71.4%	\$3,254,031	2

Samson (WA) Pty Ltd (Swan's Complete Plumbing)	Yes	It has demonstrated experience in providing similar services to state and local governments including the Department of Treasury and Finance Building Management and Works (2009 - 2014 and renewed to 2024), the Department of Housing (2003 - 2012) and the City of Mandurah (2003 - 2011).	It has been operating for more than 12 years. It currently has 18 employees. Its structure of business was provided. Details of specialised equipment that will be used to carry out the works were supplied. However, it provided limited information on qualifications and skills of key personnel. Also, it did not address the ability to provide additional staff if required. It has an accredited quality management system to ISO9001 and a safety policy in place. A copy of its safety management plan was provided. It has had no safety incidence in the past two years.	It demonstrated a sound understanding of the required tasks. Its Submission included a flow chart with sequence of events and tasks to be carried out, from receipt of work order to completion of works and invoice.	The company is located in Bibra Lake. It will endeavour to source materials from local suppliers.	28.6%	38.7%	67.3%	\$3,596,396	3
