1) Executive Summary

The City of Joondalup's 2016-17 Budget continues to be influenced by the prevailing economic environment with growth and inflation at very low levels and record low interest rates. Opportunities for funding from Federal and State programs remain constrained and have had an impact on City services. The City continues to maximise those grant opportunities when they present.

The development of the 2016-17 Budget has been guided by the City's 20 Year Strategic Financial Plan to ensure that the Budget is achievable and sustainable with challenging targets to limit operational expenditure growth. Despite these constraints most of the key projects from the Plan have been able to be included as well as some additions such as the Sorrento Beach Enclosure. The City's Strategic Community Plan, Joondalup 2022, has been reviewed to ensure the City's 2016-17 Budget continues to deliver the vision of "A global City: bold, creative and prosperous".

The overall rate increase for 2016-17 is 2.5%. This will generate general rate revenue of \$94.8 million excluding Specified Area Rates. This represents the City's largest single source of funds and is essential for the City to deliver services and undertake planned works and projects. There is no increase in refuse charges in 2016-17.

Differential rating will again be applied for 2016-17 ensuring that the City is able to equitably spread rate increases across the community. The differential rates proposed for residential, commercial and industrial property, both improved and vacant, have been reviewed.

The 2016-17 expenditure program includes a number of significant projects and programs including:

- \$11.3 million to advance the Joondalup Performing Arts and Cultural Facility
- \$5.6 million to continue the new Warwick Hockey Centre development at Warwick Open Space including a synthetic surface pitch (this is a \$6.5 million project over three years)
- \$910,000 to construct a swimming enclosure at Sorrento Beach (the City's contribution is \$510,000)
- \$1.5 million for new basketball facilities at Arena Joondalup (total commitment \$4 million over three years)
- \$1.9 million to advance the Ocean Reef Marina, Joondalup CBD Development and other significant projects
- \$1.5 million to undertake streetscape and landscaping works on arterial and major roads and to initiate the Leafy City Program
- \$24 million for various road construction, drainage, streetlight works and other infrastructure including:
 - Blackspot projects at Hepburn Avenue, Whitfords Avenue and Erindale Road
 - Dualling of Ocean Reef Road from Marmion Avenue to Swanson Way
 - Ocean Reef Road and Joondalup Drive Intersection Upgrade.
 - Joondalup City Centre and park lighting
 - Road Preservation and resurfacing, local traffic treatments and blackspot projects, stormwater drainage, and other infrastructure
 - New footpaths, shared use paths, bicycle parking facilities and slab path replacements
 - Parking facilities
- \$5.1 million in other building works and community facility upgrades

- \$3.3 million for parks equipment, playground equipment, shelters, barbecues and parks irrigation refurbishments in accordance with Landscape Master plans or asset preservation plans
- \$1.9 million on maintenance and capital for natural areas, landscaping and conservation including fencing, paths and firebreaks and management of dedicated bushland areas, bushland in developed parks and foreshores
- \$650,000 for the City to host a significant event

2) Introduction

The City of Joondalup is one of the larger local governments in Western Australia based on population.

The City has 17kms of stunning coastline stretching from Beach Road, Marmion in the south, to Burns Beach Road, Burns Beach in the north. Popular beaches with excellent facilities are located at Marmion, Sorrento, Hillarys, Pinnaroo, Whitfords, Mullaloo, Ocean Reef, Beaumaris and Burns Beach. Beachside leisure activities include boating, water skiing, snorkelling, fishing, windsurfing, animal exercise and dual use paths ideal for walking and cycling.

The City provides a wide range of community services and excellent leisure and sporting facilities catering for junior and senior sporting and recreational pursuits.

The City's natural assets include the Yellagonga wetlands and the City works closely with the Department of Parks and Wildlife, the City of Wanneroo and a variety of community groups to manage the natural assets of the region.

The City continues to work closely with regional stakeholders to develop cultural, educational and economic initiatives.

3) Budget Overview

The 2016-17 Budget has been prepared in accordance with the requirements of the Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996.

The relevant Statutory Statements (shown on the grey sheets) within this document are:

- Statement of Comprehensive Income by Nature or Type – Attachment 1a
- Statement of Comprehensive Income by Program – Attachment 1b
- Statement of Cash Flows – Attachment 2
- Rate Setting Statement – Attachment 3
- Rating Information Statement – Attachment 4

Additional supporting information is provided in Attachments 5 to 9.

In summary:

- Statement of Comprehensive Income shows a net surplus resulting from operations (inclusive of capital revenue) of \$5 million
- Capital Expenditure on projects, works and motor vehicle replacements amount to \$58.6 million
- There will be Loan Borrowings of \$4.5 million for the new Warwick Hockey Facility.

- Net transfer from reserves during the budget year 2016-17 will be \$12.5 million

4) Expenditure

Expenditure is categorised into operating and capital and these are described further below.

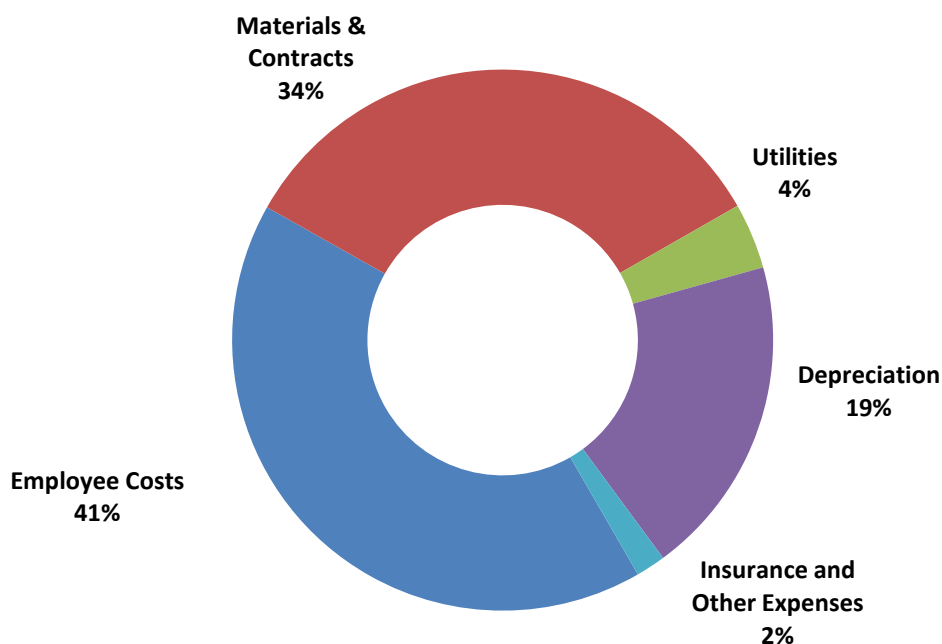

Operating Expenditure

Operating expenditure including depreciation totals \$153.3 million as shown below. Key movements generally reflect the City ensuring that it has the resources and capacity to deliver the services, facilities and works the community have identified in Joondalup 2022.

For further details refer 2016-17 Statement of Cash Flows (Attachment 2), 2016-17 Rate Setting Statement (Attachment 3) and the Notes to and Forming Part of the Budget (Attachment 5).

7) Reserve Accounts

The City has established various reserve accounts to which monies are set aside at the discretion of the Council to fund future City requirements.

During the 2016-17 financial year the City will transfer \$13.4 million into various reserve accounts of which \$1.2 million represents investment earnings as well as \$1.2 million into the Parking Facility Reserve, \$1.8 million into the Tamala Park Land Sales Reserve, \$7.3 million into the Joondalup Performing Arts and Cultural Facility Reserve, \$679,300 into the Vehicle and Plant Replacement Reserve and \$697,370 into the Strategic Asset Management Reserve. \$25.9 million will be drawn from reserves of which the major amounts are \$11.3 million for continuation of the Joondalup Performing Arts and Cultural Facility project and \$1.1 million to continue the Commercial Office Development and Cafes/Kiosks/Restaurants projects, \$3.8 million for Lighting in the Joondalup City Centre, \$2.1 million for various Building Works, \$1.5 million contribution to Arena Joondalup development, \$1.0 million to fund the loan repayments for the Multi Storey Car Park, \$697,127 to fund the net deficit for Waste Management Services and \$3.5 million for works in various stages of progress that will be carried forward from 2015-16. Details of reserves are described in the Notes to and Forming Part of the Budget (Attachment 5).

8) Borrowings

The 2016-17 Budget includes proposed new borrowings of \$4.5 million to partly fund the new Warwick Hockey Centre.

Existing and new borrowings will require principal and interest repayments of \$2.3 million and \$619,754 respectively. Loan principal outstanding is expected to increase from \$15 million at 30 June 2016 to \$17.3 million at 30 June 2017.

9) Conclusion

The 2016-17 Budget has been framed in a very challenging economic environment. Despite this it continues to deliver on the community's expectations while reflecting the prudence and financial responsibility demanded by the economic conditions. It has been guided by the City's 20 Year Strategic Financial Plan to ensure that it is achievable and sustainable while maintaining alignment to the City's Strategic Community Plan, Joondalup 2022, to ensure the City is delivering on the vision of "A global City: bold, creative and prosperous".

Integrated Planning Framework

The City's Integrated Planning Framework guides the organisation to deliver accountable and measurable linkages between community aspirations, financial capacity and practical service delivery. The City's Strategic Community Plan outlines the vision, objectives and priorities of the City and its community, while the Corporate Business Plan translates the City's strategic direction and priorities into an operational delivery program. Several key strategies, including the 20 Year Strategic Financial Plan, also feed into this planning approach to inform the resourcing requirements of the City.

The annual budget has been informed by this strategic planning process.

1 Significant Accounting Policies

The significant accounting policies which have been adopted in the preparation of the financial statements forming part of this budget are:

a) **Basis of Preparation**

The City's financial report and budget constitute general purpose financial reports and have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Except for cash flow and rate setting information, the budget has been prepared on the accrual basis under the convention of historical cost accounting modified, where applicable, by the measurement at fair value of certain classes of non-current assets, financial assets and liabilities.

b) **The Local Government Reporting Entity**

The City's financial statements incorporate the Municipal Fund and the Reserve Fund under the control of the City.

In the process of reporting on the Local Government as a single entity, monies held by the City in the Trust Fund, of which the City has legal custody but is unable to deploy for its own purposes, are excluded from the consolidated financial statements and the cash position at the reporting date.

c) Rounding off of Figures

All figures shown in the budget, other than a rate in the dollar, are rounded to the nearest dollar.

d) Acquisition of Assets

Assets acquired during the year are recorded at the cost of acquisition, being the purchase consideration determined as at the date of acquisition plus costs incidental to the acquisition, subject to a capitalisation threshold applied to specific classes of assets as follows:

Furniture	\$ 5,000
Office Equipment	\$ 5,000
Motor Vehicles	\$ 5,000
Plant and Equipment	\$ 5,000
Computer Equipment	\$ 5,000
Computer Software	\$20,000

All other classes of assets are capitalised regardless of the initial cost of acquisition.

In the event that settlement of all or part of the cash consideration given in the acquisition of an asset is deferred, the fair value of the purchase consideration is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

e) Property, Plant and Equipment

Recognition

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework prescribed by the Local Government (Financial Management) Regulations 1996. Property, plant and equipment are carried at fair value. Additions since the date of valuation are shown at cost and depreciated and it is considered that for those additions, cost less accumulated depreciation approximates their fair value. Items of property, plant and equipment, including buildings but excluding freehold land and artworks are depreciated over their estimated useful lives on a straight-line basis. Depreciation has been charged to the Statement of Comprehensive Income. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period.

Revaluation

All asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are revalued with sufficient regularity to ensure that the carrying amount does not differ significantly from that determined using fair value at the reporting date. The Local Government (Financial Management) Regulations 1996 mandating the use of Fair Value impose a further minimum requirement that all assets carried at a revalued amount will be revalued at least every 3 years.

f) Infrastructure Assets

Recognition

Reserves and Engineering infrastructure assets acquired prior to 30 June 1997 were brought to account as non-current assets at their estimated depreciated replacement cost at that time (deemed cost). Additions subsequent to 30 June 1997 are recorded at cost. All infrastructure assets are revalued in accordance with the mandatory measurement framework prescribed by the Local Government (Financial Management) Regulations 1996 and are carried at their fair value. Infrastructure assets acquired by the City from contributions by developers are recorded as additions to assets and the income recorded in the Statement of Comprehensive Income.

Infrastructure assets acquired and constructed during the year are depreciated over their estimated useful lives on a straight-line basis from the commencement of the following financial year. Depreciation has been charged to the Statement of Comprehensive Income.

Revaluation

All infrastructure asset classes are revalued on a regular basis such that the carrying values are not materially different from their fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on a basis to reflect the already consumed or expired future economic benefits. All additions after the date of valuation are shown at cost less accumulated depreciation, where applicable, and it is considered that in those cases their carrying costs approximates the fair value. Depreciation has been charged to the Statement of Comprehensive Income.

Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are revalued with sufficient regularity to ensure the carrying amount does not differ significantly from fair value at the reporting date. The Local Government (Financial Management) Regulations 1996 mandating the use of Fair Value impose a further minimum requirement that all assets carried at a revalued amount will be revalued at least every 3 years.

Land under Roads

Council has elected not to recognise the value of land under roads acquired before 1 July 2008 in accordance with AASB 1051. In addition, the City of Joondalup is required by Regulation 16 of the Local Government (Financial Management) Regulations 1996 not to recognise a value for land under roads.

g) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets. Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Depreciation rates are:

Property, Plant and Equipment

Freehold Land	Nil	Artworks	Nil
Light Vehicles	7.50%	Buildings	1.20% - 20.00%
Heavy Vehicles	10.50%	Mobile Plant	12.50%
Computer Equipment	33.33%	Furniture & Office Equipment	10.00%
Other Equipment	10.00%	Computer Software (>\$20,000)	33.33%

Property, plant and equipment are depreciated on a straight line basis from the date of acquisition or, in respect of internally constructed assets, from the time an asset is completed and ready for use.

Infrastructure Assets

Certain infrastructure assets comprise various components with each component depreciated separately based on its estimated useful economic life to the entity. Specific depreciation rates adopted for Infrastructure assets are:

Reserves

Playground Equipment	10.0%	Reticulation	13.0%-20.0%
Sports Facilities	10.0%-20.0%	Park Structures	5.0%-10.0%
Picnic Facilities	10.0%	Pathways	5.0%-10.0%
Park Benches	8.0%	Lighting	13.0%
Fencing	5.0%-10.0%	Oval Development	Nil

Engineering

Roads/Traffic Management	1.0%-5.0%	Beach Access Ways	2.5%-10.0%
Drainage	1.25%	Hard Court Surfaces	2.5%-20.0%
Car Parking	2.5%	Bus Shelters	2.0%
Public Access Ways	2.5%-4.0%	Underpasses/Bridges	1.0%-10.0%
Footpaths/Bicycle Facilities	2.0%-4.0%	Joondalup City Lighting	2.0%-16.0%
Robertson Road Cycleway	2.5%-16.0%	Ocean Reef Marina	2.0%-4.0%

Infrastructure assets are depreciated over their estimated useful lives on a straight line basis effective from the commencement date of the next financial year following the year of acquisition / construction.

h) Inventories**General**

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories comprise consumables held for the City's operations.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of the land during its development. Interest and other holding charges incurred after development is complete are recognised immediately as expenses.

Revenue arising from the sale of property (if applicable) is recognised in the Statement of Comprehensive Income as at the time of signing a binding contract of sale.

i) Crown Land

In accordance with Regulation 16 of the Local Government (Financial Management) Regulations 1996 and current accounting standards Crown land set aside as a public road reserve or other public thoroughfare or under the control of a local government under Section 3.53 of the Local Government Act 1995 or vested Crown land under the control of a local government by virtue of the operation of the Land Act or the Town Planning and Development Act has not been brought to account as an asset of the City. Improvements or structures placed upon such land have been accounted for as assets of the City.

j) Estimation of Fair Value

The fair value of financial assets and financial liabilities is estimated for recognition and measurement. The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair value. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the City for similar financial instruments.

k) Impairment

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired. Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 "Impairment of Assets" and appropriate adjustments made.

Impairment losses are recognised in the Statement of Comprehensive Income whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. For non-cash-generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) at 30 June 2017. In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget.

l) Provisions

Provisions are recognised when the City has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

m) Rates

The rating and reporting periods coincide. All rates levied for the year are recognised as revenues. All outstanding rates are fully collectable and therefore no allowance has been made for doubtful debts.

All eligible pensioners and seniors registered under the Rates and Charges (Rebates and Deferments) Act 1992 may obtain a rebate from the WA State Government or defer their rates for full payment upon their property being sold or vacated. Pensioners/seniors who hold either a WA Seniors Card, with or without a Commonwealth Seniors Health Card, Pensioner Concession Card or State Concession Card can apply to be eligible for this State scheme. There is no cost to the City under this scheme as interest is received from the State Government for pensioner deferred rates.

n) Grants, Donations and Other Contributions

All grants, donations and other contributions in respect of which the City is not required to make a reciprocal transfer of economic benefits are recognised as revenue when the City obtains control over the assets comprising the contribution.

After being recognised as revenue, conditional grants and contributions are recognised as an expense and liability when the City fails to meet the specific conditions attached to a grant or contribution and becomes liable for its re-payment or refund.

Capital grants unspent are treated as restricted assets and are deducted from the available funds in the determination of the Opening and Closing Funds for the purpose of the Rate Setting Statement incorporated in the City's budget.

o) Employee Benefits

Provision is made for benefits accruing to employees in respect of annual leave and long service leave when it is probable that settlement will be required, and are capable of being measured reliably.

Provisions made in respect of annual leave and long service leave, to be settled within twelve months, are measured at their nominal values.

Provisions made in respect of long service leave which are not expected to be settled within 12 months are measured at their present value of the estimated future cash outflows to be made by the City in respect of services provided by employees up to the reporting date.

p) Borrowing Costs

Borrowing costs are recognised as an expense in the period in which they are incurred. Where the purpose of borrowings is to fund the acquisition or construction of assets, borrowing costs may be capitalised as part of the cost of the assets involved, offset by any interest earned on the borrowed fund before being spent. In accordance with the treatment permitted by Australian Accounting Standards, the City generally expenses borrowings costs as they are incurred, regardless of the purpose of the borrowing.

q) Investments

Investments in managed funds are marked to market and the resultant increase or decrease in value is reflected in the Statement of Comprehensive Income at the reporting date. Interest on money market investments is recognised as revenue when earned. Investments in short term deposits, or which are otherwise readily convertible to known amounts of cash, are treated as part of cash and cash equivalents.

r) Superannuation

The City of Joondalup makes statutory contributions to the WA Local Government Superannuation Plan and other Funds as nominated by its employees. The expense related to these contributions is recognised in the Statement of Comprehensive Income.

s) Works in Progress

Major buildings, reserves, infrastructure and other assets that have not been completed at the reporting date will be reflected as works in progress.

t) Trade and Other Payables

Trade and other payables are recognised when the City becomes obliged to make future payments resulting from the purchase of goods and services. The amounts are unsecured and are generally settled within 30 days of recognition.

u) Trade and Other Receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost for material uncollectible amounts using the effective interest rate method, less any allowance. Receivables expected to be collected within 12 months at the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they may not be collectible.

v) Goods and Services Tax

Revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Balance Sheet are stated inclusive of applicable GST.

The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as part of current assets and current liabilities.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing or financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flow.

w) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank, cash on hand and other short term deposits which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in values.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, including bank overdrafts, which form an integral part of the City's cash management and are repayable on demand.

x) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

y) Current and Non-Current Classifications

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

2 Program Activities

Statements of Comprehensive Income have been provided by program and by nature. Broad definitions of each program are as follows:

a) Governance

Governance relates to elected members costs and other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific City services.

b) General Purpose Funding

Rates income and expenditure, Grants Commission and pensioner deferred rates interest.

c) Law, Order and Public Safety

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety.

d) Health

Prevention and treatment of human illnesses, including inspection of premises / food control, immunisation and child health services.

e) Education and Welfare

Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.

f) Housing

Provision of housing and leased accommodation where the City acts as landlord.

g) Community Amenities

Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.

h) Recreation and Culture

Provision of facilities and support for organisations concerned with leisure time activities and sport, support for performing and creative arts. This includes maintenance of halls,

aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.

i) Transport

Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City works operation centre, including development, plant purchase and maintenance.

j) Economic Services

Rural services, pest control, implementation of building controls and tourism and area promotion.

k) Other Property and Services

Public works overheads, plant / vehicle operations, sundry and other outlays that cannot be assigned to one of the preceding programs.

a) Gross Rental Values

The Valuer General at Landgate conducts a Triennial Revaluation which provides the City with both Gross Rental Values (GRV) and Unimproved Values (UV) for the purpose of calculating Rates. The values supplied are effective from 1 July 2014 and will continue for three years from that date.

b) Differential Rates

The City of Joondalup has applied differential rates as empowered under Section 6.33 of the Local Government Act 1995. The differential rates are levied on all rateable land within the City according to the predominant purpose for which the land is held or used. Should the predominant land use forming the basis for the imposition of the differential rates change during the year, the City is not required to amend the assessment of rates payable on that land on account of that change.

The proposed new rates are set at differential levels that provide, as far as is practically possible, a fair and equitable distribution of the rate burden to each category of land having regard to its demands on the City's services.

None of the differential rates are more than twice the lowest differential rate as applied in this budget.

A Rating Information Statement giving details of each respective category and their rates in the dollar, respective valuation totals and rates revenue raised is provided in Attachment 4 to the budget.

The objects and reasons for the imposition of each differential rate are:

Object

The rates in the dollar (\$) for the various differential rates are calculated to provide the shortfall in income required to enable the City to provide necessary works and services in the 2016-17 Financial Year after taking into account all non-rate sources of income.

Reason – Gross Rental Value Based Differential Rates

Residential Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years.

Residential Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years and is higher than residential improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Commercial Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from commercial property remains consistent with previous years and recognises the higher demand on City infrastructure and services from the activity on commercial property.

Commercial Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from commercial property remains consistent with previous years and is higher than commercial improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Industrial Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from industrial property remains consistent with previous years and recognises the higher demand on City infrastructure and services from the activity on industrial property.

Industrial Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from industrial property remains consistent with previous years and is higher than industrial improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Reason – Unimproved Value Based Differential Rates

Residential – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years.

Rural – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from rural property remains consistent with previous years.

c) Minimum payments

A minimum payment of \$849 is applied to Gross Rental Valued residential improved and Unimproved Valued residential and rural rate categories in recognition that every property receives some minimum level of benefit from works and services provided by the City.

A minimum payment of \$868 is applied to Gross Rental Valued commercial and industrial improved rate categories and Gross Rental Valued residential, commercial and industrial vacant rate categories in recognition that every property receives some minimum level of benefit from works and services provided.

The same minimum payments apply to interim valuations as and when they take effect.

d) Concessions, waivers

No concessions are provided for in this financial year.

e) Rates Early Payment Incentive Scheme

In accordance with the provisions of Section 6.46 of the Local Government Act 1995, a Local Government is empowered to offer a discount or other incentive for the early payment of rates.

The City will purchase a vehicle to offer as an incentive prize for early payment of rates in addition to commercially sponsored prizes being offered. An allowance of \$40,000 for the purchase of the vehicle is included in the Annual Budget.

The City offers the early rate payment incentive prizes where: -

Full payment of all current and arrears of rates, (including specified area rates), emergency services levy, domestic refuse charge and private swimming pool inspection fee is received **within 28 days** of the issue date of the annual rate notice.

A computerised random selection process, the integrity of which has been authenticated by the City's internal auditor, will choose the prize winners. The winners will be invited to attend a prize draw function during which the prizes will be allocated in a secondary draw process.

f) Rates Payment Options

The City in accordance with the provisions of section 6.45 of the Local Government Act 1995 offers the following payment options for the payment of rates (including specified area rates), emergency services levy, domestic refuse charges and private swimming pool inspection fees.

- **One Instalment**

Payment in full (including all arrears) within 28 days of the issue date of the annual rate notice due on **19 August 2016** and be eligible to enter the rate incentive scheme for prizes.

Payment in full within 35 days of the issue date of the annual rate notice due on **26 August 2016**.

- **Two Instalments**

The first instalment of 50% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, instalment charge, plus the total outstanding arrears payable within 35 days of the issue date of the annual rate notice and due on **26 August 2016**.

The second instalment of 50% of the total of the current rates, emergency services levy, domestic refuse charge, private swimming pool inspection fees and instalment charge, payable 63 days after due date of first instalment due on **28 October 2016**.

- **Four Instalments**

The first instalment of 25% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, instalment charge, plus the total outstanding arrears payable within 35 days of the issue date of the annual rate notice on **26 August 2016**.

The second, third and fourth instalments, each of 25% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, and instalment charge payable as follows:

- 2nd instalment – 63 days after due date of 1st instalment on **28 October 2016**
- 3rd instalment – 63 days after due date of 2nd instalment on **30 December 2016**
- 4th instalment – 63 days after due date of 3rd instalment on **3 March 2017**.

g) Instalment Charges and Calculation of Interest

The instalment options are subject to an administration fee for each instalment, together with simple interest on the unpaid balance, as described below. A total of \$321,950 is anticipated as interest revenue on instalment payments, which is calculated as follows:

- **Two Instalments**

An administration fee of \$12 for instalment two, together with an interest charge of 5.5% per annum, calculated on a simple interest basis on 50% of the total current general rate (including specified area rates) calculated from the due date of the first instalment for 63 days until the due date of the second and final instalment.

- **Four Instalments**

An administration fee of \$12 for each of the second, third and fourth instalments, together with an interest charge of 5.5% per annum, calculated on a simple interest basis on:

75% of the total current general rate (including specified area rate) calculated from the due date of the first instalment for 63 days until the due date of the second instalment.

50% of the total current general rate (including specified area rate) calculated from the due date of the second instalment to the due date of the third instalment; and

25% of the total current general rate (including specified area rate) calculated from the due date of the third instalment to the due date of the fourth instalment.

h) Special Payment Arrangements

Special weekly, fortnightly, monthly or bimonthly payment arrangements can be made with the City for those ratepayers who may be unable to pay in full or according to the

instalment plans offered. An administration fee of \$34 if paid by Direct Debit (bank account only) or, \$52 if paid by another method, is charged on each special payment arrangement and interest of 11.00% per annum is applied to the outstanding balance effective from **27 August 2016** until the account is paid in full.

i) Late Payment Interest

The Council, in accordance with the provisions of Section 6.13 and Section 6.51 of the Local Government Act 1995 imposes interest on all current and arrears of rates (including specified area rate), current and arrears of domestic refuse charges and current and arrears of private swimming pool inspection fees at a rate of 11.00% per annum based on simple interest, calculated on arrears amounts that remain unpaid and current amounts that remain unpaid after 35 days from the issue date of the original rate notice, or the due date of the instalment as the case may be and continues until the outstanding amount payable is fully paid. Calculated interest is charged monthly in arrears.

Deferred rates, instalment amounts not due under the two or four-payment options, registered pensioner portions and current government pensioner rebate amounts are excluded from late payment interest calculation. Deferred rates earn interest at stipulated rates, which is paid over to the City by the State Government.

The 2016-17 Budget includes an amount of \$231,000 to be generated from interest earned on outstanding rates and \$45,000 from deferred rates.

j) Domestic Refuse Charges

In accordance with the provisions of the Waste Avoidance and Resource Recovery Act 2007 the City imposes the following domestic refuse charges for the 2016-17 financial year, which includes a charge for a recycling service to be provided to all ratepayers during the budget year.

- \$346 per service
- New refuse service – Establishment and delivery \$67
