1) <u>Executive Summary</u>

The economic environment in the last few years has been defined by sustained low growth, low inflation and low interest rates and that situation is not expected to change significantly in the near term. This has framed the context for the City of Joondalup's 2017-18 Budget with an overall rate increase for 2017-18 of 1.95%.

The situation at the Federal Government level remains constrained and although indexation has recommenced, for Financial Assistance Grants, the City of Joondalup's main source of general purpose grant funding, the freeze over the last three years has left the level of funding well behind where it would otherwise be. For the Western Australian State Government the financial situation is under even more strain. It is notable that the release of the 2017-18 State Budget has been deferred until after the new financial year commences.

With this environment Federal and State grants and contributions are expected to remain very challenging as a source of funding opportunities.

The City's Strategic Community Plan, Joondalup 2022, has been reviewed to ensure the City's 2017-18 Budget continues to deliver the vision of "A global City: bold, creative and prosperous". The City's 20 Year Strategic Financial Plan guides the development of the 2017-18 Budget. The Budget is achievable and sustainable with challenging targets to contain operational expenditure growth.

Every three years there is a general revaluation of all properties in the City of Joondalup for rating purposes and 2017-18 is a revaluation year. The revaluation is undertaken independently by the Office of the Valuer General. The City is mindful of the potential impact of valuation changes. As has been the case for a number of years differential rating will be applied for 2017-18 ensuring that the City is able to equitably spread rate increases across the community. The differential rates proposed for residential, commercial and industrial property, both improved and unimproved, have been reviewed.

The overall rate increase for 2017-18 is 1.95%. This will generate general rate revenue of \$96.9 million excluding Specified Area Rates. Rates are the City's largest single source of funds without which the City could not deliver many of its services or undertake planned works and projects. For the third consecutive year there will be no increase in refuse charges in 2017-18.

The 2017-18 expenditure program includes a number of significant projects and programs including:

- \$3.8 million to progress the Joondalup Performing Arts and Cultural Facility
- \$2.5 million to progress the Penistone Park Facility Redevelopment
- \$4.8 million for Street Lighting which includes \$3.8 million for the Joondalup City
 Centre Lighting project
- \$2.1 million to undertaken various upgrade and refurbishment works at Percy Doyle reserve including
 - Soccer Club Refurbishment
 - o Tennis Club Refurbishment
 - Sorrento Bowling Clubrooms Extension
 - Percy Doyle Utilities Upgrade
 - o Duncraig Leisure Centre Upgrade

- \$2.5 million on maintenance and capital for natural areas, landscaping and conservation including fencing, paths and firebreaks and management of dedicated bushland areas, bushland in developed parks and foreshores
- \$1.9 million for parks equipment, playground equipment, shelters, barbecues and parks irrigation refurbishments in accordance with landscape master plans or asset preservation plans
- \$1.6 million to undertake streetscape enhancement and landscaping works including the Leafy City program
- \$1.2 million to undertake refurbishment works at the Joondalup Administration building
- \$14.6 million for various road construction, drainage and other infrastructure including:
 - Blackspot projects at Whitfords Avenue, Marmion Avenue and Ocean Reef Road
 - o Burns Beach Road and Joondalup Drive intersection upgrades
 - Road preservation and resurfacing, local traffic treatments and blackspot projects, stormwater drainage, and other infrastructure
 - New footpaths, shared use paths and slab path replacements
 - Parking facilities
- \$879,223 to advance the Joondalup CBD Development and other significant projects
- \$ 600,000 for the Kaleidoscope event

2) Introduction

The City of Joondalup is one of the larger local governments in Western Australia based on population.

The City has 17kms of stunning coastline stretching from Beach Road, Marmion in the south, to Burns Beach Road, Burns Beach in the north. Popular beaches with excellent facilities are located at Marmion, Sorrento, Hillarys, Pinnaroo, Whitfords, Mullaloo, Ocean Reef, Beaumaris and Burns Beach. Beachside leisure activities include boating, water skiing, snorkelling, fishing, windsurfing, animal exercise and dual use paths ideal for walking and cycling.

The City provides a wide range of community services and some of the best leisure and sporting facilities available, catering for junior and senior sporting and recreational pursuits.

The City's natural assets include the Yellagonga wetlands and the City works closely with the Department of Parks and Wildlife, the City of Wanneroo and a variety of community groups to manage the natural assets of the region.

The City continues to work closely with regional stakeholders to develop cultural, educational and economic initiatives.

3) Budget Overview

The 2017-18 Budget has been prepared in accordance with the requirements of the Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996.

The relevant Statutory Statements (shown on the grey sheets) within this document are:

- Statement of Comprehensive Income by Nature or Type Attachment 1a
- Statement of Comprehensive Income by Program Attachment 1b
- Statement of Cash Flows Attachment 2
- Rate Setting Statement Attachment 3
- Rating Information Statement Attachment 4

Additional supporting information is provided in Attachments 5 to 9.

In summary:

- Statement of Comprehensive Income shows a net surplus resulting from operations (inclusive of capital revenue) of \$2.3 million
- Capital Expenditure on projects, works, motor vehicle replacements and equity investments amount to \$43.8 million
- Net transfer from reserves during the budget year 2017-18 will be \$8.9 million

4) Expenditure

Expenditure is categorised into operating and capital and these are described further below.

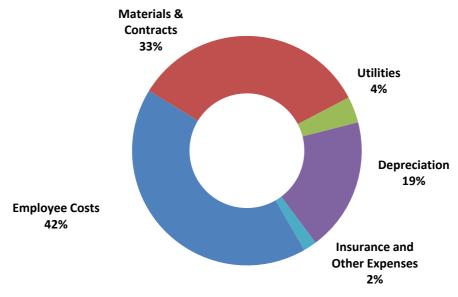

Operating Expenditure

Operating expenditure including depreciation totals \$154.3 million as shown below. Key movements generally reflect the City ensuring that it has the resources and capacity to deliver the services, facilities and works the community have identified in Joondalup 2022.

The City has worked hard to contain cost pressures in labour costs, materials and external contractors.

5) Revenue

Revenue is categorised into operating and capital.

Operating Revenue

Operating revenue including profit on disposal of assets totals \$147.7 million as shown below. Key elements include:

- Additional rates income from a 1.95% overall increase including increases in minimum payments
- No increase in refuse collection charges for the 2017-18 financial year
- Fees and charges reflecting the costs of providing the service and comparison to market rates

The City introduced Specified Area Rates for Burns Beach for the first time in the 2017-18 Budget. The City will continue to provide enhanced landscape maintenance in the existing Specified Area Rates areas in Harbour Rise, Iluka and Woodvale Waters areas. Specified Area Rates are charged separately on properties in these areas for this purpose.

For further details refer 2017-18 Statement of Cash Flows (Attachment 2), 2017-18 Rate Setting Statement (Attachment 3) and the Notes to and Forming Part of the Budget (Attachment 5).

7) Reserve Accounts

The City has established various reserve accounts to which monies are set aside at the discretion of the Council to fund future City requirements.

During the 2017-18 financial year the City will transfer \$9.8 million into various reserve accounts of which \$1.4 million represents investment earnings as well as \$1.4 million into the Parking Facility Reserve, \$5.4 million into the Joondalup Performing Arts and Cultural Facility Reserve, \$666,667 into the Tamala Park Land Sales Reserve, \$121,723 into the Waste Reserve and \$661,823 into the Strategic Asset Management Reserve. \$18.7 million will be drawn from reserves of which the major amounts are \$3.8 million for continuation of the Joondalup Performing Arts and Cultural Facility project and \$2 million for the Penistone Park Facility Redevelopment, \$3.8 million for Lighting in the Joondalup City Centre, \$3.1 million for various Building Works, \$1.1 million to fund the loan repayments for the Multi Storey Car Park and \$3.5 million for works in various stages of progress that will be carried forward from 2016-17. Details of reserves are described in the Notes to and Forming Part of the Budget (Attachment 5).

8) Borrowings

The City is not proposing any new borrowings during the 2017-18 financial year.

Existing and new borrowings will require principal and interest repayments of \$3,004,841 and \$662,030 respectively. Loan principal outstanding is expected to decrease from \$17.5 million at 30 June 2017 to \$14.5 million at 30 June 2018.

9) Conclusion

The 2017-18 Budget delivers an overall rate increase of 1.95% together with, for the third consecutive year, no increase in refuse charges. This reflects the prudence and financial responsibility demanded by the economic conditions. It maintains alignment to the City's Strategic Community Plan, Joondalup 2022, to ensure the City is delivering on the vision of "A global City: bold, creative and prosperous" and has been guided by the City's 20 Year Strategic Financial Plan. It is achievable and sustainable.

Integrated Planning Framework

The City's Integrated Planning Framework guides the organisation to deliver accountable and measurable linkages between community aspirations, financial capacity and practical service delivery. The City's Strategic Community Plan outlines the vision, objectives and priorities of the City and its community, while the Corporate Business Plan translates the City's strategic direction and priorities into an operational delivery program. Several key strategies, including the 20 Year Strategic Financial Plan, also feed into this planning approach to inform the resourcing requirements of the City.

The annual budget has been informed by this strategic planning process.

1 Significant Accounting Policies

The significant accounting policies which have been adopted in the preparation of the financial statements forming part of this budget are:

a) Basis of Preparation

The City's financial report and budget constitute general purpose financial reports and have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Except for cash flow and rate setting information, the budget has been prepared on the accrual basis under the convention of historical cost accounting modified, where applicable, by the measurement at fair value of certain classes of non-current assets, financial assets and liabilities.

b) The Local Government Reporting Entity

The City's financial statements incorporate the Municipal Fund and the Reserve Fund under the control of the City.

In the process of reporting on the Local Government as a single entity, monies held by the City in the Trust Fund, of which the City has legal custody but is unable to deploy for its own purposes, are excluded from the consolidated financial statements and the cash position at the reporting date.

c) Rounding off of Figures

All figures shown in the budget, other than a rate in the dollar, are rounded to the nearest dollar.

d) Acquisition of Assets

Assets acquired during the year are recorded at the cost of acquisition, being the purchase consideration determined as at the date of acquisition plus costs incidental to the acquisition, subject to a capitalisation threshold applied to specific classes of assets as follows:

| Furniture | \$ | 5,000 |
|---------------------|-----|--------|
| Office Equipment | \$ | 5,000 |
| Motor Vehicles | \$ | 5,000 |
| Plant and Equipment | \$ | 5,000 |
| Computer Equipment | • | 5,000 |
| Computer Software | \$2 | 20,000 |

All other classes of assets are capitalised regardless of the initial cost of acquisition.

In the event that settlement of all or part of the cash consideration given in the acquisition of an asset is deferred, the fair value of the purchase consideration is determined by discounting the amounts payable in the future to their present value as at the date of acquisition.

e) Property, Plant and Equipment

Recognition

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework prescribed by the Local Government (Financial Management) Regulations 1996. Property, plant and equipment are carried at fair value. Additions since the date of valuation are shown at cost and depreciated and it is considered that for those additions, cost less accumulated depreciation approximates their fair value. Items of property, plant and equipment, including buildings but excluding freehold land and artworks are depreciated over their estimated useful lives on a straight-line basis. Depreciation has been charged to the Statement of Comprehensive Income. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period.

Revaluation

All asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are revalued with sufficient regularity to ensure that the carrying amount does not differ significantly from that determined using fair value at the reporting date. The Local Government (Financial Management) Regulations 1996 mandating the use of Fair Value impose a further minimum requirement that all assets carried at a revalued amount will be revalued at least every 3 years.

f) Infrastructure Assets

Recognition

Reserves and Engineering infrastructure assets acquired prior to 30 June 1997 were brought to account as non-current assets at their estimated depreciated replacement cost at that time (deemed cost). Additions subsequent to 30 June 1997 are recorded at cost. All infrastructure assets are revalued in accordance with the mandatory measurement framework prescribed by the Local Government (Financial Management) Regulations 1996 and are carried at their fair value. Infrastructure assets acquired by the City from contributions by developers are recorded as additions to assets and the income recorded in the Statement of Comprehensive Income.

Infrastructure assets acquired and constructed during the year are depreciated over their estimated useful lives on a straight-line basis from the commencement of the following financial year. Depreciation has been charged to the Statement of Comprehensive Income.

Revaluation

All infrastructure asset classes are revalued on a regular basis such that the carrying values are not materially different from their fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on a basis to reflect the already consumed or expired future economic benefits. All additions after the date of valuation are shown at cost less accumulated depreciation, where applicable, and it is considered that in those cases their carrying costs approximates the fair value. Depreciation has been charged to the Statement of Comprehensive Income.

Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are revalued with sufficient regularity to ensure the carrying amount does not differ significantly from fair value at the reporting date. The Local Government (Financial Management) Regulations 1996 mandating the use of Fair Value impose a further minimum requirement that all assets carried at a revalued amount will be revalued at least every 3 years.

Land under Roads

Council has elected not to recognise the value of land under roads acquired before 1 July 2008 in accordance with AASB 1051. In addition, the City of Joondalup is required by Regulation 16 of the Local Government (Financial Management) Regulations 1996 not to recognise a value for land under roads.

g) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets. Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Depreciation rates are:

Property, Plant and Equipment

| Freehold Land | Nil | Artworks | Nil |
|--------------------|--------|----------------------|---------------|
| Light Vehicles | 7.50% | Buildings | 1.0% - 10.00% |
| Heavy Vehicles | 10.50% | Mobile Plant | 12.50% |
| Computer Equipment | | Furniture & Office | |
| | 33.33% | Equipment | 10.00% |
| Other Equipment | | Computer | |
| | 10.00% | Software (>\$20,000) | 33.33% |

Property, plant and equipment are depreciated on a straight line basis from the date of acquisition or, in respect of internally constructed assets, from the time an asset is completed and ready for use.

Infrastructure Assets

Certain infrastructure assets comprise various components with each component depreciated separately based on its estimated useful economic life to the entity. Specific depreciation rates adopted for Infrastructure assets are:

Infrastructure Assets Parks & Reserves

| Fencing | 3.33%-6.67% |
|-------------------------|-------------|
| Furniture and Amenities | 2.0%-10.0% |
| Hard Landscaping | 2.0%-10.0% |
| Irrigation | 2.0%-5.0% |
| Marine | 5.0% |
| Park and POS Signage | 5.0%-6.67% |
| Playspace | 5.0% |
| POS Structure | 1.0%-5.0% |
| Soft Landscaping | 2.5%-10.0% |
| Sporting Infrastructure | 2.0%-10.0% |
| Waste | 10.0% |

Engineering

| Engineering | |
|-----------------------------|-------------|
| Roads/Traffic Management | 1.0%-3.33% |
| Footpaths | 1.0%-10.0% |
| Drainage | 1.0%-1.33% |
| Car parking | 1.0%-3.33% |
| Bridges and Underpasses | 1.0%-1.43% |
| Lighting | 2.5%-4.0% |
| Other Infrastructure Assets | 1.43%-10.0% |

Infrastructure assets are depreciated over their estimated useful lives on a straight line basis effective from the known installation date or the commencement date of the next financial year following the year of acquisition / construction.

h) Inventories

General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories comprise consumables held for the City's operations.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of the land during its development. Interest and other holding charges incurred after development is complete are recognised immediately as expenses.

Revenue arising from the sale of property (if applicable) is recognised in the Statement of Comprehensive Income as at the time of signing a binding contract of sale.

i) Crown Land

In accordance with Regulation 16 of the Local Government (Financial Management) Regulations 1996 and current accounting standards Crown land set aside as a public road reserve or other public thoroughfare or under the control of a local government under Section 3.53 of the Local Government Act 1995 or vested Crown land under the control of a local government by virtue of the operation of the Land Act or the Town Planning and Development Act has not been brought to account as an asset of the City. Improvements or structures placed upon such land have been accounted for as assets of the City.

i) Estimation of Fair Value

The fair value of financial assets and financial liabilities is estimated for recognition and measurement. The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair value. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the City for similar financial instruments.

k) Impairment

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired. Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 "Impairment of Assets" and appropriate adjustments made.

Impairment losses are recognised in the Statement of Comprehensive Income whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. For non-cash-generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) at 30 June 2018. In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget.

I) Provisions

Provisions are recognised when the City has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

m) Rates

The rating and reporting periods coincide. All rates levied for the year are recognised as revenues. All outstanding rates are fully collectable and therefore no allowance has been made for doubtful debts.

All eligible pensioners and seniors registered under the Rates and Charges (Rebates and Deferments) Act 1992 may obtain a rebate from the WA State Government or defer their rates for full payment upon their property being sold or vacated. Pensioners/seniors who hold either a WA Seniors Card, with or without a Commonwealth Seniors Health Card, Pensioner Concession Card or State Concession Card can apply to be eligible for this State scheme. There is no cost to the City under this scheme as interest is received from the State Government for pensioner deferred rates.

n) Grants, Donations and Other Contributions

All grants, donations and other contributions in respect of which the City is not required to make a reciprocal transfer of economic benefits are recognised as revenue when the City obtains control over the assets comprising the contribution.

After being recognised as revenue, conditional grants and contributions are recognised as an expense and liability when the City fails to meet the specific conditions attached to a grant or contribution and becomes liable for its re-payment or refund.

Capital grants unspent are treated as restricted assets and are deducted from the available funds in the determination of the Opening and Closing Funds for the purpose of the Rate Setting Statement incorporated in the City's budget.

o) Employee Benefits

Provision is made for benefits accruing to employees in respect of annual leave and long service leave when it is probable that settlement will be required, and are capable of being measured reliably.

Provisions made in respect of annual leave and long service leave, to be settled within twelve months, are measured at their nominal values.

Provisions made in respect of long service leave which are not expected to be settled within 12 months are measured at their present value of the estimated future cash outflows to be made by the City in respect of services provided by employees up to the reporting date.

p) Borrowing Costs

Borrowing costs are recognised as an expense in the period in which they are incurred. Where the purpose of borrowings is to fund the acquisition or construction of assets, borrowing costs may be capitalised as part of the cost of the assets involved, offset by any interest earned on the borrowed fund before being spent. In accordance with the treatment permitted by Australian Accounting Standards, the City generally expenses borrowings costs as they are incurred, regardless of the purpose of the borrowing.

q) Investments

Investments in managed funds are marked to market and the resultant increase or decrease in value is reflected in the Statement of Comprehensive Income at the reporting date. Interest on money market investments is recognised as revenue when earned. Investments in short term deposits, or which are otherwise readily convertible to known amounts of cash, are treated as part of cash and cash equivalents.

r) Superannuation

The City of Joondalup makes statutory contributions to the WA Local Government Superannuation Plan and other Funds as nominated by its employees. The expense related to these contributions is recognised in the Statement of Comprehensive Income.

s) Works in Progress

Major buildings, reserves, infrastructure and other assets that have not been completed at the reporting date will be reflected as works in progress.

t) Trade and Other Payables

Trade and other payables are recognised when the City becomes obliged to make future payments resulting from the purchase of goods and services. The amounts are unsecured and are generally settled within 30 days of recognition.

u) Trade and Other Receivables

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost for material uncollectible amounts using the effective interest rate method, less any allowance. Receivables expected to be collected within 12 months at the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they may not be collectible.

v) Goods and Services Tax

Revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Balance Sheet are stated inclusive of applicable GST.

The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as part of current assets and current liabilities.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing or financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flow.

w) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank, cash on hand and other short term deposits which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in values.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, including bank overdrafts, which form an integral part of the City's cash management and are repayable on demand.

x) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

y) Current and Non-Current Classifications

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

2 **Program Activities**

Statements of Comprehensive Income have been provided by program and by nature. Broad definitions of each program are as follows:

a) Governance

Governance relates to elected members costs and other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific City services.

b) General Purpose Funding

Rates income and expenditure, Grants Commission and pensioner deferred rates interest.

c) Law, Order and Public Safety

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety.

d) Health

Prevention and treatment of human illnesses, including inspection of premises / food control, immunisation and child health services.

e) Education and Welfare

Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.

f) Housing

g) Community Amenities

Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.

h) Recreation and Culture

Provision of facilities and support for organisations concerned with leisure time activities and sport, support for performing and creative arts. This includes maintenance of halls, aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.

i) Transport

Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City works operation centre, including development, plant purchase and maintenance.

j) Economic Services

Rural services, pest control, implementation of building controls and tourism and area promotion.

k) Other Property and Services

Public works overheads, plant / vehicle operations, sundry and other outlays that cannot be assigned to one of the preceding programs.

3 Rating and Valuations

The following table summarises the Gross Rental Values and Unimproved Values used in calculating the rates revenue to be raised.

| | Budget 2016-17 | Estimate 2016-17 | Budget 2017-18 |
|----------------------|----------------|-------------------------|----------------|
| Gross Rental Values | \$ | | |
| Residential Improved | 1,351,074,906 | 1,351,074,906 | 1,358,472,141 |

| Industrial Vacant | 315,000 | 315,000 | 369,500 |
| Total | 1,682,764,281 | 1,682,764,281 | 1,722,686,827 |
| Unimproved Values | | | |
| Residential | 1,580,000 | 1,580,000 | 1,580,000 |
| Rural | 1,730,000 | 1,730,000 | 1,730,000 |
| Total | 3,310,000 | 3,310,000 | 3,310,000 |

a) Gross Rental Values

The Valuer General at Landgate conducts a Triennial Revaluation which provides the City with both Gross Rental Values (GRV) and Unimproved Values (UV) for the purpose of calculating Rates. The values supplied are effective from 1 July 2017 and will continue for three years from that date.

b) Differential Rates

The City of Joondalup has applied differential rates as empowered under Section 6.33 of the Local Government Act 1995. The differential rates are levied on all rateable land within the City according to the predominant purpose for which the land is held or used. Should the predominant land use forming the basis for the imposition of the differential rates change during the year, the City is not required to amend the assessment of rates payable on that land on account of that change.

The proposed new rates are set at differential levels that provide, as far as is practically possible, a fair and equitable distribution of the rate burden to each category of land having regard to its demands on the City's services.

None of the differential rates are more than twice the lowest differential rate as applied in this budget.

A Rating Information Statement giving details of each respective category and their rates in the dollar, respective valuation totals and rates revenue raised is provided in Attachment 4 to the budget.

The objects and reasons for the imposition of each differential rate are:

Object

The cents in the dollar (\$) are calculated to provide the shortfall in income required to enable the City to provide necessary works and services in the 2017/18 Financial Year after taking into account all non-rate sources of income.

Reason - Gross Rental Value Based Differential Rates

Residential Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years.

Residential Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years and is higher than residential improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Commercial Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from commercial property remains consistent with previous years and recognises the higher demand on City infrastructure and services from the activity on commercial property.

Commercial Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from commercial property remains consistent with previous years and is higher than commercial improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Industrial Improved – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from industrial property remains consistent with previous years

and recognises the higher demand on City infrastructure and services from the activity on industrial property.

Industrial Vacant – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from industrial property remains consistent with previous years and is higher than industrial improved property in an effort to promote development of this category of property thereby stimulating growth and development in the community.

Reason – Unimproved Value Based Differential Rates

Residential – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from residential property remains consistent with previous years.

Rural – the rate in the dollar has been set to ensure that the proportion of total rate revenue derived from rural property remains consistent with previous years.

c) Minimum payments

A minimum payment of \$863 is applied to Gross Rental Valued residential improved and Unimproved Valued residential and rural rate categories in recognition that every property receives some minimum level of benefit from works and services provided by the City.

A minimum payment of \$883 is applied to Gross Rental Valued commercial and industrial improved rate categories and Gross Rental Valued residential, commercial and industrial vacant rate categories in recognition that every property receives some minimum level of benefit from works and services provided.

The same minimum payments apply to interim valuations as and when they take effect.

d) Concessions, waivers

No concessions are provided for in this financial year.

e) Rates Early Payment Incentive Scheme

In accordance with the provisions of Section 6.46 of the Local Government Act 1995, a Local Government is empowered to offer a discount or other incentive for the early payment of rates.

The City will purchase a vehicle to offer as an incentive prize for early payment of rates in addition to commercially sponsored prizes being offered. An allowance of \$45,000 for the purchase of the vehicle is included in the Annual Budget.

The City offers the early rate payment incentive prizes where: -

Full payment of all current and arrears of rates, (including specified area rates), emergency services levy, domestic refuse charge and private swimming pool inspection fee is received within 28 days of the issue date of the annual rate notice.

A computerised random selection process, the integrity of which has been authenticated by the City's internal auditor, will choose the prize winners. The winners will be invited to attend a prize draw function during which the prizes will be allocated in a secondary draw process.

f) Rates Payment Options

The City in accordance with the provisions of section 6.45 of the Local Government Act 1995 offers the following payment options for the payment of rates (including specified area rates), emergency services levy, domestic refuse charges and private swimming pool inspection fees.

One Instalment

Payment in full (including all arrears) within 28 days of the issue date of the annual rate notice due on **18 August 2017** and be eligible to enter the rate incentive scheme for prizes.

Payment in full within 35 days of the issue date of the annual rate notice due on 25 August 2017.

Two Instalments

The first instalment of 50% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, instalment charge, plus the total outstanding arrears payable within 35 days of the issue date of the annual rate notice and due on **25 August 2017**.

The second instalment of 50% of the total of the current rates, emergency services levy, domestic refuse charge, private swimming pool inspection fees and instalment charge, payable 63 days after due date of first instalment due on **27 October 2017**.

Four Instalments

The first instalment of 25% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, instalment charge, plus the total outstanding arrears payable within 35 days of the issue date of the annual rate notice on **25 August 2017**.

The second, third and fourth instalments, each of 25% of the total current rates (including specified area rates), emergency services levy, domestic refuse charge, private swimming pool inspection fees, and instalment charge payable as follows:

- 2nd instalment 63 days after due date of 1st instalment on 27 October 2017
- 3rd instalment 63 days after due date of 2nd instalment on 29 December
 2017
- 4th instalment 63 days after due date of 3rd instalment on 2 March 2018.

g) Instalment Charges and Calculation of Interest

The instalment options are subject to an administration fee for each instalment, together with simple interest on the unpaid balance, as described below. A total of \$350,600 is anticipated as interest revenue on instalment payments, which is calculated as follows:

Two Instalments

An administration fee of \$12 for instalment two, together with an interest charge of 5.5% per annum, calculated on a simple interest basis on 50% of the total current general rate (including specified area rates) calculated from the due date of the first instalment for 63 days until the due date of the second and final instalment.

Four Instalments

An administration fee of \$12 for each of the second, third and fourth instalments, together with an interest charge of 5.5% per annum, calculated on a simple interest basis on:

75% of the total current general rate (including specified area rate) calculated from the due date of the first instalment for 63 days until the due date of the second instalment.

50% of the total current general rate (including specified area rate) calculated from the due date of the second instalment to the due date of the third instalment; and

25% of the total current general rate (including specified area rate) calculated from the due date of the third instalment to the due date of the fourth instalment.

h) Special Payment Arrangements

Special weekly, fortnightly, monthly or bimonthly payment arrangements can be made with the City for those ratepayers who may be unable to pay in full or according to the instalment plans offered. An administration fee of \$34 if paid by Direct Debit (bank account only) or, \$52 if paid by another method, is charged on each special payment arrangement and interest of 11.00% per annum is applied to the outstanding balance effective from **26 August 2017** until the account is paid in full.

i) Late Payment Interest

The Council, in accordance with the provisions of Section 6.13 and Section 6.51 of the Local Government Act 1995 imposes interest on all current and arrears of rates (including specified area rate), current and arrears of domestic refuse charges and current and arrears of private swimming pool inspection fees at a rate of 11.00% per annum based on simple interest, calculated on arrears amounts that remain unpaid and current amounts that remain unpaid after 35 days from the issue date of the original rate notice, or the due date of the instalment as the case may be and continues until the outstanding amount payable is fully paid. Calculated interest is charged monthly in arrears.

Deferred rates, instalment amounts not due under the two or four-payment options, registered pensioner portions and current government pensioner rebate amounts are excluded from late payment interest calculation. Deferred rates earn interest at stipulated rates, which is paid over to the City by the State Government.

The 2017-18 Budget includes an amount of \$271,000 to be generated from interest earned on outstanding rates and \$30,000 from deferred rates.

j) Domestic Refuse Charges

In accordance with the provisions of the Waste Avoidance and Resource Recovery Act 2007 the City imposes the following domestic refuse charges for the 2017-18 financial year, which includes a charge for a recycling service to be provided to all ratepayers during the budget year.

- \$346 per service
- Establishment and delivery \$70

k) Private Swimming Pool Inspection Fee

Council, in accordance with the provisions of the Building Act 2011, imposes for the 2017-18 financial year, a private swimming pool inspection fee of \$36.43 on those properties owning a private swimming pool.

n) Emergency Services Levy Interest Charge

In accordance with the provisions of Section 36S of the Fire and Emergency Services Authority of Western Australia Act 1998, the interest rate for all current and arrears amounts of emergency services levy is 11.00% per annum, calculated on a simple interest basis and charged monthly on amounts which remain unpaid after 35 days from the issue date of the original rate notice, or the due date of an instalment and continues until the arrears is fully paid. Excluded are instalment current amounts not yet due under the two or four-payment option, registered pensioner portions and current government pensioner rebate amounts.

o) Emergency Services Remittance Option B

The City has elected to remit the 2017-18 Emergency Services Levy to the Fire and Emergency Services Legislation under Option B. Under this option the City is required to remit 30% of the ESL levy collected, estimated at \$19.9m in 2017-18, to FESA quarterly in September, December and March with the last 10% payment made in June 2018.

The City invests the ESL levy received as part of its municipal funds investments and the expected interest earning on this investment forms part of the budgeted interest income reported in the Statement of Comprehensive Income and is reflected in the budgeted cash inflow reported in the 2017-18 Statement of Cash Flows.

4 Contributions, Reimbursements and Donations

The City receives Contributions, including infrastructure assets from developers comprising parks, roads and drainage, details of which are as follow:

b) Unspent balances

All funds borrowed prior to the budget year are anticipated to be fully expended.

c) Credit Standby Arrangements

An overdraft facility of \$500,000 was established in July 1999 to meet short-term cash shortages. The overdraft was not utilised at the time of preparing the budget.

d) Credit Cards

The City has four corporate credit cards, with a total limit of \$40,000. The credit was not utilised at the time of preparing the budget.

14 Trust Fund

Cash in Lieu of Public Open Space

This holds funds received from developers in lieu of providing public open space. Funds transferred from the Trust will be utilised to fund future public open space requirements.

The planned renewal of playspace equipment at Tarolinta Park in 2017-18 will be funded from the Trust.

16 Major Land Transactions

The City is expecting an equity distribution of \$666,667 in 2017-18 arising from the sale of land at the Catalina Estate managed by the Tamala Park Regional Council, in which the City holds a 1/6th share.

17 <u>Discounts Waivers and Write Offs</u>

Council has adopted a Facility Hire Subsidy Policy which gives local not-for profit community groups and groups from educational institutions access to subsidies of hire fees at Citymanaged facilities. The 2017-18 budget includes subsidies of \$1,329,338 across 84 facilities.

City of Joondalup residents or ratepayers who are full time students, seniors or have a pension card are entitled to a 25% discount on memberships, short courses, crèche and single casual swim entries at City Leisure Centres. Seniors aged 75 years and above are entitled to a 33.33% discount on memberships, short courses and casual swim entries. The 2017-18 budget includes discounts of \$231,288.

The Platinum 50+ Adventure program is an award winning program which aims to attract and engage participants 50+ years of age in a series of high quality social outings within the City of Joondalup and surrounding areas. The 2017-18 subsidy is budgeted at \$68,943.

The total Discounts offered across the City of Joondalup for 2017-18 is \$1,629,569

18 Trading and Major Trading Undertakings

It is not anticipated that any trading undertakings or major trading undertakings will occur in 2017-18.
