BUSHLAND WEEDS

What is a weed? Think about this for a minute then share your ideas with a partner. Write 4 things you know about weeds.

What are weeds?

1.

2.

3.

4.

Did you know that ALL plants have a place in the world where they are native? This means they all belong somewhere. It is only when they grow where they are not supposed to be that they become a weed.

Why are weeds bad for bushland? Can you think of 4 ways weeds might be bad?

Why are weeds bad?

1.

2.

3.

4.

How do weeds get into bushland? How do you think weeds find their way into the bushland?

How do weeds get into the bushland?

1.

2.

3.

4.

Which weeds are found in your local bushland?
Draw and name 6 common weeds found in the City of Joondalup.

1.	2.
3.	4.
5.	6.
