Parking permit changes in Joondalup City Centre

The City will make changes to the issue and use of resident and visitor parking permits in the Joondalup City Centre.

The changes have been made because the number of resident and visitor parking permits in the Joondalup City Centre now far exceeds the amount of parking spaces currently available. This has impacted on residents in these areas by reducing their ability to have fair and reasonable access to the limited on-street parking.

The current maximum of five free permits for residents living in the Joondalup City Centre will be reduced to a maximum of three free permits with one extra available to be purchased (from 2019-2022).

This will be reduced to two free permits with one extra available to be purchased (from 2023-2027). From the calendar year 2028 onwards, a maximum of two free permits with no extra purchased permits available.

From 2019, the two different types of permits – Resident Parking Permit and Visitor Parking Permit – will be replaced with a single type “Annual Parking Permit”.

FAQ Can I purchase additional Annual Parking Permits?
From 2019 to 2027, residents can purchase a maximum of one permit per property. From 2028 onwards, no additional permits can be purchased.

How much will it cost to purchase an additional Annual Parking Permit?
A fee of $100.00 will be charged for the issue of an additional permit.

Armistice Centenary Grant for City

The City has received Federal Government funding to hold a Remembrance Day event to commemorate the 100th anniversary of the Armistice of WW1.

The City was allocated $27,902 under the Armistice Centenary Grants Program to deliver, in partnership with the Joondalup City RSL, a Remembrance Day service at the Central Park War Memorial, Joondalup, on Sunday 11 November, 10.45am.

Garage Sale Trail

Garage Sale Trail co-founder Andrew Valder and Joondalup Mayor Albert Jacob are urging Joondalup residents, schools, community groups, charities and businesses to get involved in the 2018 Garage Sale Trail – a weekend of co-ordinated garage sales throughout the country on Saturday 20 and Sunday 21 October. The annual event is all about sustainability and pushing the reuse message to buyers and sellers. It is also a great way to connect local communities, make some money and raise funds for charity. Visit garagesaletrail.com.au for more information.

Andrew Valder and Joondalup Mayor Hon. Albert Jacob JP

Stay Informed

The City holds a range of events and programs throughout the year. Stay informed by following the City on:

- joondalup.wa.gov.au
- /cityofjoondalup
- @city_joondalup
- /cityofjoondalup
- /city-of-joondalup
- @city_of_joondalup
Spring is in the air and what an ideal time of year to get outdoors and enjoy the many amazing attractions the City has to offer. Joondalup is home to some of Perth’s best natural assets; a spectacular coastline, wetlands, parks and bushland that are free for all to explore and enjoy.

Why not pay a visit to Yellagonga Regional Park? Often referred to as the ‘Kings Park of the North’ Yellagonga is a stunning backdrop for a walk, run or cycle. A personal favourite of my own family, this world-class, biodiversity rich environment – surrounding Lake Joondalup – is home to wildlife including long-necked turtles, frogs, kangaroos and birdlife as well as rare flora.

Joondalup is also home to plenty of stunning beaches and the City is currently working with various stakeholders on a shared coastal dual use path project that will only enhance our connection to the coast, linking Burns Beach in the north to Mindarie in the City of Wanneroo. This highly anticipated project will give users a chance to experience a three-kilometre stretch of coastline unlike anywhere else in Perth in terms of natural beauty.

Updates on this project and others will be communicated via the City’s social media platforms. Feedback on the recent upgrades to the City’s website has been positive while our social media platforms of Facebook, Twitter, Instagram and LinkedIn continue to grow in popularity, allowing residents to engage with their City on issues that are important to them.

One of those issues – affecting communities across Perth – is undoubtedly that of urban infill. The City recently appointed a team of specialist consultants to prepare a planning framework for the management of infill development in the City’s Housing Opportunity Areas (HOAs). Their role will be to engage and consult with the community to hear and discuss their concerns and issues in relation to infill development and suggestions relating to development of a planning framework.

You’ll hear more about the outcomes of this consultation in the coming weeks and months.

It’s almost 12 months since I was elected Mayor of this great City and undoubtedly the most important decision our Council has made during that period will be rolled out in the coming months as we progress our new-look waste management system.

It’s rare that an elected body can make a decision that impacts every single household within the City. From early next year, a three-bin system will replace the current system of one 240L general waste collection (weekly) and one 240L or 360L yellow lid recycling bin (collected fortnightly).

Instead, the new system, which aligns with Better Bins Kerbside Collection Guidelines, will consist of one 140L red lid general waste bin (collected weekly), one 240L lime green lid garden waste bin (collected fortnightly), and one 240L or 360L yellow lid recycling bin (collected fortnightly). Read more about this important issue on page 7.

On the events front, excitement builds ahead of the third Kaleidoscope Festival in early November. Tens of thousands of people are again expected to attend this spectacular four-night event that will illuminate our City Centre.

It’s just one of many free events the City will be offering our community and visitors in the coming months.

The Spring Markets, in their second year proved very popular during September while this month we have the Little Feet Festival at ECU on Sunday 21 October for kids 12 and under and the 2018 Community Invitation Art Award – to be held at Lakeside Joondalup Shopping City Sunday 14 – 28 October, which will only strengthen Joondalup’s reputation as a City dedicated to encouraging and fostering culture and the arts.

On 11 November we will pause to remember the fallen at the 100-year anniversary of Armistice with our Remembrance Day Ceremony at Central Park War Memorial. Without the sacrifice of our fallen servicemen and women Joondalup as it is today would not exist.

Stay engaged with your City via joondalup.wa.gov.au or on our Facebook, Twitter, LinkedIn and Instagram platforms. I hope to see you and your family and friends at one of our many great events in the coming months.

Mayor Hon. Albert Jacob JP

What’s Going on in Your City?

Blackthorn Park, Greenwood

The City has completed a sump beautification project at Blackthorn Park, Greenwood, turning an ugly wire-fenced drainage basin to a visually aesthetic, open park area. The Water Corporation contributed $25,000 to the project as the site is located within a major Water Corp catchment for Elmhurst Way/Beaumont Park, Greenwood.

City Releases Bike Survey Results

The City has released the results of a community Bike Survey, which was open for comment earlier this year.

The survey was designed to establish a baseline understanding of bike riding participation levels in the City and the motivators and barriers to cycling.

A total of 667 valid responses were received. The results will be used to inform future City programs, services and infrastructure related to bike riding.

Significant progress has also been made in implementing projects within the City’s Bike Plan 2016 – 2021 to increase bike riding within the City.

Key achievements across 2017/18 included:

- Two new connections to the Mitchell Freeway Principal Shared Path (PSP) have been created in Kingsley to improve connectivity to the Greenwood Train Station.
- The City held a free community bike safety event – the Bike Doctor – at Burns Beach Park as part of Bike Week. A total of 89 bikes received a free bike check.
- 23 Share the Path on-ground decals were installed or upgraded along the Sunset Coast Shared Path.
- Urbi Bike Share facilities were officially launched in the City of Joondalup in September 2017.

Young Entrepreneurs to Benefit from Latest Innovation Fund Grant

The City’s latest Innovation Fund grant will assist in the development of a digital resource to enable local high school students to build the know-how to develop their business ideas.

“Teen Biz Base”, the brainchild of Engaging Education Pty Ltd Founder and Director Karen Dennett, allows young entrepreneurs to tap into information and links to industry expertise that will enable them to build their knowledge, skills and networks.

The flexible support and learning from this digital resource will be accessed anywhere and at the students’ own pace as they strive to be successful in a challenging future jobs market, either within an organisation or self-employed.

Ms Dennett said “Teen Biz Base” was developed in response to a demand identified by a growing network of teachers, students, and young entrepreneurs.
Playground upgrades prove a hit

Local families have been turning up in big numbers to two of the City’s newest family-friendly playspaces following the recent opening of a bike/scooter skills track at MacDonald Park, Padbury and revitalised playground on the northern side of Tom Simpson Park, Mullaloo.

The skills track was completed as part of recent upgrades to MacDonald Park and includes mini asphalt roadways with line markings and traffic signage. Other features include zebra crossings, speed humps, parking bays, hairpin bends, a small off-road section, petrol pump and shop fronts.

The playspace at Tom Simpson Park is suitable for children aged 2 to 12 and includes sand and softball surfaces, shade sails (in summer) and a variety of equipment including a ship with play panels, four swing sets and a large timber fort with net climbers and tube slide.

Nominations Open for Community Citizen of the Year Awards

The City is calling on residents to nominate an inspiring member of the community for the Community Citizen of the Year Awards.

The awards reward and recognise individuals and organisations making a notable contribution during the current year, and/or those who have given outstanding service over a number of years and are presented by the City in partnership with His Excellency the Governor of Western Australia and Auspire – The Australia Day Council WA.

There are four categories:

**Citizen of the Year**
A person you believe has delivered outstanding service to his or her community.

**Citizen of the Year – Youth**
A young person you believe has delivered outstanding service to his or her community and to be eligible, the person must be under 25 years of age on 26 January.

**Citizen of the Year – Senior**
An older person you believe has delivered outstanding service to his or her community and to be eligible, the person must be over 65 years of age on 26 January.

**Award for Active Citizenship**
A group doing outstanding work or for an event staged in the community during the past year.

Nominations close Wednesday 31 October and can be made at citizenshipawards.com.au/nominate.
The City is engaging with members of the community who want to have their say on the development of a new framework and updated planning provisions for each of the City’s Housing Opportunity Areas (HOAs) – the 10 areas or nodes in the City where residential properties can be redeveloped at higher densities.

The City recently engaged a specialist team of consultants to review the City’s approach to infill development. As part of this review an online survey is available at surveymonkey.com/r/COJ-HOA. A hard copy of the survey can be obtained by calling 9400 4019 or by emailing HOAPlanningFramework@joondalup.wa.gov.au

Data from this survey will be collated and analysed by an independent consultant team. The survey is open until 29 October 2018 and will take about 15 minutes to complete. Residents can also indicate their interest in attending future community engagement initiatives and/or receiving project updates.

Listening Posts, where community members can ask questions of the consultant team on the HOAs issue, will also be held at the following times and locations:

**Wednesday 17 October:** 9.30am – 1.30pm, Kingsley Memorial Clubrooms, Kingsley

**Thursday 18 October:** 5.30pm – 8.30pm, Emerald Park Clubrooms, Edgewater

**Saturday 20 October:** 9.30am – 1.30pm, Joondalup Civic Centre, Joondalup

**Tuesday 23 October:** 9.30am – 1.30pm, Fleur Freame Pavilion, Padbury

**Wednesday 24 October:** 5.30pm – 8.30pm, Dorchester Hall, Warwick

For more information visit joondalup.wa.gov.au/HOA, call 9400 4019 or email HOAPlanningFramework@joondalup.wa.gov.au

Did you Know?

- The City's Innovation Fund offers grants of between $5,000 and $20,000 to foster local initiatives that bring and create new business activities into Joondalup, adding to the City's business dynamic through innovative or digital based activities.

- An impressive 19.5% of City residents volunteer their time in some capacity, which is almost 2% more than the greater Perth area. Members of the community interested who think they'd like to get involved are encouraged to attend one of the City’s free Step into Volunteering sessions. The next session will be held on Thursday 18 October at Joondalup Library. For further information call the City on 9400 4734.

Host City makes mark on international stage

The City of Joondalup hosted international delegates from China’s aged care industry for the inaugural Innovation: Solutions for an Ageing Population International Conference at Joondalup Resort.

A collaboration between the City of Joondalup and Shanghai Science and Technology Service Centre for Ageing, Bethanie, Australian Medical Association (WA), Edith Cowan University and AusGlobal Exchange – the conference attracted about 120 people and featured an energising and informative program of speakers and an extensive program of events, networking opportunities and site visits.

Health Minister and Deputy Premier, Hon Roger Cook, officially opened the conference on Wednesday 12 September and delegates included Mr Jiang Baorong, Deputy Director, Health and Family Planning Bureau of HuZhou City and Mr Wu Hanzhang, Director Shanghai Technology Service Centre for Seniors.

While in Joondalup, a Chinese TV camera crew was documenting the conference and filming parts of the Joondalup region, potentially showcasing Joondalup to an audience of 680 million people.
Refined Concept Plan for Ocean Reef Marina

Ocean Reef Marina is set to become a world-class retail, recreation, residential and tourism precinct.

As project leader it is LandCorp’s responsibility to make sure the design of the Ocean Reef Marina is the best and most suitable option for the development site.

To achieve this, in collaboration with the City, LandCorp brought together a team of experts to review the existing concept plan and assess how well it meets best practice design, planning and environmental practices as well as how it meets the expectations of key stakeholders and the local community.

Based on this review, a refined concept plan has been developed. It keeps all the features and amenities the community loved, whilst improving the layout and quality of the end result.

For more information on the refined Ocean Reef Marina concept plan visit landcorp.com.au/oceanreefmarina or joondalup.wa.gov.au

The required planning and environmental approvals processes are also well underway.

Construction is expected to begin on the marina in 2020.

LandCorp, the City and a team of expert consultants are working with the Department of Transport and other key stakeholders to deliver this significant State Government project.

Let’s sort waste, it’s the right thing to do.

The City will commence the rollout of its new three-bin system from late January 2019.

Implementation of the three-bin system will be phased in and will consist of one 140L red lid general waste bin (collected weekly), one 240L lime green lid garden waste bin (fortnightly) and one 240L or 360L yellow lid recycling bin (fortnightly).

From December 2018 residents can opt out of the 140L, for a 240L red lid general waste bin for an initial fee of $85.00. Fee reviewed annually.

This project is part funded by the State Government through the Waste Avoidance and Resource Recovery Account and administered by the Waste Authority.

For further information or to request a FREE upgrade to a larger 360L recycling bin complete the online form at joondalup.wa.gov.au or call 9400 4255.
Kaleidoscope: Festival of Light | Art | Food

Upcoming Events

OCTOBER

NOVEMBER

Kaleidoscope Festival
Thursday 1 November – Sunday 4 November, 5.00pm till late,
Joondalup City Centre

Armistice Centenary Celebration, Remembrance Day
Sunday 11 November, 10.45am
Joondalup War Memorial, Central Park, Joondalup

World-class illumination festival Kaleidoscope will again light up Joondalup’s city centre with a brilliant array of projections, art, lighting displays and performances from Thursday 1 November to Sunday 4 November 2018.

Over four evenings, the Joondalup CBD will transform into an extraordinary wonderland of illumination, showcasing your Joondalup Library, Central Park and other icons of the Joondalup landscape in a whole new light.

This free event brings together artists, creators, engineers, set designers, graphic artists, performers, visual artists and the local community to collaborate and create WA’s leading light and technology festival.

With something for all ages, visitors can expect an outstanding cultural experience paired with family activities and gourmet food. Come early from 5.00pm to enjoy bountiful offerings from the festival food trucks or one of the many local restaurants, then watch as the sun goes down, the lights come up and the City is transformed.

Awarded the prestigious Event of the Year Award at the 2017 Parks and Leisure Regional Awards for Excellence and attended by more than 88,000 people over four nights last year, Kaleidoscope promises to outshine all expectations again in 2018.

To stay up-to-date with the latest Kaleidoscope news visit kaleidoscopefestival.com.au
You can also follow the festival and see some of the incredible images from last years’ event on social media at:

Facebook: kaleidoscopefestivalwa
Instagram: kaleidoscopefestivalwa
