APPENDIX ...................................................................................................................................... 15
OVERVIEW

From 31 August 2018 to 21 September 2018, the community was invited to provide feedback on a proposal to refurbish the toilet/change room facility at Falkland Park, Kinross. The proposal included male and female toilets, universal access toilet, change rooms, umpires’ room, sporting club storage, and a kiosk for use by sporting clubs during game days to serve food and refreshments. Feedback was sought by way of a Comment Form to determine the overall level of support for the proposal.

The City collected a total of 11 valid responses throughout the 22-day advertised engagement period. All of these came from stakeholders who had been directly engaged by the City, indicating a response rate of 5.0%. This included a response from the Water Corporation (see Appendix 10).

Respondents were asked to indicate their overall level of support for refurbishing the existing toilet/change room facility on a five-point scale from “strongly support” to “strongly oppose”. All respondents indicated that they either “support” or “strongly support” the proposal, with 8 respondents indicating “strongly support”.

Additional comments from respondents included the assertion that the refurbishment will support use by local clubs, and requests for a drink fountain and dog water station to also be installed in the park. Other comments included requests that facilities at Falkland Park be made available to all users of the park (not just those who book).
STAKEHOLDERS

A total of 222 stakeholders were directly engaged by the City. Stakeholders identified included:

- Local residents and landowners within a 200 metres radius of Falkland Park = 214
- Park user groups = 6:
  - Currambine Football Club
  - Joondalup Kinross Cricket Club
  - Joondalup Kinross Junior Cricket Club
  - Joondalup Kinross Junior Football Club
  - Kinross College
  - Rebel Fitness
- Community groups = 1
  - Kinross Residents Association
- Government stakeholders: 1
  - Water Corporation

Additional stakeholders, including park visitors and interested residents and landowners living further than 200 metres away from the park, were also indirectly engaged by the City via the engagement materials described below.
ENGAGEMENT MATERIALS

Local residents and landowners within a 200 metres radius of Falkland Park, community groups and government stakeholders were sent information packs through the post containing a cover letter and Frequently Asked Questions document. These stakeholders were directed via the cover letter to the City’s website to complete the online Comment Form. They were also advised that hard-copy Comment Forms were available on request.

The 7 park user groups were sent emails advising them of the engagement and directing them to the City’s website to complete the online Comment Form. A copy of the Comment Form was also attached to the email. These emails were followed by reminder telephone calls.

Cover letters to local residents and landowners within a 200 metres radius of Falkland Park, community groups and government stakeholders, and email to park user groups (see Appendix 1–3 for full):

Frequently Asked Questions documents (see Appendix 4 for full):

Hard-copy and online Comment Forms (see Appendix 5–6 for full):
In addition to directly contacting identified stakeholders via post and email, the City advertised the engagement to other community members via the following means:

- Webpage linked through the “Community Engagement” section of the City’s website visible 31 August 2018 to 21 September 2018.
- Signage erected at 2 locations around the perimeter of Falkland Park 31 August 2018 to 21 September 2018.

Community engagement webpage on the City’s website (see Appendix 7 for full):

RESPONSE RATE

The City collected a total of 11 valid responses throughout the 22-day advertised engagement period. Responses that were considered valid include all those which contain contact details enabling identification, and were submitted within the advertised engagement period. Where multiple Comment Forms were received from the same respondent, these were combined into one response.

10 respondents completed the Comment Form online, and 1 respondent submitted general feedback by way of a letter. Of the 214 residents and landowners within a 200 metres radius of Falkland Park, 6 submitted feedback. The City received a response from the Water Corporation and 5 of the 6 park user groups, indicating an overall response rate of 5.0%. This data is shown in the tables below.

Responses received by age:
Respondent park usage type

Respondents were asked how they currently use Falkland Park with the following options:

- Organised sport or recreation (eg hire the playing field or clubroom as part of an organised sporting club)
- Informal sport or recreation (eg dog walking, picnicking, children’s play equipment, non-organised sporting activities)
- Other (please describe)
- I do not currently use Falkland Park, but I am interested in this project

The majority of respondents (7) selected “informal sport or recreation”, and 4 respondents selected “organised sport or recreation”. 1 respondent selected “other” and described the shared use agreement in place between themselves and the City. This data is shown in the table and chart below.

The City is proposing to refurbish the existing toilet/change room facility at Falkland Park, Kinross to include male and female toilets, a universal access toilet, change rooms, umpires’ room, and a kiosk for use by sporting clubs on game days to serve food and refreshments. Please indicate your level of support for this proposal:
QUESTION: “If you oppose the refurbishment of the toilet/change room at Falkland Park, please explain why”

Respondents who “oppose” or “strongly oppose” refurbishing the existing toilet/change room facility at Falkland Park were asked to explain why. As there were no respondents who indicated that they “oppose” or “strongly oppose” the proposal, this question has not been analysed.
QUESTION: “Do you have any (further) comments about the proposed refurbishment of the toilet/change room at Falkland Park?”

Respondents were asked if they had any (further) comments about the proposed refurbishment of the toilet/change room at Falkland Park. 9 respondents provided feedback, common themes included:

- believe the refurbishment will support use by local clubs
- request drink fountain and dog water station be installed in the park
- request facilities be made available to all users of the park (not just those who book).

Verbatim comments have been randomised and are provided in the table below.

<table>
<thead>
<tr>
<th>Verbatim responses* — Do you have any (further) comments about the proposed refurbishment of the toilet/change room at Falkland Park (N = 9):</th>
</tr>
</thead>
<tbody>
<tr>
<td>The park is also in desperate need of a water fountain for both people and the many, many dogs that walk at the park.</td>
</tr>
<tr>
<td>Thank you for sending in the post a letter and FAQs to highlight this proposal which is [- - - ] to home, which is appreciated. My husband and I have read your FAQs and have no objections and are happy to support the refurbishment, especially as you have clearly outlined the opening and closing times and procedure that will take place and thus this should reduce any antisocial behaviour late at night or overnight. We didn't feel the FAQs clearly outlined if the proposal is for the existing toilet block to be demolished in favour of the new building to be built, or the toilet block will be refurbished and retained, and the new building will house the other facilities. However, the answer to this would not affect our support for the project or raise any concerns, it would merely clarify our understanding.</td>
</tr>
<tr>
<td>Fully support the project but would also like to be assured that the premises will be maintained and kept clean.</td>
</tr>
<tr>
<td>As part of our Agreement for Shared Use, we would hope that the kiosk facilities are available to us to use on our sports carnival days.</td>
</tr>
<tr>
<td>The refurbishment will greatly enhance the facilities available to the Junior Football Club and the junior and senior players of the Joondalup Kinross Cricket Club (JKCC). As President of the JKCC, my club (over 400 playing members) fully supports this refurbishment.</td>
</tr>
<tr>
<td>I think this is a great idea as the current facilities are not adequate. I would also like to raise the fact that we are also in desperate need of a water fountain (that includes the facility for dogs to drink too). As you mentioned there are many sporting clubs using this facility and many people using the facility for recreational purposes and many many dogs walking and we really need the water facilities. It gets super-hot at the park and the kids and dogs really need it.</td>
</tr>
<tr>
<td>This is a fantastic proposal that will benefit the junior sporting clubs currently using this space.</td>
</tr>
<tr>
<td>My family use this park every single day for footy, playing on the gym, running etc so it needs to be open and available to all users, irrespective of past vandalism. If we’re paying for it (rates) we should have access to it, not just available for those who book the park and get issued keys. That said, I think there are other issues in Kinross that could benefit from money spent well ahead of toilet facilities. Roads, de-weeding roundabouts, even a reduction in rates!</td>
</tr>
<tr>
<td>Water fountains would be a valuable addition.</td>
</tr>
</tbody>
</table>

APPENDIX 1 — Cover letters to local residents and landowners within a 200 metres radius of Falkland Park, community groups and government stakeholders

John Citizen
Address Line 1
Address Line 2

Dear Mr Citizen

FALKLAND PARK, KINROSS — PROPOSED TOILET/CHANGE ROOM REFURBISHMENT

The City of Joondalup is seeking community feedback on a proposal to refurbish the toilet/change room facility at Falkland Park, Kinross. The proposed project includes the refurbishment of the existing toilet/change room facility. The refurbishment will include male and female toilets, universal access toilet, change rooms, umpires’ room, sporting club storage and a kiosk for use by sporting clubs during game days to serve food and refreshments.

To provide feedback, please complete the online comment form available via the “community consultation” section of the City’s website at joondalup.wa.gov.au. It is recommended that you read the enclosed frequently asked questions document prior to providing feedback.

For further information, or to request a hard copy comment form, please contact the City’s Leisure Planning team on 9400 4090 or via email on info@joondalup.wa.gov.au.

SUBMISSIONS ACCEPTED: Friday 31 August 2018 to Friday 21 September 2018.

Yours sincerely

MIKE SMITH
Manager Leisure and Cultural Services

Attachment  Frequently asked questions
APPENDIX 2 — Email to park user groups (clubs)

Good afternoon

As I am sure you are aware the City is currently conducting community consultation on a proposed refurbishment project at Falkland Park, as your club is a regular hirer of the park it is imperative that a comment form is submitted by your club.

Please find attached comment form for completion and return via email to info@joondalup.wa.gov.au or alternatively please visit the City’s website and complete the online comment form available via the “community consultation” section of the City’s website at joondalup.wa.gov.au. It is recommended that you read the frequently asked questions document prior to providing feedback.

We are currently working on concept plans and seeking cost estimates for the project, it is anticipated that the City will be in contact with your club to discuss the concept plans and the results of the community consultation in October 2018.

Regards

APPENDIX 4 — Frequently Asked Questions (page 1)

Falkland Park, Kinross – Toilet/change room refurbishment
Frequently Asked Questions

What is the purpose of the community engagement?
To seek feedback from local residents, the community and park users on the proposed refurbishment of the existing toilet/change rooms at Falkland Park, Kinross.

Why is the City proposing to refurbish the toilet/change room at Falkland Park?
The park is currently hired by four different sporting clubs, a commercial operator conducting small group fitness classes and is used by local residents for informal recreation purposes. The current size and layout of the existing toilet/change room facility is considered inadequate to service the increased usage by the sporting clubs and the wider local community.

What works are being proposed as part of the upgrade?
The proposed project includes the refurbishment of the existing toilet/change room facility. The refurbishment will include the following components:

- male and female toilets
- universal access toilet
- change rooms
-umps/room
- sports club storage
- kiosk (for use by sporting clubs on game days to serve food and refreshments).

Due to the existing facility being located on an elevated area, a separate building will be constructed as shown in red on the included plan.

A meeting or function room is not proposed as part of the project.

During the construction works, temporary facilities (toilets and storage) will be provided for use by the sporting clubs that hire the park. It is proposed that these be located north of the existing toilet/change room facility as shown in yellow on the included plan. It is proposed that these temporary facilities will be managed as the existing toilets are now with groups that hire the park allocated a key to access during bookings.

How will the opening and closing of the toilets be managed?
The City’s park universal access toilets are normally operated by a time lock system, which automatically opens the toilet at 6.00am and locks it at 8.00pm to allow general park users, such as dog walkers or families using the playground, access to a toilet.

Due to previous vandalism issues at Falkland Park, the existing toilets are not operated by the time lock system and are only accessible by groups that hire the park which are allocated a key to access during bookings.

As part of the project, the City will be trialling a time lock system at this site to increase access to toilet facilities for the community. This will allow potential vandalism issues to be monitored.

If, as a result of the trial period, the City determines that the park UAT will need to be locked and only accessible to groups with a park booking, the City will notify residents accordingly.

How will the bookings for the park and toilet/change room be managed?
The toilet/change room is included with the hire of the park. Park bookings will be managed in accordance with the City’s existing hiring processes.

As the park is currently booked by a number of different groups, it is not expected that the usage of the park will increase as a result of the proposed works.

When will the works take place?
It is proposed that the works will be undertaken in late 2019.

Will I still be able to use the park for informal recreation activities (such as walking, jogging dog walking etc.)?
Yes, usage of the park is not expected to change and the project does not propose to fence any of the playing area of the park.

As public open space, the area will continue to be accessible to the local community. As is the case currently when sport is being played at the park, informal recreation activities can still be undertaken around the perimeter and in any space that is not booked.
Will the playground or outdoor exercise equipment by impacted or upgraded as part of the project?
No. The main focus of the project is the refurbishment of the toilet/change room. Other infrastructure at the park is not being considered as part of the project.

Will the school or its access to the park be impacted?
No. Kinross College currently has a “Shared Use Agreement” with the City for use of the park and this will not be impacted by the project.

Who is being engaged on this project?
The City is directly engaging the following stakeholders:
- Local residents within a 200 metre radius of Falkland Park
- Representatives from the current park user groups
- Representative from Kinross College
- Representative from the Kinross Reciclents Association

In addition, all information about the proposed refurbishment is available on the City’s website. Anyone interested in the proposal can complete the comment form with responses limited to one per person.

When is the engagement period open?
The community engagement period is open between Friday 31 August 2018 and Friday 21 September 2018.

What happens next?
The results of the community engagement will be collated and presented to Council seeking endorsement to progress to detailed design and construction.
The outcomes of this engagement will be available for viewing on the community consultation section of the City’s website at joondalup.wa.gov.au.

Who do I contact for more information on the proposal?
For further information please contact the City’s Leisure Planning team on 9400 4090 or via email at info@joondalup.wa.gov.au.
Falkland Park, Kinross - Toilet/Change room refurbishment
Comment Form

The City of Joondalup is seeking community feedback on a proposal to refurbish the toilet/change room at Falkland Park, Kinross. This comment form can be completed electronically via the community consultation section of the City’s website at joondalup.wa.gov.au

It is recommended that you read the Frequently Asked Questions document prior to providing feedback. If you have any questions about the proposal, please contact the City’s Leisure Planning team on 9400 4090 or by email info@joondalup.wa.gov.au

1. Your details:
Please note that for your feedback to be validated, your contact details must be provided. This information will be treated as confidential and will not be published in any document or report on the outcome of the engagement.

Only one comment form per person will be accepted.

Request to be informed:

Community engagement assists Council in deliberating and then making decisions on certain matters. The analysis from this engagement will be provided to Council to assist them in their decision-making role first at a Briefing Session and then at a Council meeting. Deputations can be made at Briefing Sessions by appointment and questions and public statements can be presented at Council meetings.

8. I would like to be informed via email when this engagement will be presented at a Briefing Session and Council Meeting.
   - Yes
   - No

Falkland Park, Kinross — Toilet/change room refurbishment

Categories: Community Consultation
Published on 31/08/2018

Submissions accepted: Friday 31 August 2018 to Friday 21 September 2018

The City is seeking community feedback on a proposal to refurbish the toilet/change room at Falkland Park, Kinross.

The proposed project includes the refurbishment of the existing toilet/change room facility. The refurbishment will include the following components:
- Male and female toilets
- Universal access toilet
- Change rooms
- Umbris’ room
- Sporting club storage
- Kiosk (for use by sporting clubs during game days to serve food and refreshments).

Feedback on the proposed works can be made using the online Comment Form. Alternatively, hard-copy Comment Forms are available on request via the contact details below.

For further information, please review the Frequently Asked Questions below, or contact the City’s Leisure Planning Team.

Re: City of Joondalup - Falkland Park Refurbishment

Thank you for your letter dated 31st August 2018. The Water Corporation offers the following comments in regard to this proposal.

**Wastewater**
In the vicinity of the proposed facility to be upgrade the Water Corporation's gravity wastewater pipeline is present located in an easement. During these refurbishment works these sewers will need to be protected.

Please provide the above comments to the land owner, developer and/or their representative.

Should you have any queries or require further clarification on any of the above issues, please do not hesitate to contact the Enquiries Officer.
