Welcome to this jam packed edition. Along with exciting events and programs, including many connected to the Heritage Festival, May is also when Libraries around Australia celebrate the value of libraries, promote the profession and showcase what libraries are all about. This year the theme is Truth, Integrity and Knowledge (TIK). As a public Library service, Joondalup Libraries connect with the community at many levels, host events and programs, support a virtual library as well as the physical book and promote free membership to all who sign up.

The City also understands that life is busy and time is precious, witnessing the library community coming and going at different stages of life as sports, study, work, travel, hobbies, illness and wellness impacting our schedules, plus the fact that there are only 24 hours in a day. One thing is constant though the Library will always be here.

The City looks forward to seeing you soon.
