Background

The City of Joondalup Arts Development Scheme is a fund designed to develop new audiences in the Joondalup area. The aim of the Scheme is to bring professional performing arts companies to the City of Joondalup for performances and workshops.

The Scheme represents an opportunity for professional performing arts organisations in Western Australia to develop an audience base in the northern metropolitan area of Perth.

The Scheme objectives are:

- To encourage professional arts organisations to stage performances and workshops in the Joondalup region;
- To increase the number and diversity of quality performing arts projects in the Joondalup region;
- To provide opportunities for students and community groups to interact with professional performers;
- To stage performances and participatory workshops that result in an increase in community skills and knowledge;
- To gain recognition for the City's support of cultural activities;
- To enhance the quality of life of the community.

About Joondalup

The City of Joondalup is a vibrant, modern and rapidly developing regional centre, located in the northern suburbs of Perth, between 15 and 30 kilometres from the Perth CBD. The City is bounded by the City of Wanneroo in the north and east, the City of Stirling in the south and the Indian Ocean to the west.

The City is home to approximately 160,995 people (ABS ERP 2016). Statistical analysis, based on the Australian Bureau of Statistics 2016 Census data, shows the following general trends among the local populations.

As compared with the Greater Perth Region, Joondalup households have:

- A larger percentage of 'older workers and pre-retirees' aged 50 to 59 (14.7% compared to 12.2%) as well as 'secondary schoolers' aged 12 to 17 (8.1% compared to 7.2%);

- A larger proportion of high income households (those earning \$2,500 per week or more);
- A higher proportion of couple families with children (39.7%) in comparison to greater Perth (32.3%).

For more information about the Joondalup population, visit the Community Statistics page of the City's website at joondalup.wa.gov.au

The City of Joondalup has a vibrant cultural life with an annual cultural calendar of events including concerts, festivals, art exhibitions and a host of community events. However, the City does not have its own professional performing arts organisations, so the Arts Development Scheme was established to attract visiting companies.

Who is eligible for funding?

Grants will be provided to professional performing arts organisations, wishing to deliver a performing arts project in the City of Joondalup.

- Recipients must be recognised legal entities with an Australian Business Number and Public Liability insurance, such as an incorporated body, company or trust; or
- Independent professional performing arts practitioners or non-legal entities such as artist collectives, may seek the services of an incorporated body (sponsor) to auspice the project on their behalf. The sponsor will be required to accept legal and financial responsibility for the project or activity.

The following entities are not eligible for funding:

- Government departments or agencies; and
- Amateur groups such as community theatres, hobbyist choirs/orchestras or dance groups that do not pay their performers. These groups are encouraged to enquire about the City's Community Funding Program.

What sort of projects are suitable?

Art Form

Projects must be primarily focused on the performing arts such as theatre, dance and movement, spoken word, music, puppetry and circus arts.

Film, multi-media, projection and electronic arts projects will be considered only where they engage the community in participative arts experiences. Screenings alone are not suitable.

Applications incorporating emerging, hybrid or other art forms are welcomed, where there is a substantial performing arts component.

Projects without a core performing arts component are not suitable.

Project Type

Projects may be any performing arts initiative that engages the community and meets the funding criteria. Examples include workshops, theatre performances, community cultural development and concerts.

Typical activities that would be considered by the City include:

- Touring performances or workshops at high schools or primary schools;
- A series of performances or workshops at Leisure Centres or Libraries in the municipality;
- Performances in major venues in the area such as shopping centres, parks, community facilities; and
- Performances as part of other City projects (eg: Joondalup Festival, Little Feet Festival, NAIDOC week).

The City will not fund the following:

- Capital works;
- Deficit funding – for organisations that are experiencing a shortfall in cash revenue or anticipated revenue;
- Retrospective funding – expenses incurred prior to the application closing date;
- Recurrent salaries and recurrent operational costs;
- More than one request for funding in a twelve month period (Financial Year 1 July to 30 June);
