## Introduction

The *Corporate Business Plan* is the City of Joondalup's five-year service and project delivery program. It is aligned to the strategic direction and priorities set within the *10-Year Strategic Community Plan 2012–2022 — Joondalup 2022* and reflects actions in the City's forward Capital Works Program and informing strategies.

The purpose of the Plan is to demonstrate the operational capacity of the City to achieve its aspirational outcomes and objectives over the medium-term. All operational planning and reporting is driven by the *Corporate Business Plan* which is reviewed annually to ensure priorities are achievable and effectively timed.

Flexibility is built into the City's corporate business planning model to ensure the organisation is able to adjust to external influences as they arise. The annual review process enables the City to frequently assess its progress and realign actions and tasks against the most currently available information.

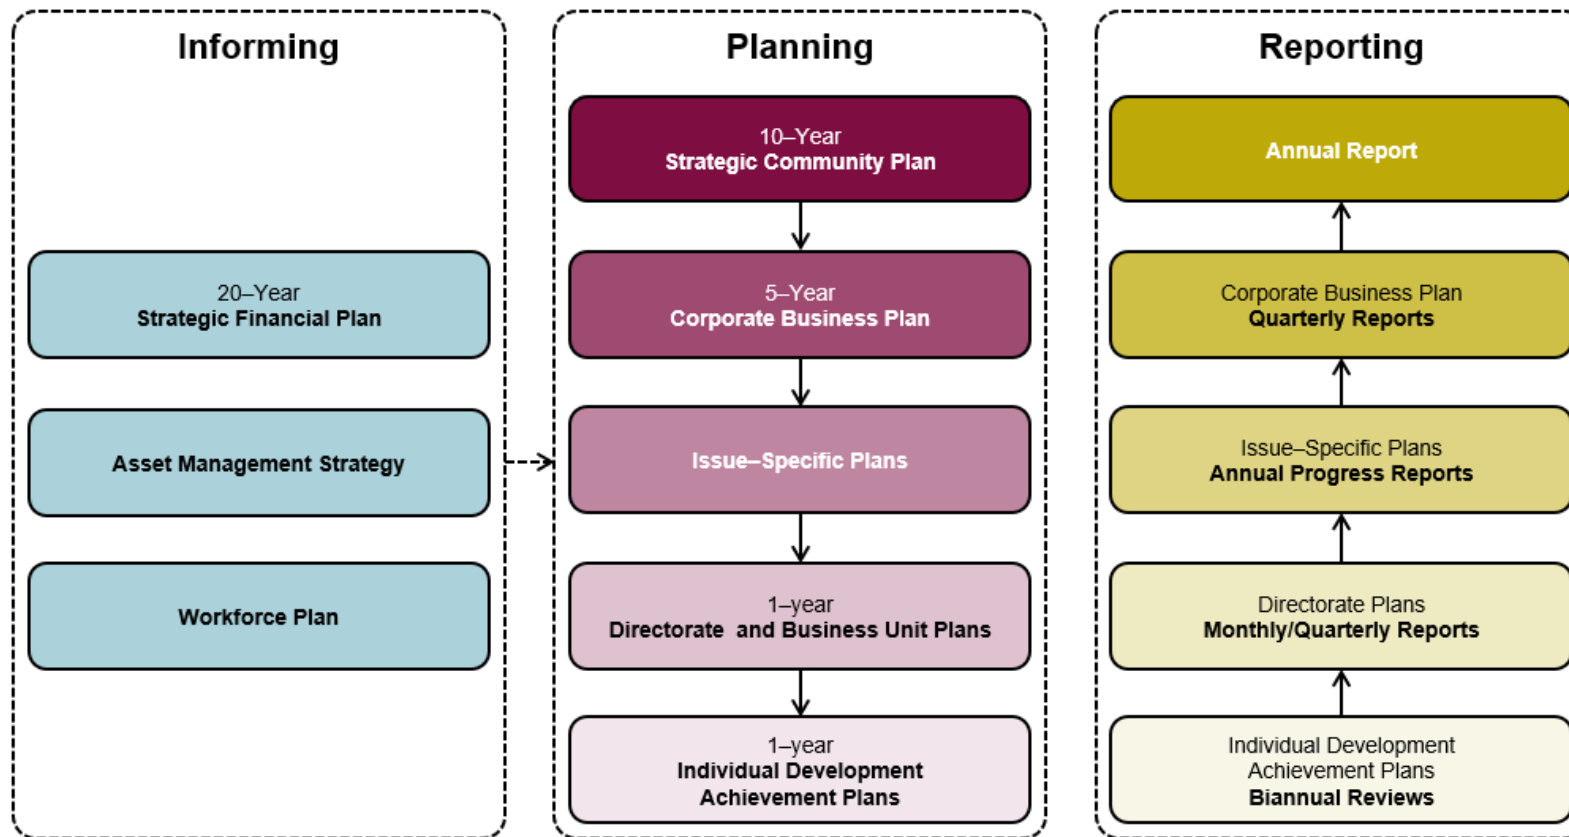

Quarterly progress against services and programs is reported through the key themes of:

- Governance and Leadership
- Financial Sustainability
- Quality Urban Environment
- Economic Prosperity, Vibrancy and Growth
- The Natural Environment
- Community Wellbeing

## Integrated Planning and Reporting Framework

The *Corporate Business Plan* and the *Corporate Business Plan Quarterly Report* form part of the City's *Integrated Planning and Reporting Framework*. The diagram below illustrates the Framework and shows the relationship between the City's strategic and operational documents, highlighting the position of *Corporate Business Plan* and *Corporate Business Plan Quarterly Report* within this planning and reporting hierarchy.

## Strategic Community Plan 2012-2022

The *Strategic Community Plan 2012-2022* is the long-term strategic planning document that outlines the City's commitment to achieving the vision and aspirations of its community and key stakeholders. The plan aims to be transformational by driving a bold vision that will continue to build high standards of livability for the community.

A major review of *Joondalup 2022* was undertaken in 2017/18 to assess its structure and relevance in line with the City's vision and priorities and community aspirations, and was also modified to reflect completion of transformational projects and the inclusion of new endorsed projects. The revised plan was endorsed by Council in April 2018.

The plan is divided into six key themes that include objectives and strategic initiatives for achieving the community's vision, as illustrated below. **The City's Corporate Business Plan aligns all projects, activities and services against the direction provided within the Strategic Community Plan 2012-2022.**

## Quarter Highlights

### Governance and Leadership

#### Annual Report 2017/18

The City's 2017/18 *Annual Report* was endorsed by Council at its November Meeting. In accordance with Section 5.53 of the *Local Government Act 1995*, the *Annual Report* outlined the year's achievements and challenges, and provided the City's full audited accounts. The *Annual Report* is seen as an essential tool to inform the community and key stakeholders on the City's performance and future plans. The 2017/18 *Annual Report* was received at the Annual General Meeting of Electors held on 4 December 2018.

#### CUSTOMER SATISFACTION SURVEY 2017/18

The Customer Satisfaction Survey is conducted annually to measure the level of overall satisfaction with the City and its performance in delivering specific services and facilities. Results for the 2017/18 Survey reflected a high level of community satisfaction, with an overall satisfaction rating of 84.7%. This compares to a rating of 83.8% for 2016/17. Community satisfaction with services provided by the City in 2017/18 was 89.1%, compared to 88.3% for 2016/17. A number of specific service areas received very high satisfaction ratings, including:

- Libraries — 93.7%
- Weekly rubbish collection — 95.0%
- Graffiti removal — 92.4%
- Parks and public open space — 94.2%
- Sport and recreation — 96.7%
- Festivals, events and cultural activities — 92.6%
- Street appearance — 91.3%
- Satisfaction with Joondalup as a place to live — 95.3%

## Economic Prosperity, Vibrancy and Growth

### KALEIDOSCOPE 2018

Kaleidoscope 2018 was held from 1 to 4 November 2018 with approximately 115,000 people attending. This free event showcased light and illumination projects by artists, creators, engineers, set designers, graphic designers, performers and visual artists. The event attracted over \$1.8 million worth of media coverage with an economic impact to the region calculated at over \$2.6million – equivalent to 54.5 annual FTE jobs located in the City of Joondalup.

### Economic Development Strategy Activities

A number of Economic Development Strategy significant activities were progressed during the quarter including:

- Two Joondalup Business Online E-newsletters distributed to over 10,000 businesses and stakeholders;
- Publication of a Business News advertisement and Thought Leadership Article – “Joondalup has the Export Edge”;
- Perth Angels “Investing in Cyber Security” masterclass held at Joondalup Resort with John Poynton on the panel of presenters;
- The commissioning of Sports Marketing Australia to conduct a Capability and Capacity Assessment of City facilities to determine potential sporting related events that the City could attract to boost visitors to the City;
- Liaison with the Department of Water and Environmental Regulation to present to the employees on the benefits of relocating the Department to the Joondalup City Centre;
- A Joondalup Tourism Stakeholder Group meeting held with Perth Convention Bureau delivering a presentation on the value of attracting conferences to Western Australia; and
- Council endorsement at its December meeting of a delegation to Jinan, China, to take place in March 2019.

## The Natural Environment

### Natural Area Key Performance Indicators

The City manages a number of diverse natural areas and undertakes conservation activities to enhance and protect the biodiversity values within these areas to reduce the impact of environmental threats. The City monitors whether these conservation activities in areas with adopted management plan areas are leading to positive outcomes through a range of the Natural Area Key Performance Indicators. A report on the outcomes for 2017/18 was presented to Elected Members during the quarter, and a summary of key findings includes:

- The density of weeds from 2014 to 2017 has decreased in the majority of reserves;
- All reserves contain some vegetation in very good condition with several also having vegetation in excellent condition;
- Canopy cover and vegetation vigour (condition) data was collected in October 2017 and compared to remote multi-spectral imagery acquired in October 2017, with the majority of reserves showing positive increases;
- Baseline vegetation condition ratings (using the Keighery scale) have now been obtained via flora surveys for all reserves with follow up data obtained for Lilburne Park in 2017. The vegetation condition within Lilburne Park has increased overall in comparison to the 2012 assessment; and
- The percentage of natural areas protected within City reserves (KPI 3) is 90% for the whole of the City.

The City will continue to monitor these natural areas annually to ensure the biodiversity values of the City’s natural environment are enhanced and protected for the future.

### Sustainable Home – Renovation and Design Seminar

As part of the City's *Think Green* – Environmental Education Program, a Sustainable Home Seminar was held on Thursday 8 November 2018 at Joondalup Reception Centre, Joondalup. The seminar aimed to improve attendees' knowledge of sustainable house design and provide practical tips for consideration in the design of new homes and for retrofitting existing homes. The seminar covered topics including solar passive house design, orientation, insulation, thermal mass, window treatments, use of shade, rainwater, bores and greywater systems. The City's Environmental Education Program, targeting schools, residents and the broader community, aims to raise awareness of environmental issues within the community.

### Regional Homelessness Plan

The Cities of Joondalup and Wanneroo endorsed the inaugural Regional Homelessness Plan 2018/19 to 2021/22 at their respective December Council meetings. The Plan has taken over two years of collaboration and was informed by an extensive stakeholder engagement process. The Plan is founded on three key pillars: Building Capacity, Understanding and Engagement; Preventions and Early Intervention; and Responding to Homelessness.

### Little Feet Festival

The 2018 Little Feet Festival was held on 21 October with more than 5,000 people attending. The festival is the region's premier event for children under the age of 12, and included a range of family-friendly activities, events and entertainment related to the theme "On Safari". Children were encouraged to explore the shows, outdoor music stages, the jungle maze with wildlife surprises, and the virtual reality jungle.

### Joondalup Twilight Markets

The City's Twilight Markets returned to Central Walk for four Friday evenings from 30 November. The Markets saw a range of food trucks and quality, locally-made products on offer. Over 4,000 people attended the markets over the four evenings and enjoyed the free entertainment which included acoustic performances, children's craft activities, face painting, wreath-making workshops and a special visit from Father Christmas.

### Sunday Serenades

The Sunday Serenades Concerts were held on the third Sunday of the month from May to November and the second Sunday in December in the Civic Chambers. The program featured an array of musical styles, including classical, jazz, choral and cabaret. Concerts took place on 21 October, 18 November and 9 December.

### Community Invitation Art Award

The Community Invitation Art Award opened on 14 October 2018 with the exhibition running between 15 and 28 October at Lakeside Joondalup Shopping City. This Award is open to professional artists who are residents of the City or members of the Joondalup Community Art Association.

A selected panel of industry experts assessed each submission in order to create a shortlist of artists invited to participate. Each selected artist developed a new series of three artworks to be shown during the exhibition which were judged by the panel of experts. Winners of the 2018 Award included:

- Overall Acquisitive Award — Susan Roux for *Wives*

- Runner-Up Award — Emily Hornum for *Tinderreotypes*
- Award for Excellence — Trevor Richards for *Foldings 2*
- Celebrating Joondalup Award — Ellen Norrish for *Tin Heads: Mountains, Fishermen and Dogs*
- Popular Choice Award – Susan Roux for *Still Life*

#### Artist-in-Residence Program

Every three years, the City hosts a visual artist from interstate or overseas so that the artist can produce a new artwork and forge connections with the local community. Dr Helen Pynor, a Sydney based artist, visited Joondalup from October to December 2018 as part of the City's Artist-in-Residence Program.

During her visit to Joondalup, Dr Pynor spent time researching and connecting with local artists, community, business and research industries through the medical and tertiary institutions in the City. Dr Pynor explored the idea of regeneration from the experience of people rehabilitating from injury, and as a metaphor for renewal of spirit or community. In parallel to these activities, she was actively developing ideas for the new commissioned work she will undertake for the City in 2019 which will become part of the City's Art Collection.

#### Communities *in-focus*

The Communities *in-focus* program aims to support local volunteer-run community organisations by providing opportunities for volunteers to enhance their skills and knowledge, strengthen local networks, and raise the profile of their local community group. A workshop, held on 7 December 2018, featured guest speaker Peter Kenyon, founder of the Bank of I.D.E.A.S. who has worked with groups for many years to inspire new ways to strengthen their local communities. The workshop focussed on Asset Based Community Development (ABCD) which aims to map the strengths within communities rather than focussing on deficits. The event attracted representatives from 40 local community groups and agencies.

#### Seniors Club Network

The Seniors' Club Network provides the opportunity for seniors' clubs and community groups to network, identify opportunities for collaboration and benefit from guest speakers and training. A network meeting, held on 7 November 2018, included presentations on Cycling Without Age, a Financial Information Service, the 55+ Groups and Activities Guide, and information on services and events to benefit members. There were 15 attendees representing 13 groups at the meeting.

#### Percy Doyle Reserve – Completion of Sorrento Tennis Clubroom Refurbishment

Major refurbishment works to Sorrento Tennis Clubrooms, as part of the Percy Doyle Multiple Refurbishment and Upgrade Projects, were completed during the quarter. Works included refurbishment of the bar area, players area and foyer, installation of bi-fold doors to the players area, a new internal storeroom and an upgrade to the toilet and change room facilities. Rectification of stormwater lines was also included in the works. The aim of the refurbishment works was to improve the aesthetics and functionality for user groups.

### Joondalup Men's Shed – New Location

The Joondalup Men's Shed was established in 2010 and has been housed in the former Padbury Senior High School under a lease agreement with the Department of Education. With the lease expiring at the end of 2019, the City has been working closely with the Joondalup Men's Shed to identify a suitable replacement location. Council, at its December meeting, endorsed the City's current maintenance depot at 17 Winton Road, Joondalup, as the preferred location for a Men's Shed facility due to its central location, secure parking and current workshop space. To enable this to occur, significant extension works are required at the City's Works Operation Centre at Craigie to accommodate maintenance staff currently located at the Winton Road site. With a new location, Joondalup Men's will be able to continue its strong community focus of men's health and wellbeing, social interaction and the sharing of skills and experiences which benefit many community programs.

## Governance and Leadership

### Aspirational Outcome

The City is recognised for its outstanding governance practices, which are achieved through strong leadership and fully-integrated community engagement systems.

#### EFFECTIVE REPRESENTATION

To have a highly skilled and effective Council that represents the best interests of the community.

Strategic initiatives:

- Attract a diverse elected body that represents, promotes and reflects the composition of the community.
- Ensure the elected body has a comprehensive understanding of its roles and responsibilities.
- Develop and deliver training initiatives that will foster a skilled and confident elected body.

#### ACTIVE DEMOCRACY

To have a community that actively engages with the City to achieve consensus and legitimacy in decision-making.

Strategic initiatives:

- Fully integrate community consultation practices into City activities.
- Optimise opportunities for the community to access and participate in decision-making processes.
- Adapt to community preferences for engagement formats.

#### CORPORATE CAPACITY

For the community to have confidence and trust in the City that it can deliver services effectively and transparently.

Strategic initiatives:

- Demonstrate accountability through robust reporting that is relevant and easily accessible by the community.
- Maintain a highly skilled and effective workforce.
- Apply a work ethic of confident and responsive action.
- Continuously strive to improve performance and service delivery across all corporate functions.
- Adopt citizen-centric digital services as opportunities arise that support improved service delivery and accessibility by residents.

#### STRONG LEADERSHIP

For the City to demonstrate advocacy in promoting the needs and ambitions of the City and the advancement of local government.

Strategic initiatives:

- Advocate and influence political direction to achieve local and regional development.
- Seek out City representation on key external and strategic bodies.
- Participate in State and Federal policy development processes affecting local government.
- Foster strategic alliances to deliver key transformational projects and initiatives in partnership with key stakeholders.

## Financial Sustainability

### Aspirational Outcome

The City is a financially diverse local government that uses innovative solutions to achieve long-term financial sustainability. Its rates revenue is moderated through the adoption of ongoing service efficiencies and alternative income streams

#### FINANCIAL DIVERSITY

To be less reliant on rates as the primary basis for revenue by leveraging alternative income streams.

Strategic initiatives:

- Identify opportunities for new income streams that are financially sound and equitable.
- Position the City to align with State and Federal Government priorities to increase eligibility for grant funding.
- Embrace outcomes from the local government reform process that allow for alternative means of raising revenue and innovative partnership opportunities.

#### EFFECTIVE MANAGEMENT

To conduct business in a financially sustainable manner.

Strategic initiatives:

- Manage liabilities and assets through a planned, long-term approach.
- Balance service levels for assets against long-term funding capacity.
- Seek out efficiencies and regional collaborations to reduce service delivery costs.

#### MAJOR PROJECT DELIVERY

To effectively plan for the funding and delivery of major projects.

Strategic initiatives:

- Effectively prioritise major capital projects to facilitate long-term financial sustainability.
- Optimise funding options for new projects that take advantage of favourable economic conditions.
- Support new projects that balance identified financial risks against effective management approaches.

# Quality Urban Environment

## Aspirational Outcome

The City's built environment is planned for enduring relevance through quality, modern design that is creative, flexible and diverse. Design of its urban landscapes promotes connectivity, useability and accessibility; contributing to the highest standards of liveability.

### QUALITY BUILT OUTCOMES

For the City's commercial and residential areas to be filled with quality buildings and appealing streetscapes.

Strategic initiatives:

- Planning frameworks promote and support adaptive, mixed-use developments with active ground floor uses on appropriately zoned sites.
- Housing infill and densification is encouraged and enabled through a strategic, planned approach in appropriate locations.
- Environmentally sensitive building designs are showcased, promoted and encouraged.
- Buildings and landscaping is suitable for the immediate environment and reflect community values.
- The community is able to effectively age-in-place through a diverse mix of facilities and appropriate urban landscapes.

### INTEGRATED SPACES

To have integrated land use and transport planning that provides convenient and efficient movement across the City.

Strategic initiatives:

- Understand issues arising from the interaction between current transport modes.
- Provide for diverse transport options that promote enhanced connectivity.
- Improve the interface between the urban and natural environments.
- Enable safe, logical and accessible pedestrian movements throughout public spaces.

### QUALITY OPEN SPACES

To have urban and green spaces which are attractive, well-utilised and enrich the lives of the community.

Strategic initiatives:

- Apply a strategic approach to the planning and development of public open spaces.
- Employ quality and enduring infrastructure designs that encourage high utilisation and increased outdoor activity.
- Adopt consistent principles in the management and provisions of urban community infrastructure.
- Establish landscapes that are unique to the City and provide statements within prominent network areas.

### CITY CENTRE DEVELOPMENT

To have quality and diverse landmark buildings within the Joondalup City Centre that enhance the vitality and vibrancy of the urban space.

Strategic initiatives:

- Promote and support bold and iconic private building developments within strategic City Centre land locations.
- Encourage ground level retail activities to support a growing and dynamic City Centre.
- Pursue the development of commercial office buildings within the Joondalup City Centre.
- Pursue the development of a Joondalup Performing Arts and Cultural Centre within the Joondalup City Centre.

### Aspirational Outcome

The City is lively and flourishing across its activity centres. It is a global City, home to a recognised industry niche that fosters local job production and promotes employment self-sufficiency.

#### CBD OF THE NORTH

For the Joondalup City Centre to be recognised as Perth's second CBD, functioning as the primary commercial centre of the North West Metropolitan Perth Region.

Strategic initiatives:

- Develop and promote a recognised industry niche that builds on existing strengths.
- Provide an efficient and integrated transport network that can support the needs of a high-functioning City Centre.
- Support advanced technology opportunities that will foster a thriving business environment.
- Proactively target and engage industries and businesses to drive City Centre development, including large government departments and agencies.
- Pursue the construction of multi-storey car park facilities within the Joondalup City Centre to facilitate greater accessibility.

#### ACTIVITY CENTRE DEVELOPMENT

To have revitalised activity centres that are multi-purpose and provide for housing diversity and enhanced liveability.

Strategic initiatives:

- Understand local commercial needs and opportunities.
- Support the development of fresh and exciting de-centralised areas of activity.
- Facilitate increased housing density in activity centres.
- Promote the primacy of the Joondalup City Centre in the application of the activity centre hierarchy.

#### DESTINATION CITY

To become a "Destination City" where unique tourism opportunities and activities provide drawcards for visitors and high amenity for residents.

Strategic initiatives:

- Actively promote and sponsor significant events and activities.
- Facilitate the establishment of major tourism infrastructure.
- Encourage diverse accommodation options.

#### REGIONAL COLLABORATION

For the City to collaborate with regional partners and stakeholders in order to maximise opportunities for the future economic growth of the North West Metropolitan Perth Region.

Strategic initiatives:

- Undertake planning within a regional context.
- Foster strategic regional partnerships.
- Drive new employment and infrastructure opportunities on a regional scale.

#### BUSINESS CAPACITY

For the City's business community to have the technology and communication capability necessary to thrive within a competitive environment.

Strategic initiatives:

- Actively seek opportunities for improving local communication network infrastructure.
- Facilitate knowledge sharing and learning opportunities.

# The Natural Environment

## Aspirational Outcome

The City is a global leader in adaptive environmental management. It works closely with the community to protect and enhance the natural environment, while celebrating and showcasing its natural assets to the world.

### ENVIRONMENTAL RESILIENCE

To continually adapt to changing local environmental conditions.

Strategic initiatives:

- Understand the local environmental context.
- Identify and respond to environmental risks and vulnerabilities.
- Demonstrate current best practice in environmental management for local water, waste, biodiversity and energy resources.

### COMMUNITY INVOLVEMENT

To build a community that takes ownership of its natural assets and supports their ongoing preservation and conservation.

Strategic initiatives:

- Elevate community awareness regarding its impact on the natural environment.
- Ensure that community behaviours and attitudes are continually adapting to achieve global and local environmental targets.
- Facilitate active involvement from the community in preserving and enhancing the natural environment.

### ACCESSIBLE ENVIRONMENTS

To develop an appreciation for local natural assets by providing appropriate access to natural areas.

Strategic initiatives:

- Promote significant local natural areas.
- Build an effective interface between humans and the natural environment.
- Immerse learning opportunities within the natural environment.
- Obtain appropriate recognition for our natural areas.

### ENVIRONMENTAL LEADERSHIP

To embrace learning opportunities on an international scale and continuously lead by example in our application of new knowledge.

Strategic initiatives:

- Demonstrate leadership in environmental enhancement and protection initiatives.
- Promote environmental scholarship and effective environmental management practices to a global audience.
- Actively support local environmental research initiatives.

### Aspirational Outcome

The City has world-class facilities and a thriving cultural scene. It encourages and supports local organisations and community groups. Community spirit is felt by all residents and visitors, who live in safe and friendly neighbourhoods.

#### QUALITY FACILITIES

To provide facilities of the highest quality which reflect the needs of the community now and into the future.

Strategic initiatives:

- Support a long-term approach to significant facility upgrades and improvements.
- Understand the demographic context of local communities to support effective facility planning.
- Employ facility design principles that will provide for longevity, diversity and inclusiveness and where appropriate, support decentralising the delivery of City services.

#### CULTURAL DEVELOPMENT

For the community to have access to world-class cultural and artistic events and facilities.

Strategic initiatives:

- Establish a significant cultural facility with the capacity to attract world-class visual and performing arts events.
- Invest in publicly accessible visual art that will present a culturally-enriched environment.
- Actively engage event promoters to host iconic, cultural and sporting events within the City.
- Promote local opportunities for arts development.

#### COMMUNITY SPIRIT

To have proud and active residents who participate in local activities and services for the betterment of the community.

Strategic initiatives:

- Support and encourage opportunities for local volunteering.
- Promote the sustainable management of local organisations and community groups.
- Deliver a program of community-based events and education that encourage social interaction within local neighbourhoods.
- Promote and support the needs of disadvantaged communities.
- Support and facilitate the development of community leaders.

#### COMMUNITY SAFETY

For residents to feel safe and confident in their ability to travel and socialise within the community.

Strategic initiatives:

- Embed safety principles into asset management and design.
- Build a community that works in partnership with government and non-government organisations to achieve real and long-lasting improvements in safety and wellbeing.
- Build a healthy community that is aware of and responsive to current public health risks.
