Ballot Paper Name	<b>YOUNG, Sheridan</b>
Nominating for	<b>Councillor for Central Ward</b>
Election Type	<b>Ordinary</b>

---

## YOUNG, Sheridan

I have lived in the City of Joondalup for the past nineteen years. I attended school at Beldon PS and Woodvale SHS. Since then I studied Sustainable Development at Murdoch University.

I am a mother of two and my eldest daughter is enrolled at Craigie Heights PS.

My passion for making a difference led me to be the Guild President at Edith Cowan University in 2013.

If elected I am committed to:

- Advocating that our local Government address the climate emergency.
- Safe, responsible neighbourhoods that foster community involvement.
- The end of the use of Round Up especially in designated play areas for children.
- Working towards greater recognition and respect for indigenous people and culture
- Showing support for people in our community struggling in our current economic climate

I shall bring my educational experiences, fresh perspective and action-focused ethos to achieve great results for our community.
