O'BYRNE, Mary

Educated in Midwifery, General Sciences, a former TAFE Lecturer, I've spent my time helping communities improve local facilities, finding solutions to often quite serious problems. I've a deep and abiding love for the City of Joondalup and the people who live here. It's where I raised my family, became interactive with my local community, increased my knowledge of the environment, coast care, and native bushland. I specialise in community activism, believe in positive consultative outcomes for our multicultural society - where ratepayers are kept fully informed by their local councillors by every means possible, including doorknocking. I'm a member of Iluka Coast Care, committee member of Joondalup Community Coast Care Forum. I've loved watching Duncraig Edible Garden participants create such a healthy, hospitable space. We should have community verge gardens throughout the city ... I'll ensure the city lives within its means, is accountable to ratepayers and business owners.
