WRIGHT, Liam

A fresh voice with new ideas, member of the community and an advocate for the interests of Joondalup residents. I'm like you, frustrated with a local government that could better seek to further your interests, and listen to your objections through open communication.

The Joondalup business district was meant to be the next CBD, it isn't. Infill development was meant to work in your interests, it didn't. Some residents complained and have felt they were ignored. Instead council raised rates more than other cities such as Wanneroo. A contemporary, new perspective is needed, someone willing to support our local economy, cut wasteful expenditure, protect our environment and someone involved with local community groups.

Joondalup residents are frustrated and disappointed - it is time for a better voice on council. A new voice and fresh ideas is the starting point for a solution, that has the trust and support of residents.
