Nominating for	Councillor for South-West Ward
Election Type	Ordinary

CHESTER, Jamie

I am a qualified marine biologist, journalist and established small business owner who has lived in our South West Ward for many years. I believe the City can operate in a far more efficient and accountable manner by simply focussing on its core responsibilities so that rate increases never go beyond the rate of inflation. In the current economic climate I also believe rate rises are not justifiable in any way. I will always support small business enterprises because they drive our local economy and as a scientist I understand our natural environment needs to be kept healthy and sustainable. A vote for me will be a vote for your interests and concerns only - not personal agendas. I actually live here and have a clear understanding of local issues and will work hard for you with honesty and commitment to keep our ward a great place to live.
