

# Bunny Headband

## Materials:

2 pieces A4 paper

Scissors

Sticky tape

Crayons/textas/pencils

Stickers or other decorations  
(optional, may require glue)

## Instructions:

Cut two strips from one sheet of paper.

Cut ears and teeth from the other strip of paper. (Cut teeth as one piece or two pieces, according to the child's preference—they may want a gap-tooth bunny.)

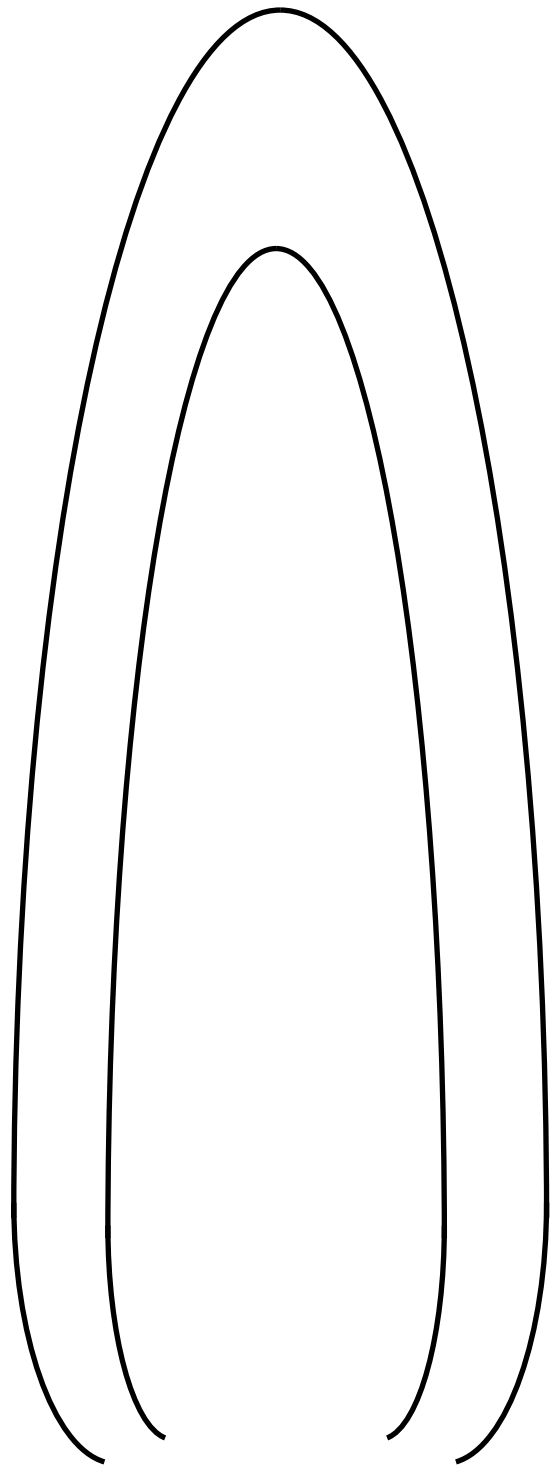

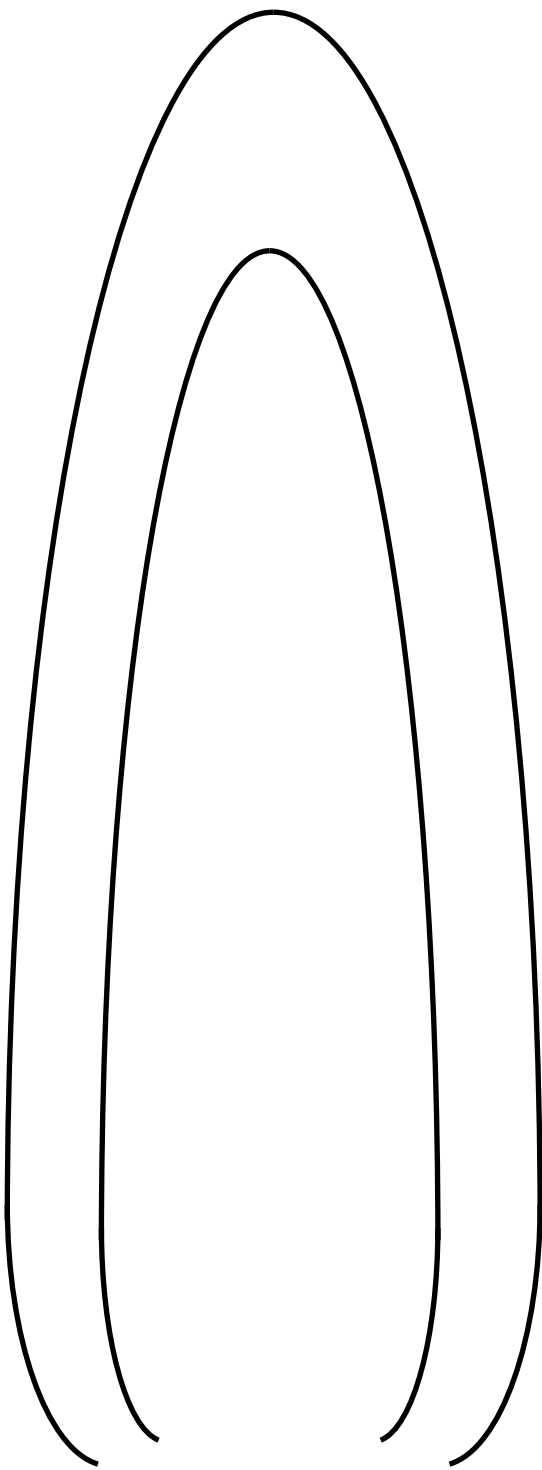

Draw eyes on one headband piece, glue teeth underneath.

Colour and/or decorate ears and headband.

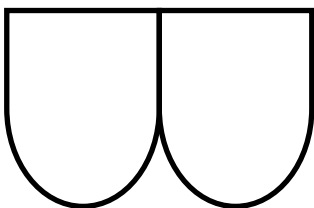

Use sticky tape to attach 2 headband pieces, measured to fit child's head.

Sticky tape ears in place.

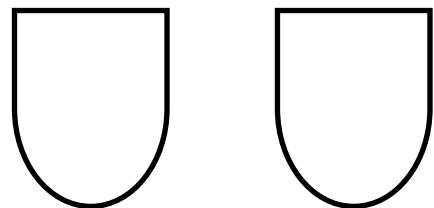

**Note:** Sticky tape is preferred as staples will catch on a child's hair. Glue can be used if kiddo is patient enough to wait for it to dry.

Ears

Two teeth as one piece

Two separate teeth
