

Tea Cup Card Instructions

Materials:

Egg Carton (4 “tea cups” per carton)

Pipe Cleaner / Yarn

Card

Textas / Crayons / Pencils

Scissors

Glue / Sticky Tape

A Tea bag! (Preferably Mum’s favourite tea)

OPTIONAL: Stickers / Stamps

Method:

1. Cut you card to your preferred size, fold in half.
2. Decorate the card. We used special paper punches to make the flower shapes and craft foam for the bird. You could use sticker or stamps. You could use fingerprints to make flowers. Let your imagination run wild!
3. Leave space on the front to attach the tea cup.
4. Cut the corners from an egg carton, as per the first image. The yellow lines on the second image show where to cut across the corner to make the tea cup. The third image shows the shape of the egg carton tea cup.
5. Poke 2 holes in one side of the tea cup for the handle. Push your pipe cleaner or yarn through and add a bit of glue or sticky tape to secure it. If you don't have piper cleaner, you can draw a handle onto the card.
6. Glue the tea cup to the front of the card. We used a hot glue gun. If you don't have a strong glue, you may want to use sticky tape to help hold the tea cup on.
