CLUB MEMBER ENGAGEMENT WEBINAR

Due to the COVID-19 pandemic, many clubs have had to restrict activities or stop operating completely.

As a result, many clubs are uncertain about how to keep their members engaged during this time, and have concerns about how best to ensure members can return to their clubs easily and safely when the time comes.

The City has developed the **Emerge Stronger – Club Member Engagement Webinar** to help clubs to explore ways to remain connected with their members, understand their needs and expectations, and ensure they have options ready for their return.

All clubs operating within the City of Joondalup are invited to participate in the webinar session:

Date: Tuesday 16 June 2020

Time: 6.00pm – 8.00pm

To register for the webinar please email club.development@joondalup.wa.gov.au or call 9400 4252.

Registered participants will be sent an email link to the webinar the day before.
