Introduction

The *Corporate Business Plan* is the City of Joondalup's five-year service and project delivery program. It is aligned to the strategic direction and priorities set within the *10-Year Strategic Community Plan 2012–2022 — Joondalup 2022* and reflects actions in the City's forward Capital Works Program and informing strategies.

The purpose of the Plan is to demonstrate the operational capacity of the City to achieve its aspirational outcomes and objectives over the medium-term. All operational planning and reporting is driven by the *Corporate Business Plan* which is reviewed annually to ensure priorities are achievable and effectively timed.

Flexibility is built into the City's corporate business planning model to ensure the organisation is able to adjust to external influences as they arise. The annual review process enables the City to frequently assess its progress and realign actions and tasks against the most currently-available information

Quarterly progress against services and programs is reported through the key themes of:

- Governance and Leadership
- Financial Sustainability
- Quality Urban Environment
- Economic Prosperity, Vibrancy and Growth
- The Natural Environment
- Community Wellbeing

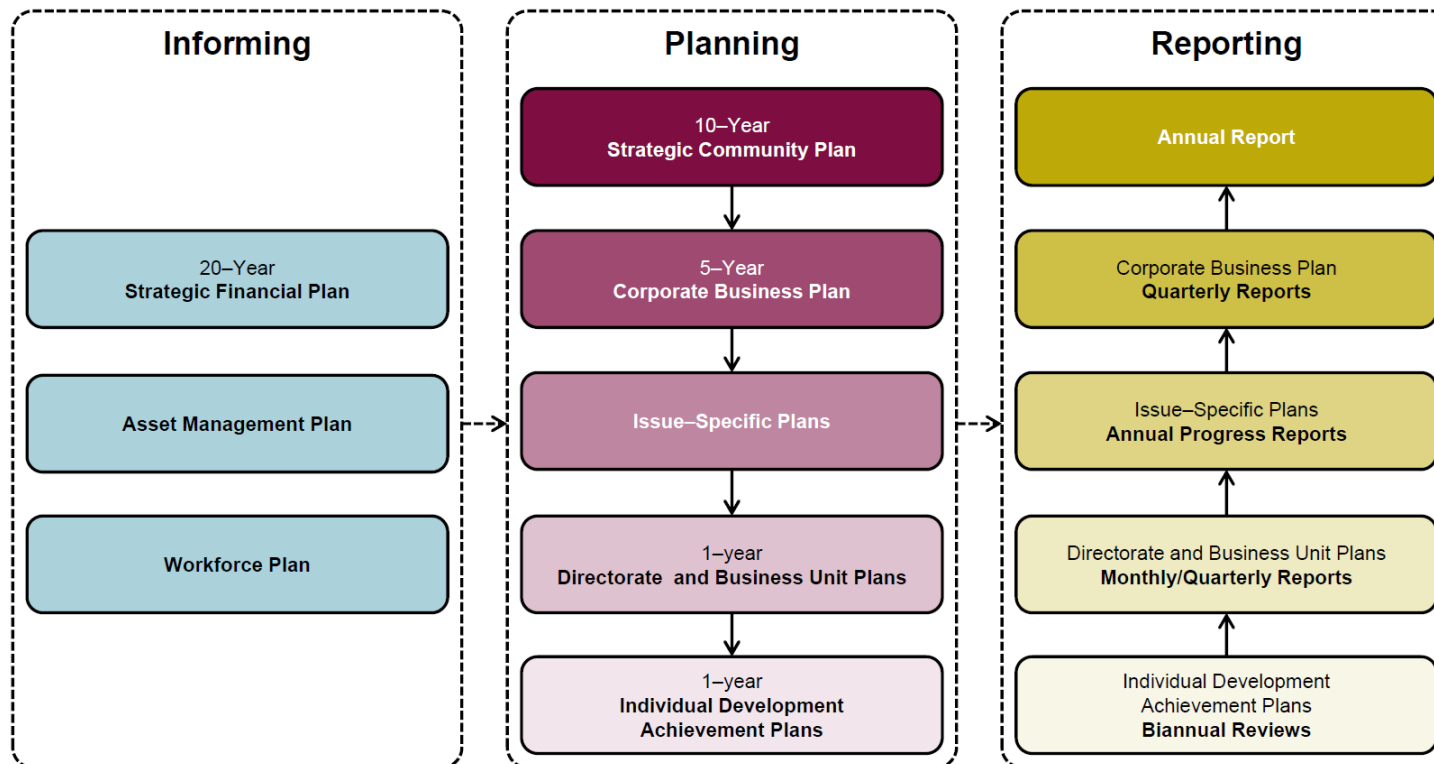

Corporate Business Plan

2019/20 – 2023/24

Integrated Planning and Reporting Framework

The *Corporate Business Plan* and the *Corporate Business Plan Quarterly Report* form part of the City's *Integrated Planning and Reporting Framework*. The diagram below illustrates the Framework and shows the relationship between the City's strategic and operational documents, highlighting the position of *Corporate Business Plan* and *Corporate Business Plan Quarterly Report* within this planning and reporting hierarchy.

Strategic Community Plan 2012-2022

The *Strategic Community Plan 2012-2022* is the long-term strategic planning document that outlines the City's commitment to achieving the vision and aspirations of its community and key stakeholders. The plan aims to be transformational by driving a bold vision that will continue to build high standards of livability for the community.

A major review of *Joondalup 2022* was undertaken in 2017/18 to assess its structure and relevance in line with the City's vision and priorities and community aspirations, and was also modified to reflect completion of transformational projects and the inclusion of new endorsed projects. The revised plan was endorsed by Council in April 2018.

The plan is divided into six key themes that include objectives and strategic initiatives for achieving the community's vision, as illustrated below. **The City's Corporate Business Plan aligns all projects, activities and services against the direction provided within the Strategic Community Plan 2012-2022.**

Vision:

“A global City:
bold, creative
and prosperous”

Governance and Leadership

- Regional Collaboration
- Business Capacity

The Natural Environment

- Environmental Resilience
- Community Involvement
- Accessible Environments
- Environmental Leadership

Community Wellbeing

- Quality Facilities
- Cultural Development
- Community Spirit
- Community Safety

Quarter Highlights

Governance and Leadership

Strategic Community Reference Group

Following a period of advertising, Council appointed 12 community member representatives to the Strategic Community Reference Group (SCRG) at its meeting of 18 February 2020, two for each of the City's six wards. The SCRG provides a unique mechanism for community member representatives, Elected Member and subject experts to provide advice to Council on a range of strategic issues of importance to the community.

At the same February meeting, Council endorsed the 2020 SCRG Work Plan which will include gaining views and providing input into the development of a new *Strategic Community Plan* for the City. Feedback from the SCRG will form part of the wider consultation with community groups and stakeholders as part of the development of the City's new *Strategic Community Plan*.

Financial Sustainability

Capital Works Program

A number of Capital Works Projects were completed in the quarter including the following.

New or upgraded park equipment:

- Blackboy Park Playspace Renewal
- Chadstone Park Playspace Renewal
- Geneff Park Playspace Renewal
- Gradient Park Playspace Renewal
- Kelvin Park Playspace Renewal
- Wolinski Park Playspace Renewal

New or upgraded irrigation infrastructure in parks

- Warrigal Park - new bore
- Chichester Park - new electrical cabinets (x2)
- Dampier Park - new electrical cabinet and flow meter
- Santiago Park - new electrical cabinet and flow meter
- Woodvale Library – new electrical cabinet

Stormwater drainage upgrades:

- Simpson Park, Padbury – Sump Beautification
- Duffy Terrace, Woodvale – Drainage Catchment Improvements

Blackspot Program road upgrades:

- Hepburn Avenue/Cockman Road Intersection Upgrade, Greenwood
- Marmion Avenue/Gilbert Road Intersection Upgrade, Duncraig

Road preservation and resurfacing:

- Wampum Place, Heathridge
- Montebello Avenue, Heathridge
- Peninsula Avenue, Heathridge
- Brewis Court, Heathridge
- Forrest Road, Padbury
- Forrest Road roundabout, Padbury
- Glengarry Drive, Padbury
- Strombus Way, Heathridge
- Neon Court, Heathridge
- Margaret Place, Heathridge
- Estuary Way, Heathridge
- Corona Court, Heathridge
- Dosina Place, Heathridge
- Cutter Crescent, Beldon
- Lagoon Place, Beldon

Paths Replacement Program

- Parkland Close to View Court, Edgewater
- Voyage Road to Penguin Close, Heathridge

- Dory Road, Beldon
- Nina Grove, Beldon
- Spinnaker Drive, Ocean Reef
- Tiller Road, Ocean Reef
- Lilburne Road, Duncraig
- Grand Boulevard/Kendrew Crescent intersection, Joondalup
- Kinross Drive/Blairgowrie Heights roundabout, Kinross
- Kinross Drive/Rutherglen Circle roundabout, Kinross

Building Capital Works:

- Duncraig Community Centre Refurbishment, Duncraig

Quality Urban Environment

Planning Consultation Local Planning Policy

At its meeting of 17 March 2020, Council endorsed the City's Planning Consultation Local Planning Policy. The Policy:

- Elaborates and clarifies the various provisions relating to consultation contained in the *Planning and Development (Local Planning Schemes) Regulations 2015* and the State Government's *Residential Design Codes*;
- Reflects current consultation practices being undertaken by the City of Joondalup;
- Proposes consultation that go beyond the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015* and the State Government's *Residential Design Codes*; and
- Retains some flexibility around planning consultation to take account of the varying scale and context of planning proposals.

Following a period of consultation, some modifications were incorporated into the draft policy which were generally aimed at increasing visibility. The endorsed policy will provide greater clarity and transparency on the way the City undertakes consultation on future planning proposals.

Economic Prosperity, Vibrancy and Growth

Joondalup Business Forum: Growing Business Through Innovation

More than 200 members of the City's local business community and key stakeholders attended the Joondalup Business Forum at Joondalup Resort at which the Hon Karen Andrews MP, Minister for Industry, Science and Technology, addressed the theme of 'Growing Business Through Innovation'. The Minister's address outlined the importance of innovation across the whole business community to sustain success and also stressed the need to diversify and expand the skills base to build the talent pool for jobs of the future.

The Minister also took part in a panel discussion with key local experts: Glenn Murray from Sapien Cyber, Pia Turnicov, Chair of Women in Technology WA and Silvana Macri, Stay Cyber Safe. The discussion focussed on innovation, STEM learning, industry development and cyber security.

Joondalup's Virtual Mission to Indonesia

The City's virtual mission to Indonesia connected local education providers to emerging Vocational Education and Training sector opportunities in Indonesia through live conferencing.

These virtual meetings enabled the City and participating education providers to progress discussions with Indonesian government, academia and industry representatives. These opportunities have the potential to create local jobs and stimulate the economy.

Business Ready Programs

The City has partnered with local experts to create three business accelerator programs, custom-designed to inspire transformation and drive growth within businesses in the City of Joondalup. With the uncertainties facing the region, this is an opportunity to analyse operations and position businesses to attract more customers, safeguard information security and understand global markets. Using contemporary business practices, the programs focus on operational and marketing initiatives, digital and technology capabilities and import/export and investment opportunities to support businesses in becoming Destination Ready, Digital Ready and Global Ready. The Programs are proposed to take place in the next quarter.

Ocean Reef Marina Development

At its February meeting, Council unanimously supported two development applications for the construction works at Ocean Reef Marina which will enable site access for future stages of this major development. This marks a significant milestone in the life of the project which was first initiated more than 30 years ago. Construction is anticipated to commence in the first half of 2020.

The Natural Environment

Coastal Monitoring 2019/20

Shoreline inspections and photographic evidence were collected in March 2020 to capture key data for the assessment of coastal movements. A report with full analysis is due in May 2020. The Coastal Monitoring Program provides valuable information on shoreline movements to inform the City's planning and management activities in the coastal zone, including providing early warning of any increased vulnerability.

Waterwise Re-Endorsement

The Waterwise Council Program has re-endorsed the City of Joondalup as a Gold Waterwise Council in recognition of the significant progress made towards best practice water efficiency within City operations and the local community. This is a joint initiative of the Department of Water and Environmental Regulation and the Water Corporation and aims to promote improved water resource management at a corporate and community level.

The City has received Gold Waterwise Council recognition for the fourth consecutive year in recognition of a number of initiatives, including the implementation of the City Water Plan, installation of water saving measures within City parks and buildings, implementation of the Yellagonga Water Quality Monitoring and Mapping Project, and ongoing delivery of education initiatives through the City's Environmental Education Program and a staff awareness campaign, *Think Green Office*.

Community Wellbeing

Valentine's Concert

The City's 2020 Valentine's Concert was held on 13 February at the Joondalup Resort. Australian music icons, Human Nature, performed to an audience of more than 6,800 community members. Tickets to this year's event sold out exclusively to City of Joondalup ratepayers.

Summer Sessions

Summer Sessions are free small-scale youth music, sport, art and amusement events held at public parks within the City of Joondalup. Three events were held during the quarter at Sorrento Foreshore on 19 December 2019, Iluka Open Space on 8 January and Tom Simpson Park on 29 January 2020. A total of 140 young people participated in all events.

BMX, Skate and Scooter Festival Series

The City's 2020 BMX, Skate and Scooter events were held during February and March and are open to young people aged between 11 and 25 years. The events were held on 1 February at Carine Skate Park (in partnership with the City of Stirling), on 7 February at Kinross Skate Park, on 15 February at Shepherds Bush Pump and Jump Facility, and on 6 March at Mirror Park Skate Park. All events were well attended by community members with over 200 people attending the event at Mirror Park Skate Park. In preparation for the Skate Series, four skate clinics were also held at Mirror Park Skate Park on 21, 24, 28 and 31 January 2020 with 362 young people participating.

Australia Day Citizenship Ceremony

The Australia Day Citizenship Ceremony took place at Central Park on 26 January 2020. More than 330 local residents from over nine countries became citizens at this year's event. The City's 2020 Community Citizen of the Year Awards were presented in the following categories:

- Community Citizen of the Year – Ian Plummer;
- Youth Citizen of the Year – Emily Prior;
- Senior Citizen of the Year – Dominic Yam; and
- Group/Event of the Year – Whitty's Dad.

These awards recognise individuals and organisations who have made a notable contribution to the community during the year.

Governance and Leadership

Aspirational Outcome

The City is recognised for its outstanding governance practices, which are achieved through strong leadership and fully-integrated community engagement systems.

EFFECTIVE REPRESENTATION

To have a highly skilled and effective Council that represents the best interests of the community.

Strategic initiatives:

- Attract a diverse elected body that represents, promotes and reflects the composition of the community.
- Ensure the elected body has a comprehensive understanding of its roles and responsibilities.
- Develop and deliver training initiatives that will foster a skilled and confident elected body.

ACTIVE DEMOCRACY

To have a community that actively engages with the City to achieve consensus and legitimacy in decision-making.

Strategic initiatives:

- Fully integrate community consultation practices into City activities.
- Optimise opportunities for the community to access and participate in decision-making processes.
- Adapt to community preferences for engagement formats.

CORPORATE CAPACITY

For the community to have confidence and trust in the City that it can deliver services effectively and transparently.

Strategic initiatives:

- Demonstrate accountability through robust reporting that is relevant and easily accessible by the community.
- Maintain a highly skilled and effective workforce.
- Apply a work ethic of confident and responsive action.
- Continuously strive to improve performance and service delivery across all corporate functions.
- Adopt citizen-centric digital services as opportunities arise that support improved service delivery and accessibility by residents.

STRONG LEADERSHIP

For the City to demonstrate advocacy in promoting the needs and ambitions of the City and the advancement of local government.

Strategic initiatives:

- Advocate and influence political direction to achieve local and regional development.
- Seek out City representation on key external and strategic bodies.
- Participate in State and Federal policy development processes affecting local government.
- Foster strategic alliances to deliver key transformational projects and initiatives in partnership with key stakeholders.

Financial Sustainability

Aspirational Outcome

The City is a financially diverse local government that uses innovative solutions to achieve long-term financial sustainability. Its rates revenue is moderated through the adoption of ongoing service efficiencies and alternative income streams.

FINANCIAL DIVERSITY

To be less reliant on rates as the primary basis for revenue by leveraging alternative income streams.

Strategic initiatives:

- Identify opportunities for new income streams that are financially sound and equitable.
- Position the City to align with State and Federal Government priorities to increase eligibility for grant funding.
- Embrace outcomes from the local government reform process that allow for alternative means of raising revenue and innovative partnership opportunities.

EFFECTIVE MANAGEMENT

To conduct business in a financially sustainable manner.

Strategic initiatives:

- Manage liabilities and assets through a planned, long-term approach.
- Balance service levels for assets against long-term funding capacity.
- Seek out efficiencies and regional collaborations to reduce service delivery costs.

MAJOR PROJECT DELIVERY

To effectively plan for the funding and delivery of major projects.

Strategic initiatives:

- Effectively prioritise major capital projects to facilitate long-term financial sustainability.
- Optimise funding options for new projects that take advantage of favourable economic conditions.
- Support new projects that balance identified financial risks against effective management approaches.

Quality Urban Environment

Aspirational Outcome

The City's built environment is planned for enduring relevance through quality, modern design that is creative, flexible and diverse. Design of its urban landscapes promotes connectivity, useability and accessibility; contributing to the highest standards of liveability.

QUALITY BUILT OUTCOMES

For the City's commercial and residential areas to be filled with quality buildings and appealing streetscapes.

Strategic initiatives:

- Planning frameworks promote and support adaptive, mixed-use developments with active ground floor uses on appropriately zoned sites.
- Housing infill and densification is encouraged and enabled through a strategic, planned approach in appropriate locations.
- Environmentally sensitive building designs are showcased, promoted and encouraged.
- Buildings and landscaping is suitable for the immediate environment and reflect community values.
- The community is able to effectively age-in-place through a diverse mix of facilities and appropriate urban landscapes.

INTEGRATED SPACES

To have integrated land use and transport planning that provides convenient and efficient movement across the City.

Strategic initiatives:

- Understand issues arising from the interaction between current transport modes.
- Provide for diverse transport options that promote enhanced connectivity.
- Improve the interface between the urban and natural environments.
- Enable safe, logical and accessible pedestrian movements throughout public spaces.

QUALITY OPEN SPACES

To have urban and green spaces which are attractive, well-utilised and enrich the lives of the community.

Strategic initiatives:

- Apply a strategic approach to the planning and development of public open spaces.
- Employ quality and enduring infrastructure designs that encourage high utilisation and increased outdoor activity.
- Adopt consistent principles in the management and provisions of urban community infrastructure.
- Establish landscapes that are unique to the City and provide statements within prominent network areas.

CITY CENTRE DEVELOPMENT

To have quality and diverse landmark buildings within the Joondalup City Centre that enhance the vitality and vibrancy of the urban space.

Strategic initiatives:

- Promote and support bold and iconic private building developments within strategic City Centre land locations.
- Encourage ground level retail activities to support a growing and dynamic City Centre.
- Pursue the development of commercial office buildings within the Joondalup City Centre.
- Pursue the development of a Joondalup Performing Arts and Cultural Centre within the Joondalup City Centre.

Aspirational Outcome

The City is lively and flourishing across its activity centres. It is a global City, home to a recognised industry niche that fosters local job production and promotes employment self-sufficiency.

CBD OF THE NORTH

For the Joondalup City Centre to be recognised as Perth's second CBD, functioning as the primary commercial centre of the North West Metropolitan Perth Region.

Strategic initiatives:

- Develop and promote a recognised industry niche that builds on existing strengths.
- Provide an efficient and integrated transport network that can support the needs of a high-functioning City Centre.
- Support advanced technology opportunities that will foster a thriving business environment.
- Proactively target and engage industries and businesses to drive City Centre development, including large government departments and agencies.
- Pursue the construction of multi-storey car park facilities within the Joondalup City Centre to facilitate greater accessibility.

ACTIVITY CENTRE DEVELOPMENT

To have revitalised activity centres that are multi-purpose and provide for housing diversity and enhanced liveability.

Strategic initiatives:

- Understand local commercial needs and opportunities.
- Support the development of fresh and exciting de-centralised areas of activity.
- Facilitate increased housing density in activity centres.
- Promote the primacy of the Joondalup City Centre in the application of the activity centre hierarchy.

DESTINATION CITY

To become a "Destination City" where unique tourism opportunities and activities provide drawcards for visitors and high amenity for residents.

Strategic initiatives:

- Actively promote and sponsor significant events and activities.
- Facilitate the establishment of major tourism infrastructure.
- Encourage diverse accommodation options.

REGIONAL COLLABORATION

For the City to collaborate with regional partners and stakeholders in order to maximise opportunities for the future economic growth of the North West Metropolitan Perth Region.

Strategic initiatives:

- Undertake planning within a regional context.
- Foster strategic regional partnerships.
- Drive new employment and infrastructure opportunities on a regional scale.

BUSINESS CAPACITY

For the City's business community to have the technology and communication capability necessary to thrive within a competitive environment.

Strategic initiatives:

- Actively seek opportunities for improving local communication network infrastructure.
- Facilitate knowledge sharing and learning opportunities.

The Natural Environment

Aspirational Outcome

The City is a global leader in adaptive environmental management. It works closely with the community to protect and enhance the natural environment, while celebrating and showcasing its natural assets to the world.

ENVIRONMENTAL RESILIENCE

To continually adapt to changing local environmental conditions.

Strategic initiatives:

- Understand the local environmental context.
- Identify and respond to environmental risks and vulnerabilities.
- Demonstrate current best practice in environmental management for local water, waste, biodiversity and energy resources.

COMMUNITY INVOLVEMENT

To build a community that takes ownership of its natural assets and supports their ongoing preservation and conservation.

Strategic initiatives:

- Elevate community awareness regarding its impact on the natural environment.
- Ensure that community behaviours and attitudes are continually adapting to achieve global and local environmental targets.
- Facilitate active involvement from the community in preserving and enhancing the natural environment.

ACCESSIBLE ENVIRONMENTS

To develop an appreciation for local natural assets by providing appropriate access to natural areas.

Strategic initiatives:

- Promote significant local natural areas.
- Build an effective interface between humans and the natural environment.
- Immerse learning opportunities within the natural environment.
- Obtain appropriate recognition for our natural areas.

ENVIRONMENTAL LEADERSHIP

To embrace learning opportunities on an international scale and continuously lead by example in our application of new knowledge.

Strategic initiatives:

- Demonstrate leadership in environmental enhancement and protection initiatives.
- Promote environmental scholarship and effective environmental management practices to a global audience.
- Actively support local environmental research initiatives.

Aspirational Outcome

The City has world-class facilities and a thriving cultural scene. It encourages and supports local organisations and community groups. Community spirit is felt by all residents and visitors, who live in safe and friendly neighbourhoods.

QUALITY FACILITIES

To provide facilities of the highest quality which reflect the needs of the community now and into the future.

Strategic initiatives:

- Support a long-term approach to significant facility upgrades and improvements.
- Understand the demographic context of local communities to support effective facility planning.
- Employ facility design principles that will provide for longevity, diversity and inclusiveness and where appropriate, support decentralising the delivery of City services.

CULTURAL DEVELOPMENT

For the community to have access to world-class cultural and artistic events and facilities.

Strategic initiatives:

- Establish a significant cultural facility with the capacity to attract world-class visual and performing arts events.
- Invest in publicly accessible visual art that will present a culturally-enriched environment.
- Actively engage event promoters to host iconic, cultural and sporting events within the City.
- Promote local opportunities for arts development.

COMMUNITY SPIRIT

To have proud and active residents who participate in local activities and services for the betterment of the community.

Strategic initiatives:

- Support and encourage opportunities for local volunteering.
- Promote the sustainable management of local organisations and community groups.
- Deliver a program of community-based events and education that encourage social interaction within local neighbourhoods.
- Promote and support the needs of disadvantaged communities.
- Support and facilitate the development of community leaders.

COMMUNITY SAFETY

For residents to feel safe and confident in their ability to travel and socialise within the community.

Strategic initiatives:

- Embed safety principles into asset management and design.
- Build a community that works in partnership with government and non-government organisations to achieve real and long lasting improvements in safety and wellbeing.
- Build a healthy community that is aware of and responsive to current public health risks.
