MURPHY, Ziggi

I am asking you to vote for me for the future of this city. I will represent and advocate for you. As a nurse I have always advocated for people. I will bring honesty and transparency.

I am a wife and mother who has lived in the City of Joondalup for 17 years. I have been a community advocate for many years, working from the outside to try to save our beautiful suburbs.

Now it is time for me to take action from the inside. The city has become stagnant and uninviting. The community spirit is waning.

This city should be the heart and soul of the north, but it needs a pulse to survive.

What is the plan? Small business investment, community representation, CBD growth, natural protections, and planning for future generations. Change for the better.
