## **HAMILTON-PRIME, Christine**

As your elected Councillor, I have proven myself as an effective local representative by listening to & representing our community.

I have actively assisted residents, seniors & community groups.

By providing good governance & prudent financial management our Council has delivered quality services, whilst maintaining rates below CPI.

During this term, I helped secure \$25.4 million of new Capital Works for our ward.

My priorities include: responsible planning & development to enhance our lifestyle; community engagement & consultation: upgrading local roads & facilities; enhancing our parks & streetscapes; & protecting our coastal environment.

With your continued support, I will serve the interests of our local community as your strong, effective, independent & experienced voice on Council.
