WRIGHT, Liam

I'm a young person living in the City of Joondalup who is interested in fighting for a forward thinking, progressive vision, built on the fresh perspective I can bring. There are a few simple things I would like to fight for in our city.

- We need a city that will invest in environmental sustainability;
- We need a city that will grow into a cultural destination;
- We need a city that is inclusive for all and will take a leadership position on these issues.

If you believe in what I do, I hope that I will have your vote at this election.
