

# Waterwise Verge Rebate Program

## Choose a Waterwise Street Tree for your Verge

This initiative is proudly co-funded by Water Corporation's [Waterwise Greening Scheme](#) and forms part of our ambition for the City to be a leading waterwise community.

You can choose a free street tree for your verge from the City's Preferred Tree Species List in the [Tree Management Guidelines](#).

The following list can assist you in selecting a tree that is waterwise, locally native or native to WA. Growing information and links are also provided.

For further information and resources, visit Perth NRM's [ReWild Project](#) or contact the City at [info@joondalup.wa.gov.au](mailto:info@joondalup.wa.gov.au) or on **9400 4255**.

To request a free street tree, visit the City's [website](#).
