My name is Richard Mortimer, I've enjoyed living in the City of Joondalup for over 20 years with my wife and two sons. I'm currently working in the City of Joondalup.

I am interested in becoming a Council Member to serve the community & build stronger connections between residents and the council. I appreciate first hand the high quality that Joondalup can be and believe that we can get to that standard again, whilst addressing the pains of the cost of living. As home owner and breadwinner, I will be addressing council budgets and spendings.

I have an established career in IT, which enables me to bring a unique skill set of technical knowledge and well developed strategic thinking and decision-making. In all my roles, I have worked both solo and collaboratively in teams to achieve successful outcomes.

During my down time I like to play guitar and am a committee member of the *Merriwa Acoustic Music club* for the last 4 years, as well as being a member of the Joondalup Primary School board.
