

Dear residents,

I'm stepping up to serve as your elected member to make a difference in the local community. However I need your help, so I'm encouraging you to participate too. By being informed and engaged with what's happening in our community and voicing your concerns, we can help shape the development and policies of the city, working towards its betterment and the well-being of its residents.

Those who know me will say that I am friendly, love having a chat, am enthusiastic, not afraid to speak up, and care in a practical way. I joined the Iluka Homeowners Association as I care about our suburb, our parks and natural spaces and I wanted to be involved and contribute more. I've helped out at community functions and dressed up as the Easter bunny and gave out eggs in the park when our volunteer became ill. What a joy that was to see the expression on the children's faces!

I highly value our beautiful coast and natural environment, and cannot bear the thought of having rock groynes built on our beaches when there are other solutions available to combat erosion. Preserving natural assets for our future generations to enjoy is so important.

I understand the challenges of growing a small business and the importance of listening to feedback, engaging with others, and the importance of building relationships. It's with much gratitude that I continue into my 17th year of teaching yoga classes at a church hall in Heathridge.

I believe that to create a stronger sense of unity we all need to work together. Let's facilitate programs that bring people together and foster a sense of community and promote social cohesion within the City of Joondalup. By becoming your elected member, I will ensure there is transparency, efficiency, and fairness in the governance of the City. I will to advocate for your needs, support your suggestions and represent your perspectives.

Please feel free to contact me with your concerns and I will endeavour to investigate and support the best outcome.
