Nominating for	<b>Councillor for Central Ward</b>

As a Nurse and mother of 3, I am actively involved in our community, volunteering with my kids' sporting clubs as well as being Secretary of the Mullaloo Community Kindy.

I am running for Councillor for the Central Ward because I want to improve how the City operates. I believe I can be an effective voice for you and our community.

I will advocate for:

- Good Fiscal Management including limiting further increases in rates paid.
- A review of the Venue Hire Policy to reduce costs to families and promote active healthy participation in community sport.
- Small business, with the end of paid street parking in the CBD.
- A full technical review of the draft CHRMAP to stop our beaches being destroyed by groynes.
- Reducing the use of chemical weed spraying in our parks and natural areas.

I would work towards greater transparency and accountability and would be a strong sensible voice for our community. I would do my "homework," to understand issues, before making decisions.
