I'm a long-term resident of Duncraig and have lived in the Northern Suburbs my whole life.

I'm a local mum of 4 school age children who works as an Education Assistant and a Disability Services support worker.

Our community and council are best served when we have a diverse range of voices and experiences representing our community.

I have been actively involved on my local P&C, football club committees and have volunteered for several community organisations including Cycling without Age, Feed it Forward and Telethon Community Cinema.

As a passionate advocate for the arts and the environment, I believe there's more our council can do to support these sectors.

I will fight to improve community safety by engaging with neighbourhood watch programs and increase support for our local sporting clubs and community groups.

If elected, I commit to open and transparent representation. I will be accessible to all, and ensure residents have a genuine voice on our council.
