I have lived in this community for over 30 years, and I have deep roots in the area. I grew up here, and along with my wife, I am proud to have raised my two children here. Both of my children attend local schools and sporting clubs in the area. I am a strong believer in the importance of providing young people with access to quality education and sports facilities. Professionally, I have worked as a finance professional for over 20 years, catering to small businesses in the area. I understand the challenges facing our local businesses and I am committed to supporting them through effective policies and initiatives. I will be accessible and responsive to your needs, and I will work tirelessly to ensure our community is a safe, welcoming and vibrant place to live. If elected, I will be a voice for our community and a champion of the issues that matters most to us. I look forward to working with you to build a stronger, more connected, and more prosperous community.
